LEGO® Builder

Rencontre avec le fan concepteur

 Damian Andres (pseudonyme LEGO® Ideas : YELLOW BRICK) est un YouTuber et étudiant belge. Ce set a été créé à partir d'un ancien modèle réalisé pour LEGO Ideas par Damian, le set Le chat bicolore 21349 :

« Au départ, je voulais créer un modèle rien que pour moi qui ressemble à mon chat, Miro. Pour ma première réalisation, je me suis donc inspiré de ses couleurs et de sa personnalité. Je l'ai également mesuré et j'ai effectué de nombreuses recherches pour obtenir les formes et proportions correctes. Je n'avais pas beaucoup d'expérience en matière de construction de formes organiques, donc la tâche n'a pas été facile ! Le plus grand défi a été la tête. Il m'a été très difficile de trouver un visage bien formé et réaliste. Lorsque j'ai actualisé le modèle et décidé de publier sa photo sur le site Web LEGO Ideas, je ne m'attendais pas à recevoir 10 000 marques de soutien. Je l'ai surtout fait pour m'amuser. C'était fou et incroyable de voir Le chat bicolore entrer dans tant de nouveaux foyers aimants au cours des deux dernières années. Cela me semble également irréal de faire désormais partie de ce projet, et de savoir qu'il a un nouvel ami mignon ! »

*La contribution originale de
Damian, inspirée de son chat, Miro*

*C'est peut-être le début d'une
fantastique amitié féline*

Citrouille, Rousette, Souverain ardent

🐾 Les propriétaires de chats se doutent depuis longtemps que les chats roux sont à part, et les chats roux le savent eux aussi. Comme ils se comportent en véritables petits chefs au charme féroce, ces chats ont une réputation à défendre, et ils ne perdent pas de temps à le faire. Bon, d'accord, nous savons que leur personnalité n'est pas liée à la couleur de leur fourrure... peut-être que leur pelage éclatant leur donne simplement *l'impression* d'être plus flamboyants ? Quoi qu'il en soit, nous les connaissons – et nous les adorons – comme les cascadeurs du monde félin, mus par un mélange d'enthousiasme chaotique, d'audace et d'un vrai sens des entrées (et des sorties) spectaculaires.

Ils courent après une mouche potentiellement inexistante en se jetant du haut du réfrigérateur. Ils se glissent fièrement dans des récipients trois fois trop petits, tels de véritables contorsionnistes, et vous gratifient d'une sérénade insolente tout en poussant votre tasse préférée du comptoir. Il est parfois difficile de savoir s'ils essaient d'impressionner leurs congénères ou leur humble personnel humain par leurs pitreries, ou s'ils n'ont tout simplement pas conscience des conséquences. Quelles que soient leurs motivations, nous leur pardonnons tout lorsqu'ils se blottissent contre nous en clignant des yeux et en ronronnant. Puisse-nous tous nous inspirer de leur insatiable joie de vivre !

Un mot de l'équipe de designers LEGO® Ideas

 Nous avons été époustouflés par l'amour que Le chat bicolore a reçu depuis sa sortie ! Depuis qu'il a atterri sur les étagères (à quatre pattes, bien sûr), de nombreux constructeurs ont demandé des chats d'autres couleurs. En tant qu'amie des chats, notre équipe est ravie de vous proposer (ainsi qu'au Chat bicolore) cet adorable nouveau compagnon. Les yeux verts ayant été très demandés, nous avons conçu, pour ce modèle, un set compatible avec le chat original, ainsi que des yeux marron. Les quatre yeux colorés sont interchangeables.

La couleur principale de ce chat est « nougat moyen », la teinte LEGO® qui se rapproche le plus de la vraie couleur d'un chat roux. Le visage est légèrement asymétrique, tout comme les éléments de « plaque pagode », afin de reproduire les petites touffes de poils qui s'échappent vers l'extérieur du modèle. Non seulement vous pouvez changer la couleur des yeux de votre chat LEGO, mais celui-ci peut également exprimer différentes attitudes en fonction de la façon dont vous positionnez ses pattes, sa queue, sa tête et sa bouche. Espiègle, mignon et câlin, il est conçu pour s'épanouir dans votre environnement créatif.

Si vous possédez déjà Le chat bicolore, les deux chats peuvent s'asseoir l'un à côté de l'autre sans que leurs queues ne s'emmêlent.

De nouveaux éléments LEGO® permettent d'ouvrir et de fermer la bouche.

Changez la couleur des yeux ou mélangez-les pour créer un look encore plus mignon.

Un « bloque-cou » permet de créer un angle de rotation de la tête réaliste. (Si vous souhaitez faire pivoter davantage la tête, il suffit d'enlever l'élément rouge).
