The Impossible Escape!

Sound the alarm! The prisoner has escaped!

This is impossible! The cell door is still locked, so how did the crook get out?

We only found three clues.

CLUE 1: A crumpled up piece of paper in the cell.

CLUE 2: A brick separator.

CLUE 3: One set of footprints leading to the back of the jail, and two leading away ... but then they disappear!

Thanks for your help! Spotting that other fire from the sky helped save the day.

Now I need a favor. You firefighters are great at finding clues to how fires start ... think you can figure out a jailbreak?

Keep pouring it on! The fire is almost out!

Hey, we've got company!

Thanks for your help! Spotting that other fire from the sky helped save the day.

Now I need a favor. You firefighters are great at finding clues to how fires start ... think you can figure out a jailbreak?

The piece of paper the Sky Police found has a coded message to the crook written on it. Can you help the firefighter finish the message to discover how the escape happened?

1. BRICK SEPARATOR TAKES DOWN...

2. THEN...

3. ESCAPE IN...

THIS KEY CODE I CRACKED SHOULD HELP SOLVE THE MYSTERY!

THANKS FOR GETTING OUR HELICOPTER BACK!

AND THANKS FOR GETTING OUR CROOK BACK!

PLANTIMAL PERIL!

When Plantimals threaten, it’s Rex to the rescue in his Offroader, along with his trusty troop of raptors. Check out Max’s product review of Rex’s Rex-treme Offroader!

You can take the blaster backpack off the dinosaur and give to Rex, or you can take it just because armed dinosaurs give you the shakes.

The Offroader with its big tires and stud shooter can go anywhere! Well, almost anywhere. It can’t get a table in a restaurant, ’cause it tracks mud everywhere.

The Offroader rebuilds into a Rex-o-saurus Quad or Execu-Rex-o-saurus.

HI, IT’S MAX! WOW, WHAT CAN I SAY? RAPTORS WITH STUD SHOOTERS, BECAUSE, HEY, EVERYONE KNOWS DINOSAURS NEED TO BE MORE DANGEROUS.

Is that a Plantimal? Do you have to water it or take it for a walk? Cuddle it or prune it?

"I GOT OUT OF THE CITY," SAYS LLOYD, "AND JUST FLEW. I WASN'T LOOKING FOR TROUBLE."

"THE GOLDEN DRAGON MADE THAT EASY."

"VERY FUNNY, JAY. WHAT I WANT TO KNOW IS WHAT HAPPENED LATER?"

"OH, WELL, I LEFT FOR A WHILE TO GET USED TO ALL THE GOLDEN POWER ..."

"SO NATURALLY I FOUND SOME."
Hey, how come we're not in that story, heroically fighting Rebel Fangpyre?

Get up! Get up! He got off a lucky shot, we can still beat him!

You know who I am. You know what I can do. Oh, and my dragon hasn't blasted anyone with golden power in three days, so he's all frustrated.

Yeah, this is all just camera tricks.

BAH! You looked better in green! All that stuff you do is probably just special effects.

Um, because you weren't there? Details, details...

SOLAR SYSTEM FACTS!
The first man-made object in space was the Russian satellite Sputnik, which was launched in 1957.

Jupiter, Saturn, Uranus and Neptune are gas planets. That means if you visited them you wouldn’t be able to walk anywhere because they have no solid surface!

The sunsets on Mars appear blue due to the planet’s atmosphere! Draw a picture of what you think that would look like.

Venus is the hottest planet in our solar system. The surface is over 842 degrees Fahrenheit, whew!
