NON È UNA LUNA QUELLA

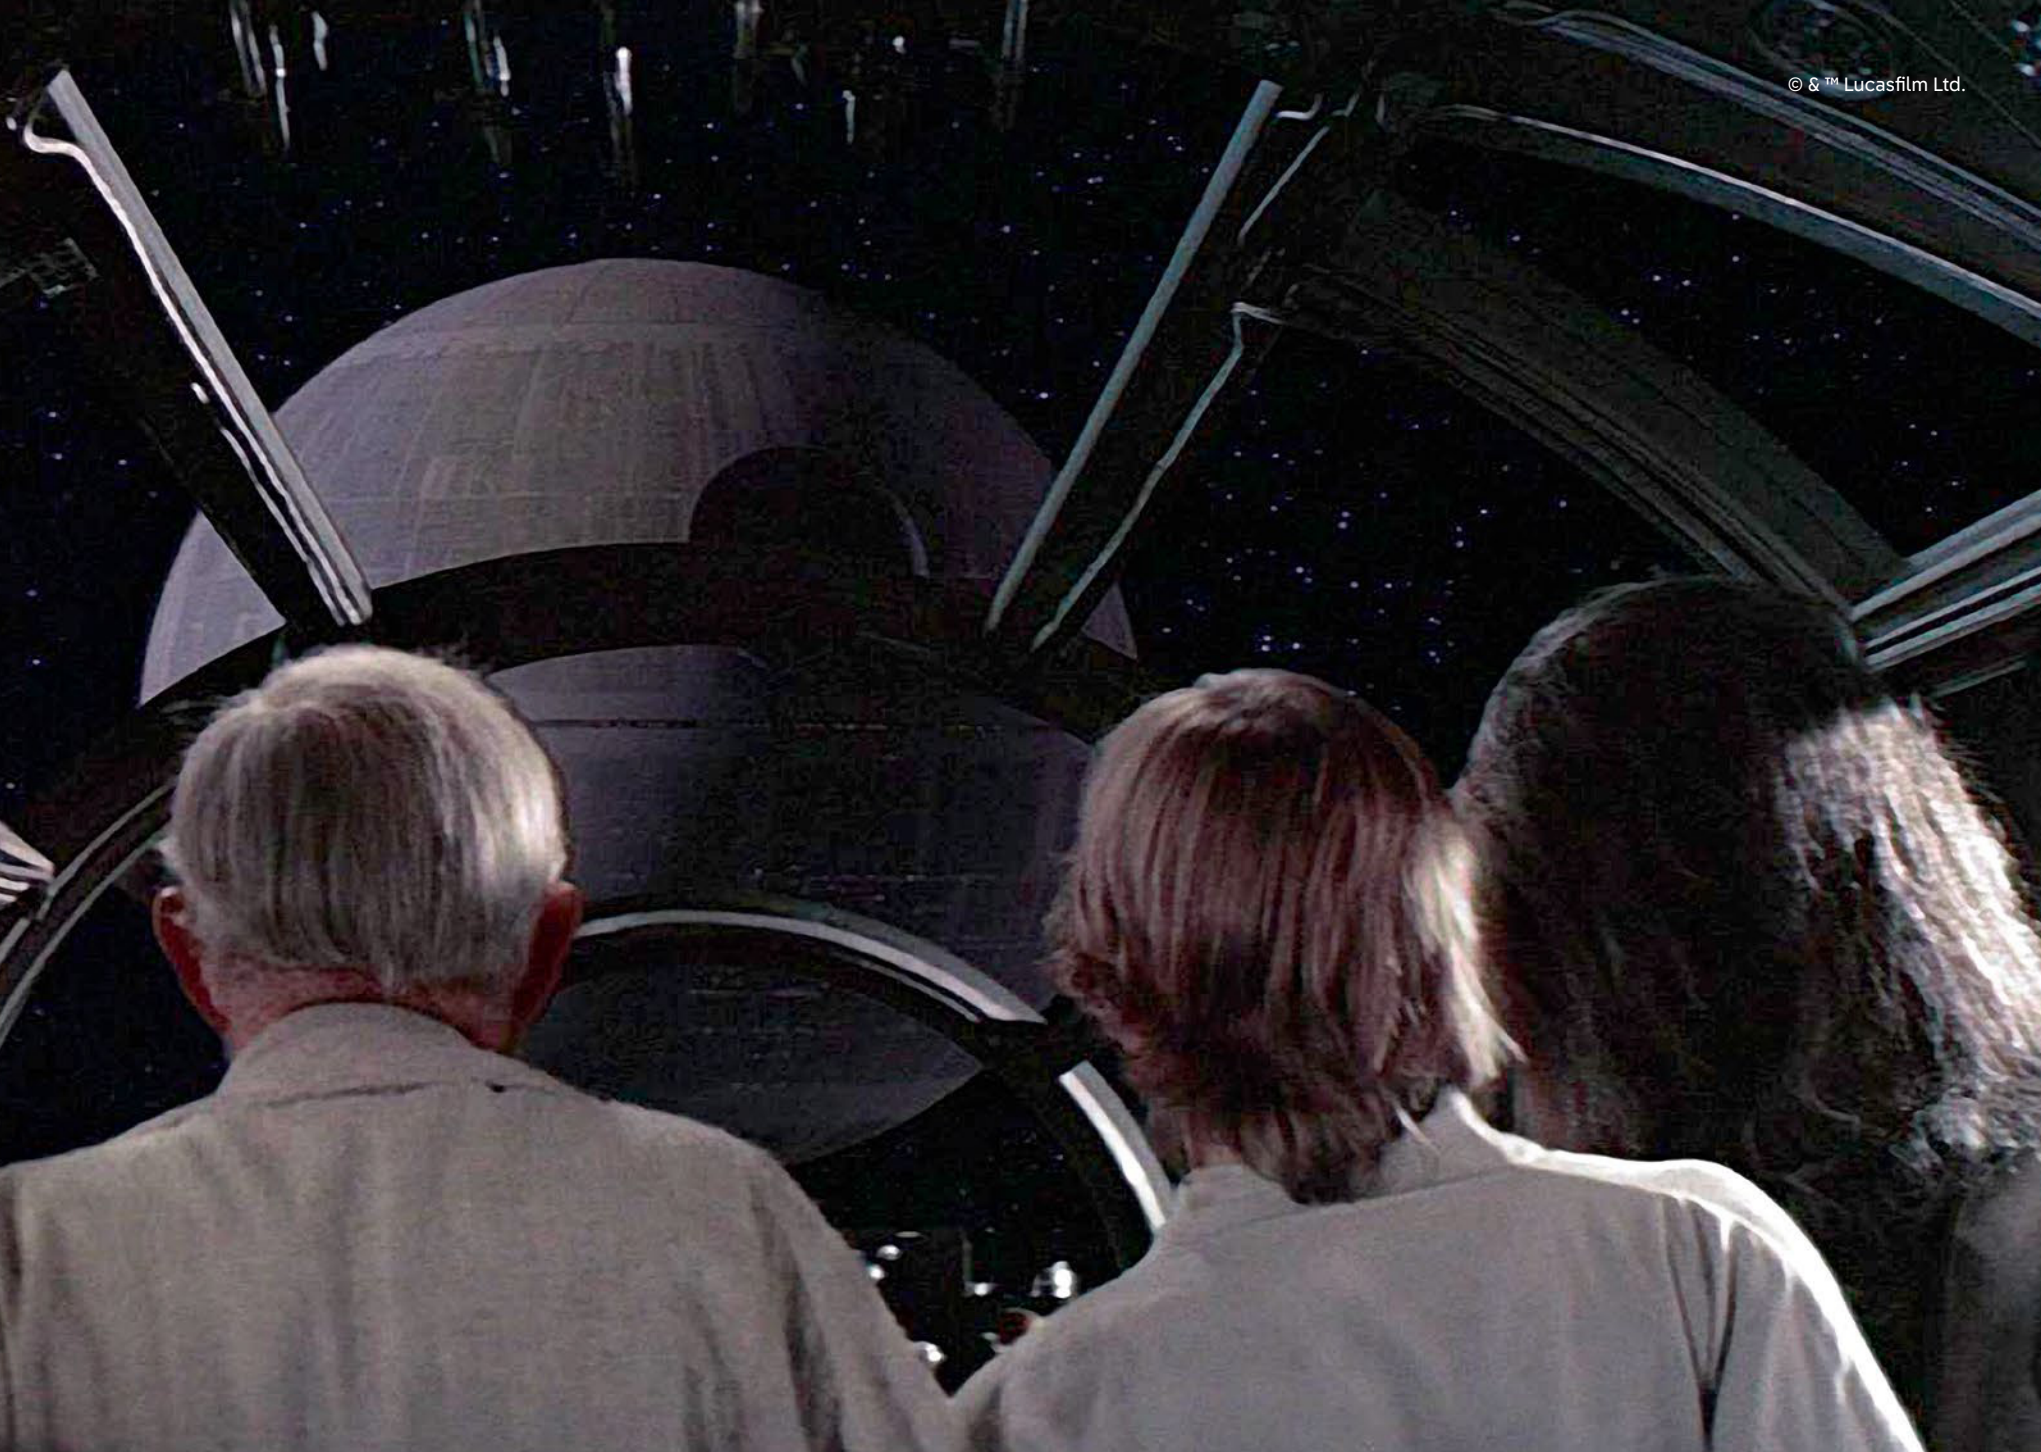

Da quando i nostri primi set LEGO® *Star Wars*™ sono arrivati nella nostra galassia nel 1999, abbiamo lanciato centinaia di modelli dettagliati in tutte le dimensioni e per i costruttori di tutte le età. Ascoltiamo attentamente i fan e cerchiamo nuovi modi creativi per interpretare momenti memorabili e migliorare l'esperienza LEGO *Star Wars*. La Morte Nera è un'icona indiscussa nella storia di *Star Wars*, tra i fan, e per noi come designer. Questa versione della Ultimate Collector Series combina elementi sia della Morte Nera sia della Morte Nera II ed è, di gran lunga, il nostro set LEGO *Star Wars* più dettagliato e più grande di sempre, in termini di dimensioni, massa, numero di mattoncini e minifigure. Nella saga, la costruzione della Morte Nera è avvolta nel segreto e, sebbene non possiamo rivelare quelli del nostro design, vi promettiamo che avrete la possibilità di ammirare alcune novità in questa spettacolare stazione spaziale!

Buona costruzione!

QUELLA È UNA STAZIONE SPAZIALE

La Morte Nera è il simbolo per eccellenza della potenza dell'Impero Galattico: una stazione spaziale grande quanto una piccola luna, in grado di annientare interi pianeti in un colpo solo. Concepita durante le Guerre dei Cloni sotto la guida segreta di Darth Sidious, è stata supervisionata da personaggi importanti come il Vice Ammiraglio Rancit e, in seguito, il Grand Moff Wilhuff Tarkin. La sua costruzione richiese decine d'anni, sfidando ostacoli e sabotaggi lungo il percorso. La potenza della prima Morte Nera fu dimostrata con la distruzione del pianeta Alderaan ma, grazie ai nostri eroi ribelli, l'Alleanza riuscì a individuare il suo punto debole, annientandola durante la Battaglia di Yavin.

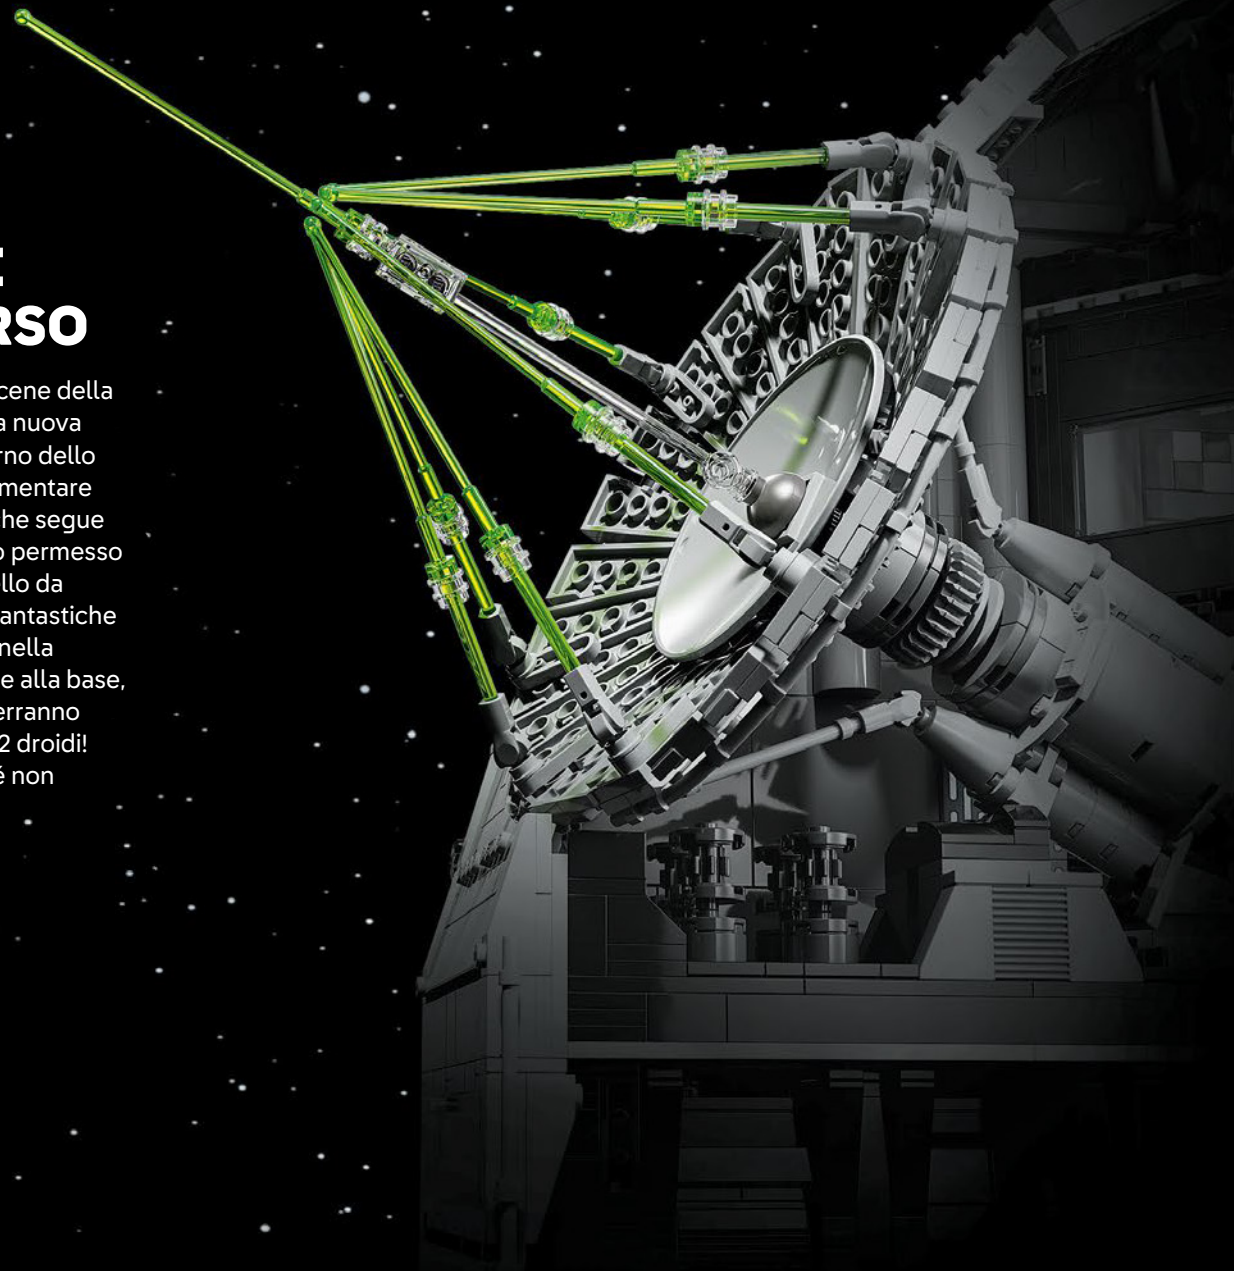

MORTE NERA II

Imperterrito, l'Impero iniziò a costruire la Morte Nera II nei pressi di Endor, questa volta con una potenza distruttiva ancora più devastante. L'Imperatore Palpatine, architettando una trappola per annientare l'Alleanza Ribelle, fece trapelare informazioni sulla costruzione della Morte Nera II, attirando i Ribelli in uno scontro decisivo. Durante la successiva Battaglia di Endor, l'Imperatore trovò la morte per mano di Darth Vader il quale, in un iconico gesto di redenzione, si ribellò al suo maestro per salvare il figlio, Luke Skywalker. Le forze ribelli colsero il momento propizio, sferrando un attacco coordinato che si concluse con la distruzione della seconda Morte Nera, infliggendo un colpo formidabile all'Impero e segnando una svolta decisiva nella Guerra Civile Galattica.

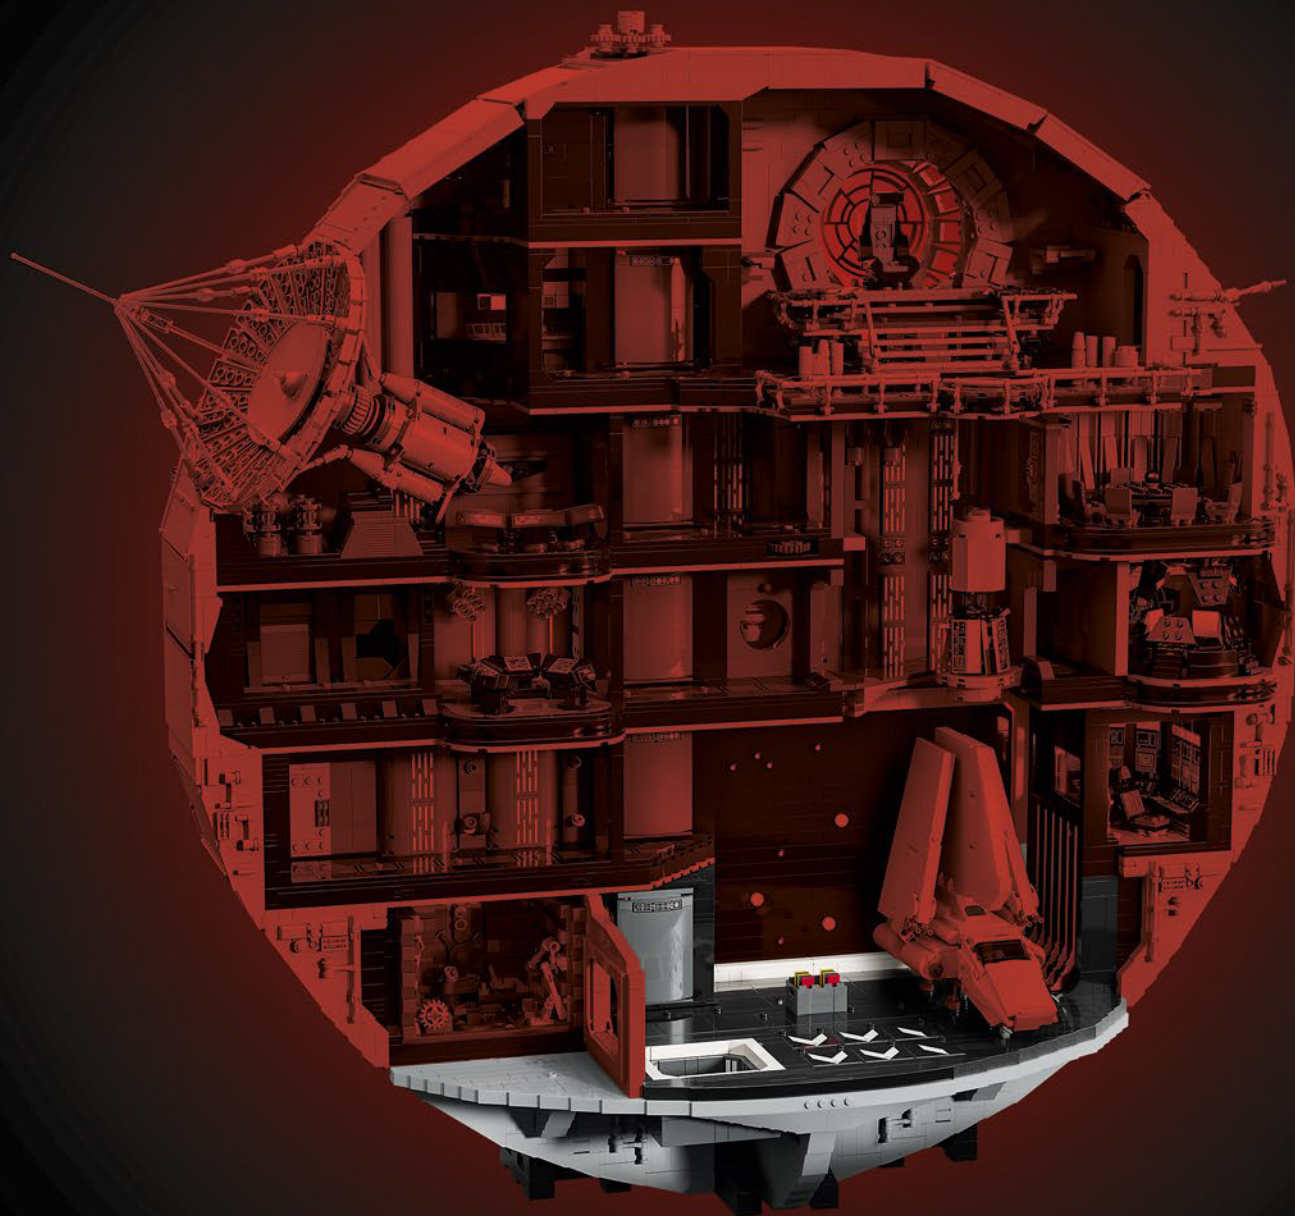

RICREARE IL POTERE ULTIMO DELL'UNIVERSO

Sin dall'inizio, abbiamo deciso di incorporare le scene della prima Morte Nera, proprio come in *Star Wars: Una nuova speranza* e della Morte Nera II di *Star Wars: Il ritorno dello Jedi*. Questo ci ha dato la libertà creativa di sperimentare con le diverse ambientazioni e creare un layout che segue il flusso logico della saga. Le dimensioni ci hanno permesso di progettare molto di più di un dettagliato modello da esposizione: abbiamo potuto incorporare molte fantastiche funzioni, oltre a un interno ricco di riferimenti sia nella costruzione sia nella grafica. Dalla parte superiore alla base, potrete divertirvi con le funzioni dinamiche che terranno sicuramente occupate le vostre 36 minifigure e i 2 droidi! Non condivideremo troppi spoiler qui, ma perché non iniziamo a costruire?

IMBARCO IN CORSO

BAIA D'ATTRACCO 327

Sia l'equipaggio sia i visitatori, volontari o forzati, arrivano tramite navette o altre astronavi attraverso la baia d'attracco dell'hangar. (Attenzione al pozzo dell'ascensore nel pavimento!) Se non sei in fuga o non ti stai nascondendo dagli stormtrooper, prenditi un momento per ammirare la vista panoramica della galassia con rappresentazioni di pianeti e stelle.

PRENDI L'ASCENSORE

Muoversi all'interno della Morte Nera sarebbe molto faticoso se si utilizzassero solo le scale.

Le minifigure possono accedere a ogni piano dalla base fino alla parte superiore tramite l'ascensore. In cima al modello, basta ruotare la piccola manopola con le rotelline dentate in senso orario per far salire la cabina dell'ascensore verso l'alto e in senso antiorario per farla scendere. Quando raggiunge il livello desiderato, è possibile vedere un piccolo pannello bianco apparire a sinistra della porta. (Musica ambient nell'ascensore non inclusa.)

LA CREAZIONE DI UNA NUOVA ALLEANZA

MEMBRO DELL'EQUIPAGGIO IMPERIALE

La Morte Nera è una macchina ben oliata. Il personale dell'equipaggio imperiale, specializzato in meccanica e logistica, è indispensabile a ogni livello per garantire un funzionamento fluido e la manutenzione regolare.

STORMTROOPER

Gli Stormtrooper sono spietati in combattimento e addestrati per un'incondizionata fedeltà all'Impero. La loro caratteristica armatura bianca li rende indistinguibili tra loro, e si sacrificano senza alcuna remora in combattimento. Ma quello che fanno nel loro tempo libero a bordo di questa stazione spaziale potrebbe sorprenderti.

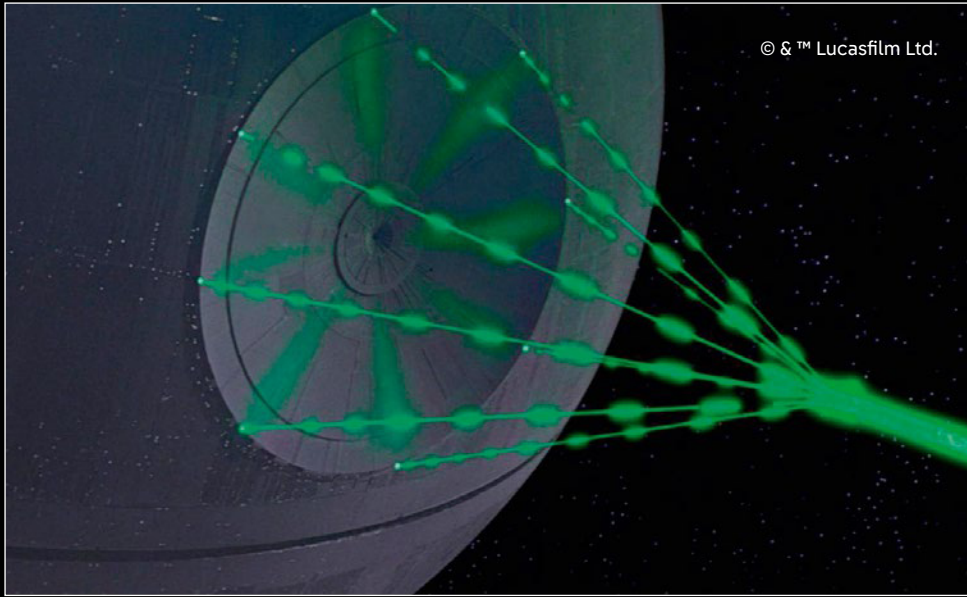

LUKE SKYWALKER (il Ribelle)

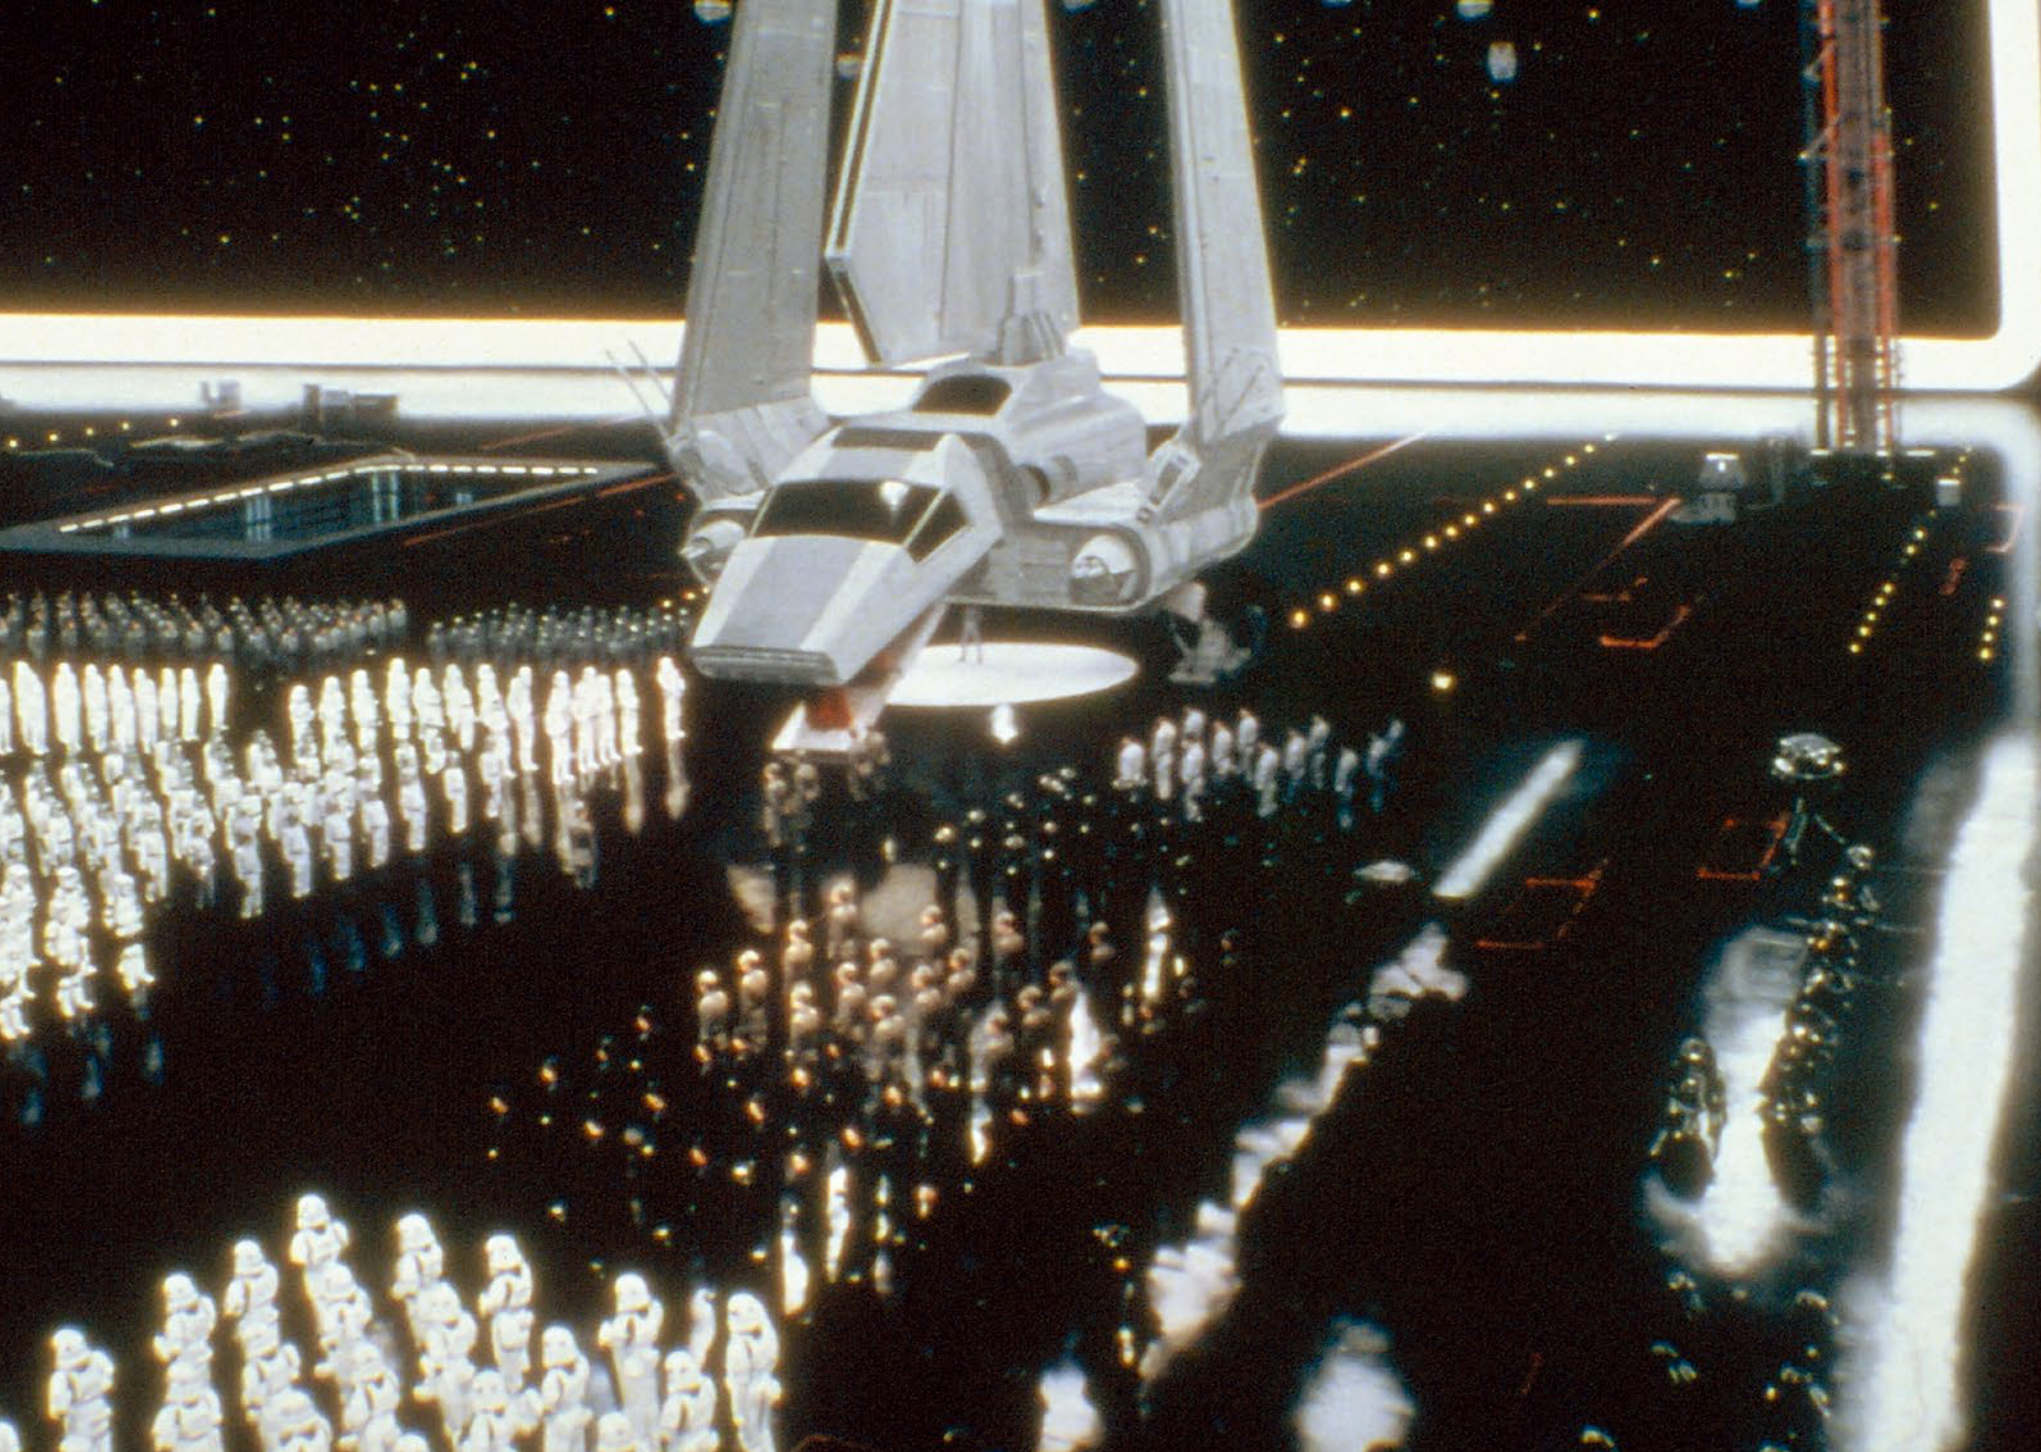

Dalla tranquilla e monotona vita di fattore su Tatooine, Luke si ritrova improvvisamente coinvolto in un dramma galattico di proporzioni epiche. A bordo della Morte Nera, come Ribelle, impara rapidamente a muoversi in un ambiente a lui sconosciuto, affiancato dai suoi nuovi amici e dai fedeli droidi.

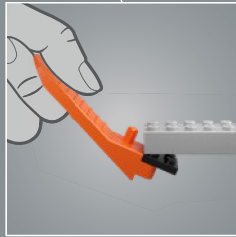

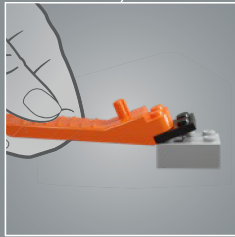

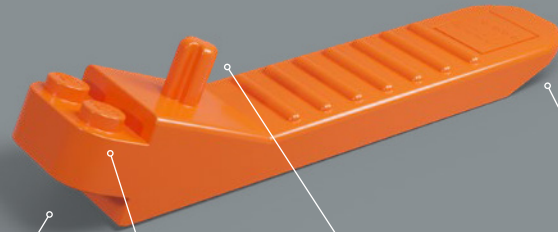

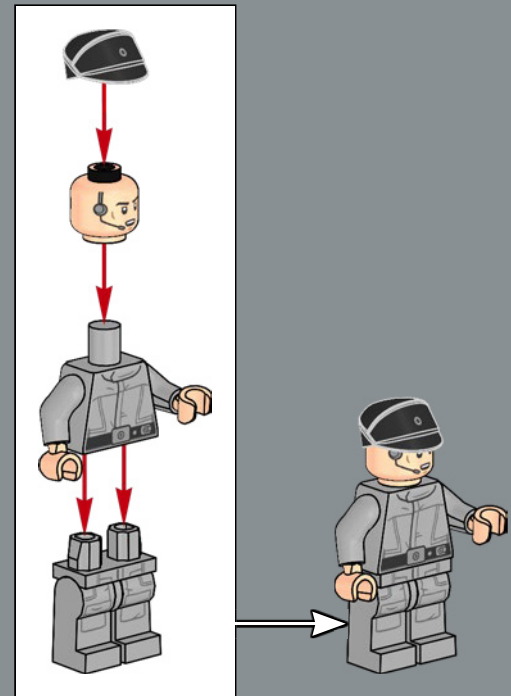

HAN SOLO (Capitano del *Millennium Falcon*)

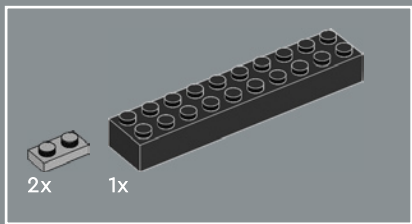

Il più famigerato e affascinante contrabbandiere della galassia, diventato eroe ribelle, ha imparato fin da giovane che l'unica persona di cui può fidarsi è se stesso. OK, e anche del suo copilota e complice Chewbacca. Ma il capitano del *Millennium Falcon* non ha molta pazienza con l'Impero (e viceversa), quindi magari può guadagnare qualche credito salvando una principessa dalle loro grinfie? Un piano perfetto.
