COSTRUITA PER CACCIARE

La nave di Jango Fett incarna l'abilità, l'agilità e l'intraprendenza del famigerato cacciatore di taglie. Dopo aver modificato il raro velivolo di pattugliamento di classe *Firespray-31* per il suo lavoro, lo impiegò in epiche missioni in tutta la galassia e nella saga. Nel famoso inseguimento spaziale attraverso il campo di asteroidi di Geonosis ne *L'attacco dei cloni* (2002), possiamo ammirare l'impareggiabile versatilità di questa base operativa mobile. L'insolito design della nave, con il suo orientamento verticale in modalità di volo, la distingueva dagli altri caccia stellari e incrociatori. Ora è entrata a far parte della nostra vasta LEGO® *Star Wars*™ Ultimate Collector Series, combinando un'esaltante esperienza di costruzione con una straordinaria creazione finale.

Buon viaggio!

Jens Kronvold Frederiksen
Creative Lead & Design Director
LEGO® *Star Wars*™

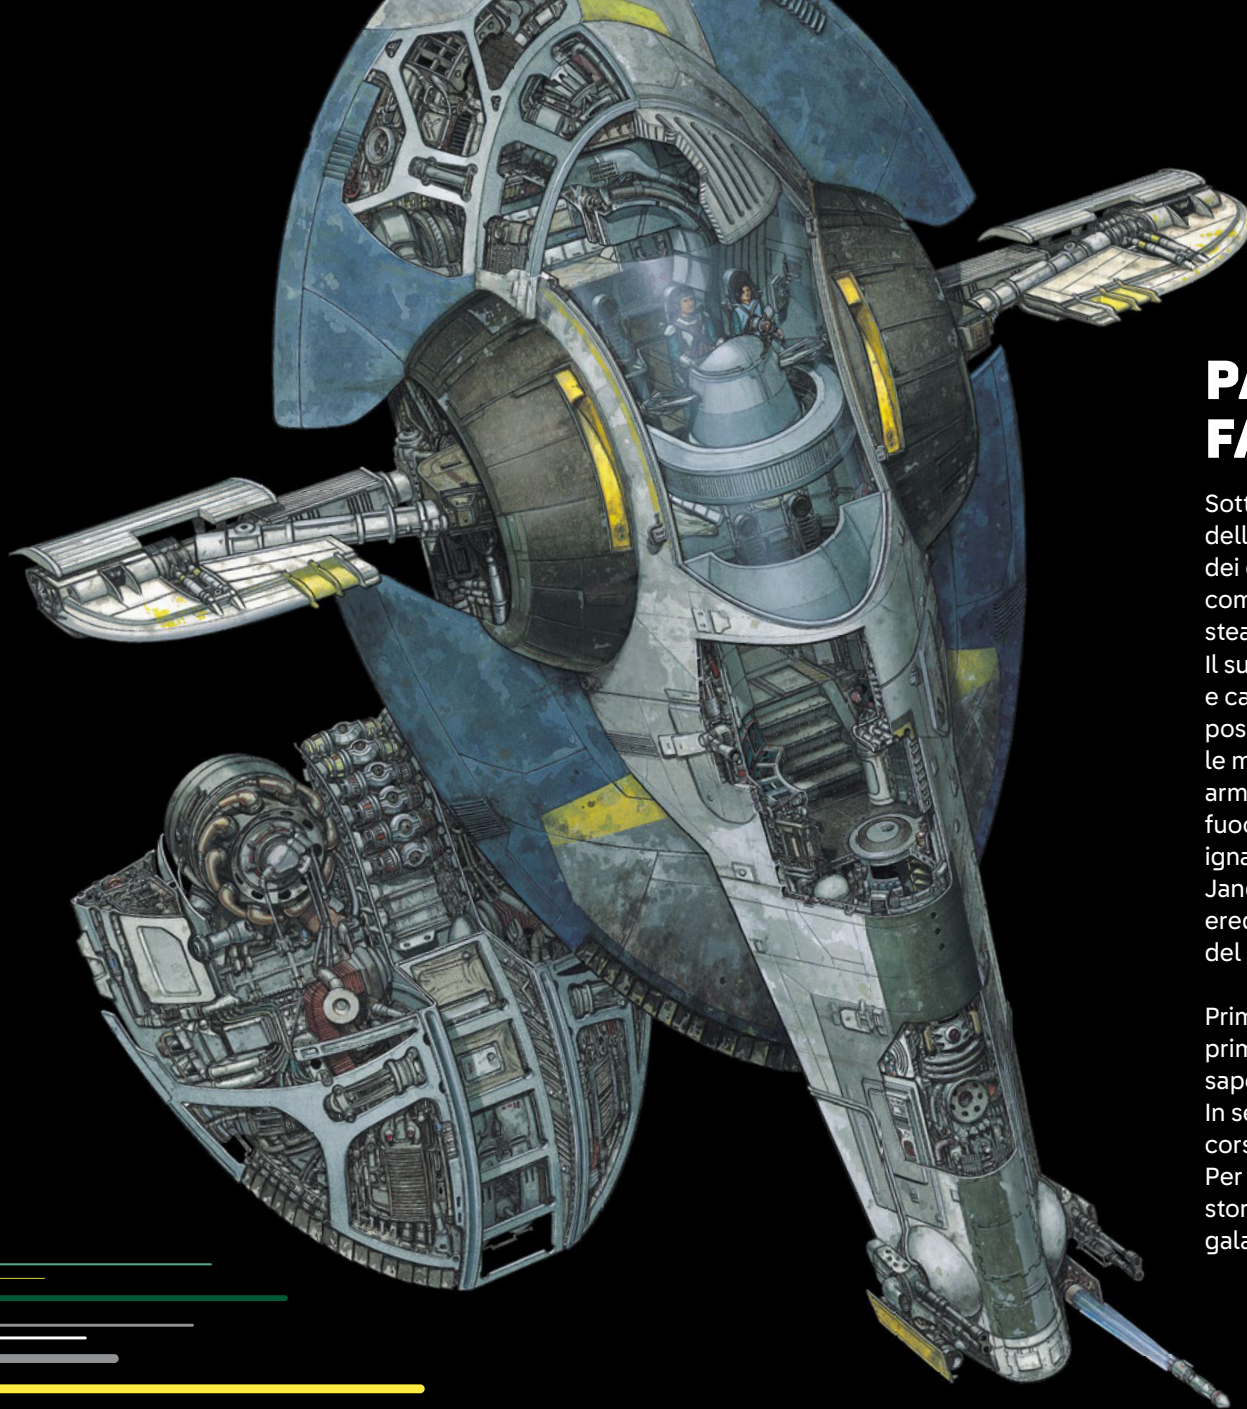

UNICA NEL SUO GENERE

Come ogni cacciatore di taglie che si rispetti nella galassia, Jango Fett™ acquisisce la sua iconica astronave durante una caotica missione. Dopo aver perso la sua prima nave durante una rivolta carceraria sull'asteroide Oovo 4, ruba una delle sei astronavi di pattuglia *Firespray* dall'hangar della prigione, facendo saltare in aria le altre prima di darsi alla fuga. A Jango viene quindi offerta una vita confortevole come primo clone per l'esercito di cloni del Conte Dooku su Kamino, ma decide egualmente di mantenere la sua astronave e di continuare a perseguire le sue attività di cacciatore di taglie. Il resto è storia di *Star Wars*™.

COSTRUITA PER DURARE

Originariamente costruita dalla Kuat Systems Engineering, l'astronave di Jango si distingueva per la sua configurazione verticale, in grado di ruotare a 90 gradi durante il volo. La sua livrea blu-verde e gialla le conferiva un aspetto poco minaccioso, almeno a prima vista. Lunga 21,5 metri, non aveva dimensioni eccessive (l'apertura alare era di 21,3 metri), ma era un mezzo estremamente rapido e affidabile quando si trattava di evitare gli attacchi Jedi.

PARTE DELLA FAMIGLIA

Sotto il controllo di Jango Fett, l'interno dell'astronave fu modificato per il trasporto dei detenuti, con un'attenzione limitata al comfort. L'esterno era ora dotato di tecnologia stealth avanzata e di potenti scudi deflettori. Il suo arsenale comprendeva cariche sismiche e cannoni blaster gemellari potenziati, ma il posamine navale e i siluri nascosti furono forse le modifiche più ingegnose. Insieme, tutti questi armamenti avevano una notevole potenza di fuoco, in grado di sbaragliare rapidamente gli ignari inseguitori. Dopo la prematura morte di Jango, suo figlio, il clone inalterato Boba Fett™, ereditò l'astronave, determinato a seguire le orme del padre.

Prima ancora che molti di noi vedessero per la prima volta l'iconica astronave di Jango Fett, sapevamo che era di proprietà di Boba Fett™. In seguito, abbiamo seguito le sue avventure nel corso della saga, in continua espansione. Per questo modello, abbiamo attinto alla sua storia originale, quella di un classico raro, sia nella galassia di *Star Wars*™ sia in quella LEGO®.

DETTAGLI IN MOSTRA

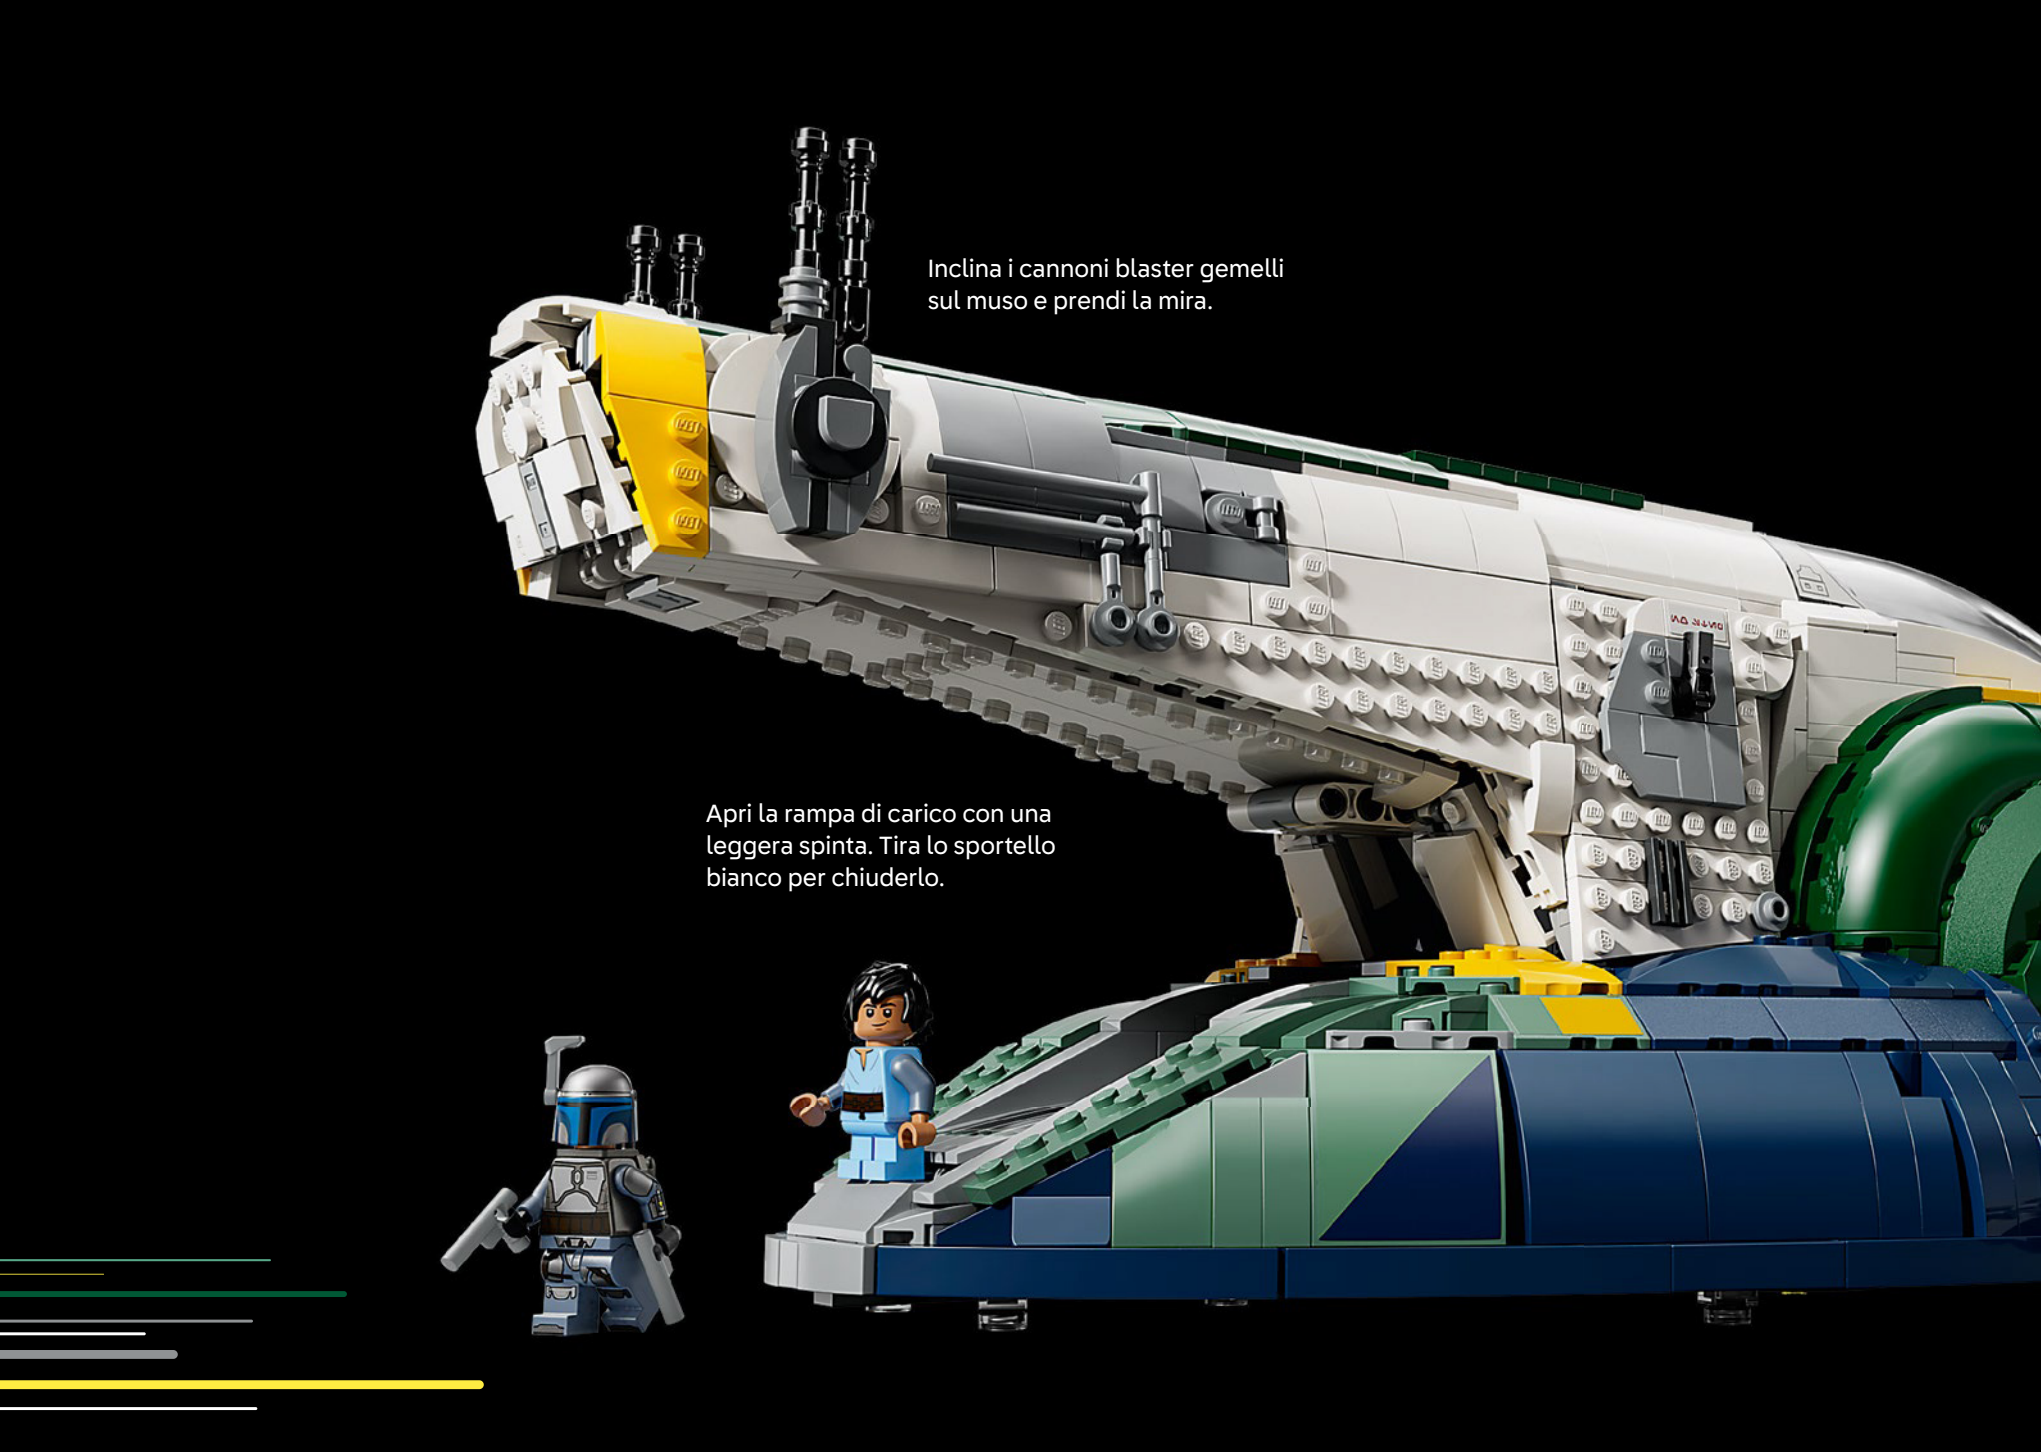

Utilizzando nuove tecniche, come le costruzioni triangolari, e incorporando nuovi elementi curvi, abbiamo ottenuto una fedeltà alla forma eccezionalmente elevata rispetto alla versione cinematografica. L'iconica livrea e i dettagli autentici dello scafo completano il design esterno. Nell'ambito dei nostri modelli della Ultimate Collector Series, è anche ricca di funzioni caratteristiche e dettagli di design degli interni, oltre che delle nuove minifigure LEGO® di Jango Fett™ e del Giovane Boba Fett™. Ne *L'attacco dei cloni*, vediamo padre e figlio co-pilotare l'astronave durante la loro fuga da Obi-Wan Kenobi™. Questo modello è stato progettato in modo da poter rimuovere e riattaccare il tettuccio della cabina di pilotaggio per posizionare entrambe le minifigure all'interno e ricreare questo momento decisivo nel destino dei due Fett.

"Tieniti forte. Entriamo in quel campo di asteroidi. Ho pronta qualche bella sorpresa per lui".

– Jango Fett™

A detailed LEGO Star Wars Millennium Falcon is shown against a black background. The ship is primarily white with grey, yellow, and green accents. At the front, two sets of twin blaster cannons are mounted on a yellow base. A minifigure of Han Solo in a blue jumpsuit stands on the lower right side of the ship. To the left of the ship, a minifigure of Boba Fett in his iconic blue and silver armor stands holding a blaster. The ship's cargo ramp is partially open, revealing a blue and green interior. Two lines of Italian text are overlaid on the image, providing instructions for the cannons and the cargo ramp.

Inclina i cannoni blaster gemelli
sul muso e prendi la mira.

Apri la rampa di carico con una
leggera spinta. Tira lo sportello
bianco per chiuderlo.

SALTA A BORDO

Nel corso delle diverse ere di *Star Wars*™, la nave di Jango Fett ha partecipato a numerose battaglie, combattuto avversari ribelli e altre figure di spicco. Fai un giro veloce prima di assumerne la guida.

Rimuovi il ponte superiore della cabina di pilotaggio per osservare l'ingresso della cabina e i sedili dei passeggeri.

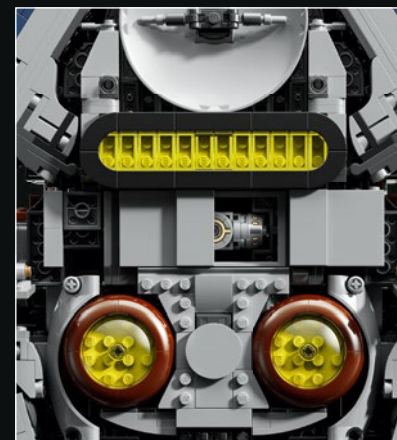

Ferito in battaglia? Riprenditi velocemente con il serbatoio di bacta dietro il jetpack di Jango.

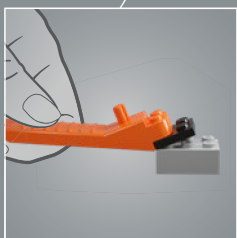

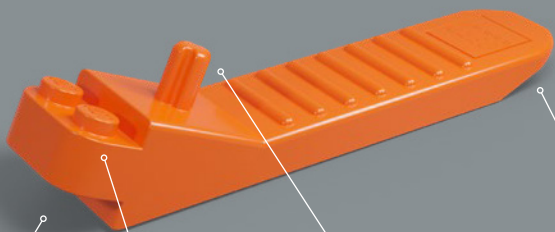

Le ali girevoli rimangono orizzontali in entrambe le modalità di "volo" e di "atterraggio".

Il cartello Oovo 4 sopra la cabina di pilotaggio indica le origini dell'astronave di Jango.

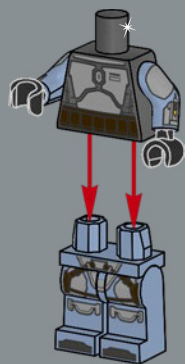

Sposta questi sportelli per nascondere o "rilasciare" la carica sismica.
