

The LEGO Group's Supplier List

In the LEGO Group, we want to promote sustainable supply chains, and in extension of this effort we require all suppliers and business partners to sign the LEGO Group Supplier Code of Conduct, which covers human rights, labour rights, health and safety, anti-corruption and environment.

The LEGO Group's Supplier List includes the main suppliers who provide raw materials, parts and finished goods to the LEGO Group. The list is updated on an ongoing basis and was last updated February 3th 2017.

In the LEGO Group, we value transparency and feedback for improving our relationship with suppliers and to be notified about any inappropriate circumstances at our suppliers we may be unaware of.
