FERRARI F2004

La Ferrari F2004, guidata dalla leggenda delle corse Michael Schumacher, dominò la stagione di Formula 1® del 2004. Ancora oggi considerata una delle migliori monoposto di Formula 1® di tutti i tempi, aiutò Schumacher a conquistare il suo settimo e ultimo titolo mondiale – il quinto consecutivo. La Ferrari conquistò anche il suo sesto Campionato Costruttori consecutivo con la F2004, un ulteriore fiore all'occhiello, coronando un'era di totale supremazia in pista del Cavallino Rampante e regalando momenti di corse indimenticabili ai tifosi di tutto il mondo.

M. Schumacher

LA LEGGENDA DELLE CORSE

// La partnership tra la Ferrari e Michael Schumacher diede vita a una sinergia unica, tipica di quando le stelle nei rispettivi campi si allineano alla perfezione. Entrato nel team nel 1996, Schumacher trovò nella Ferrari il partner perfetto per il suo straordinario talento e la sua profonda dedizione alla collaborazione e alla ricerca della perfezione. Difendendo con costanza il prestigio mondiale della Ferrari, Schumacher conquistò 72 vittorie nei Gran Premi durante la sua militanza nel team. Con il suo impegno incrollabile nei confronti dello sport e il suo coinvolgimento in varie iniziative di beneficenza, Schumacher ha lasciato un segno indelebile nel mondo delle corse.

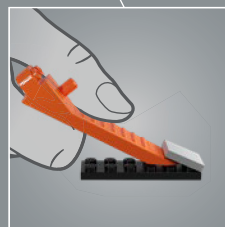

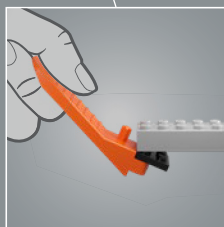

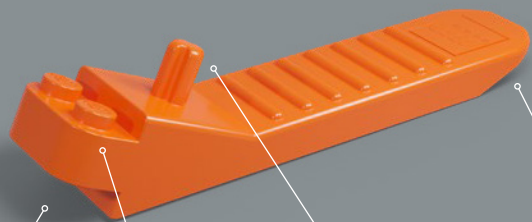

IL LEGO® ICONS DESIGN TEAM

// I nostri fantastici partner alla Scuderia Ferrari ci hanno aiutato a ottenere la sagomatura e le proporzioni esatte della F2004 in versione LEGO®, fino al più piccolo dettaglio. Abbiamo ricreato il lungo e sottile muso, le forme aerodinamiche complesse e le caratteristiche di design organiche della F2004 utilizzando diversi elementi ad arco LEGO e pezzi curvi. Sotto la cover del motore, potrete ammirare un vano motore dettagliato, dove scorgerete anche alcuni riferimenti alla storia della vettura e del suo leggendario pilota.

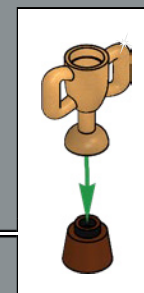

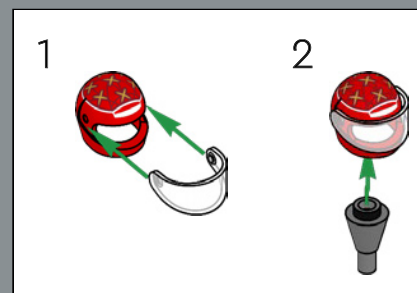

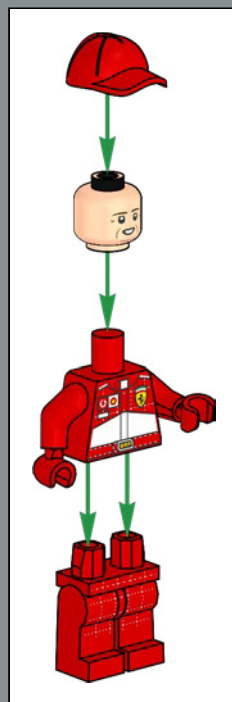

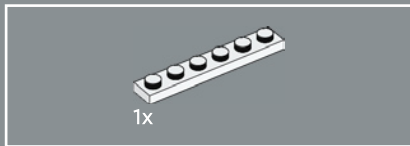

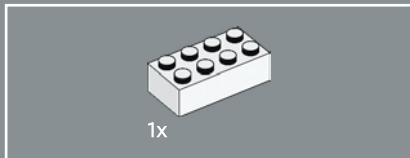

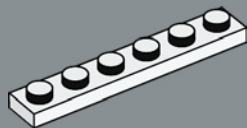

Michael Schumacher manifestò una spiccata passione per le corse fin da piccolo, iniziando a gareggiare con i go-kart a soli quattro anni e conquistando il suo primo titolo di categoria solo due anni dopo. Guidava un go-kart costruito dal padre con pezzi di ricambio e materiali di recupero.

Quando la Ferrari sottopose la F2004 a un test comparativo con la vettura precedente, la F2003-GA, a Imola, si aspettava che la nuova monoposto fosse almeno mezzo secondo più veloce - invece Schumacher fece segnare un tempo sul giro più veloce di 2 secondi!

Abbiamo progettato un nuovo elemento ruota per rappresentare gli pneumatici Bridgestone scanalati utilizzati nelle auto di F1® tra il 1999 e il 2008.

Ogni elemento di un set LEGO® Icons è accuratamente selezionato per rappresentare un aspetto specifico della sua controparte reale. Hai contato gli elementi color oro in questo modello?
