GIRASOLES Y EUCALIPTO

Ya sea creciendo silvestres en un campo, plantados en un jardín o iluminando tu hogar como decoración, los girasoles hacen honor a su nombre. Con sus altos y suaves tallos que se alzan hacia el cielo, irradian felicidad y positividad, desafiando al sol con un gesto travieso para robarle protagonismo. Originarios de Centroamérica y el este de los Estados Unidos, los girasoles han sido apreciados durante milenios por sus propiedades nutritivas, su resiliencia y su deslumbrante belleza. Las civilizaciones antiguas empezaron a cultivarlos hace casi 5000 años y, desde entonces, estas radiantes flores han brillado por su valor ornamental y han servido de musa eterna para algunos de los grandes maestros del arte. En esta versión LEGO® Botanicals, se acompañan de ramitas de eucalipto en tono plateado que crean un atractivo contraste, tanto en color como en densidad.

DESDE EL PRIMER BROTE

Los girasoles son un regalo muy apreciado para los momentos significativos de la vida, grandes o pequeños. El capullo encierra la promesa de un nuevo comienzo, una chispa de alegría y la expectativa de aventuras por venir.

**“Queríamos que el ramo
reflejara lo espectaculares
que pueden ser los
girasoles en cada una de
las distintas fases de su
floración”.**

DESPLEGÁNDOSE

Los girasoles a medio abrir capturan la sensación de que las aspiraciones empiezan a materializarse. Emanan un fresco optimismo propio de la juventud y las emociones.

EN TODO SU ESPLENDOR

Un girasol en plena floración estalla de color y confianza: un símbolo radiante de crecimiento y realización. Y cuando finalmente se marchita, nutre la tierra, sembrando la promesa de nuevas flores.

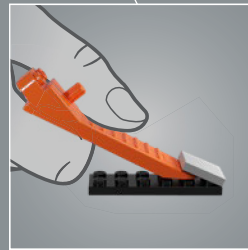

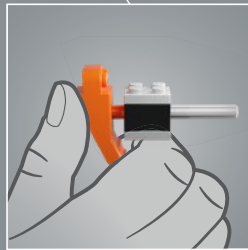

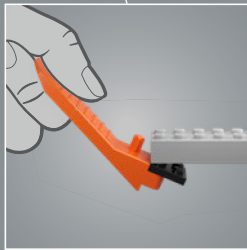

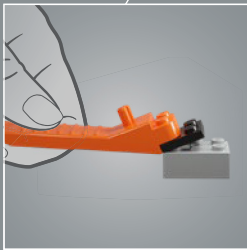

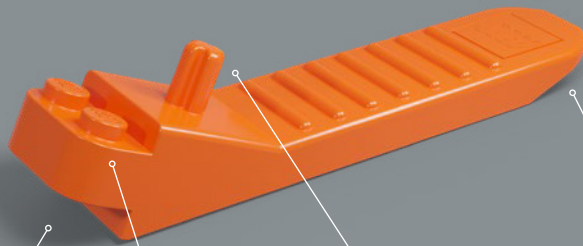

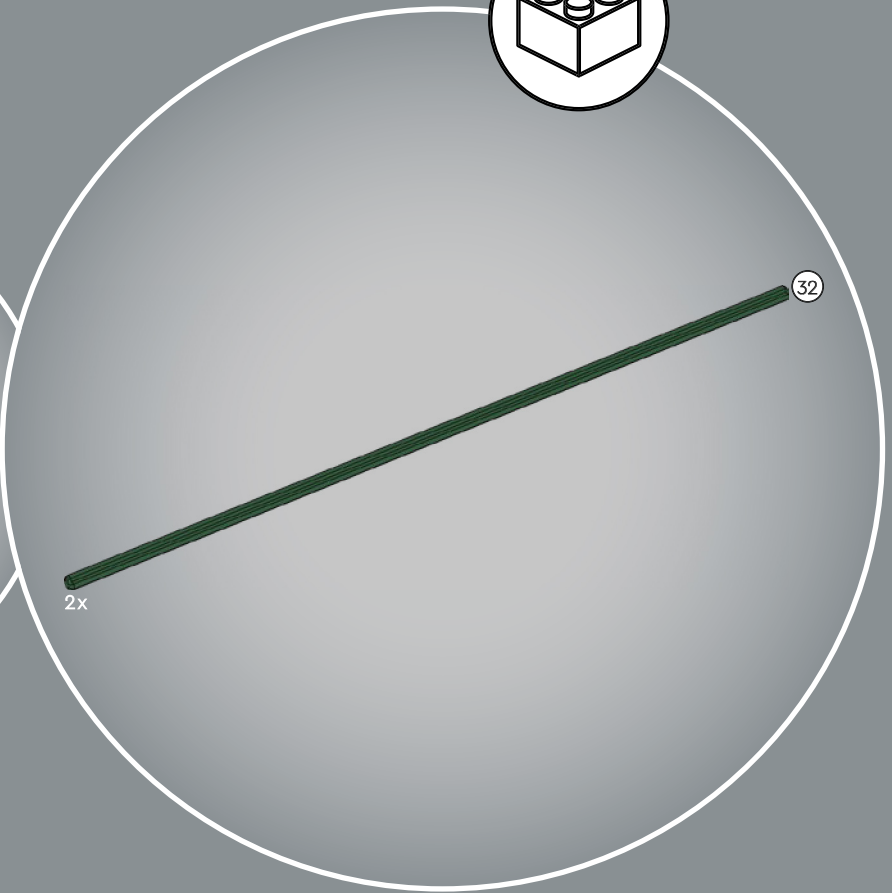

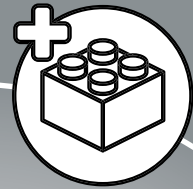

EUCALIPTO

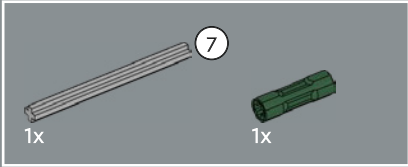

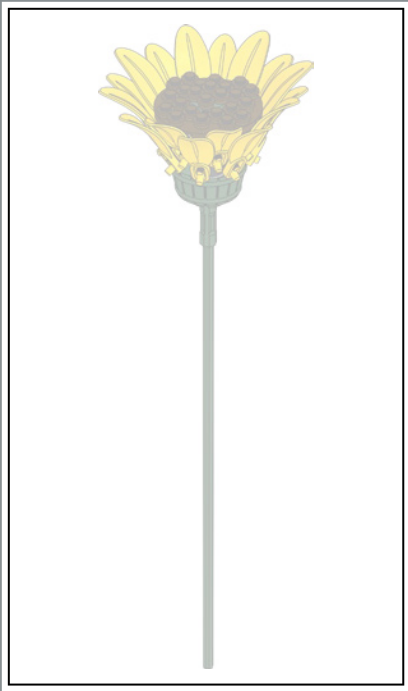

Originario de Australia, el aromático y plateado eucalipto es mucho más que un elemento decorativo: también constituye la mayor parte de la dieta de los koalas. Como regalo, el eucalipto simboliza bienestar, fortaleza y claridad, lo que lo convierte en el compañero perfecto al iniciar nuevos proyectos.

Los elementos LEGO® con forma de cuba que utilizamos en todos los girasoles de este set han tenido anteriormente aplicaciones muy interesantes, ¡como servir de cofa en los clásicos barcos piratas LEGO!
