ESO NO ES UN SATÉLITE

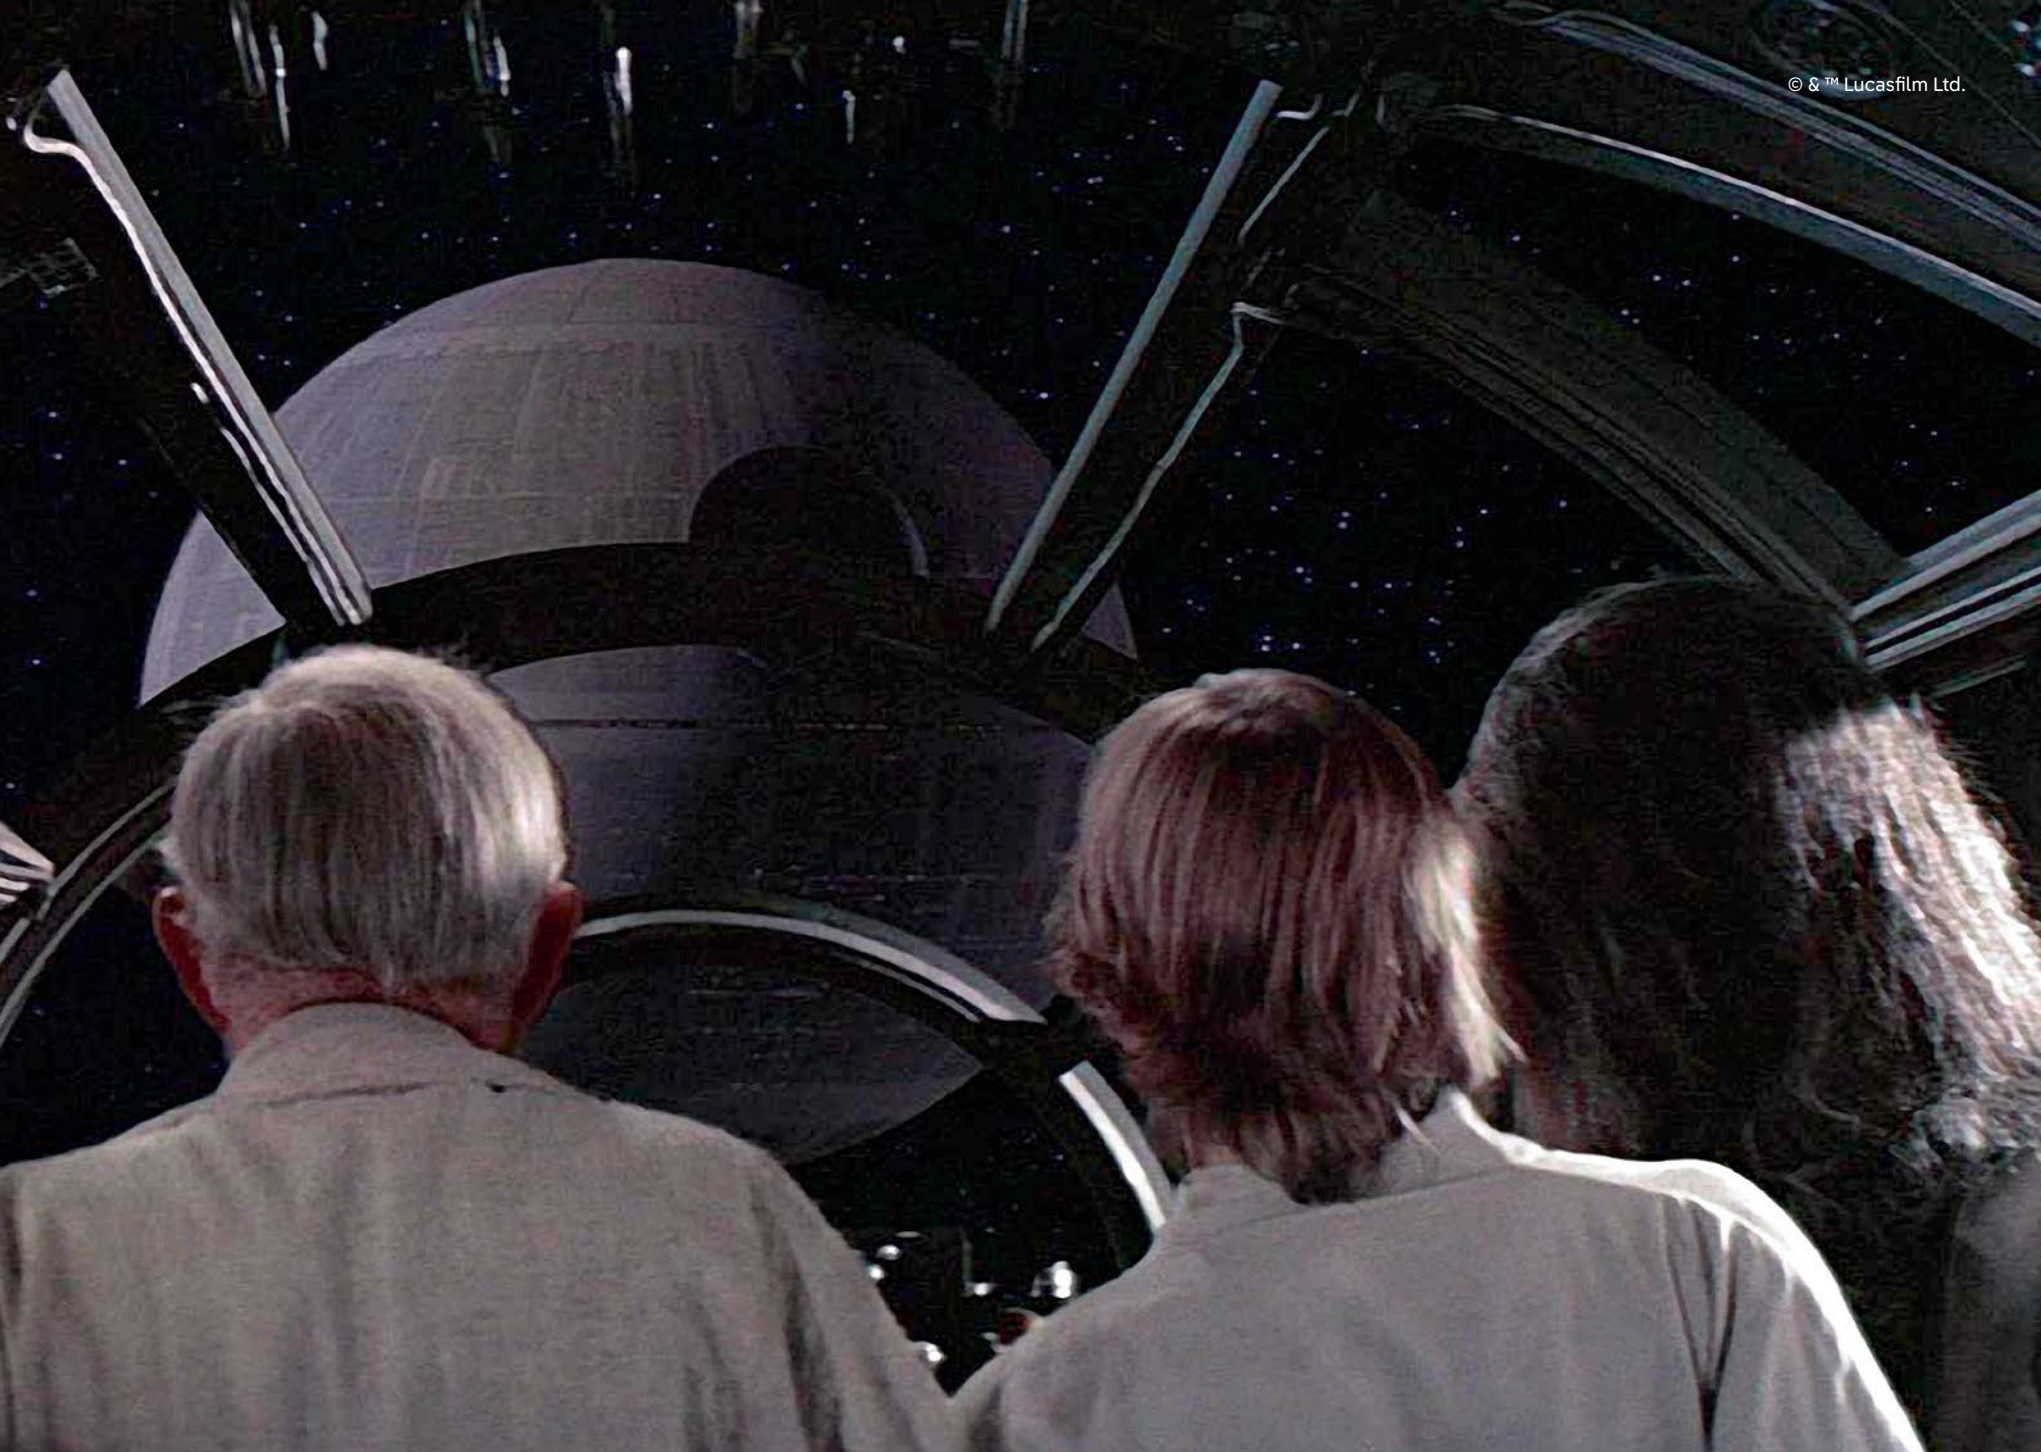

Desde que los primeros sets LEGO® *Star Wars*™ llegaron a nuestra galaxia en 1999, hemos lanzado cientos de detallados modelos a todas las escalas y para constructores de todas las edades. Escuchamos atentamente a los fans y buscamos nuevas y creativas formas de interpretar momentos memorables de la historia para mejorar la experiencia LEGO *Star Wars*. Parte del *lore* de *Star Wars*, la Estrella de la Muerte es un icono indiscutible tanto para los fans como para nosotros, los diseñadores. Esta versión Ultimate Collector Series combina elementos de la Estrella de la Muerte y la Estrella de la Muerte II, siendo, por mucho, el set LEGO *Star Wars* más detallado y grande en términos de dimensiones, masa, número de ladrillos y cantidad de minifiguras. En la saga, la construcción de la Estrella de la Muerte se mantiene bajo el más absoluto secreto en sus dos generaciones y, aunque nosotros tampoco podemos revelar todos los pormenores de nuestro diseño, ¡te prometemos que tendrás la oportunidad de ver nuevas facetas de esta espectacular estación espacial!

¡Que disfrutes construyendo!

UNA BREVE HISTORIA DE LAS ESTRELLAS DE LA MUERTE LEGO®

Desde el lanzamiento de la primera versión LEGO® de la Estrella de la Muerte en 2005, ha habido muchas variantes. Pero los sets más populares siguen siendo las emblemáticas, imponentes e instantáneamente reconocibles versiones Ultimate Collector Series, de las que ahora tienes la más grande y detallada hasta la fecha. ES UNA ESTACIÓN ESPACIAL

La Estrella de la Muerte es el símbolo por excelencia del poderío del Imperio Galáctico: una estación espacial del tamaño de un satélite capaz de destruir planetas enteros con un solo disparo. Concebida en secreto durante las Guerras Clon bajo la dirección de Darth Sidious, su construcción fue supervisada por personalidades como el Vicealmirante Rancit y, más tarde, el Gran Moff Wilhuff Tarkin. El proyecto se prolongó varias décadas y afrontó continuos y numerosos contratiempos y sabotajes. El poder de la primera Estrella de la Muerte se puso de manifiesto con la destrucción de Alderaan, pero, gracias a nuestros héroes rebeldes, la Alianza Rebelde pudo aprovechar un fallo en su diseño para destruirla durante la batalla de Yavin.

ESTRELLA DE LA MUERTE II

Sin titubear, el Imperio inició cerca de Endor la construcción de la Estrella de la Muerte II, ahora más grande y con una potencia de fuego aún más devastadora. El Emperador Palpatine, urdiendo una trampa para aplastar a la Alianza Rebelde, filtró información sobre la construcción de la Estrella de la Muerte II a fin de atraer a los rebeldes a un enfrentamiento decisivo. Esta decisión dio lugar a la batalla de Endor, durante la cual el Emperador encontró un destino fatal a manos de Darth Vader, quien, en un último acto de redención, se volvió contra su señor para salvar a su hijo, Luke Skywalker. Aprovechando el momento, las fuerzas rebeldes lanzaron un ataque coordinado que culminó con la destrucción de la segunda Estrella de la Muerte, asestando un duro golpe al Imperio y marcando un punto de inflexión en la Guerra Civil Galáctica.

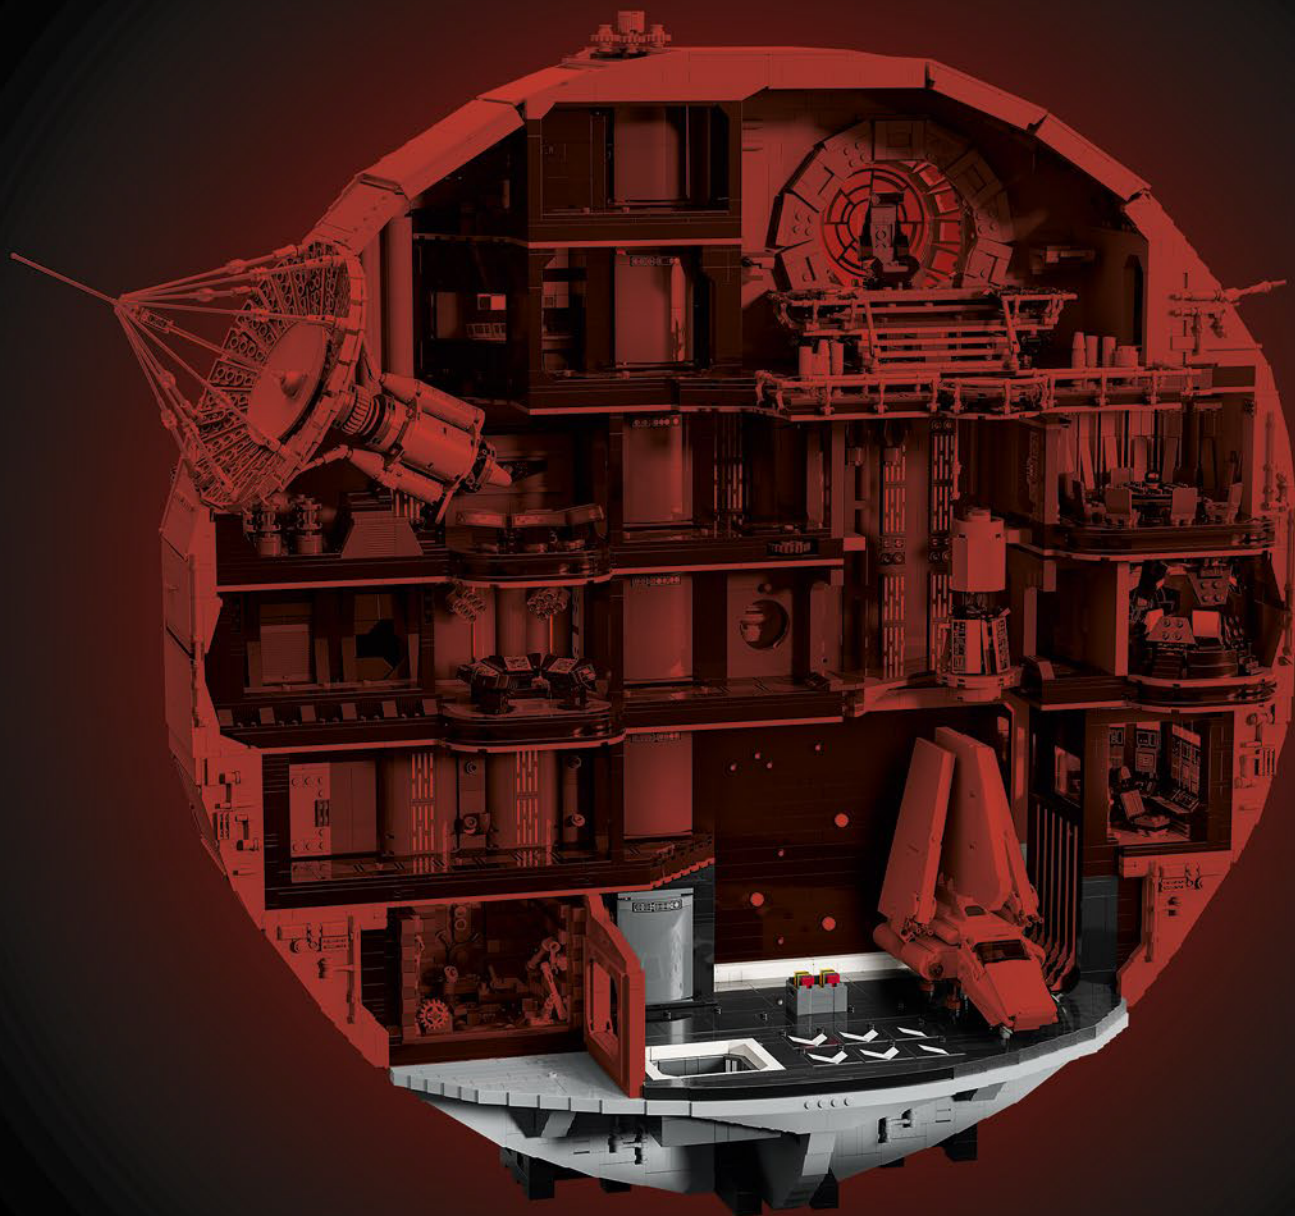

CÓMO SE RECREÓ LA POTENCIA DEFINITIVA DEL UNIVERSO

Desde el principio, decidimos que queríamos incorporar escenas de la primera Estrella de la Muerte, vista en *Star Wars: Una Nueva Esperanza*, y también de la Estrella de la Muerte II de *Star Wars: El Retorno del Jedi*. Esto nos dio cierta libertad creativa para experimentar con las distintas localizaciones y crear una estructura que siguiera el flujo lógico de la saga. El descomunal tamaño de la reproducción nos permitió diseñar algo más que un detallado modelo de exposición, pudiendo incorporar un montón de grandiosas características y llenar de referencias el interior, tanto en la construcción como en los elementos gráficos. ¡Desde la parte superior hasta la base, podrás divertirte con funciones dinámicas que mantendrán ocupadas a las 36 minifiguras y las 2 figuras de droides! No queremos arruinar la sorpresa revelando demasiados detalles aquí. Si nos lo preguntas, ¡preferimos que pongas manos a la obra justo ahora!

EMBARQUE

PISTA 327

Tanto los tripulantes como los visitantes (lo sean por voluntad propia o bajo coacción) llegan en lanzaderas o naves estelares de otro tipo a través de la pista del hangar. (¡Cuidado con el foso de la plataforma elevadora que hay en el suelo!). Si no estás huyendo o escondiéndote de los soldados de asalto, tómate un momento para disfrutar de la vista panorámica de la galaxia, con representaciones de planetas y estrellas.

¿NECESITAS UN ASCENSOR?

Ir de un lugar a otro en la Estrella de la Muerte por las escaleras sería una tarea demasiado ardua. Los personajes en formato de minifigura pueden acceder a cada una de las plantas, desde la base hasta la parte superior del modelo, usando el ascensor. Justo ahí, el mecanismo cuenta con un engranaje acoplado a una rueda que deberás girar en sentido horario para subir el ascensor y en sentido contrario para bajarlo. Cuando llegue al nivel deseado, verás aparecer un pequeño panel blanco a la izquierda de la puerta. (El ascensor no incluye música ambiental).

EMPIEZA A FORMARSE UNA NUEVA ALIANZA

TRIPULANTE IMPERIAL

La Estrella de la Muerte es una máquina extraordinariamente bien engrasada. Se necesitan tripulantes imperiales especializados en tareas manuales y logística en todos los niveles para garantizar su buen funcionamiento y el mantenimiento periódico.

SOLDADO DE ASALTO

Implacables en combate, los soldados de asalto están condicionados para ser inquebrantablemente leales al Imperio. Su característica armadura blanca impide distinguirlos entre sí, y parecen infinitamente desechables en la batalla. Pero lo que hacen en su tiempo libre a bordo de esta estación espacial podría sorprenderte.

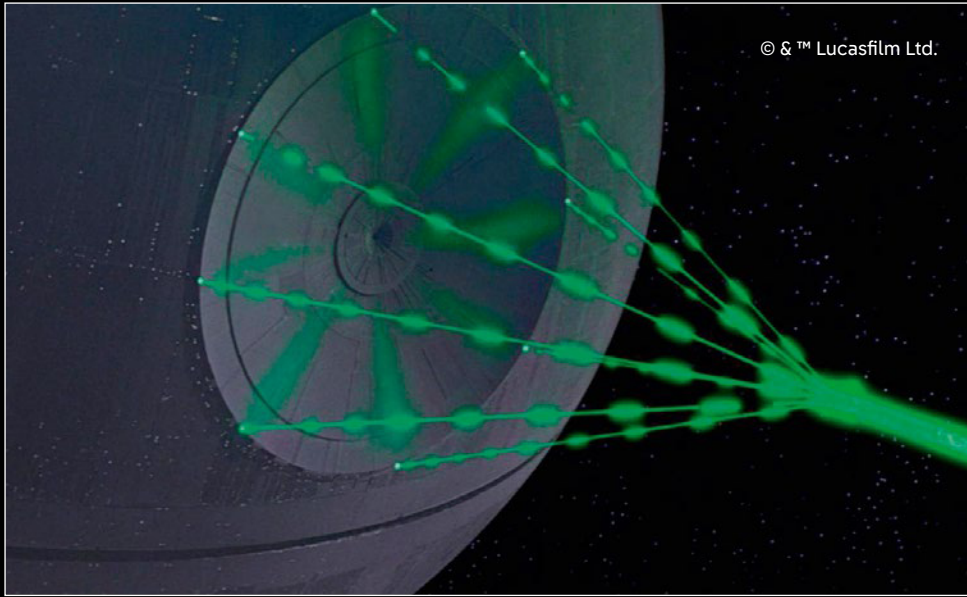

LUKE SKYWALKER (rebelde)

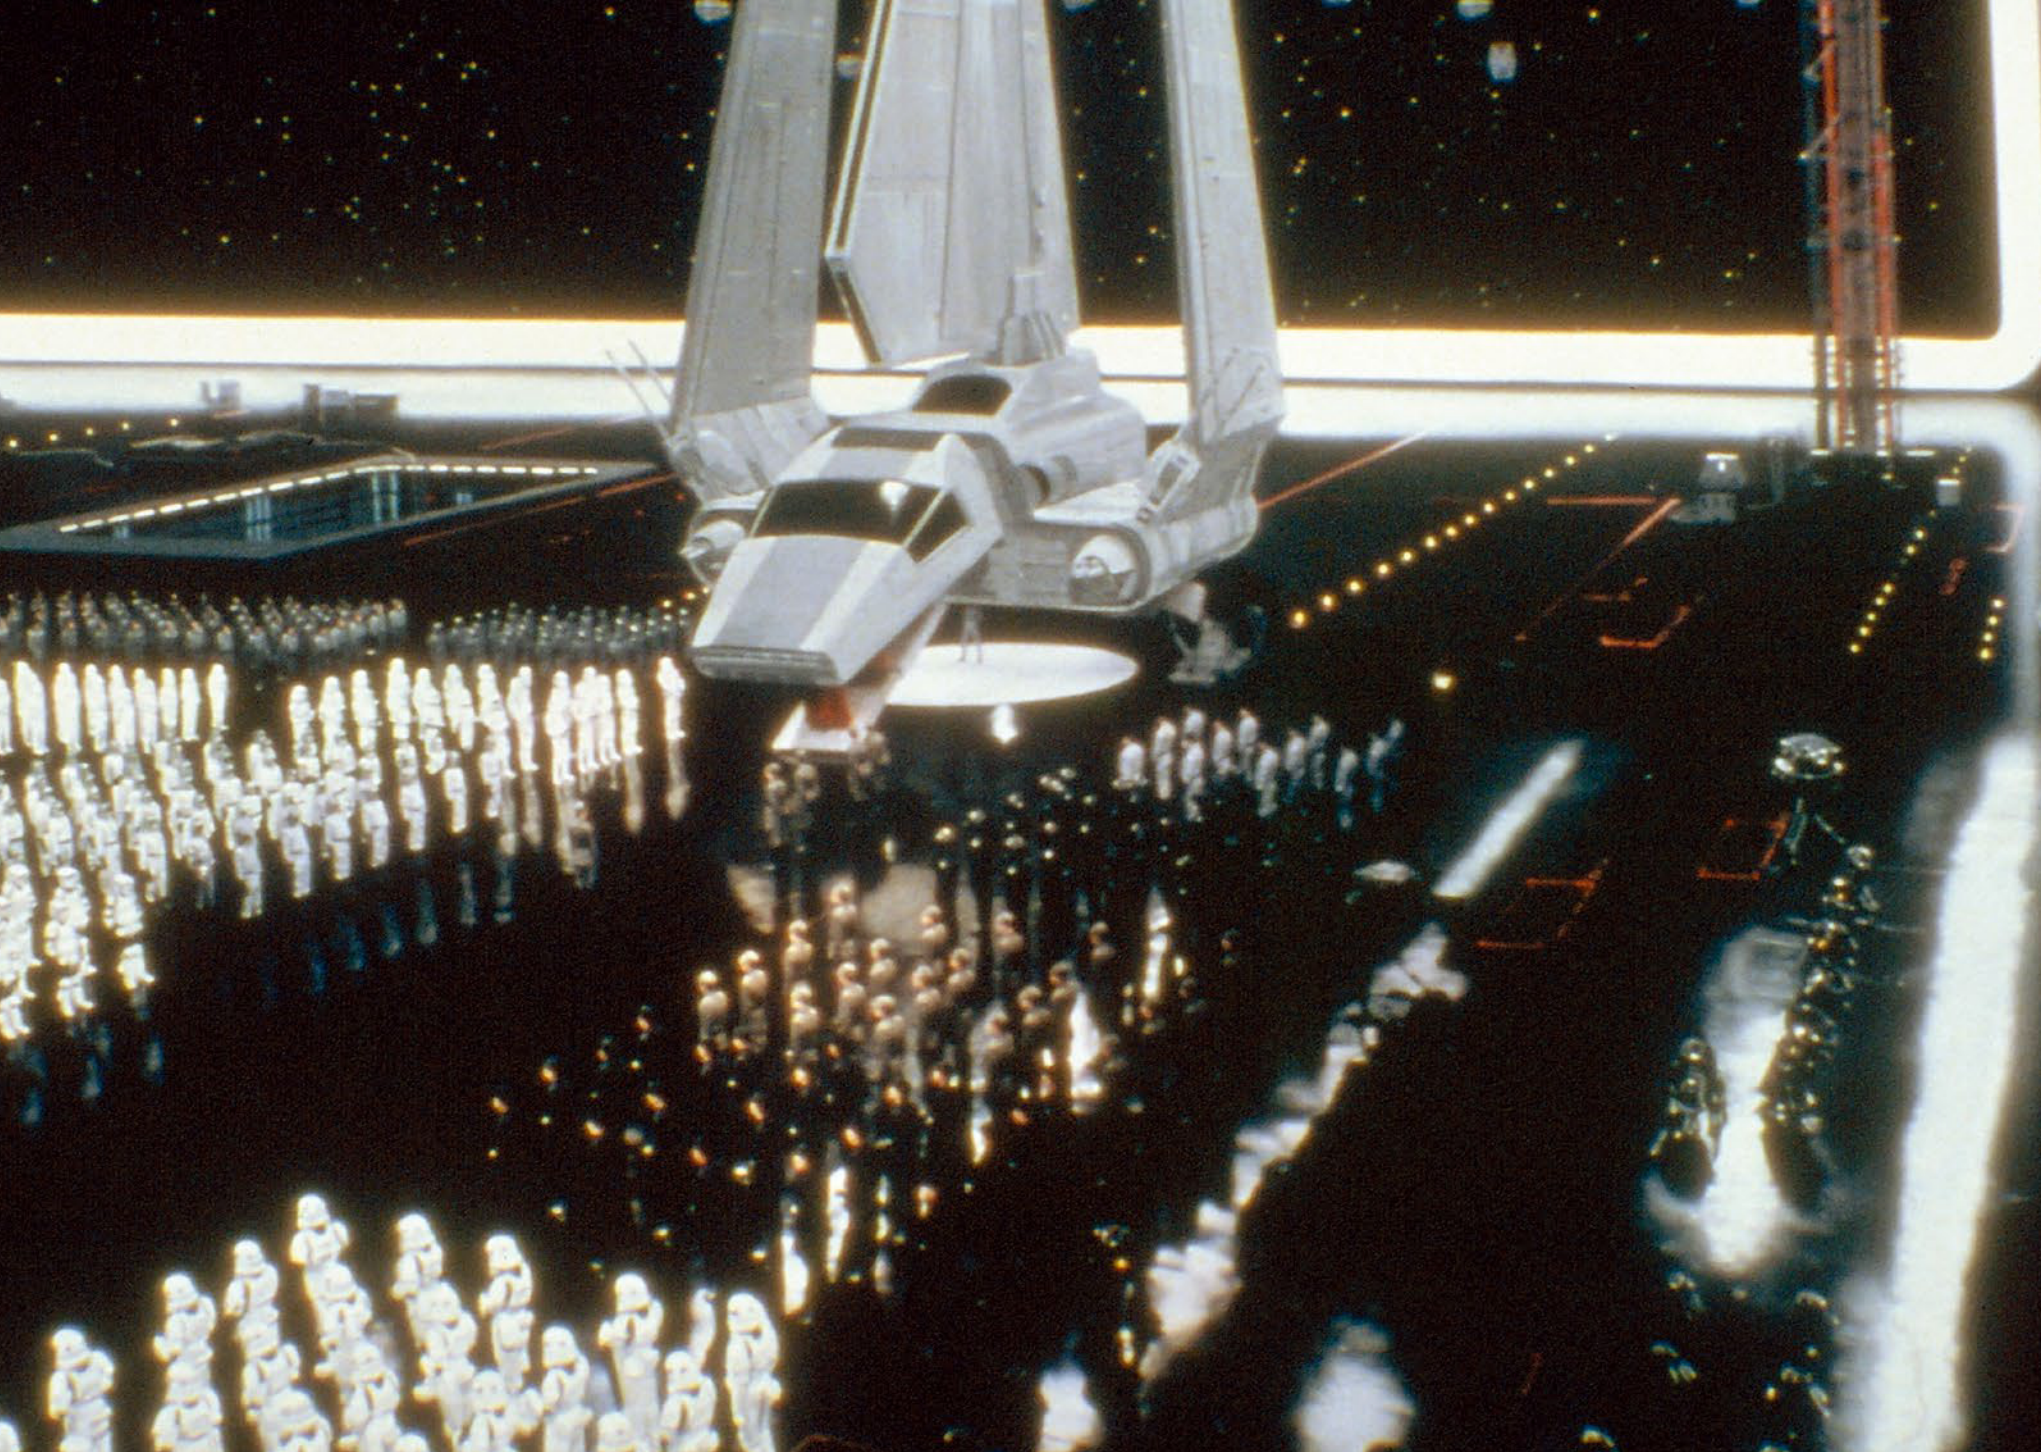

Tras una vida segura y sin sobresaltos como granjero en Tatooine, Luke se ve inmerso en un drama galáctico de proporciones épicas. A bordo de la Estrella de la Muerte, aprende rápidamente a navegar por nuevos territorios como rebelde, acompañado de sus nuevos amigos y sus leales droides.

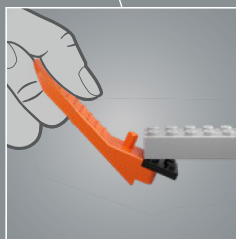

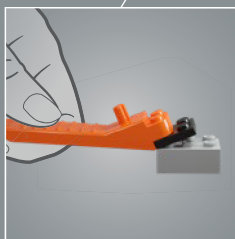

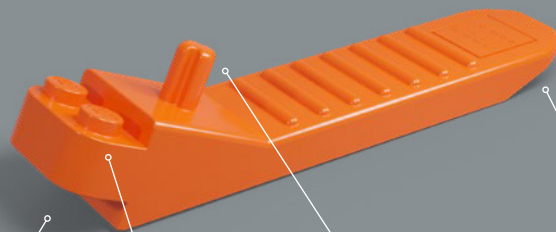

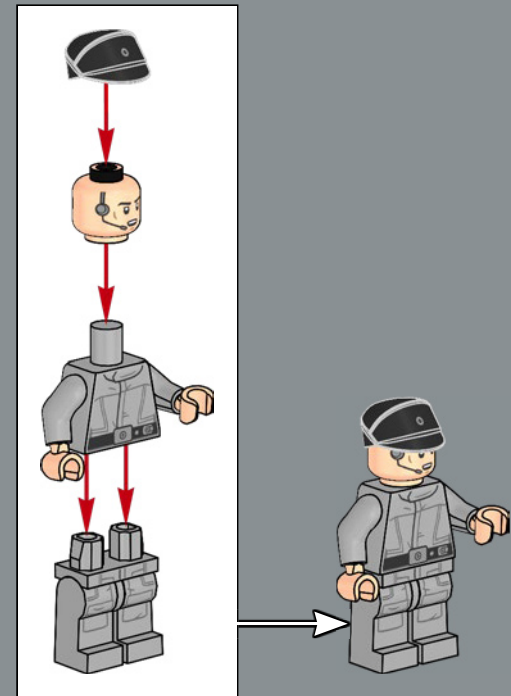

HAN SOLO (capitán del *Halcón Milenario*)

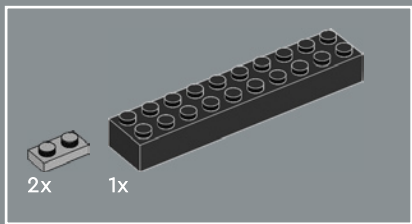

El contrabandista más infame y encantador de la galaxia, convertido posteriormente en héroe rebelde, aprendió desde pequeño que la única persona en la que puede confiar es en sí mismo. Bueno, también en su copiloto y compañero de fechorías, Chewbacca. Pero el capitán del *Halcón Milenario* tiene poca paciencia con el Imperio (y viceversa), ¿así que va a dejar pasar la oportunidad de anotar unos cuantos puntos a su favor rescatando de sus garras a una princesa secuestrada? Seguro que no se lo piensa dos veces.
