Conoce al fan diseñador

Sébastien Esnault,
fan diseñador de
LEGO® Ideas.
A la derecha: Propuesta
original de Sébastien.

Sébastien Esnault (conocido en LEGO® Ideas como Pidelium) es un químico investigador que vive en Francia y tiene un don especial para restaurar ciclomotores antiguos. ¿Quién sabe? ¡Esa afición podría haber marcado la diferencia para que participara en nuestro desafío 90s Throwback – The Next Chapter! y resultara ganador!

“Redescubrí la pasión por construir con LEGO de mi infancia cuando mi hija recibió su primer set LEGO. Sentí una nueva conexión con una parte de mí, y el hecho de que ella participara en un desafío de diseño de LEGO y llegara a la final me inspiró a unirme a la plataforma LEGO Ideas. A mediados de los noventa, cuando el emblemático dúo conquistó el mundo en las películas de Aardman Los pantalones equivocados y Un esquilado apurado, yo era un adolescente. Más allá de los personajes en sí, lo que verdaderamente me motivaba era recrearlos acompañados de su moto con sidecar. Esta escena refleja todo lo que hace tan original y entrañable el universo Wallace & Gromit: inventiva, humor, compañerismo y espíritu aventurero. Me encanta crear formas redondeadas con ladrillos, y este modelo está repleto de curvas. Puede parecer sencillo, ¡pero el auténtico desafío estuvo en conseguir que fuera resistente y estable! Ver cómo una de mis ideas se convertía en un set LEGO oficial era un sueño casi inalcanzable, y estoy increíblemente feliz de que sea eso justamente lo que está sucediendo ahora”.

Wallace

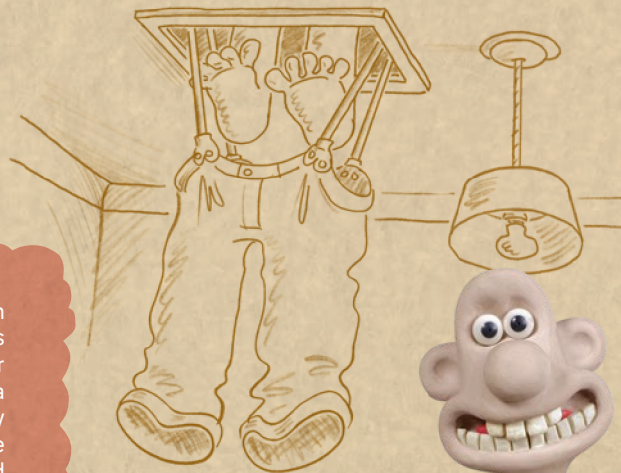

Las ventanas son su especialidad

Si necesitas una buena limpieza de ventanas, Wallace y Gromit, Limpieza Rápida de Ventanas seguramente pueda ayudarte. En la galardonada película *Un esquilado apurado* (1995), Wallace, amante del queso, amplía su colección de extravagantes inventos y pone en marcha su nuevo negocio en el número 62 de la calle Wallaby Oeste.

Equipados con una ingeniosa moto con sidecar, Gromit y él están dispuestos a atender de inmediato cualquier emergencia relacionada con la limpieza de ventanas. Los enredos, misterios y travesuras no tardan en surgir, y Wallace y Gromit unen su astucia y creatividad para salvar la situación. Nick Park, el creador de Wallace & Gromit, se ha dedicado durante casi 40 años a contar historias a través de la animación, haciendo sonreír al mundo y creando un legado duradero con sus entrañables películas de animación por pasos.

Impresiones del equipo de diseño de LEGO® Ideas

La alegría, el humor y la creatividad de las películas de Aardman encajan a la perfección con The LEGO Group, ¡sin olvidar que el fan diseñador Sébastien hizo un magnífico trabajo! En particular, ¡nos encantó cómo usó el elemento de lupa para dar forma a las gafas! Los elementos gráficos también jugaron un papel muy importante, especialmente en los expresivos ojos y la emblemática sonrisa de Wallace.

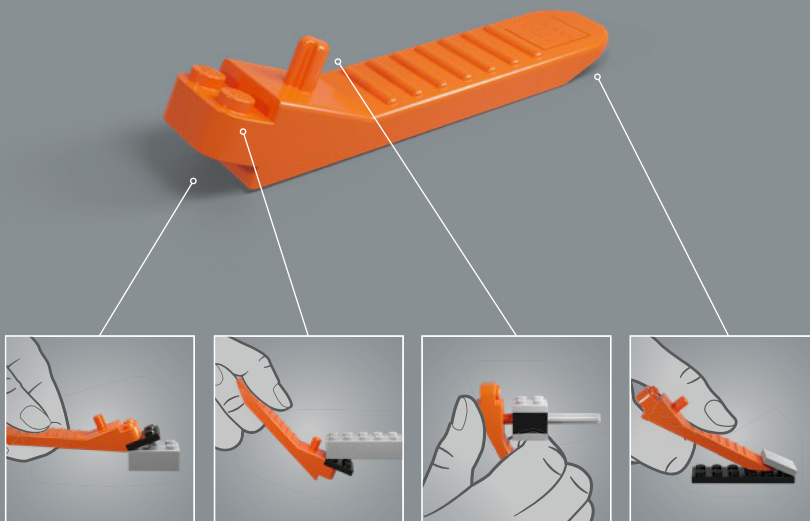

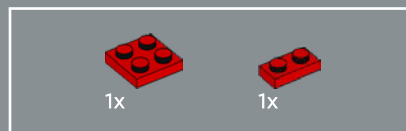

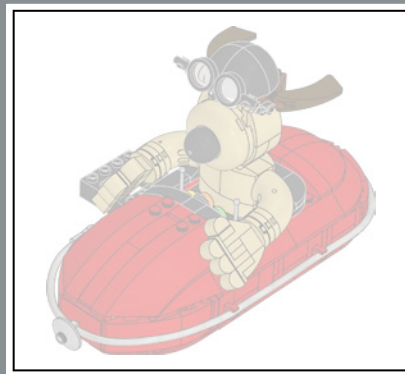

El hecho de que los modelos *reales* de los personajes y la moto utilizados para hacer la animación tengan dimensiones muy similares a las de las versiones LEGO® nos resultó muy útil para reproducir fielmente sus proporciones, y tanto Nick Park, el creador de Wallace & Gromit, como el equipo de Aardman nos ayudaron con los detalles finales. El estudio Aardman es famoso por el ingenio y humor con los que usa referencias en sus contenidos. Por eso, naturalmente, hemos incluido tantas como hemos podido en el modelo. ¡Feliz construcción!

En octubre de 1996, el creador Nick Park perdió accidentalmente a Wallace y a Gromit durante su estancia en Nueva York, lo que atrajo la atención de la prensa internacional. Se ofreció una recompensa y, 36 horas después, ¡los encontraron sanos y salvos en el maletero de un taxi!
