

Make It Magical

How to set up & play

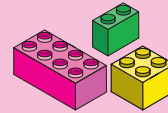

How it works

Children use LEGO® bricks and pieces to build something their unicorn needs, or will make their world more magical.

It could be a rainbow, a castle, or anything they can imagine. The only limit is the time they have to build it.

Things you need:

LEGO bricks

Optional extra
Prize for the best build.

Unicorns

LEGO unicorn Minifigure, or something that can represent a unicorn.

Let LEGO Minifigures introduce the game by playing the accompanying video.

What you need to do:

Before the party

1. Work out how many unicorn minifigures/toys you need per child/team.

On the day

1. Give each child/team a selection of LEGO bricks and pieces.
2. Explain the task and give them a few build suggestions.
3. At the end you could ask the children to showcase and explain their build.

If you have large party numbers, you could play in teams and give each team a mini build/Minifigure.

Unicorn facts:

A baby unicorn is called a sparkle.

A group of unicorns is called a blessing.

8-10 mins

Encourages your mini unicorns to think and construct using LEGO bricks.
