# RIEN QU'UN TAS DE FERRAILLE !

Nous ne sommes sûrement pas les seuls fans de *Star Wars* à avoir poussé un cri de joie lorsque Peli Motto a révélé le chasseur Naboo N-1 au Mandalorien dans *Le Livre de Boba Fett*. Après tout, notre passion, c'est de construire (et reconstruire) des vaisseaux spatiaux. Nous étions impatients de découvrir les astuces que la célèbre génie mécanique/ferrailleuse de Mos Eisley avait préparées pour remplacer le tristement célèbre *Razor Crest*. Bien sûr, nous avons dû créer notre version LEGO® *Star Wars*™ – et elle est maintenant prête à quitter le garage la boîte. Ce modèle à grande échelle destiné à l'exposition rejoint notre vaste Ultimate Collector Series – garanti sans poussière et capable de passer presque inaperçu.

Bonne construction !  
L'équipe LEGO® *Star Wars*™

## UN CLASSIQUE PRÉ-EMPIRE

Un vaisseau qui tient la route n'a pas besoin de sacrifier son look. Le chasseur Naboo N-1 est l'un des designs les plus remarquables du Corps d'ingénierie spatiale du Palais de Theed. Son nez chromé poli, ses lignes sculptées, ses moteurs jumelés réglés sur mesure : un parfait exemple de la tradition nabooïenne qui marie élégance et performance. À l'origine commandé par les forces de sécurité royales de Naboo, le N-1 est un monoplace élégant mais redoutable : ses doubles canons laser et torpilles à protons sont soutenus par une vitesse et une précision redoutables. Ses fameuses « queues de rat » servent de dissipateurs de chaleur pour un refroidissement optimal des moteurs, réduisant ainsi la pollution.

## LE VAISSEAU LE PLUS RAPIDE DE LA BORDURE EXTÉRIÈRE

Des décennies après ses exploits avec Anakin Skywalker, ce vaisseau emblématique trouve un nouveau pilote. Après avoir perdu le *Razor Crest*, Le Mandalorien, Din Djarin, est à la recherche de son digne successeur. Il repère d'abord le N-1 cabossé dans le garage de Peli Motto, mais ses premières impressions sont mitigées. Les ingénieurs Jawas de Motto récupèrent ensuite les meilleurs morceaux de ferraille du monde désertique (sans poser de questions), et la vision de Motto commence à prendre forme. Équipé d'un assimilateur turbonique venturi, d'un booster de combustion à densité cryogénique et d'une prise d'air sur mesure, le vaisseau offre une poussée foudroyante, l'hyperespace sans anneau d'amarrage, et une maniabilité parfaite pour les combats aériens.

**« Dank Farrik, il est rapide. »**

– Le Mandalorien

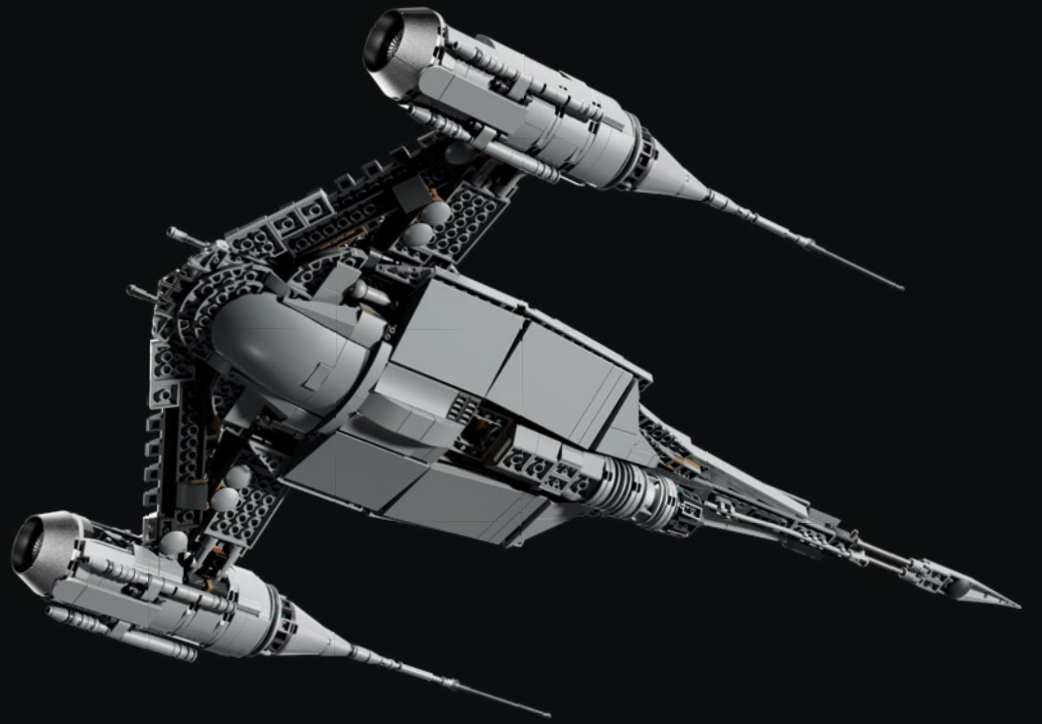

A detailed close-up of the LEGO Star Wars N-1 starfighter, showing the intricate mechanical details of the engine and wing assembly. The model is constructed from grey and black Technic bricks, with yellow accents on the wings. The background is a solid, vibrant yellow.

## L'ÉQUIPE DE DESIGN LEGO® STAR WARS™

Nos partenaires de Lucasfilm Ltd. nous ont fourni de nombreuses images de référence du N-1 et nous avons eu des centaines de photos d'une version grandeur nature. Sa forme organique a un fort attrait visuel, mais recréer le bas bulbeux du N-1 a été un vrai défi, tout comme l'angle subtil des ailes. Aucun élément existant ne permettait de reproduire l'angle exact, il a donc fallu expérimenter pour réussir. Les moteurs regorgent de petites pièces, tubes et éléments – c'est de loin la partie la plus complexe du modèle – et nous avons dû capturer tous les détails tout en gardant la stabilité et le confort de construction. Nous sommes particulièrement fiers du nombre d'éléments laqués que nous avons pu ajouter à l'extérieur. Le chrome brillant ajoute un réalisme supplémentaire, comme dans la série, et les marquages jaunes rappellent l'histoire du vaisseau, mariant look brut et design élégant. Au final, c'est un véhicule fascinant et nous espérons que vous serez fier de l'exposer.
