STUNT POWER UNLEASHED!
What's that tearing through rough terrain on its wide tracks? It's going backwards, forwards, spinning and... popping a wheelie? It's the new Remote-Controlled Technic™ Stunt Racer, created by LEGO® designers with "wow" in mind.

WHEELIE FUN FACTS

1. A wheelie is also called a wheelstand.
2. Wheelies are easiest to do when a vehicle has just started moving.
3. The first wheelie is believed to have been performed by a stunt bike rider in 1890.
4. Although wheelies look awesome, they can be dangerous. Don't try to do one without lots of training and practice - unless it's with the Technic™ Stunt Racer!

Two Technic™ Stunt Racers challenge each other in a game of Car Soccer! Which can drive the ball into the other’s goal? It’s all-out action in this exciting video in the #Technic group in the LEGO® Life app!

I’ll man the pump!

Great! The fire is going out and now I don’t need to take a bath this week.

Keep it up! We need all the water we can get!
