CONOCE AL FAN DISEÑADOR

Sebastian Veselka, fan diseñador de LEGO® Ideas, con su propuesta original

◆ Sebastian Veselka (conocido en LEGO® Ideas como BRO3), natural de Brno, en la región de Moravia (República Checa), es animador de películas en 2D y diseñador independiente. Cuando termina su jornada laboral, canaliza su inspiración creativa hacia proyectos con ladrillos LEGO.

“Mi pasión por los ladrillos LEGO me viene de familia, desde mi abuela y mi madre hasta mis hermanos y yo. Downton Abbey nos ha acompañado durante años como nuestra serie favorita, ¡y disfruto mucho de su encanto y refinado humor británico! Mi abuela es una apasionada de la historia, la literatura y el arte, y con este modelo quiero expresarle mi agradecimiento, porque se lo merece de verdad. Para la estructura del castillo, elegí elementos LEGO interesantes que consiguen un aspecto tan majestuoso como decorativo. En el interior, quise crear algo semejante a una casa de muñecas con escenas emblemáticas. Cada personaje de Downton Abbey es único, y su vestuario refleja perfectamente la época en la que se desarrolla. Trabajar con el equipo de LEGO en el diseño y las minifiguras ES UN SUEÑO HECHO REALIDAD, ¡y me encantaría volver a vivirlo! Me gustaría dar las gracias a mi pareja, mi familia y todos los que han apoyado el proyecto. ¡Espero que otras familias lo disfruten juntas!”.

ENCANTADOS DE ESTAR AQUÍ

◆ *Downton Abbey*, ambientada en Inglaterra en los años previos a la Primera Guerra Mundial, empieza en un mundo en el que la posición social, la rutina y las buenas costumbres están firmemente establecidas. El deber, el orgullo y la dignidad son los principios rectores; desde la familia Crawley en las estancias de la planta superior hasta el personal de servicio en el sótano, cada uno sabe perfectamente cuál es su lugar en la sociedad y a quién corresponde servir el té. Con el paso del tiempo, los acontecimientos mundiales, las pérdidas y algún que otro escándalo perturban este intrincado orden. Las tragedias y los triunfos familiares, e incluso los avances tecnológicos, redefinen las prioridades y abren nuevas puertas hacia un futuro inesperado. La serie aborda estos cambios con diálogos exquisitos y un ingenio incisivo y cautivador. Y, por cierto, nos encantan esas cejas enarcadas y los comentarios mordaces que logran traspasar la fachada que los personajes se esfuerzan por mantener. A lo largo de toda la historia, este relato profundamente humano teje una rica trama de amor y lealtad que nos invita a sentirnos parte de la familia. Como drama histórico, *Downton Abbey* hace que el pasado cobre una vibrante relevancia para nosotros, reconociendo la grandeza de la casa como un personaje clave de la historia que, aunque parece inamovible, evoluciona constantemente.

HISTORIA VIVA

◆ Las escenas de la planta superior y los exteriores de la propiedad ficticia de *Downton Abbey* se grabaron en Highclere Castle, en Newbury (Inglaterra). Con raíces que se remontan al año 749, los terrenos de Highclere Castle están impregnados de historia, con un legado transmitido de generación en generación de la familia Carnarvon. Reconstruido en 1842 por el arquitecto que terminó las Casas del Parlamento de Londres, el castillo se consolidó como una de las propiedades más grandiosas de Inglaterra. Con interiores ornamentados, obras de arte únicas y una esmerada artesanía apreciable en cada detalle que combina el esplendor de las haciendas inglesas con los ritmos de la vida cotidiana, cada habitación cuenta una historia. A lo largo de los siglos, Highclere ha acogido a miembros de la realeza, destacados dirigentes políticos y grandes figuras del mundo del arte, y sirvió de hospital durante la Primera Guerra Mundial. Igual que sus antepasados, entre ellos el V conde de Carnarvon, que descubrió la tumba de Tutankamón, los actuales lord y lady Carnarvon están profundamente implicados en el castillo y la propiedad. Con un equilibrio entre tradición y renovación, han abierto las puertas de su hogar al público al tiempo que cultivan su pasión por la tierra, la granja y la sostenibilidad. Su arquitectura de estilo neogótico, su arte, sus terrenos y su relevancia cultural atraen hoy a 120.000 visitantes de todo el mundo cada año.

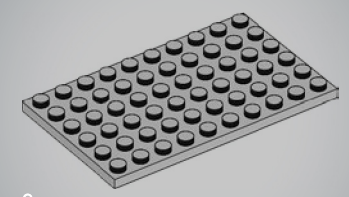

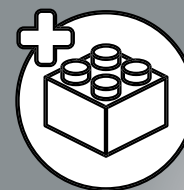

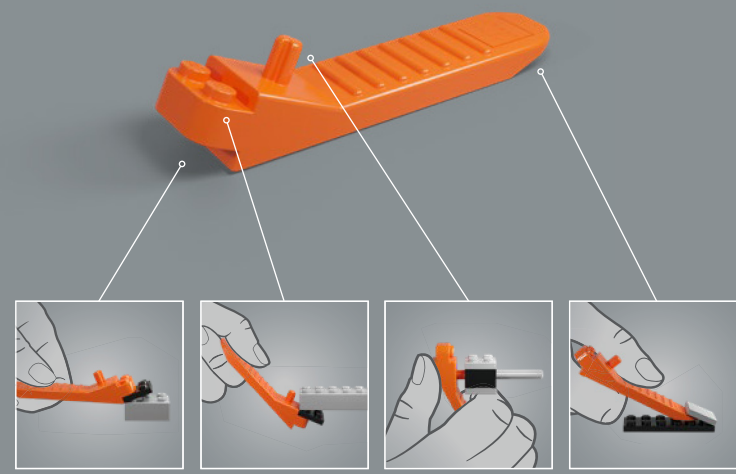

IMPRESIONES DEL EQUIPO DE DISEÑO DE LEGO® IDEAS

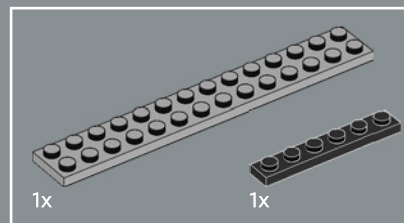

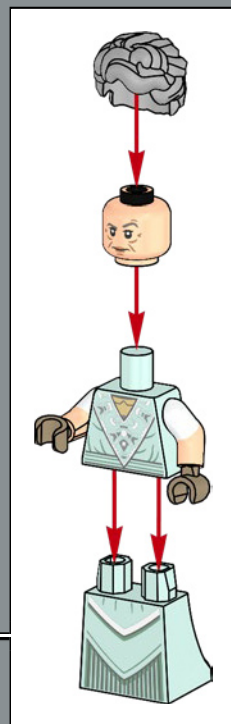

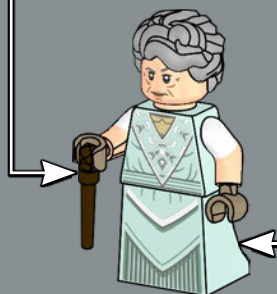

◆ ¡Sebastian hizo un gran trabajo plasmando la elegante atmósfera, la fachada ornamentada y las torres de *Downton Abbey*! Hemos adaptado su creación a la escala de las minifiguras LEGO® dándole dos plantas y haciendo las proporciones generales de la fachada iguales a las del edificio real, dotándola además de vistas y acceso a todos los espacios interiores. Combinar las ventanas de la fachada con los espacios interiores fue un desafío. Si bien la sala principal y otras estancias carecen de ventanas, desde fuera parece que las hubiera con cortinas y un fondo más oscuro, lo que crea la ilusión de un espacio interior. Por dentro, algunas están cubiertas por paredes, mientras que las ventanas *abiertas* tienen cortinas construidas con ladrillos. En el interior del sótano del modelo se aprecian ventanas en arco más pequeñas, sin modificar su aspecto desde el exterior. Nos divertimos mucho trabajando con Universal Products & Experiences en el diseño de todo el mobiliario, los detalles interiores y el vestuario de los personajes. Las decoraciones se basan principalmente en la temporada 6, por lo que pudimos incluir nuevos electrodomésticos que causaron revuelo en la casa, como el teléfono y la batidora eléctrica. Esperamos que seas el orgulloso propietario y guardián de *Downton Abbey*.

Aunque el alumbrado público se implantó en el Reino Unido a principios del siglo XIX, la electricidad privada para uso doméstico no estuvo disponible sino hasta finales de ese siglo. Así pues, encontrarás tanto luz eléctrica como iluminación con velas por todo el castillo.
