SAVE THE VILLAGERS FROM THE PILLAGERS!

There’s double trouble at this LEGO® Minecraft™ village! Pillagers are raiding and a Ravager is trampling the crops. Worse, the Pillagers have captured an Iron Golem! It’s going to take quick action, your building skills and a little help from a visiting ninja to save the day. Challenge a friend to see who can do the best job of protecting the village.

HOW TO PLAY

1. You will need one dice and LEGO bricks you can use as playing pieces. You will also need some LEGO bricks to build models during the game.
2. Roll to see who goes first.
3. Follow the instructions on each space.
4. First one to the Finish space is the winner!

And don’t forget to upload and share your builds to the #Minecraft group on the LEGO Life app.

Build a shield to block Pillager arrows. Advance 1 space.

You find TNT you can use to free the Iron Golem! Advance 1 space.

A Ravager is trampling the garden! Go back 1 space.

Pillagers loot your village. Go back 1 space.

Draw your own banner. Advance 1 space.

Creepers! Go back 1 space.

Build a wall to protect your village.
ARE YOU A VILLAGER OR A PILLAGER?
Take this quiz and find out!

1. When you see a field of wheat, you:
   A. Harvest it for your village
   B. Steal it for yourself

2. What do you like to do with Iron Golems?
   A. Summon them
   B. Fire crossbows at them

3. Your favorite thing to do is:
   A. Work on the farm
   B. Raid a farm

4. Your least favorite piece of equipment is:
   A. A crossbow
   B. A shield

5. When the village alarm bell rings, you:
   A. Get scared
   B. Charge!

Add up your scores. If you have more A’s, you’re a Villager. If you have more B’s, you’re a Pillager.

SHOWDOWN WITH THE SKULL SORCERER!

When the ninja travel to the peaceful kingdom of Shintaro, they discover its terrible secret. Beneath the beautiful city, slaves toil in dark dungeons under the command of the dreaded Skull Sorcerer and his skeletal dragon! Can the ninja find new allies and defeat these powerful new enemies?

**ZANE TITANIUM NINJA**
In the kingdom of the Geckles, Zane frees a fearsome creature called a Mino from captivity and makes friends with the powerful beast. Together, they will confront the Skull Sorcerer!

**COLE EARTH NINJA**
Cole must master the power of the Spinjitzu Burst and guide a ragtag group of adventurers up from the depths of Shintaro Mountain. His abilities as a leader will be tested like never before!

**NYA WATER NINJA**
Nya is forced to fight to save Jay from having to marry the Munce Queen, Murtessa. But Nya learns that the Munce Queen is a powerful fighter who does not give up easily.
BE A NINJA FAMILY!

Here are some fun ninja activities you can do with your family and a little imagination. You can even use a stopwatch to time these and see who can do them the fastest.

1 NINJA TRAINING COURSE
Use paper, tape, pillows and couch cushions to design a ninja training course in your house. Who can make it from one side of the room to the other the fastest, avoiding all obstacles? Who can walk a straight line balancing a tower of LEGO® bricks in one hand?

2 CROSSING THE CAVE
You must use your ninja skills to make it across a volcanic cavern, but watch out! At any moment, lava could erupt from the cave floor! Better be prepared to leap to safety when someone yells, “Lava!”

3 NINJA CAMOUFLAGE
One member of the family is Master Wu and the rest are ninja. Use your stealth skills to show Master Wu how well you can hide as he tries his best to find you. Can you disappear into the shadows and avoid being spotted?

DECODE THE ANCIENT WRITINGS!
The ninja have discovered carvings on the cave wall that tell about the legendary weapons that can be used to defeat the Skull Sorcerer. Use the NINJAGO® alphabet to decode the message and discover the secret!

Me and my pirate crew hid our treasure on Skull Island. That was so long ago that we’ve forgotten where the beautiful treasure chest is buried! We have a map, but part of it is in code and we can’t remember the code either! Hint… Beauty is in the EYE of the beholder!

The map says “On the way to the island, ask the shark if it knows anything. Figure out the code for us, me hearty! Stop and have lunch on the beach. Walk to the palm trees, turn right, and dig dig dig!”

What’s a pirate’s favorite color? Gold
What lives in the ocean, has lots of teeth, and is very nervous? a shark with a dentist appointment.
What’s the best thing to give a seasick whale? Plenty of room!
What time is it when pirates capture your ship? Time to get a new ship.
