

# ESCAPE TO THE SAFETY OF THE CASTLE

An angry dragon is after you. Find a way across the moat before it's too late!

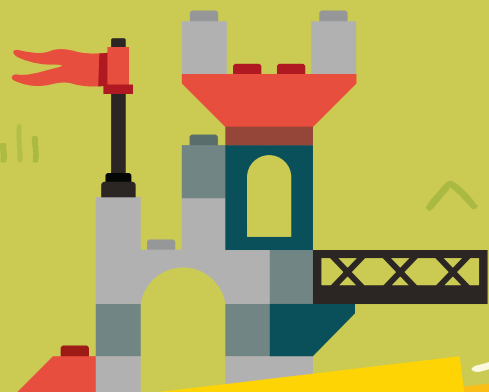

Get ready for a medieval build challenge for brave knights! Position your LEGO® castle on the grass beyond the moat (If you haven't got a castle to hand, why not build one together?)

Then grab some markers or crayons to color in the moat. Add in dangerous sharks & piranha. Next, work together to build a sturdy LEGO bridge over the moat to escape the dragon!

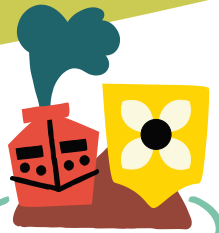

Build on your own or as a team with the LEGO® Builder app. Scan the QR code to download now.

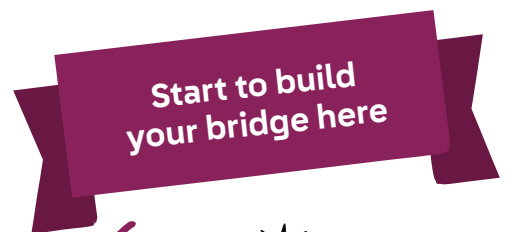

This is a perfect spot for your castle

Draw colorful characters in the moat

Start to build your bridge here

### Extra build challenge!

Extend the fun by building a LEGO cage for the dragon. How will your minifigure knights capture the monster?
