# LA GRANDE MELA

New York, New York – la città che non dorme mai, la città dei sogni, la Grande Mela – una città dai molti nomi, nota per essere un luogo di energia inesauribile e infinite opportunità. Fondata nel 1624 con il nome di “New Amsterdam”, si è evoluta diventando rapidamente un vibrante faro di cultura, commercio, arte e innovazione. L'iconica skyline di New York City vanta punti di riferimento immediatamente riconoscibili, distribuiti nei suoi cinque distretti. Dalla Statua della Libertà che accoglie i nuovi arrivati nelle strade animate che ci ispirano a inseguire i nostri sogni, il battito della città conquista il cuore di visitatori e residenti. Il quartiere di Manhattan, da solo, ospita oltre 1,5 milioni di persone in soli 59 km<sup>2</sup>, ed è uno dei luoghi più densamente popolati della Terra. Che tu sia attratto dalle sue luci sfavillanti e dal suo fermento, o dai sentieri tranquilli di Central Park, lo spirito della città, la sua ricca storia e la sua diversità lasceranno senz'altro un segno indelebile.

### ONE WORLD TRADE CENTER (2014)

Ad oggi, il One World Trade Center è l'edificio più alto dell'emisfero occidentale, costruito come simbolo di unità e resilienza.

### EMPIRE STATE BUILDING (1931)

L'icona di New York, che conta 102 piani, offre viste mozzafiato sulla città dal cuore di Midtown Manhattan.

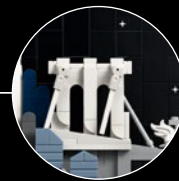

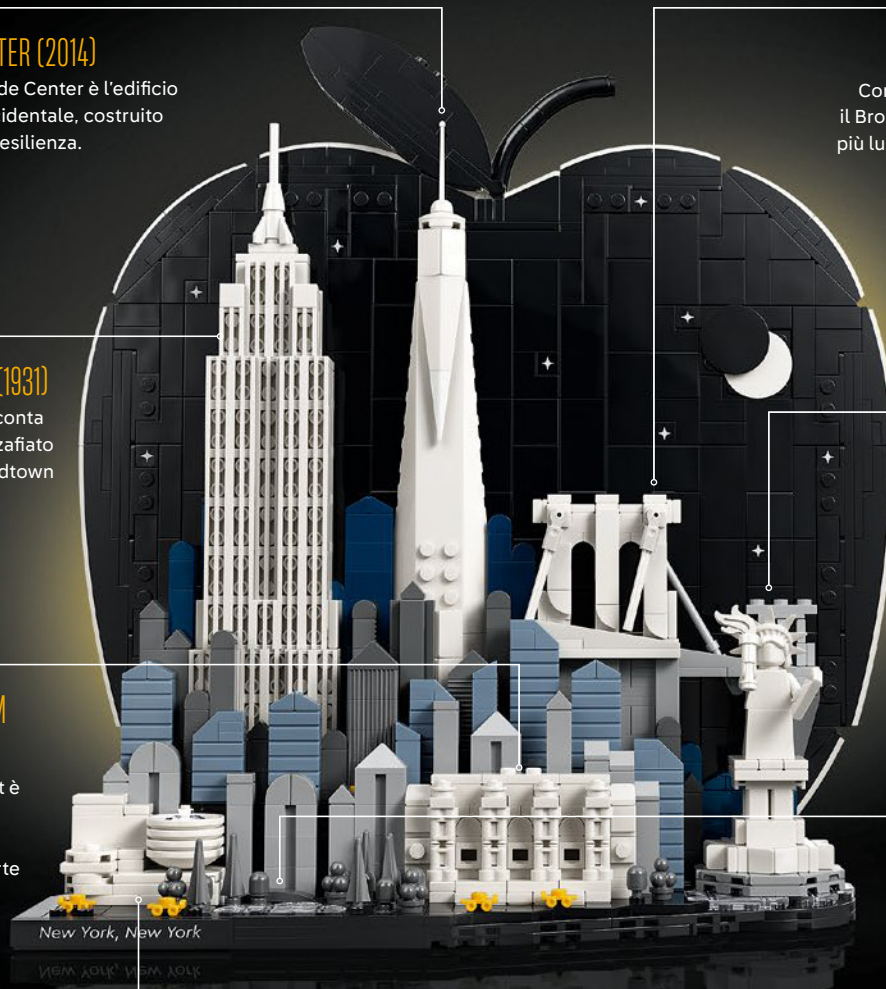

### METROPOLITAN MUSEUM OF ART (1870)

Fondato nel 1870, The Met è uno dei musei più grandi al mondo e ospita oltre 5.000 anni di storia dell'arte e capolavori moderni.

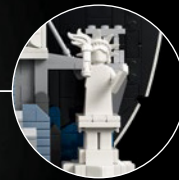

### SOLOMON R. GUGGENHEIM MUSEUM (1959)

Sin dalla sua apertura, il museo è noto per la sua architettura a spirale e per la sua collezione di arte moderna e contemporanea di fama mondiale.

### PONTE DI BROOKLYN (1883)

Con un'estensione di oltre un miglio, il Brooklyn Bridge era il ponte sospeso più lungo del mondo al momento della sua inaugurazione.

### STATUA DELLA LIBERTÀ (1886)

L'imponente statua neoclassica sorge su Liberty Island, nel porto di New York, originariamente il più celebre porto d'ingresso degli Stati Uniti.

### CENTRAL PARK (1858)

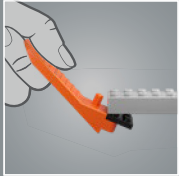

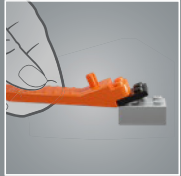

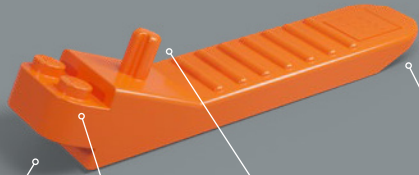

Central Park accoglie ogni anno 42 milioni di visitatori nei suoi 341,1 ettari di prati, sentieri e laghi.

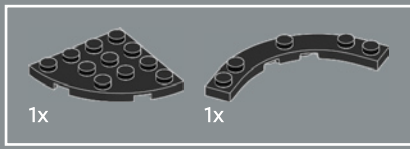

# IL LEGO® ARCHITECTURE DESIGN TEAM

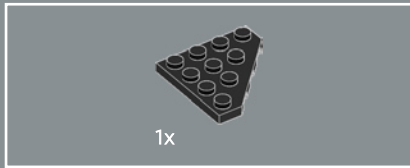

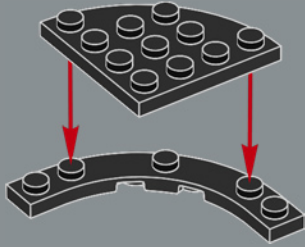

Il 2026 segna il 250° anniversario della firma della Dichiarazione d'Indipendenza degli Stati Uniti e il 10° anniversario del nostro primo set LEGO® Architecture New York City Skyline! Questo ci ha spinto a celebrare entrambe le ricorrenze, con i famosi monumenti di New York reinterpretati su uno sfondo della "Grande Mela" che ritrae un cielo notturno. Abbiamo utilizzato elementi sfaccettati per riprodurre l'intricata geometria del One World Trade Center, che poggia sulle "spalle" dell'Empire State Building e si assottiglia man mano che si eleva. Le basi a griglia LEGO costituiscono le finestre e le lunghe linee verticali Art Déco dell'Empire State Building. Il modello del Ponte di Brooklyn gioca con un effetto di prospettiva forzata, cambiando drasticamente in dimensione, aggiungendo variazioni di colore a entrambe le torri e conferendo una leggera angolazione alla strada. Insieme ad altri dettagli iconici, come la minifigure di "Lady Liberty", ci auguriamo che vi divertirete a costruire e a esplorare questa magnifica città!
