 Match the pictures to the words in the key below to complete the story.

"I can't get this to work!" said  . He was frustrated. He looked through a  for some tools, but only found  and an  . "What's the matter?" asked  . "My  is broken," said  . "None of the parts are working. I don't know what to do." "Hmmm," said  . "A machine has many parts. What else has many different parts?"

 thought about the question. "A puzzle. A model. A sentence. Even a training exercise can have different parts to it." "What else?"  smiled. "A team." "Correct," said  . "You,  ,  ,  ,  and  are a team. For the team to succeed, all of you must work together."

"Oh, I get it," said  . "All the parts of the machine have to work too. If one small part needs to be fixed, the whole  won't work."  went to work. He found a small wire that had become disconnected. Once he fixed it, the  roared to life. "Remember, a problem may seem as big as a mountain," said  . "But often the answer is as small as a pebble."

SPACED OUT!

The Space Shuttle is on the way to bring supplies to the astronauts on the Moon. Come on along!

HOW DO YOU KNOW WHEN THE MOON HAS HAD ENOUGH TO EAT? WHEN IT'S FULL.

WHY DID THE ASTRONAUTS BLAST OFF FOR MARS? THEY NEEDED SOME SPACE.

HOW CAN YOU TELL SATURN IS MARRIED? IT WEARS A RING.

DID YOU KNOW... THAT WE HAVE A LOT OF CHOICES FOR FOOD, INCLUDING FRUIT, NUTS, PEANUT BUTTER, CHICKEN, BEEF AND SEAFOOD.

ALL THE FOOD COMES IN DISPOSABLE PACKAGES. SALT AND PEPPER COMES AS A LIQUID, SINCE GRAINS OF SALT AND PEPPER WOULD FLOAT AROUND AND CLOG MACHINERY.

How Do Astronauts Use the Bathroom?

Space toilets are very different from the normal stuff you use. Astronauts pee into a funnel and hose and it's recycled into drinking water. Amazing! Poop is vacuumed into sealed bags which are loaded onto a cargo ship and launched back to Earth. The ship burns up in the atmosphere.

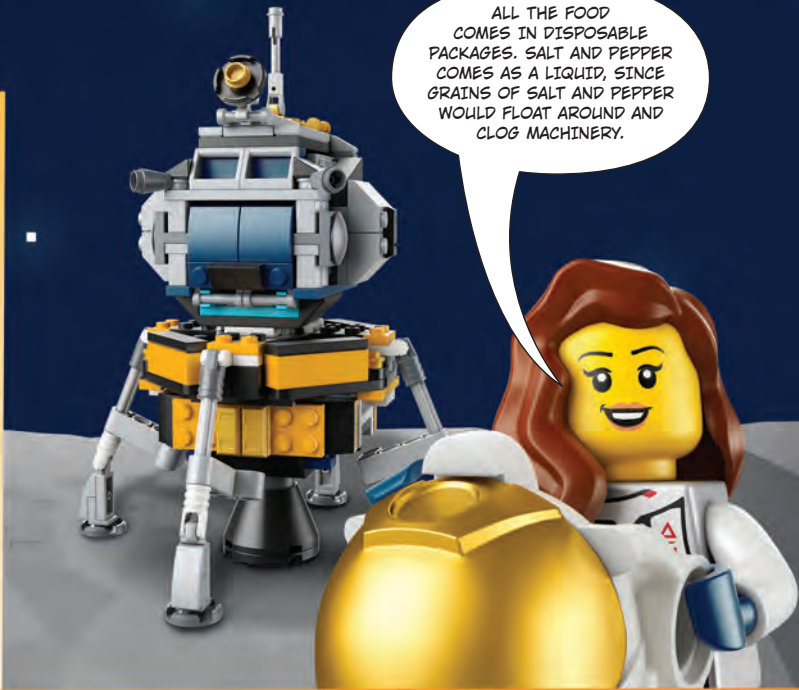

So when you see a shooting star, it might be a meteor or it might be flaming poop!

Build a Space Toilet!

Scan this QR Code or go to LEGO.com/legomagazine for step-by-step instructions to build this fun model.

Space Vehicle Match-Up!

Outer space is full of amazing vehicles. Find the matching sets in this out-of-this-world scene.

Bonus Puzzle: Look for the vehicle that doesn't match any other!
