Bienvenue au Café Fleur

Des petites villes aux grandes métropoles, qu'il s'agisse d'un lieu où vous avez vos habitudes ou d'un nouveau cadre découvert au hasard de vos voyages, trouver le café idéal pour une pause gourmande est la promesse d'une expérience stimulante. L'arôme irrésistible et envoûtant du café fraîchement moulu mêlé au parfum de délicieuses spécialités tout juste sorties du four... Un café chaleureux a quelque chose d'universellement accueillant. Il peut être une oasis de détente où l'on trouve refuge lorsqu'il fait froid, ou un lieu bourdonnant d'animation, plein de musique et d'amis qui partagent des idées et des instants de vie.

La tradition séculaire des cafés transcende le temps et les frontières : elle continue de nous attirer et de délecter nos sens. Aujourd'hui, les cafés nous régaler d'une gastronomie authentique, d'un zeste d'architecture et de culture locales, le tout parfois saupoudré d'un soupçon d'histoire. Nous espérons qu'en construisant votre Café Fleur LEGO®, vous vous sentirez comme chez vous et que vous le remplirez de vos plus beaux souvenirs.

Un mot de l'équipe de designers LEGO® Icons

La créativité est toujours l'offre du jour proposée au menu du Café Fleur LEGO® Icons. En tant que nouveau propriétaire, vous possédez les clés d'un café contenant une foule de détails et d'expressions stylistiques puisant leur inspiration dans l'architecture classique et les voyages autour du monde. Du trottoir en briques à la décoration intérieure, ce modèle est la réplique artistique d'un café traditionnel, installé au sein d'un bâtiment historique dans un environnement urbain... avec de nombreuses petites surprises LEGO !

Nous avons développé de nouvelles techniques de construction pour restituer un maximum de détails authentiques, tout en veillant à ce que ce modèle trouve sa place sur votre étagère. Pour la première fois, vous y trouverez également de nombreux éléments LEGO dans des tons verts et pêche. L'élément central du modèle est son entrée, et toutes les décorations sont imprimées, y compris certains des nouveaux ornements de fenêtres et éléments transparents. Cette expérience de construction va-t-elle vous inciter à créer vos propres constructions exclusives ?

Qui aurait pensé que des éléments d'arches de
fenêtres LEGO® deviendraient le motif d'un trottoir ?

Pour obtenir cet angle, on utilise des triangles réfléchis.
Cette géométrie permet d'ajuster parfaitement les éléments
afin de créer le mur oblique que vous verrez plus tard.

La large porte permet de jeter un œil à l'intérieur.
Bien que l'espace soit très réduit dans le café, il regorge de détails à découvrir.

Peu de fenêtres LEGO® sont composées de 3 modules dans la largeur ! Les nouvelles fenêtres 1x3x2 sont utilisées ici pour la première fois en vert. Les fenêtres sont construites latéralement afin d'utiliser au mieux leurs dimensions plutôt inhabituelles.

Pour réaliser l'arche en briques, les nouveaux éléments inclinés 1x2 ont été assemblés et combinés avec des plaques. Le résultat offre une texture et un motif réalistes, semblables à ceux qui ornent souvent les entrées principales.

Vous prendrez bien un croissant avec votre café ?

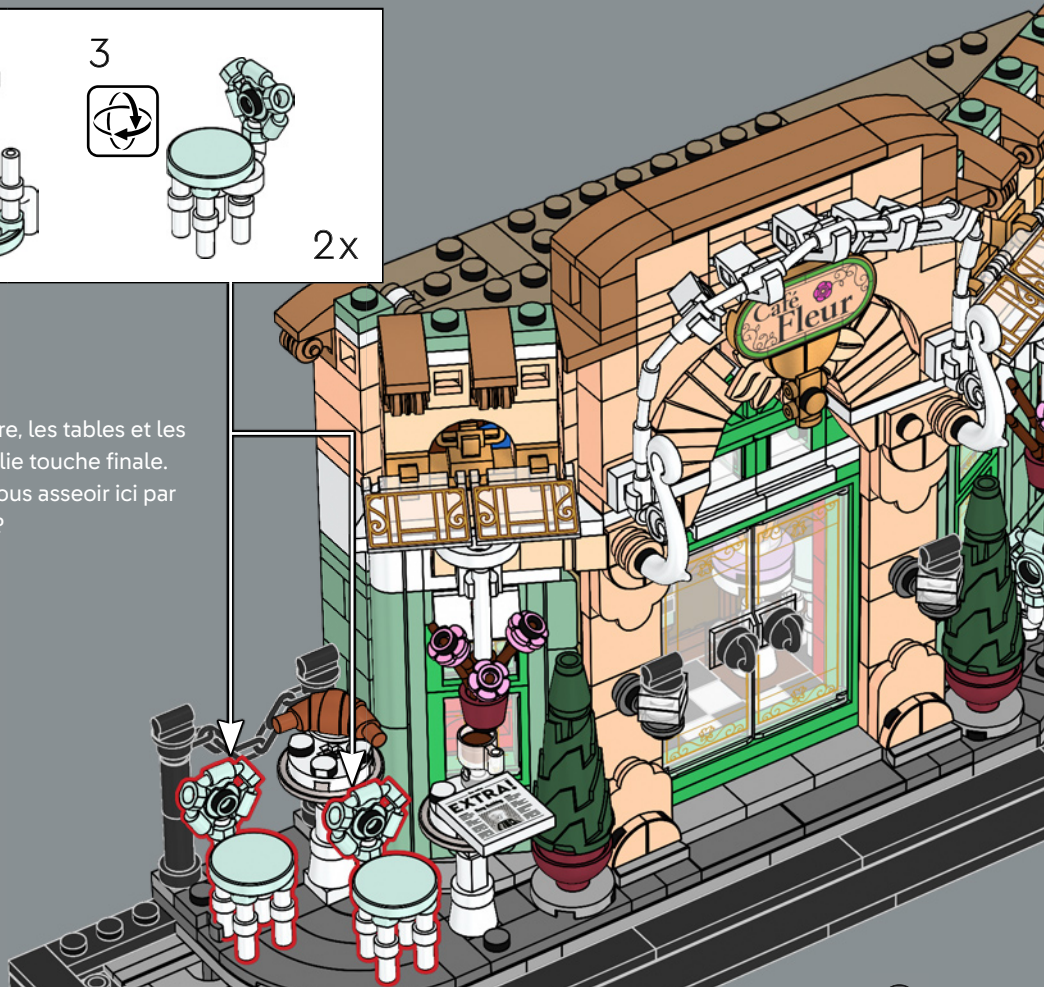

240

Dernier détail mais non le moindre, les tables et les chaises donnent au décor une jolie touche finale. Est-ce que vous n'aimeriez pas vous asseoir ici par une belle journée de printemps ?
