DISEÑADA PARA CAZAR

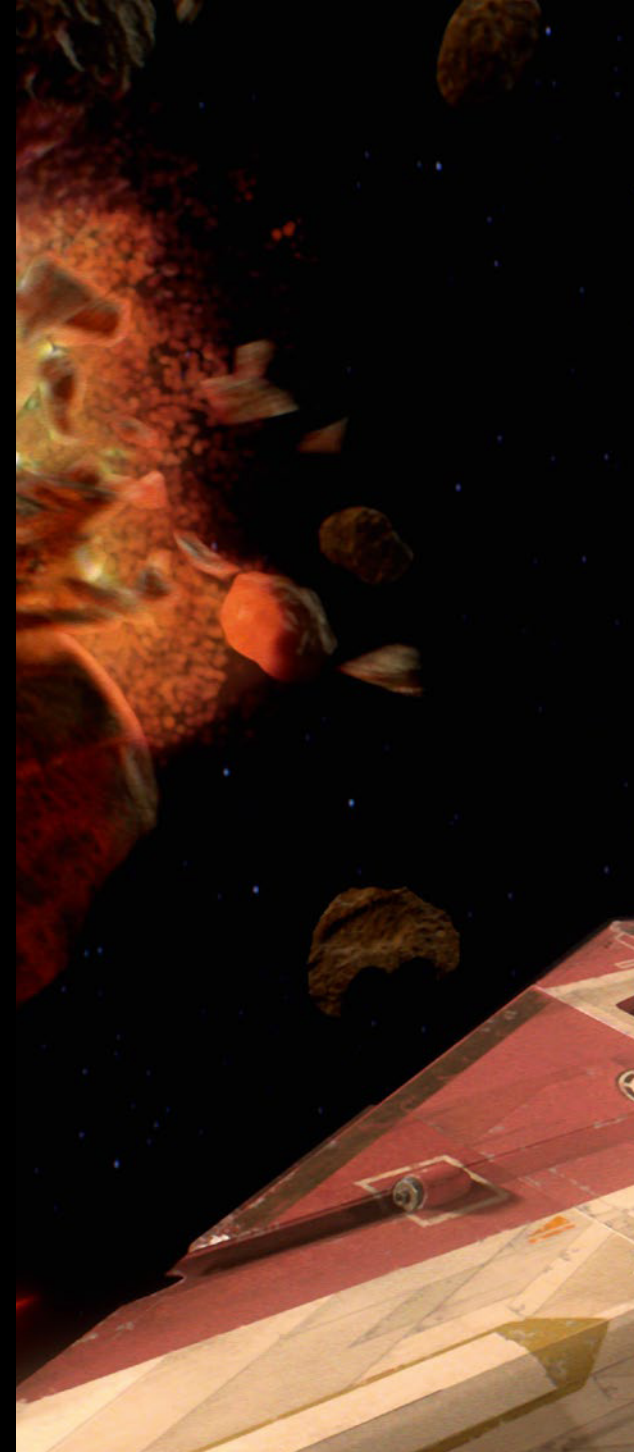

La nave estelar de Jango Fett personifica la destreza, la agilidad y el ingenio del célebre cazarrecompensas. Tras modificar la singular nave de patrulla clase *Firespray-31* para adaptarla a su línea de negocio, esta le acompaña en misiones épicas por toda la galaxia a lo largo de la saga. En *El Ataque de los Clones* (2002), la famosa persecución espacial a través del campo de asteroides de Geonosis nos muestra la inigualable versatilidad de esta base de operaciones móvil. Su peculiar diseño, con una orientación vertical durante el modo de vuelo, la distingue decididamente de otros cazas y cruceros estelares. Ahora se une a nuestra extensa colección LEGO® *Star Wars*™ Ultimate Collector Series, que combina una experiencia de construcción apasionante y una creación final magnífica.

¡Disfruta del vuelo!

Jens Kronvold Frederiksen

Jefe creativo y coordinador de diseño
LEGO® *Star Wars*™

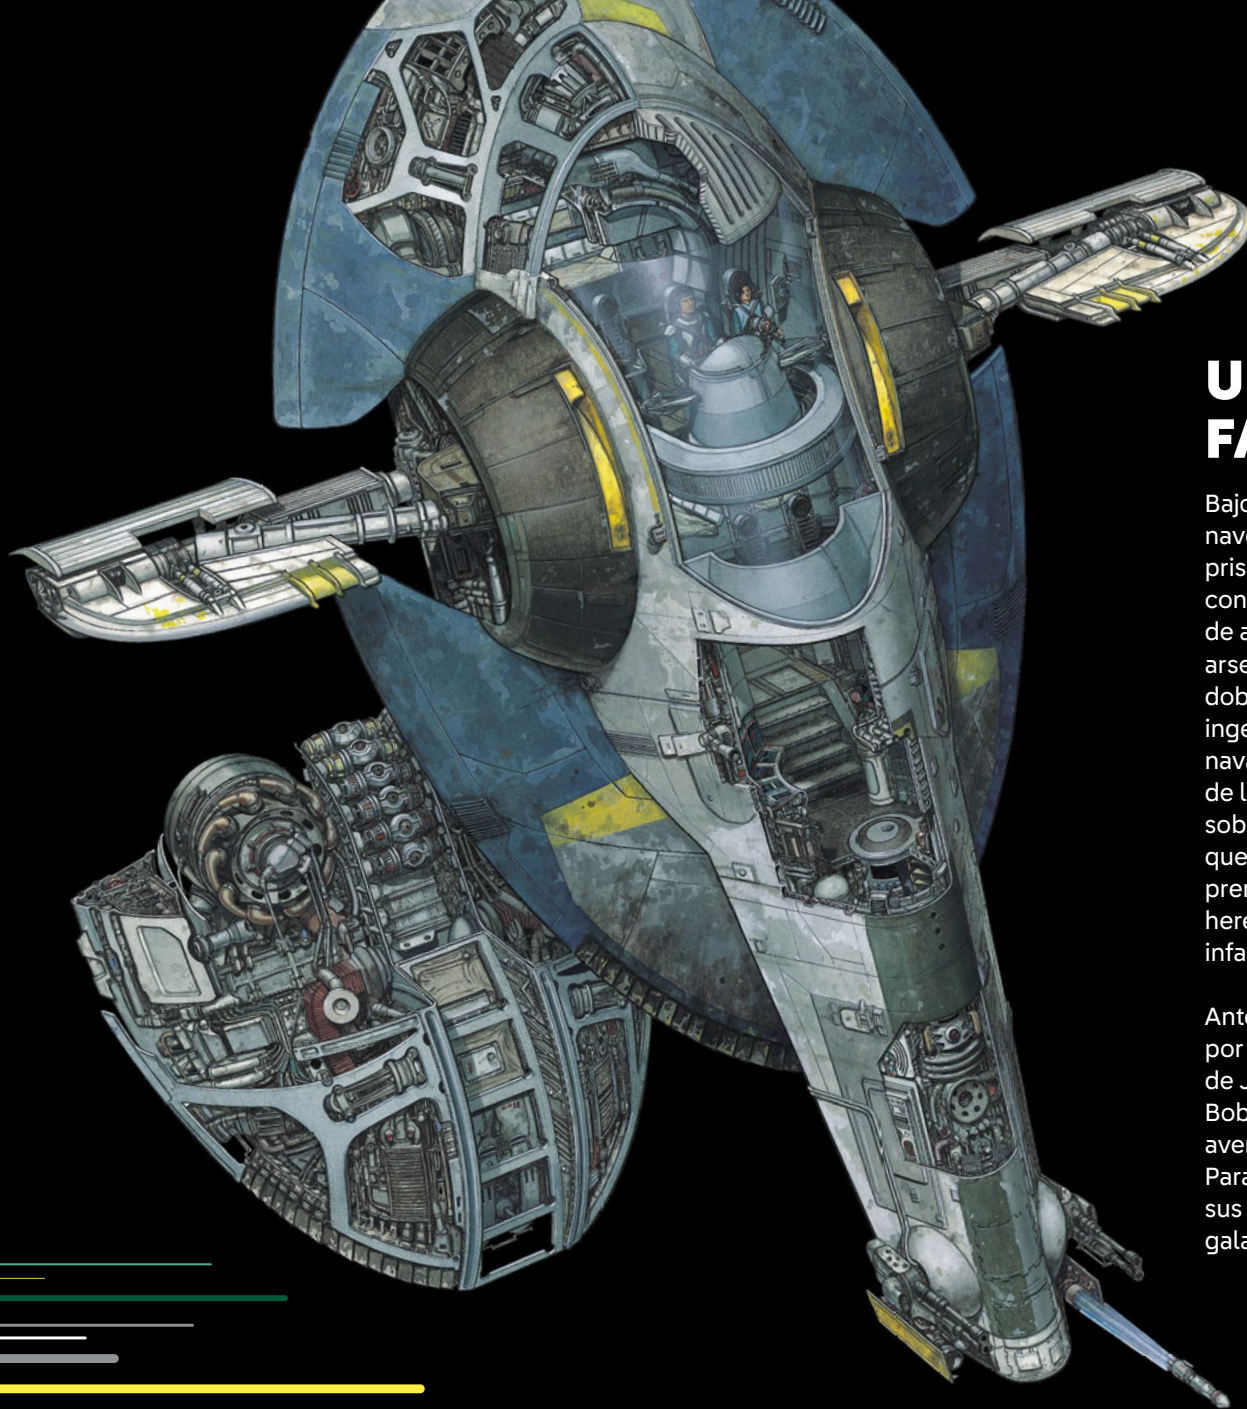

UNA NAVE ÚNICA

Tal y como corresponde a cualquier cazarrecompensas decente de la galaxia, Jango Fett™ se hace con su distintiva nave estelar durante una misión caótica. Tras perder su anterior nave durante un motín carcelario en el asteroide Oovo 4, roba una de las seis naves de patrulla *Firespray* del hangar de la prisión y hace saltar por los aires las cinco restantes en su huida. Incluso después de que a Jango, más adelante, le ofrezcan disfrutar de una vida cómoda y bien pagada como clon principal del ejército del Conde Dooku en Kamino, conserva su nave estelar y continúa sus actividades como cazarrecompensas. El resto es historia de *Star Wars*™.

CONSTRUIDA PARA DURAR

Fabricada originalmente por Sistemas de Ingeniería Kuat, la nave estelar de Jango destaca por su configuración en vertical, que pivota 90 grados durante el vuelo. Su desgastada combinación de colores azul, verde y amarillo la hace parecer engañosamente inofensiva, al menos a primera vista. Con 21,5 m de longitud, no tiene un tamaño descomunal (su envergadura es de 21,3 m), pero es un medio rápido y fiable para escabullirse de los Jedi.

UN ASUNTO FAMILIAR

Bajo el control de Jango Fett, el interior de la nave estelar se ha remodelado para transportar prisioneros sin prestarle demasiada atención al confort. El exterior cuenta ahora con tecnología de asalto y potentes escudos deflectores. Su arsenal incluye cargas sísmicas y cañones bláster dobles mejorados, pero las adaptaciones más ingeniosas probablemente sean el portaminas naval y los torpedos ocultos. Juntos son capaces de liberar un torbellino de quebraderos de cabeza sobre cualquier perseguidor incauto. Después de que Jango se encuentre con la muerte de forma prematura, su hijo clon inalterado, Boba Fett™, hereda la nave estelar para continuar con el infame legado de su padre.

Antes de que muchos de nosotros viéramos por vez primera la emblemática nave estelar de Jango Fett, la conocimos en manos de Boba Fett™. Más tarde pudimos seguir sus aventuras gracias a la ampliación de la saga. Para este modelo nos inspiramos en el relato de sus orígenes como clásico singular, tanto en las galaxias de *Star Wars*™ como de LEGO®.

DETALLES A LA VISTA

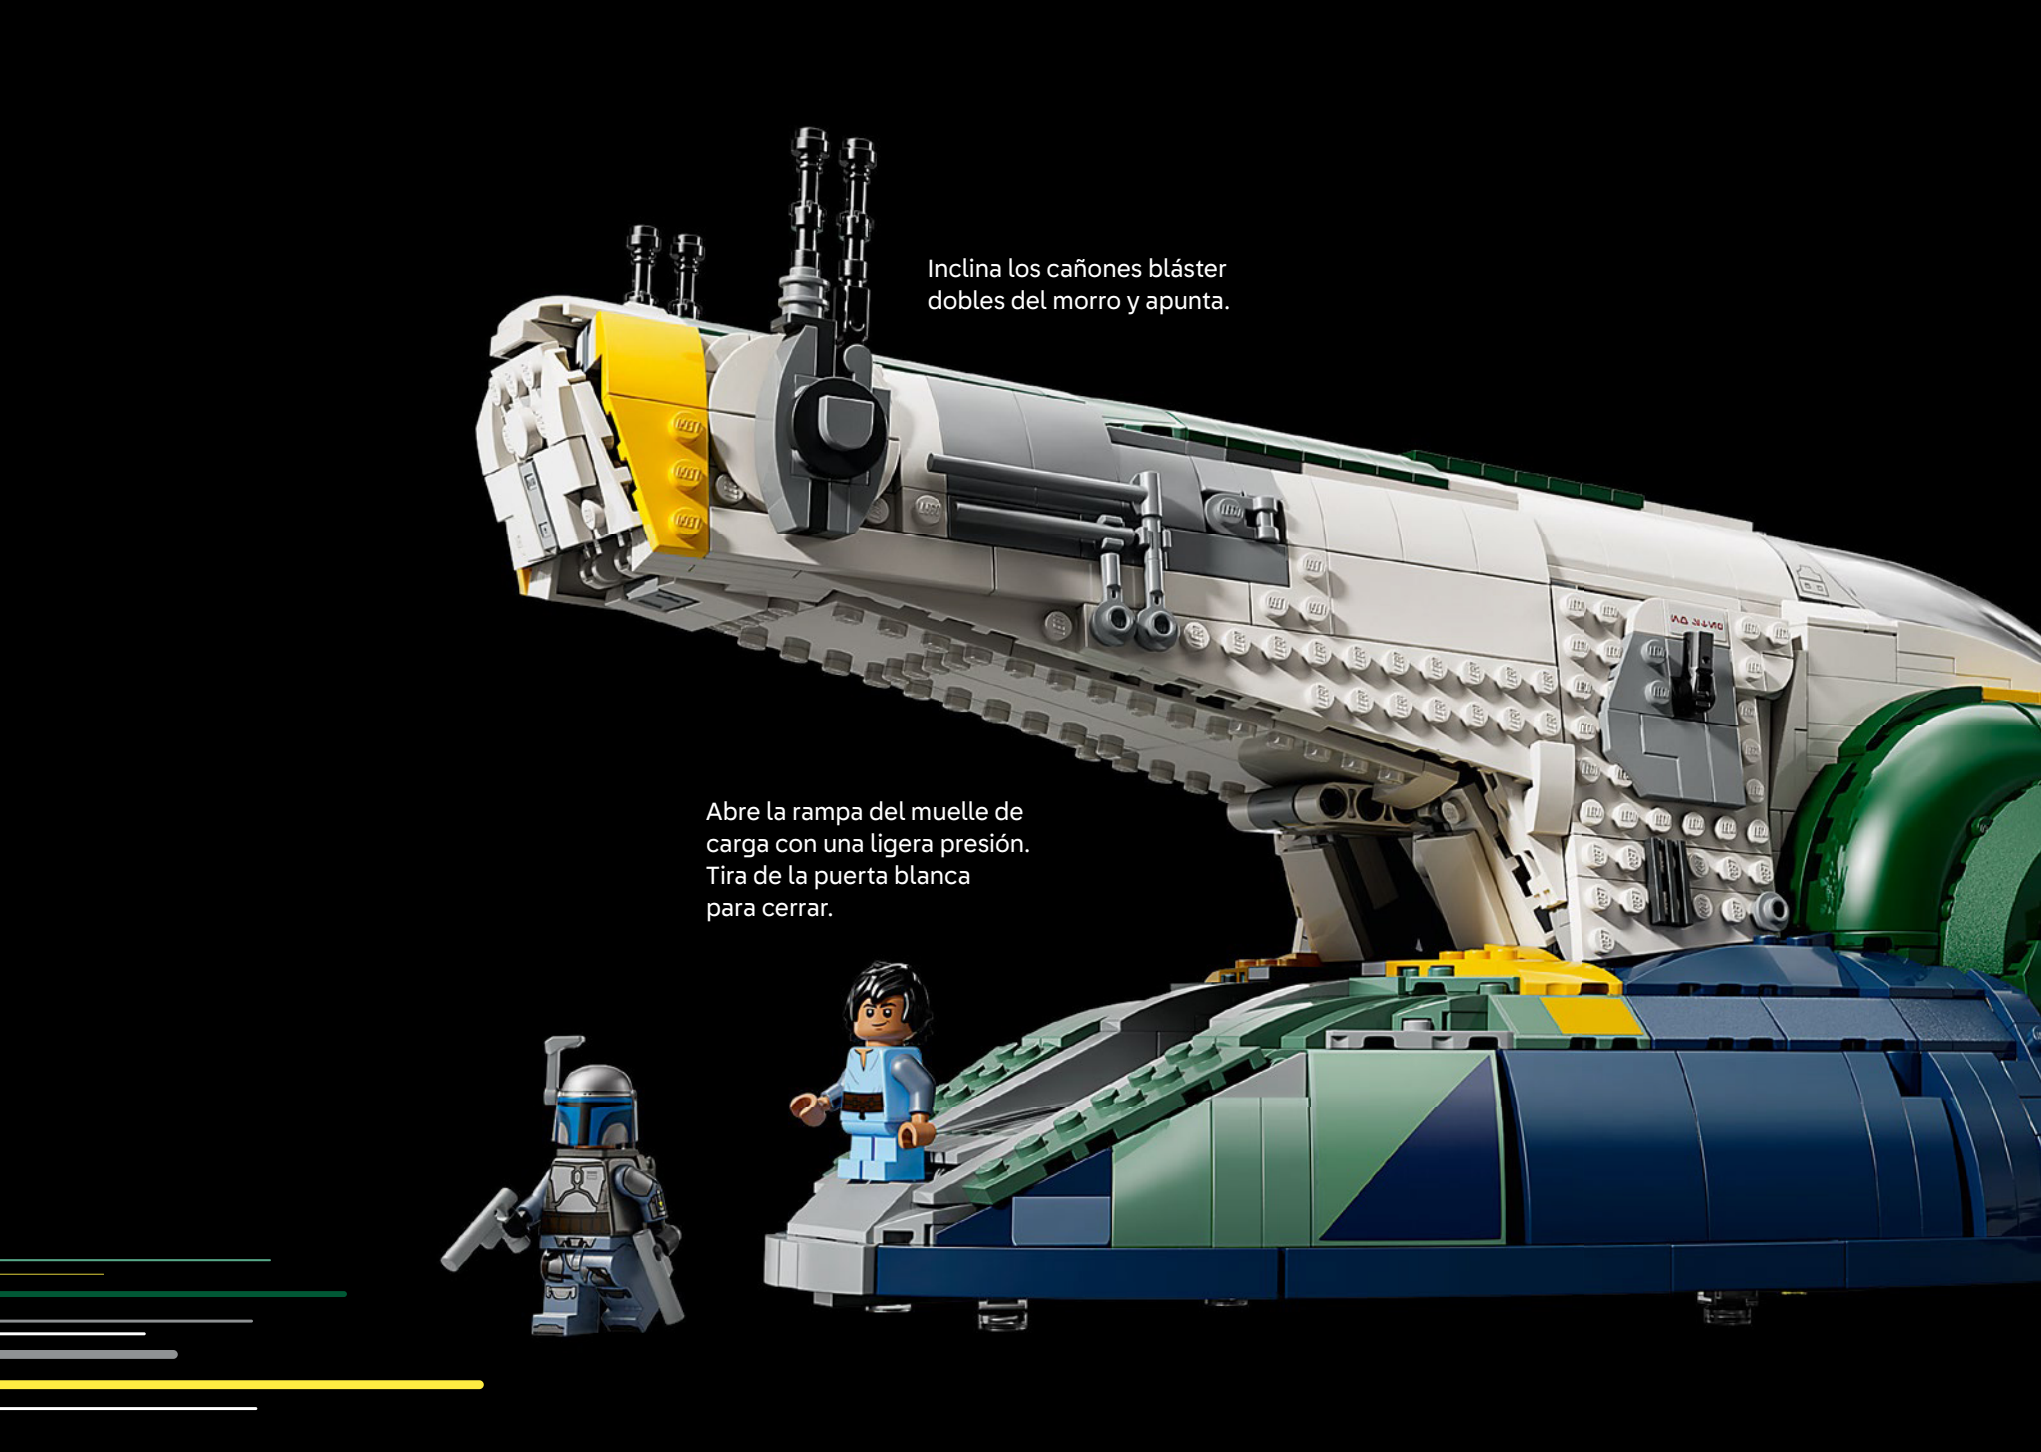

El uso de nuevas técnicas, como las construcciones triangulares, y la incorporación de nuevos elementos curvados nos permitieron lograr un modelo cuya forma es excepcionalmente fiel a la que podemos ver en el largometraje. El diseño exterior se completa con la distintiva combinación de colores y los genuinos acabados del casco. Como parte de nuestra colección de modelos Ultimate Collector Series, incluye también múltiples funciones características y detalles decorativos en su interior, además de las nuevas minifiguras LEGO® de Jango Fett™ y Boba Fett™ joven. En *El Ataque de los Clones* vemos a padre e hijo pilotando juntos la nave estelar durante su huida de Obi-Wan Kenobi™. En este modelo, la cubierta de la cabina se puede desmontar y volver a montar para colocar ambas minifiguras en su interior y recrear así ese momento decisivo en el destino de ambos Fett.

“Atento. Entramos en el campo de asteroides. Vamos a prepararle un par de sorpresas”.

– Jango Fett™

A detailed LEGO Star Wars Millennium Falcon is shown against a black background. The ship is primarily white and grey, with yellow accents on the front and green on the rear. Two minifigures are present: one in a blue jumpsuit standing on the open cargo ramp, and another in a Mandalorian suit holding a blaster. Two text boxes with white text provide instructions for the ship's features. The bottom left corner features several horizontal lines in white, yellow, and green.

Inclina los cañones bláster
dobles del morro y apunta.

Abre la rampa del muelle de
carga con una ligera presión.
Tira de la puerta blanca
para cerrar.

SUBE A BORDO

A lo largo de las eras de *Star Wars*™, la nave estelar de Jango Fett ha visto todo tipo de batallas, escoria rebelde y otras figuras prominentes. Haz una visita rápida antes de sentarte a los mandos.

Desmonta la cubierta superior de la cabina para ver la entrada a la misma y los asientos de los pasajeros.

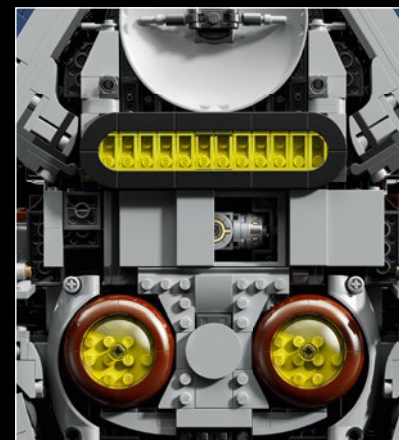

¿Te han herido en combate? Cúrate rápidamente con el tanque de bacta situado tras la mochila propulsora de Jango.

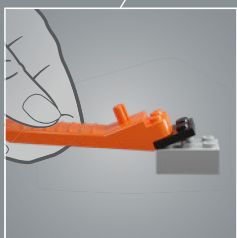

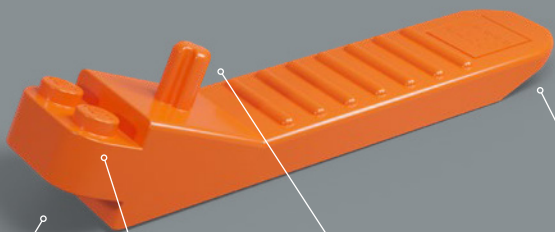

Las alas giratorias permanecen en posición horizontal tanto en el modo de vuelo como en el de aterrizaje.

El cartel con la inscripción "Oovo 4" sobre la cabina da una pista acerca de los orígenes de la nave estelar de Jango.

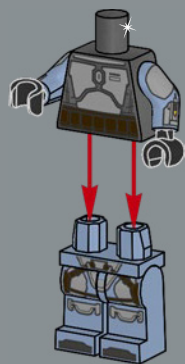

Mueve estas puertas para ocultar o liberar la carga sísmica.
