Herzlich willkommen im Café Fleur

In der perfekten Patisserie bekommst du immer die Stärkung, die du gerade brauchst, ganz gleich, ob du in einer Kleinstadt oder einer Metropole unterwegs bist, dort schon seit Jahren Stammgast bist oder auf deinen Reisen nur mal kurz ausruhen möchtest. Der unwiderstehliche Duft von frisch gebrühtem Kaffee und das verlockende Gebäck, das direkt aus dem Ofen serviert wird ... Ein gemütliches Café hat etwas Einladendes, das überall gleich ist. Mal ist es eine Oase der Entspannung an einem kalten Tag, mal ist es ein angesagter Treff, wo man mit Freunden Ideen und Erinnerungen austauscht.

Die jahrhundertealte Kaffeehaus tradition prägt viele Länder und Epochen und zieht uns auch weiterhin magisch an, um unsere Sinne zu erfreuen. Heute werden uns in Cafés kleine authentische Happen serviert. Wir können dort landestypische Architektur und Kultur erleben, und uns wird vielleicht sogar ein kleiner Einblick in die Geschichte gewährt. Hoffentlich fühlst du dich beim Bauen sofort im LEGO® Café Fleur zu Hause und rufst dir eigene schöne Kaffeehausmomente in Erinnerung.

Anmerkungen des LEGO® Icons Designteams

Im LEGO® Icons Café Fleur steht Kreativität auf jeder Tageskarte. Als stolzer neuer Besitzer dieses Lokals bekommst du ein Café mit vielen Details und Facetten, die sowohl klassischer Architektur als auch Eindrücken aus aller Welt nachempfunden sind. Diese künstlerische Darstellung eines traditionellen Cafés in einem historischen Gebäude in bester Innenstadtlage fasziniert mit vielen kleinen LEGO Nuancen wie dem Bürgersteig aus LEGO Steinen und der Inneneinrichtung.

Wir haben neue Bautechniken entwickelt, damit das Modell trotz der vielen authentischen Details noch immer in dein Bücherregal passt. Und zum allerersten Mal findest du in einem Set jede Menge Teile in Grün- und Pfirsichtönen. Im Mittelpunkt des Modells steht der Eingang. Alle Zierelemente sind aufgedruckt. Das gilt auch für einige der neuen Fensterteile und die durchsichtigen Elemente. Vielleicht wird dich dieses Bauerlebnis dazu inspirieren, eigene besondere Modelle zu erschaffen?

Der Winkel hier wird mithilfe von gespiegelten Dreiecken erzielt. Dank dieser Geometrie passen die Elemente perfekt, um die abgewinkelte Mauer zu errichten, die später dort stehen wird.

Dieser Bogen aus LEGO® Steinen entsteht, indem man die neuen 1x2 Schrägelemente mit Platten kombiniert und ineinander verschachtelt. Das verleiht dem Haupteingang seine typische wirklichkeitsgetreue Struktur und sein authentisches Muster.
