CONTRO OGNI PREVISIONE

Una sera del marzo 1961, un nuovo tipo di roadster uscì direttamente dalla linea di montaggio a Coventry, in Inghilterra, per intraprendere una missione all'apparenza impossibile: raggiungere il Salone Internazionale dell'Auto di Ginevra, in Svizzera, entro la mattina successiva. La tanto attesa Jaguar E-Type, la prima biposto scoperta di serie con targa 77 RW, doveva essere presentata alla stampa mondiale. Il Test and Development Engineer partì con pochissimo preavviso, senza tempo per riposare, senza autostrade e con una traversata in traghetto da affrontare. Diciassette ore e 1.100 km dopo (incluso un imbarco trovato chiuso), la 77 RW fece il suo ingresso a Ginevra e si diresse direttamente alle prove dimostrative. Già all'ora di pranzo, la sua storia era diventata una vera e propria sensazione. Gli ordini decollarono, i titoli dei giornali impazzirono e il resto è storia. Nei successivi 14 anni ne furono venduti 72.000 esemplari e, a 65 anni di distanza, la 77 RW è ancora la E-Type cabriolet più vecchia in circolazione.

Il design elegante e aerodinamico della Jaguar E-Type era un'evoluzione della sua antesignana da corsa, la D-Type, che aveva vinto la 24 Ore di Le Mans nel 1955, 1956 e 1957.

ELEGANZA ANNI SESSANTA

Il leggendario viaggio e il salone dell'auto si rivelarono solo il primo di molti straordinari traguardi per questa iconica Jaguar. Influenzata dai successi di Jaguar nelle competizioni, la E-Type portò la precisione ingegneristica in una nuova era del design, interpretando appieno lo spirito ottimista che definì gli anni Sessanta. L'esperienza aerodinamica maturata con i modelli precedenti, in particolare con la Jaguar D-Type, fece sì che l'innovazione nel design e la ricerca delle prestazioni si fondessero in ogni singola curva, angolo e linea. Il lungo cofano, i fari carenati e le proporzioni equilibrate le conferivano un look sofisticato e futuristico, capace di emanare sicurezza tanto in pista quanto sulle strade aperte. Ancora oggi ambita e venerata dagli appassionati, la sua influenza rimane evidente sia nel design delle moderne auto da corsa e sportive, sia attraverso la sua presenza nel cinema e nella cultura pop.

IL COMMENTO DEL LEGO® ICONS DESIGN TEAM

I nostri partner di Jaguar e Jaguar Daimler Heritage Trust, presso cui la 77 RW è esposta al pubblico, sono stati così generosi nel condividere idee e approfondimenti sulla affascinante storia dell'auto che abbiamo deciso di ispirare il design e gli accessori al suo celebre viaggio dal Regno Unito a Ginevra. Abbiamo utilizzato angolazioni lievi per ricreare la shoulder line, sviluppato nuovi elementi per i cerchi, il parabrezza e i passaruota, e fatto un uso creativo di componenti esistenti, come i fari, che sono in realtà scudi per le minifigure LEGO®. Questa è anche la prima auto LEGO Icons che abbiamo realizzato con una capote completamente funzionante. Abbiamo ricavato uno spazio per la capote, in modo che l'intero meccanismo di ripiegamento scompaia all'interno della carrozzeria. Il cofano a conchiglia si apre rivelando il motore anteriore; naturalmente le portiere e lo sterzo sono funzionanti e, premendo il pulsante sul retro dell'auto, si apre il bagagliaio per mostrare il set di attrezzi all'interno.

*"La collaborazione con Jaguar è stata un'esperienza fantastica:
ci auguriamo che vi divertiate a ricreare la storia della 77 RW".*
