MAX'S NIGHT ADVENTURE

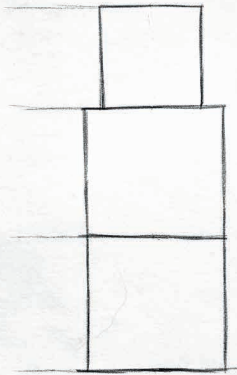

LEARN HOW TO DRAW MAX!

Grab a pencil and a piece of paper and follow these instructions. A rubber will come in handy, too.

STEP 1

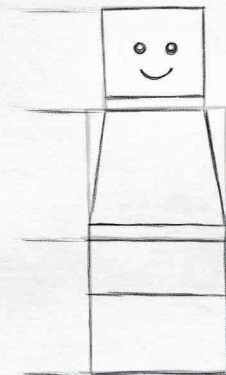

Draw three squares. Use a pencil that can be easily erased with a rubber. The squares are there to help you with the drawing.

STEP 2

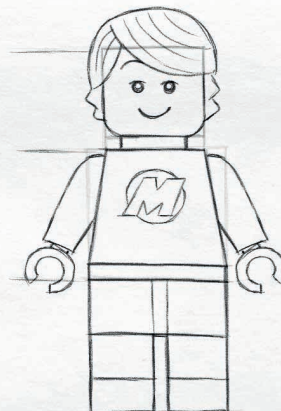

Add more lines to create the shape of Max. Don't forget to add the eyes and a smile!

Tip: You can use a different colour pencil now.

STEP 3

Round Max's head, add arms and other details. When done, you can erase the lines from Step 1. Finish off by adding a cool haircut and colour Max in!

Need Help? Answers can be found on page 27.

DID YOU KNOW THAT...

Brachiosaures were around 21 metres long and weighed up to 56 tonnes. That's more than nine African elephants! Brachiosaurus' upper arm bone was over 1.8 metres long, so taller than most humans.

SPORTS, FUN AND MAGIC!

Discover the wizards' beloved broomstick-wielding sport: Quidditch™. It's time to take a broom in your hands. Score more goals, catch the Golden Snitch™, and become the next Quidditch champion! But beware – many magical, unexpected things can happen during the game.

THE RULES

Players fly on brooms and get 10 points for throwing a ball (called a Quaffle) through the hoops.

WHERE IS THE REFEREE?

One time, halfway through a game, a referee disappeared! Someone turned his broomstick into a Portkey. The referee found himself stuck in the Sahara Desert!

THE LONGEST GAME

The Quidditch game can end in minutes. But it can last for hours, days ... or even months. The longest game lasted 3 months! The players needed to be substituted so they could eat and sleep.

THE QUIDDITCH™ TEAMS OF HOGWARTS™

The Quidditch teams are the pride of each Hogwarts™ House. They play to win the Quidditch Cup, while students from their House cheer them. After finishing school, the best players can join professional teams!

JOIN THE GAME!

Select your team and start a Quidditch™ game! Play with your friends and family. The rules are simple:

1. Take a marker pen (each player needs a different colour).
2. The youngest player goes first.
3. Players take turns. On your turn, close your eyes and hover the marker pen above the hoops.
4. Drop the marker pen without opening your eyes.
5. After five rounds, count the dots inside the hoops. Whoever scored more points, wins!
6. In case of a draw, play until one player wins.

NO DRAGONS ALLOWED!

One of the rules states "no dragon is to be introduced into the stadium for any purpose including, but not limited to, team mascot, coach, or cup warmer." Imagine what a dragon coach would look like!

HARRY VS DRACO

They faced each other on multiple occasions, Quidditch games included. They were both Seekers, trying to catch the Golden Snitch. And Harry won every duel!
