« Le point d'attache latéral sur le bouleau permet à la sittelle de sautiller le long du tronc, comme elle le ferait dans la réalité. »

L'équipe de designers LEGO® Icons

Le mot de l'équipe de designers LEGO® Icons

Bienvenue dans la présentation du troisième modèle de notre collection LEGO® Icons « Jardins du monde », qui va vous permettre de vous détendre dans un décor automnal chaleureux. Inspiré des cottages champêtres au toit de chaume du nord de l'Europe, ce set incarne tout le charme de la vie à la campagne, que vous souhaitiez cueillir des fruits dans les bois, récolter les légumes du potager ou prendre soin de la faune sauvage. (Ou, mieux encore, préparer de copieux ragoûts !) La construction latérale et la géométrie triangulaire façonnent le toit et la charpente du cottage, et de nombreux éléments font leur apparition dans de nouvelles couleurs ou décorations LEGO, notamment les deux oiseaux : un rouge-gorge familier et une sittelle torchepot. Vous pouvez même utiliser des éléments des sets 10315 Le jardin paisible ou 10359 Le jardin andalou pour ajouter une touche créative à votre modèle !

Oiseaux locaux

Sittelle Torchepot

Avec son plumage bleu-gris et sa bande noire distinctive, cet oiseau chanteur agile est réputé pour sa capacité unique à descendre les troncs d'arbre la tête la première !

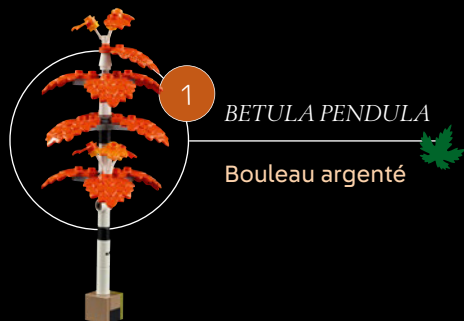

Rouge-gorge familier

Avec sa poitrine orange vif et son chant mélodieux, le rouge-gorge familier est un habitant très apprécié des jardins, que l'on voit souvent à la recherche d'insectes déterrés.

Les nains de jardin sont porteurs de chance, ou du moins d'amusement, dans votre jardin. Selon la légende, ils portent des chapeaux blancs s'ils veulent être vus, et rouges s'ils veulent se cacher ! Ce chapeau pointu LEGO® apparaît en rouge pour la première fois.

Qu'est-ce qu'il pourrait bien fabriquer ?

Le rouge-gorge familier adore que vous jardiniez !
Si vous en voyez un qui « surveille » votre travail,
c'est peut-être qu'il attend impatiemment de
s'emparer des insectes et des vers qui remontent
à la surface lorsque vous retournez la terre.
