GIRASOLI ED EUCALIPTO

Che crescano spontanei in un campo, siano coltivati nel tuo giardino o ralleggrino la tua casa come decorazione, i girasoli mantengono pienamente la promessa del loro nome. Con i loro fusti teneri e slanciati che si protendono verso il cielo, i girasoli irradiano felicità e positività, sfidando quasi con leggerezza il sole per conquistarsi l'attenzione! Originari dell'America Centrale e degli Stati Uniti orientali, i girasoli sono apprezzati da migliaia di anni per i loro benefici nutritivi, la loro resilienza e l'incantevole bellezza. Le antiche civiltà hanno iniziato a coltivarli quasi 5.000 anni fa, e per secoli questi fiori luminosi hanno impreziosito allestimenti floreali e sono stati fonte d'ispirazione per alcuni dei più grandi artisti del mondo. In questa versione LEGO® Botanicals, i fiori sono arricchiti da rametti argentati di eucalipto per creare un contrasto sorprendente sia nei colori sia nella densità.

**“Volevamo che il bouquet
mostrasse tutta la
spettacolarità dei girasoli
in ciascuna delle loro
diverse fasi di fioritura”.**

UN GIOVANE BOCCIOLO

I fiori di girasole sono doni preziosi per i momenti significativi della vita, grandi e piccoli. Il giovane bocciolo promette nuovi inizi, emette un bagliore di gioia e di attesa per nuove emozionanti avventure.

IN VIA DI SVILUPPO

I girasoli parzialmente aperti catturano la sensazione di aspirazioni che prendono forma. Emanano una fresca energia giovanile e un entusiasmo contagioso.

IN PIENA FIORITURA

Un girasole in piena fioritura è un'esplosione di colore e sicurezza, un simbolo radioso di crescita e realizzazione. E quando infine appassisce, nutre il terreno, seminando la promessa di futuri fiori che verranno.

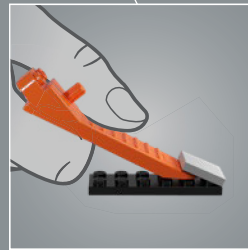

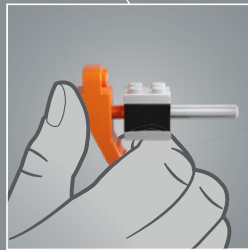

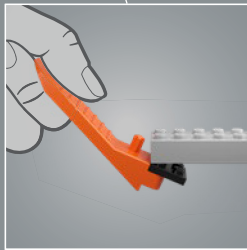

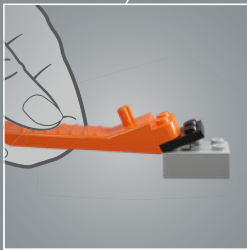

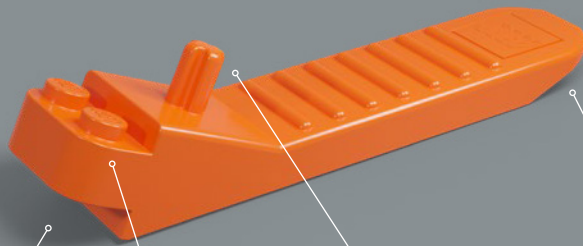

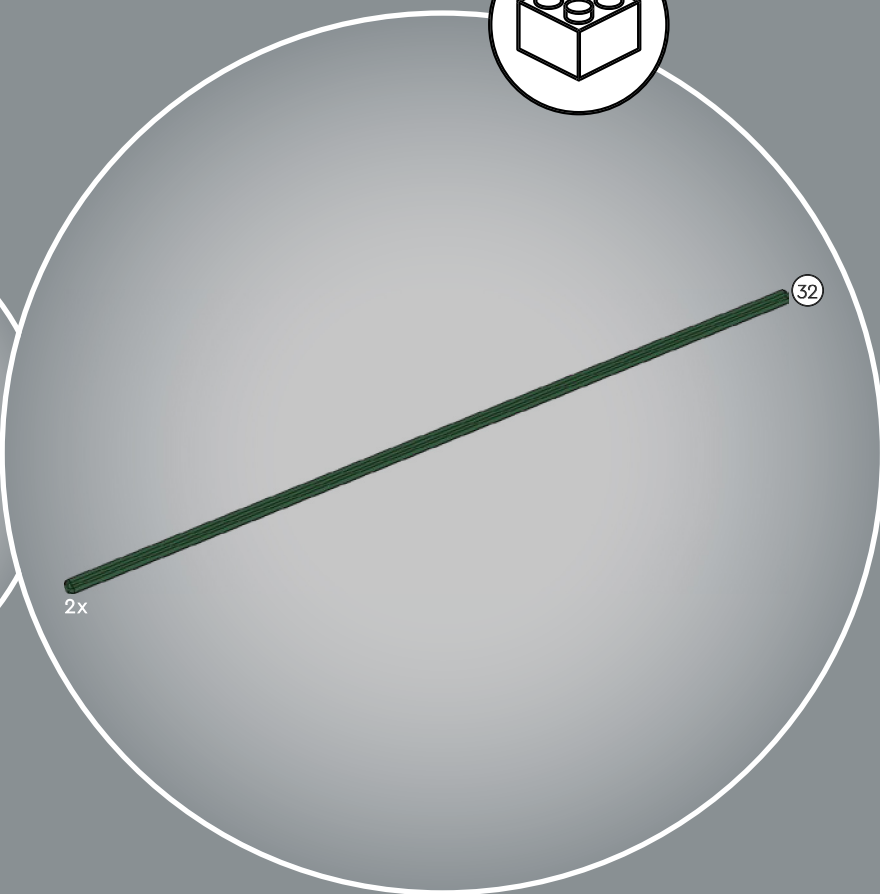

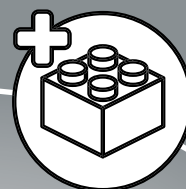

EUCALIPTO

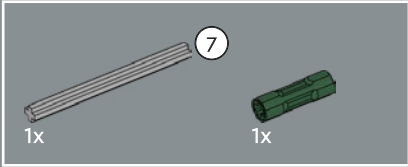

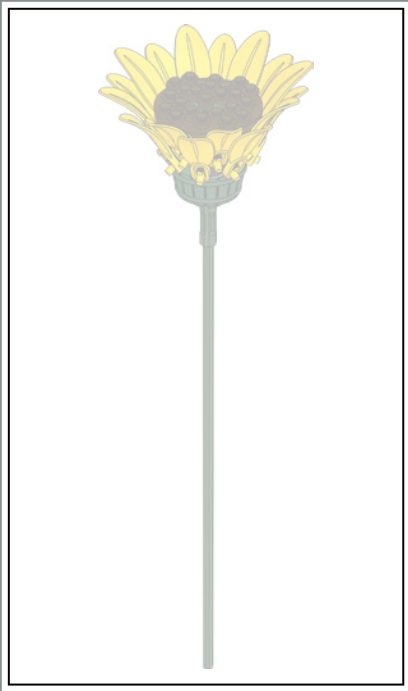

Originario dell'Australia, l'eucalipto profumato e argentato è molto più che un elemento decorativo: è anche parte essenziale della dieta dei koala. Regalare un eucalipto significa donare benessere, forza e chiarezza: un compagno perfetto quando si intraprendono nuove avventure.

Gli elementi a forma di secchio LEGO® che abbiamo utilizzato su tutti i girasoli di questo set hanno già svolto in passato interessanti funzioni di design, come la coffa sulle classiche navi dei pirati LEGO!
