LA FERRARI F2004

La Ferrari F2004, pilotée par la légende de la course automobile Michael Schumacher, a littéralement dominé la saison 2004 de Formule 1®. Encore aujourd'hui, elle est considérée comme l'une des plus grandes F1® de tous les temps : c'est elle qui permit à Schumacher de décrocher son septième et dernier titre mondial – son cinquième d'affilée. Et comme si cela ne suffisait pas, Ferrari a également remporté son sixième titre consécutif de champion du monde des constructeurs grâce à la F2004, scellant ainsi une ère de suprématie absolue et offrant aux fans du monde entier des moments de course inoubliables.

M. Schumacher

LE PILOTE DE LÉGENDE

// Le partenariat entre Ferrari et Michael Schumacher a donné naissance à une synergie rare : la rencontre parfaite entre une écurie d'exception et un pilote hors norme. Arrivé dans l'écurie en 1996, Schumacher y trouva le terrain parfait pour laisser parler son talent, son esprit d'équipe et sa quête de perfection. Toujours déterminé à maintenir Ferrari au sommet, Schumacher a remporté 72 Grands Prix au cours de sa carrière au sein de l'écurie. Sa passion, son professionnalisme et son engagement auprès de diverses œuvres caritatives ont laissé une empreinte indélébile dans le monde du sport automobile.

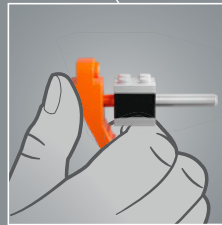

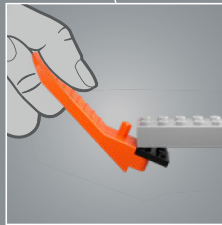

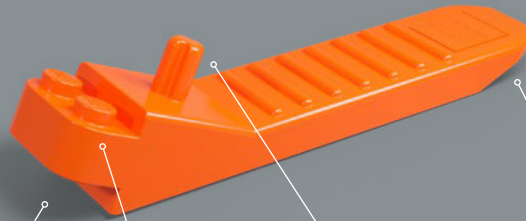

LE MOT DE L'ÉQUIPE DE DESIGNERS

LEGO® ICONS

// Nos formidables partenaires de la Scuderia Ferrari nous ont aidés à reproduire les formes et proportions exactes de la F2004 en briques LEGO®, jusque dans les moindres détails. Nous avons recréé son long « nez » effilé, ses courbes aérodynamiques complexes et ses lignes organiques à l'aide d'éléments arrondis et de pièces cintrées LEGO. Sous le capot, vous découvrirez un compartiment moteur détaillé – et si vous regardez bien, vous y trouverez quelques clins d'œil à l'histoire de la voiture et à son pilote légendaire.

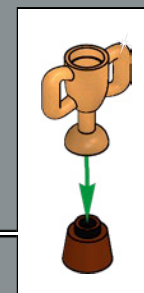

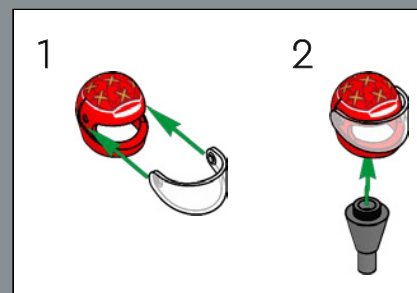

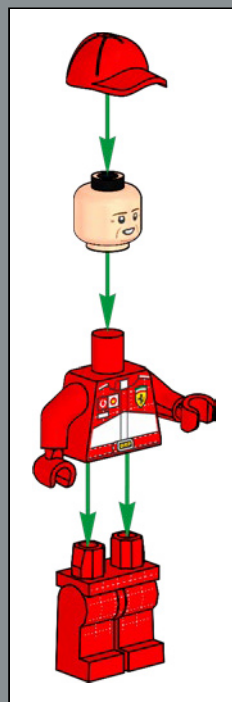

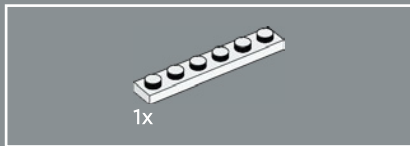

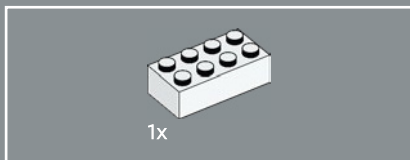

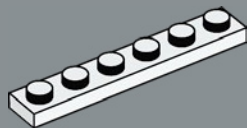

Michael Schumacher, passionné de vitesse dès son plus jeune âge, a commencé le karting à seulement quatre ans et remporté son premier titre deux ans plus tard, au volant d'un kart bricolé par son père à partir de pièces de récupération.

Lorsque l'équipe Ferrari testa la F2004 à Imola face à sa prédécesseure, la F2003-GA, elle s'attendait à ce que la nouvelle voiture soit au moins une demi-seconde plus rapide... mais Schumacher a finalement amélioré le chrono de deux secondes !

Nous avons conçu un nouvel élément de roue pour représenter les pneus Bridgestone rainurés utilisés sur les voitures de F1® entre 1999 et 2008.

Chaque élément d'un set LEGO® Icons est soigneusement sélectionné pour représenter un aspect spécifique de son équivalent réel. Avez-vous remarqué le nombre d'éléments dorés dans ce modèle ?
