MINAS TIRITH™ – LA CITTÀ DEI RE

Il ruolo di Minas Tirith™ nella battaglia finale per la Terra di Mezzo a volte getta un'ombra sulla sua gloriosa storia millenaria. Quando Pipino e Gandalf™ arrivano a Minas Tirith per la prima volta, il regno, un tempo così nobile, è caduto in un terribile stato di rovina sotto la guida del fatalista Denethor™. Spinto da un imminente senso di sventura e autocommiserazione, preferisce organizzare banchetti decadenti e grotteschi invece di adempiere

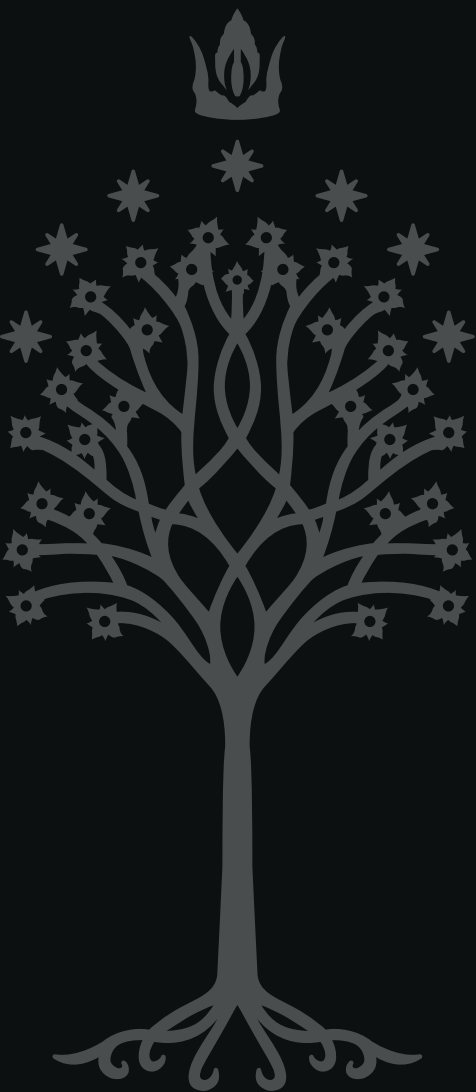

ai suoi doveri. Ciononostante, né i Nazgûl™ né Sauron™ stesso possono sminuire il suo splendore architettonico. Solidamente costruita sui Monti Bianchi, Minas Tirith svetta tra le nuvole, con sette livelli concentrici di pietra, coronata dalla Torre di Ecthelion, un edificio alto 91 metri la cui cima raggiunge i 304 metri. Al termine della Guerra dell'Anello, Minas Tirith è ancora una volta un simbolo di speranza e prosperità.

“Qui, il colpo di martello
cadrà con più violenza”.

- Gandalf

IL LEGO® ICONS DESIGN TEAM

È sempre con un senso di timore che iniziamo a lavorare a modelli basati su temi popolari, inclusi i vasti regni della trilogia cinematografica de *Il Signore degli Anelli*. Ispirati dal modello "bigature" creato per *Il Ritorno del Re*, siamo rimasti fedeli alla narrazione e ai dettagli strutturali della versione cinematografica. Abbiamo creato un modello in scala ibrida utilizzando una tecnica di costruzione in prospettiva forzata.

La parete esterna è costruita per consentire alle minifigure LEGO® di interagire, mentre le sei cinte murarie superiori sono progressivamente più piccole per un effetto drammatico. È possibile posizionare i personaggi nelle scene iconiche sia sullo strato superiore sia all'interno. In qualunque modo lo si voglia esporre, vi sono una miriade di dettagli ovunque e si possono rimuovere sezioni del modello per ottenere opzioni da display ancora più versatili. Stai per entrare nel Regno di Gondor™. La scena è pronta. I pezzi pure. Che l'avventura di costruzione abbia inizio!

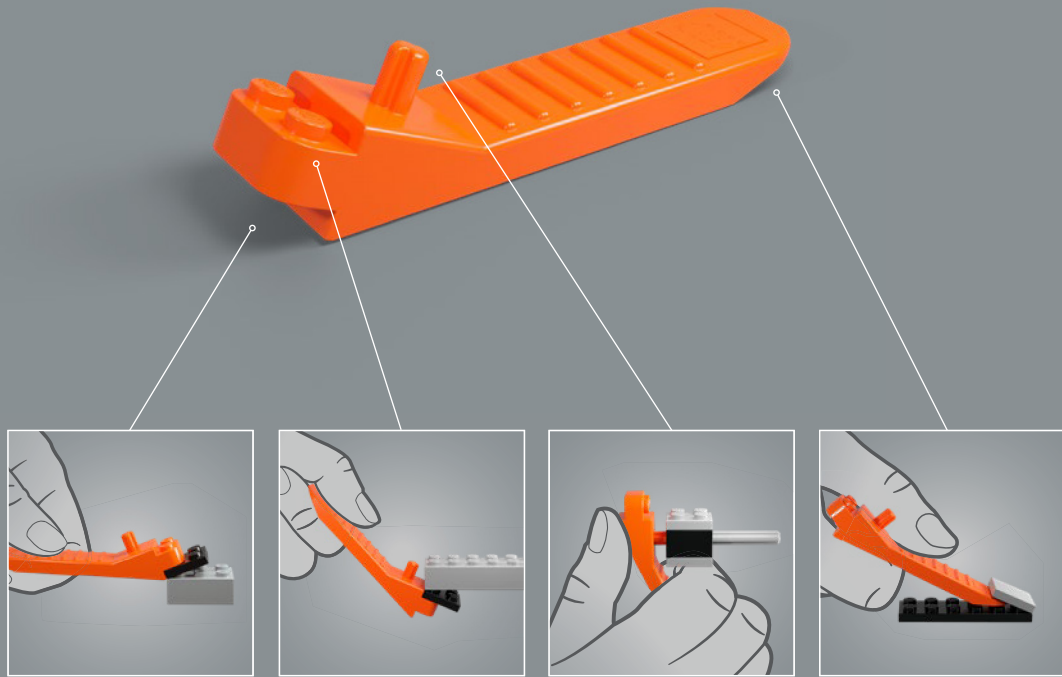

I CANCELLI DI MINAS TIRITH™

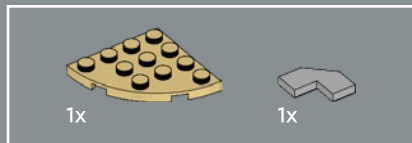

Il Grande Cancelli, nelle mura inferiori, è rivolto verso est e funge da unico portale della città. Si apre su un cortile pavimentato, punto d'incontro della Via del Nord, della Strada del Sud e della rotta per Osgiliath. Ognuno dei sette livelli è protetto da una propria cinta muraria e da un cancello. Questi cancelli sono disposti ad angolo tra loro, creando un percorso a zig-zag che sale

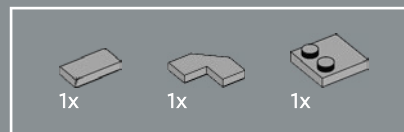

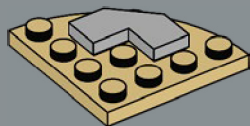

attraverso la città anziché formare un'ascesa rettilinea, un segno distintivo dell'architettura difensiva di Minas Tirith. In questo modello, il cancello può essere rimosso in modo che i personaggi delle minifigure di Gandalf™, Pipino e Ombromanto di nuova concezione possano fare un ingresso drammatico attraverso il cancello e avvisare Denethor™ della minaccia di Sauron.
