ENTRÉGATE AL LADO OSCURO

EL MAL NUNCA DESCANSA

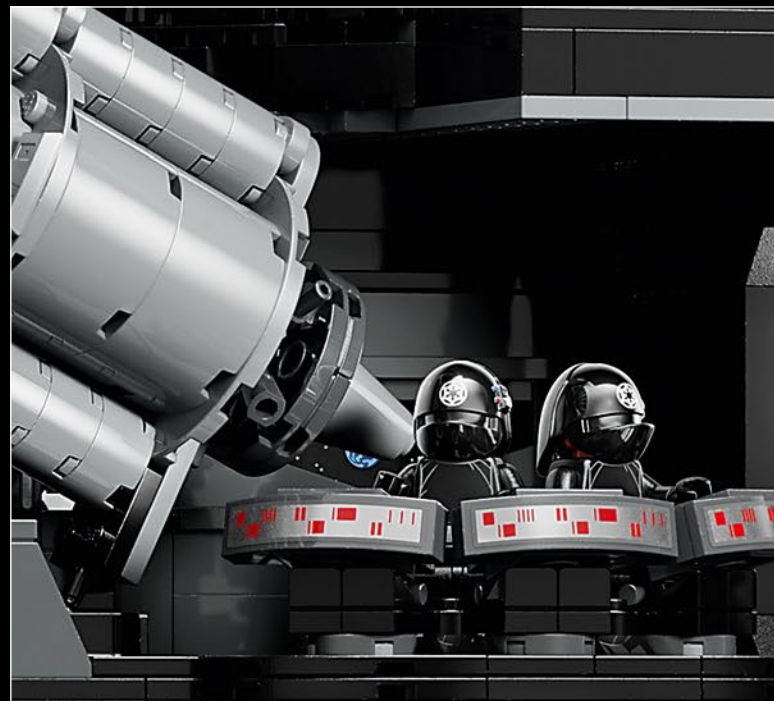

Darth Vader usa su cámara de meditación para recuperar fuerzas y consultar con su señor cuando toma decisiones críticas. Puedes retirar la cámara y colocar en su interior la minifigura LEGO® de Darth Vader, y/o exponerla por separado. En la pantalla de la pared posterior se siente constantemente la imponente presencia del Emperador, pero tienes la posibilidad de cambiarla por un fondo negro neutro si no quieres que se cierna sobre tu set. Quizá reconozcas alguno de los pósters de la pared lateral...

SU CARENCIA DE FE RESULTA MOLESTA

La sala de conferencias del Gran Moff Tarkin, donde Darth Vader da al Almirante Motti una severa lección, está totalmente equipada para reuniones de estrategia. La mesa puede retirarse para colocar minifiguras LEGO® imperiales con ganas de discutir en las sillas del fondo. Desde la puerta de corredera, puedes acceder a un pasadizo secreto que conduce al vestíbulo y a la sala de control del reflector parabólico del superláser en el lado opuesto del conducto del campo magnético: solo tienes que extender el puente desde el vestíbulo girando el engranaje del suelo.

PREPAREN..., APUNTEN...

En ambas Estrellas de la Muerte, el superláser se acciona primordialmente desde la sala de control principal del sector Theta. Aquí, el Gran Moff Tarkin supervisa todas las maniobras de la gigantesca estación de combate y los artilleros activan el reflector parabólico del láser. Esta sala puede separarse del modelo para acceder a la planta inferior o colocar minifiguras. Puedes ver Alderaan por el mirador de la parte trasera (antes de que vuele en pedazos). Si giras el engranaje pequeño de la parte izquierda del modelo, la vista cambia a la devastadora destrucción del planeta...

EJECUTORES DEL IMPERIO

DARTH VADER

Durante décadas, el otrora prometedor Jedi ha impuesto la voluntad del malvado Emperador como Lord Sith, usando sus incomparables poderes oscuros para aplastar todas y cada una de las facciones de la Alianza Rebelde que ha podido localizar. Pero aún se siente el bien en él...

ALMIRANTE MOTTI

Tras actuar como uno de los jefes conjuntos del ejército imperial, el ambicioso Almirante Motti se ha convertido en un aliado de confianza del Gran Moff Tarkin. Sirve como responsable de operaciones navales en la primera Estrella de la Muerte, en sus palabras, "la potencia definitiva del universo".

GENERAL TAGGE

El General Cassio Tagge, jefe de operaciones militares de Vader a bordo de la primera Estrella de la Muerte, parece ser el único lo suficientemente valiente como para expresar su preocupación por la amenaza de la Alianza Rebelde. (En reconocimiento, el Emperador lo asciende más tarde a gran general a cargo del ejército imperial).

CORONEL WULLF YULAREN

Desde que sirvió como almirante de la República en las Guerras Clon, la lealtad de Yularen a Darth Vader nunca ha flaqueado. Rígido en sus convicciones y acciones la mayoría de las veces, admira la valentía de Vader y confía en sus instintos casi hasta la exageración.

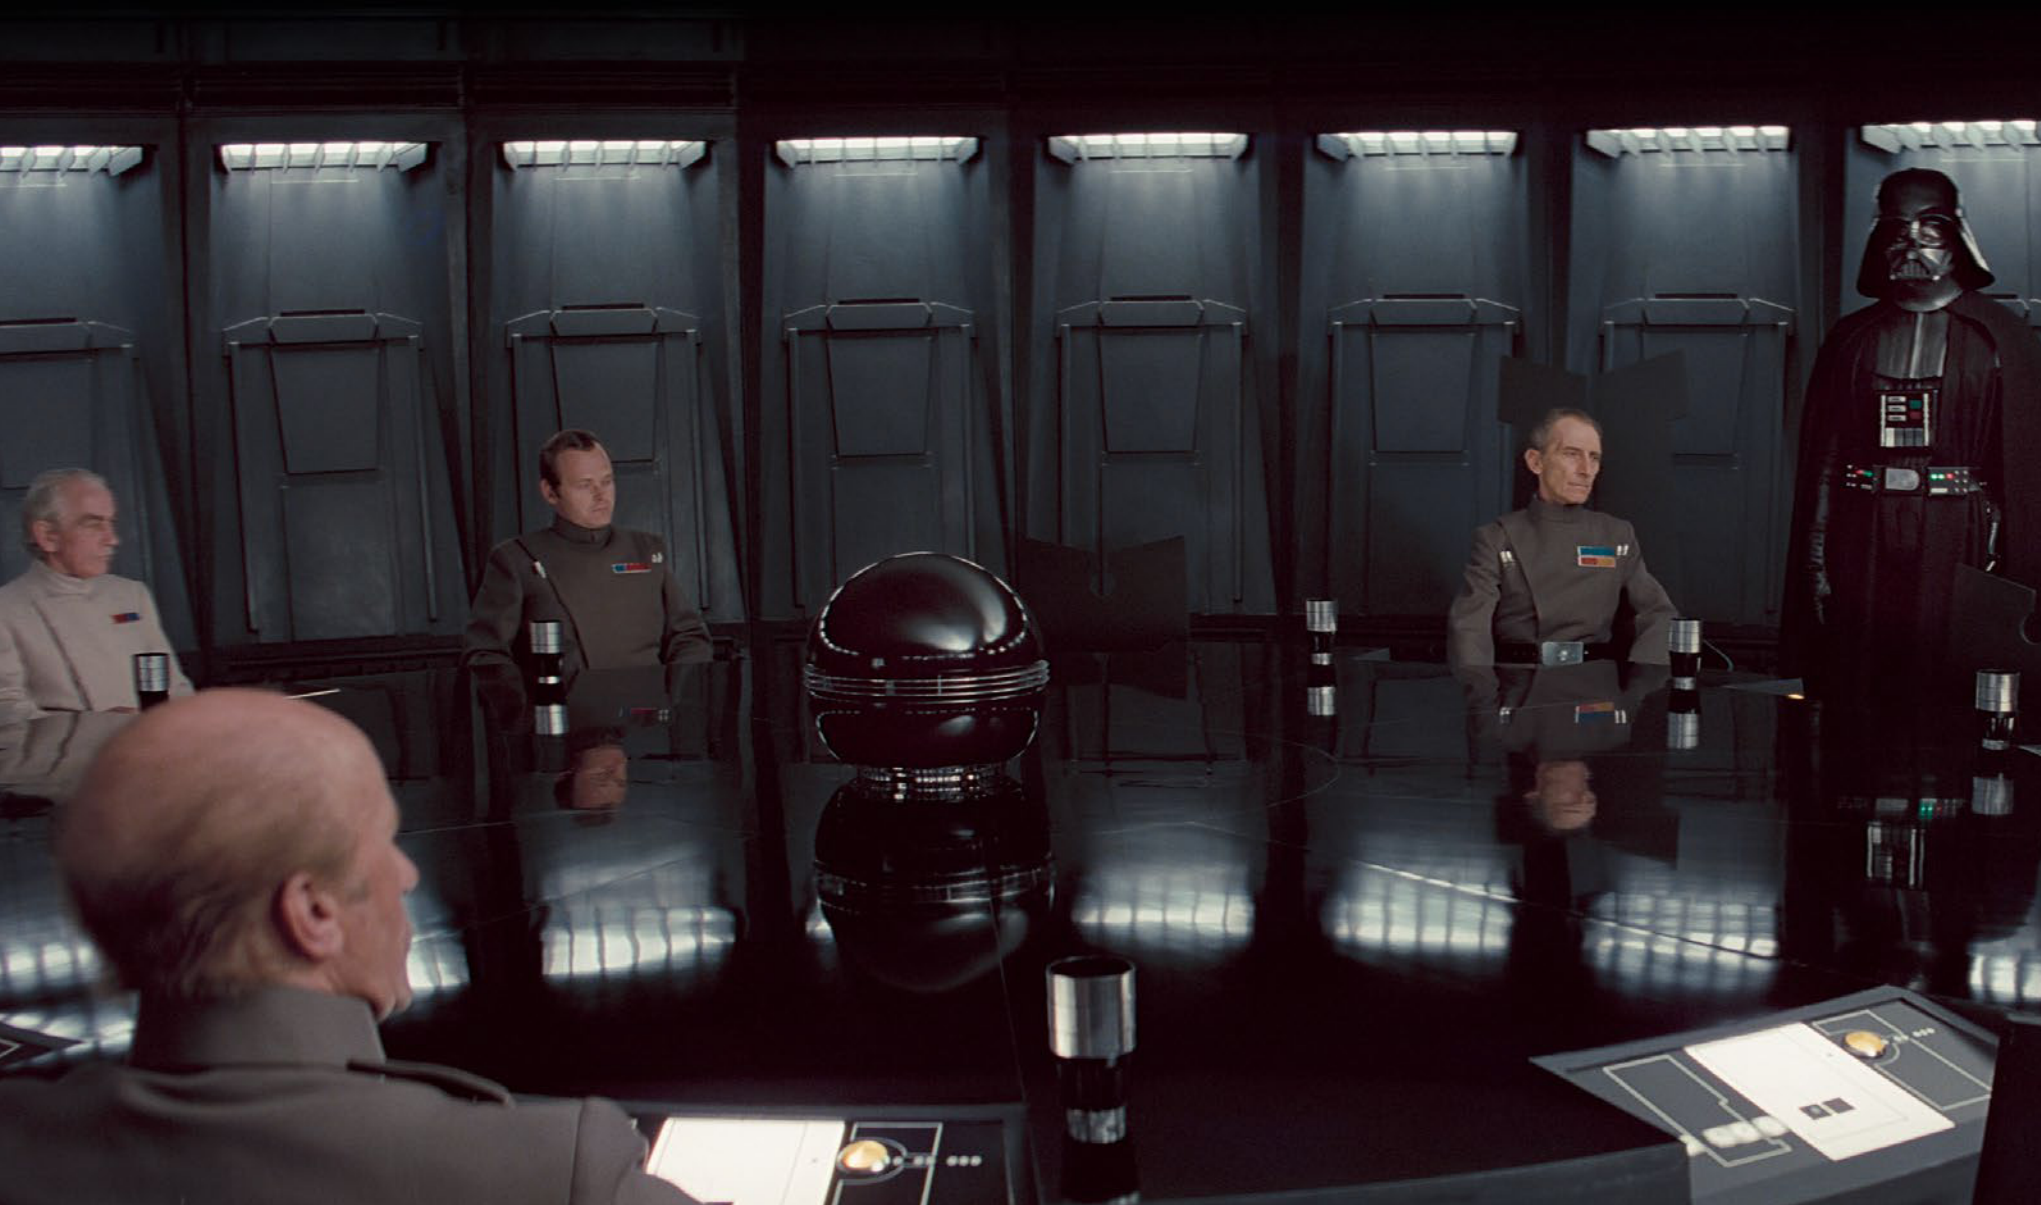

GRAN MOFF TARKIN

El despiadado Wilhuff Tarkin ascendió al poder bajo el mando del Canciller Supremo Palpatine, por lo que era natural que se le encomendara supervisar la construcción de la Estrella de la Muerte. Demuestra con orgullo el poder del superláser en el pacífico planeta Alderaan, que ha mostrado simpatía por los rebeldes.

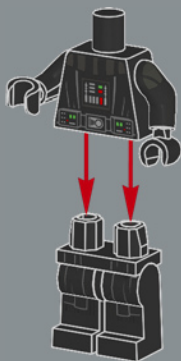

ARTILLERO DE LA ESTRELLA DE LA MUERTE

Las tripulaciones de artilleros de la Estrella de la Muerte sirven a bordo de sus dos estaciones de combate. Este artillero de élite está entrenado específicamente para manejar el superláser de la Estrella de la Muerte, y posiblemente esté demasiado entusiasmado con el papel que desempeña en la destrucción de planetas...
