

Quick Guide

Download Documents on LEGO.com

If you wish to download declarations of conformity for LEGO materials, you must go to <https://LEGO.COM> to find the documents that you need. You must go to the bottom of the page and press **LEGO product certification** (wording will change depending on language selected on page).

On the LEGO Certification page, you can find declarations of conformity in many languages and links to conformity statements and battery product documentation in English. You must add search criteria such as item number and the document type and document language and press **SEARCH**.

Search Criteria:

LEGO CERT NUMBER: this is the declaration ID which has the following look and feel: LEGO-XXXXXXXXXXXX

ITEM NUMBER: search via the 7-digit item number. If you wish to search for multiple numbers, you can separate the numbers with a comma such as 1234567,2345678

PRODUCT NUMBER: search via the 5-digit product number. If you wish to search for multiple numbers, you can separate the numbers with a comma such as 12345,23456

BARCODE: search via the barcode.

Document Types:

ARABIC DOC: select this document to search for Arabic declarations. Please select the English language in the next field to search.

EU DOC: select this document to search for European declarations. Please select one or more of the languages in the next field to search.

RADIO CERT: select this document to search for certificates for radio components. Please select one or more of the languages in the next field to search.

UK DOC: select this document to search for UK declarations. Please select the English language in the next field to search.

UK RADIO: select this document to search for UK certificates for radio components. Please select the English language in the next field to search.

US: select this document to search for US declarations. Please select the English language in the next field to search.

Languages: The declarations are available in many languages for EU and in English for Arabic, UK and US declarations.

Search: Press Search to search for a declaration.

Once you have pressed **SEARCH**, you will see the documents that matched your search at the bottom of the page. You can click the needed document to download it.
