POSTER
Hi, it’s Max! Are you ready for the holidays? I sure am! And this issue of LEGO® Life Magazine is packed with holiday fun, including a scavenger hunt, a wish list you can fill out, even a sneak peek at what I’m giving my best friends this year and a lot more. We can get started as soon as I find my phone. I want to take an “elfie”!

Check out all the holiday lights I put up! Aren’t they awesome?

THE HUNT FOR ELF MAX
Elf Max has been mischievous and placed some of his face stickers throughout the magazine. See how many you can count. BTW, to get you started, this counts as one!

And what about this holiday village? It takes up a whole room!

Best of all is my tree! I think it’s the best ever.

I’ve already seen all this. You put it up last July!

LEGO® HOLIDAY WISH LIST!

Here’s a handy place to write down all the things you hope to receive this holiday season. Share it with your family and friends, then ask to see their list, so you know what to give them!

JOIN THE HOLIDAY FUN!

JOIN MAX’S SCAVENGER HUNT!

Max is going on a scavenger hunt this issue, and he wants your help! See if you can answer these questions:

1. The Whomping Willow is shown on what page?
2. On what page will you find a minifigure riding a Thunderbird?
3. What does O.M.A.C stand for?
4. True or False: You’ll find Yoda™ on page 10.
5. On what page will you find this minifigure wearing the blue scarf?

MAKE YOUR OWN HOLIDAY SONG

Just fill in the blanks with the kinds of words that are asked for and you’ll have your own special song to sing all through the holiday season!

Outside, the wind is ___________________________ (verb)
But our fireplace is ___________________________ (adjective)
Soon it will be _______________________________ (name of holiday)
So let’s fill the house with _____________________ (noun)!
If you ___________________________ very closely, (verb)
You’ll find a gift that’s big and ____________________ (adjective)
I hope you ___________________________ it, it’s for you, (verb)
from the toymakers in ___________________________ (place name)!

How well do you know your All-Stars? Check out these Star Wars quiz questions, then find the answers in the word search puzzle on this page!

Supreme Leader Snoke isn’t the first evil ruler to face off with a hero in his own room.

Before Snoke took on Rey, Emperor Palpatine battled Luke Skywalker in his throne room. Palpatine tried to defeat Luke, but it didn’t end well for the Emperor. Ouch!

The LEGO® Technic™ design and Volvo Construction Equipment teams team up to create a cool, exclusive, futuristic construction machine!

FIRST...
The design teams created an initial sketch for the awesome machine they wanted to create.

DID YOU KNOW...
The 4 basic LEGO® Technic™ components are: axles, beams, gears and pegs.

Fully articulated four-wheel steering
Huge tires with gripping treads and futuristic rims
Working boom and bucket
Equipped with a mapping drone
THEN...

They enlisted a group of kids to look at the drawings and suggest cool features.
The kids requested a mapping drone and an adjustable camera mounted on the top of the machine, which they named “The Eye”.

“The Eye” adjustable camera

Extendable counter weight and raising and lowering chassis

Hi Hugo,

Great model, and great question too!

Work on the building instructions doesn’t start until the set is complete. The steps are created using 3D software.

There is a special building instructions team whose job it is to show you the best way to build the set.

Thanks for your letter, and keep on building!

Max
