Te damos la bienvenida al Café Fleur

Desde la ciudad más pequeña hasta la metrópoli más bulliciosa, ya sea un lugar que lleves años visitando o un rincón que acabes de descubrir en alguno de tus viajes, hallar la *pâtisserie* perfecta promete una experiencia revitalizante. El irresistible y seductor aroma del café recién hecho mezclado con delicias locales recién salidas del horno... La atmósfera de una cafetería acogedora tiene un poder de convocatoria universal. Un oasis para un día frío o un vibrante punto de encuentro para compartir ideas y grandiosos momentos con tus amigos y amigos.

La tradición centenaria de las cafeterías trasciende el tiempo y la geografía, y sigue atrayéndonos y deleitando nuestros sentidos. Hoy en día, estos lugares nos sirven rebanadas de gastronomía auténtica con el sabor de la arquitectura y cultura locales, aderezadas con un toque de historia. Y esto es lo que esperamos que suceda cuando construyas tu Café Fleur LEGO®: que te sientas como en casa y lo llenes de tus recuerdos más entrañables.

Impresiones del equipo de diseño de LEGO® Icons

La creatividad es siempre el plato del día en el Café Fleur LEGO® Icons. Ahora eres el nuevo propietario de una cafetería repleta de expresiones y detalles inspirados tanto en la arquitectura clásica como en los viajes por el mundo. Desde la acera construida con ladrillos hasta la decoración interior, es una interpretación artística de una cafetería tradicional establecida en un edificio histórico de cualquier ciudad, ¡con montones de giros al estilo LEGO!

Hemos desarrollado nuevas técnicas de construcción para capturar con autenticidad el mayor número posible de detalles y asegurarnos de que el modelo pudiera caber en tu estantería favorita. También encontrarás, por primera vez, muchos elementos LEGO en colores verde y melocotón. El centro de atención del modelo es la entrada, y todos los adornos cuentan con motivos impresos, incluidas las nuevas piezas de las ventanas y los elementos transparentes. ¿Será esta experiencia de construcción la inspiración que necesitas para dar forma a tus propias creaciones especiales?

bestis elementum est vitae nihil sed socialis

m ex bestis elementum est vitae nihil sed socialis non nec regere famulo, ite enim impudat

¿Quién se hubiera imaginado que los elementos
LEGO® concebidos como arcos de ventanas podrían
funcionar tan bien como patrón de una acera?

En cada minimodelo se alterna la dirección de la construcción, lo que produce un efecto de gran estética una vez que estos se acoplan.

Este ángulo se consigue usando triángulos reflejados. La geometría resultante hace que los elementos encajen a la perfección para crear la pared oblicua que verás más adelante.

¡Hay pocas ventanas LEGO® con 3 módulos de anchura! Las nuevas ventanas 1x3x2 se presentan aquí por primera vez en verde. Las ventanas se construyen de lado para aprovechar mejor su tamaño, que es relativamente inusual.

Este arco construido con ladrillos es el resultado de combinar placas con los nuevos elementos 1x2 con pendiente. De este modo, recreamos con gran realismo la textura y el patrón que se suele ver en algunas entradas principales.
