ZEIGE DEINE KREATIVITÄT

✷ Die Stadt Venedig wurde im 5. Jahrhundert auf 118 kleinen Inseln gegründet, die auf geniale Weise miteinander verbunden wurden, um eine auf dem Wasser erbaute Stadt zu errichten. Wenn du die Lagune von Venedig, ihre Kanäle und einzigartigen Bauwerke schon einmal besucht hast, dann hast du sicherlich die unglaubliche Atmosphäre dieses geschichtsträchtigen Ortes gespürt. Venedig, das für die venezianische Gotik und seinen reichen Kulturschatz zum UNESCO-Weltkulturerbe erklärt wurde, hat Generationen von Kunsthandwerkern und handwerkliche Traditionen von Weltklasse hervorgebracht. Musik, Kunst, Mode und Mosaike aus der byzantinischen Zeit bilden einen lebendigen Teppich kreativer Ausdrucksformen. Jedes Jahr im Februar bzw. März verwandelt sich die Stadt in eine festliche Bühne, wenn Millionen von Besuchern zum Karneval von Venedig strömen. Und in diesem Modell ist dies der Höhepunkt! In extravaganten Kostümen und mit faszinierenden, symbolträchtigen Masken spielt jeder seine Rolle bei einem Fest der Schönheit und des spielerischen Geheimnisses. Wir überlassen es deiner Fantasie, sich vorzustellen, wer die Figuren in diesem Modell sind!

MOND UND SONNE

Himmelssymbole wie Sonne und Mond sind in Venedig allgegenwärtig und beliebte Motive für Karnevalsmasken und -kostüme. Zusammen stehen sie für universelles Gleichgewicht, Harmonie und Liebe.

GONDOLIERE

Wenn die Straßen und Plätze von Umzügen überfüllt sind, gönn dir eine Auszeit vom Trubel und lass dich von den besten Gondolieren auf eine Tour durch die stillen Kanäle entführen.

VOM LEGO® ICONS DESIGN TEAM

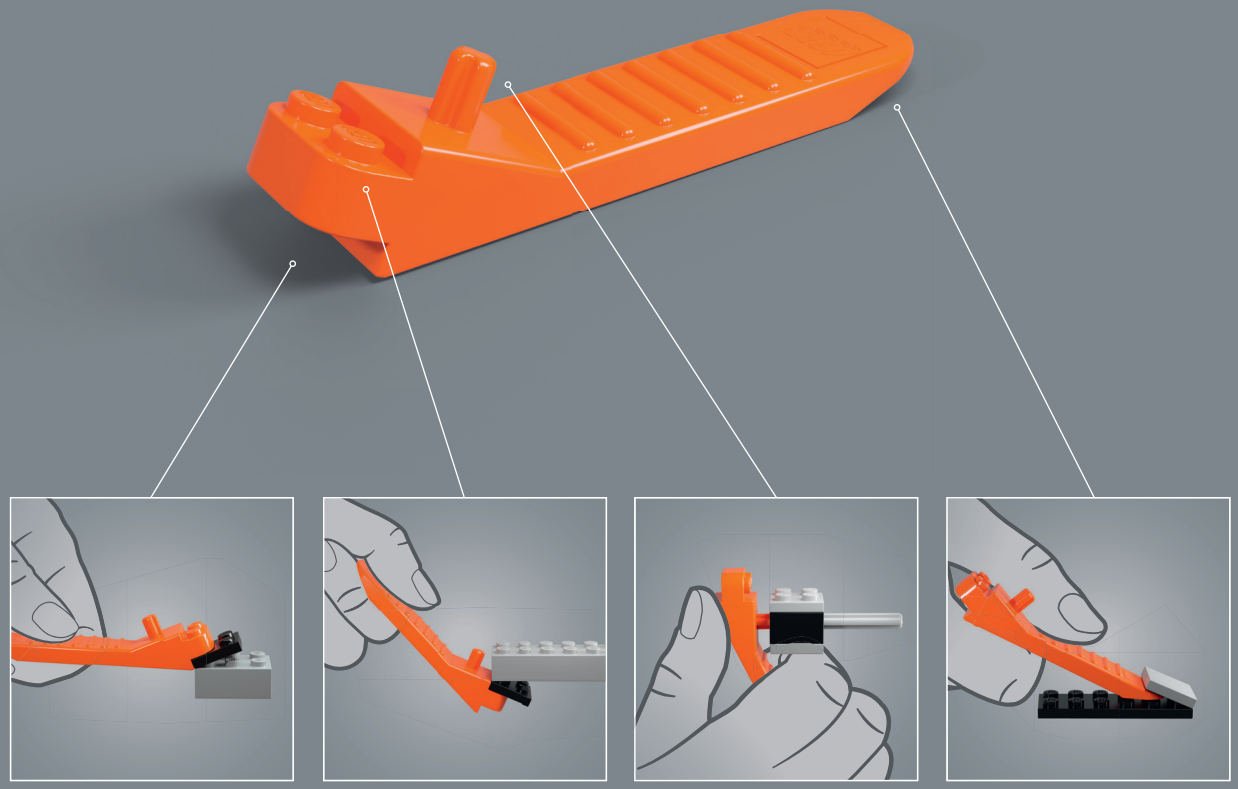

✷ Wenn du von einem LEGO® Icons Erlebnis mit einer einzigartigen Architektur und vielen Minifiguren träumst, bietet das Venezianische Viertel alles, was du dafür brauchst. Inspiriert durch die Stile der Stadt, ihre historischen Bezüge und ihren berühmten Karneval haben wir eine kreative Darstellung der Stadt entworfen, bei der du durch das malerische Stadtbild schlendern kannst. Du kannst die terracottafarbenen Ziegeldächer abnehmen und durch die hohen Decken in eine Wohnung spähen, die mit antikem Luxus eingerichtet ist. Traditionelles Handwerk blüht, und im Glaswarenladen findest du handwerkliche Schätze. (Vorsicht vor den rutschigen, moosbedeckten Stufen!) Wenn du die Fußgängerbrücke überquerst, kannst du den alten Turm erkunden, seine Spitze in eine andere Richtung drehen und die Kurbel betätigen, um zu beobachten, wie sich der Himmelskalender bewegt. Und wenn du ein wenig Zeit brauchst, um das alles auf dich wirken zu lassen, entspanne dich doch im Schatten des alten Olivenbaums. Du kannst auch die beiden Teile des Modells tauschen und es so ausstellen, wie es dir gefällt. Viel Spaß in Venedig!

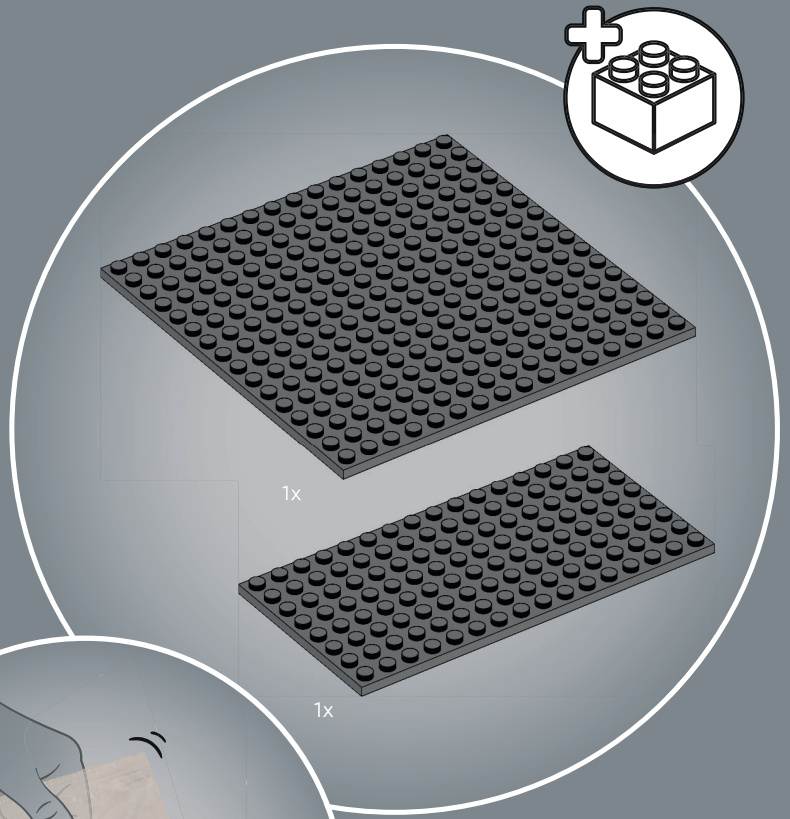

HIER SPIELT DIE MUSIK

Hörst du Musik? Venedig scheint zu einer bezaubernden Melodie zu summen, die vor Jahrhunderten komponiert wurde. Dieses Miniaturklavier ist ein in 3D gedrucktes Element, das von einem Team unserer LEGO® Modell- und Elementdesigner sowie Toningenieuren entworfen wurde, um für zusätzliche Atmosphäre zu sorgen.

Tipp: *Drehe die Vase auf den Kopf, um eine vertraute Harmonie zu hören.*
