DIE MACHT DES IMPERIUMS

Kaum ein imperiales Schiff ist furchteinflößender als Darth Vaders Flaggschiff, die monströse *Executor*. Seine Vorgänger, die ursprünglichen Sternzerstörer der *Imperialen* Flotte, wirken im Vergleich dazu fast blass. Nach Admiral Ozzels gescheiterter Angriffsstrategie in der Schlacht von Hoth übernimmt Vader selbst das Kommando über die *Executor*, um die Mission zu Ende zu bringen. Obwohl es den meisten Rebellen gelingt zu fliehen, liegt ihre Basis in Trümmern. Während der Schlacht von Endor scheinen die Chancen für die Rebellen erneut schlecht zu stehen, doch dann wird der Koloss schließlich von einem A-Wing-Jäger der Rebellen vom Himmel geholt. Die Befreiung ist kathartisch. Im Laufe der Jahre haben wir unsere LEGO® *Star Wars*™ Flotte mit einigen beeindruckenden Raumschiffen erweitert, darunter frühere Versionen der *Executor* – aber nichts in diesem gewaltigen Maßstab.

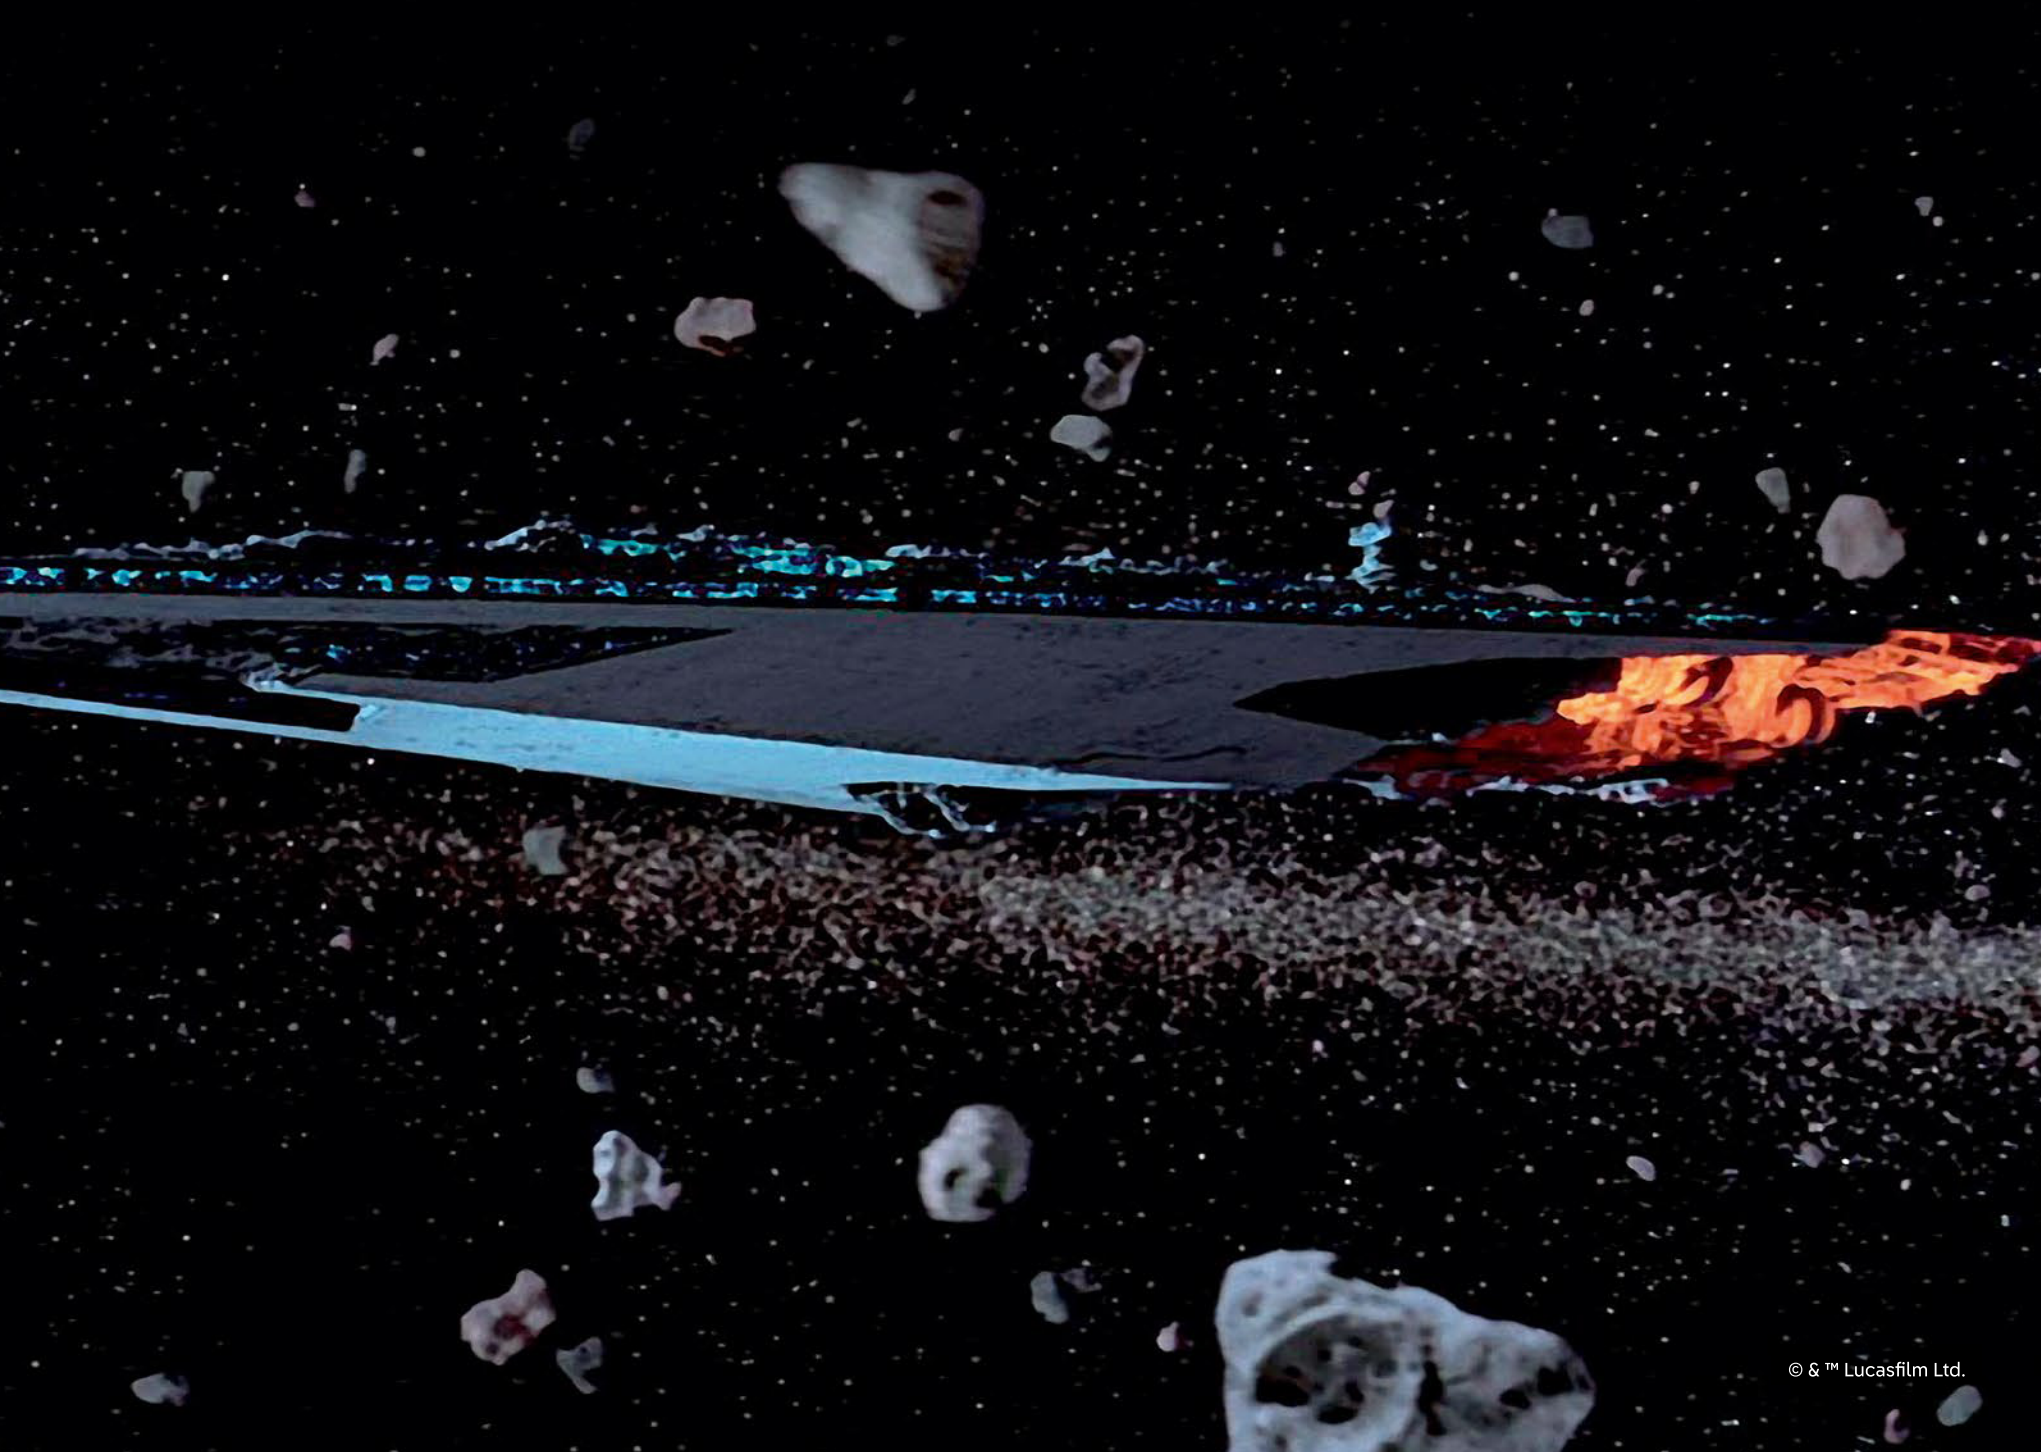

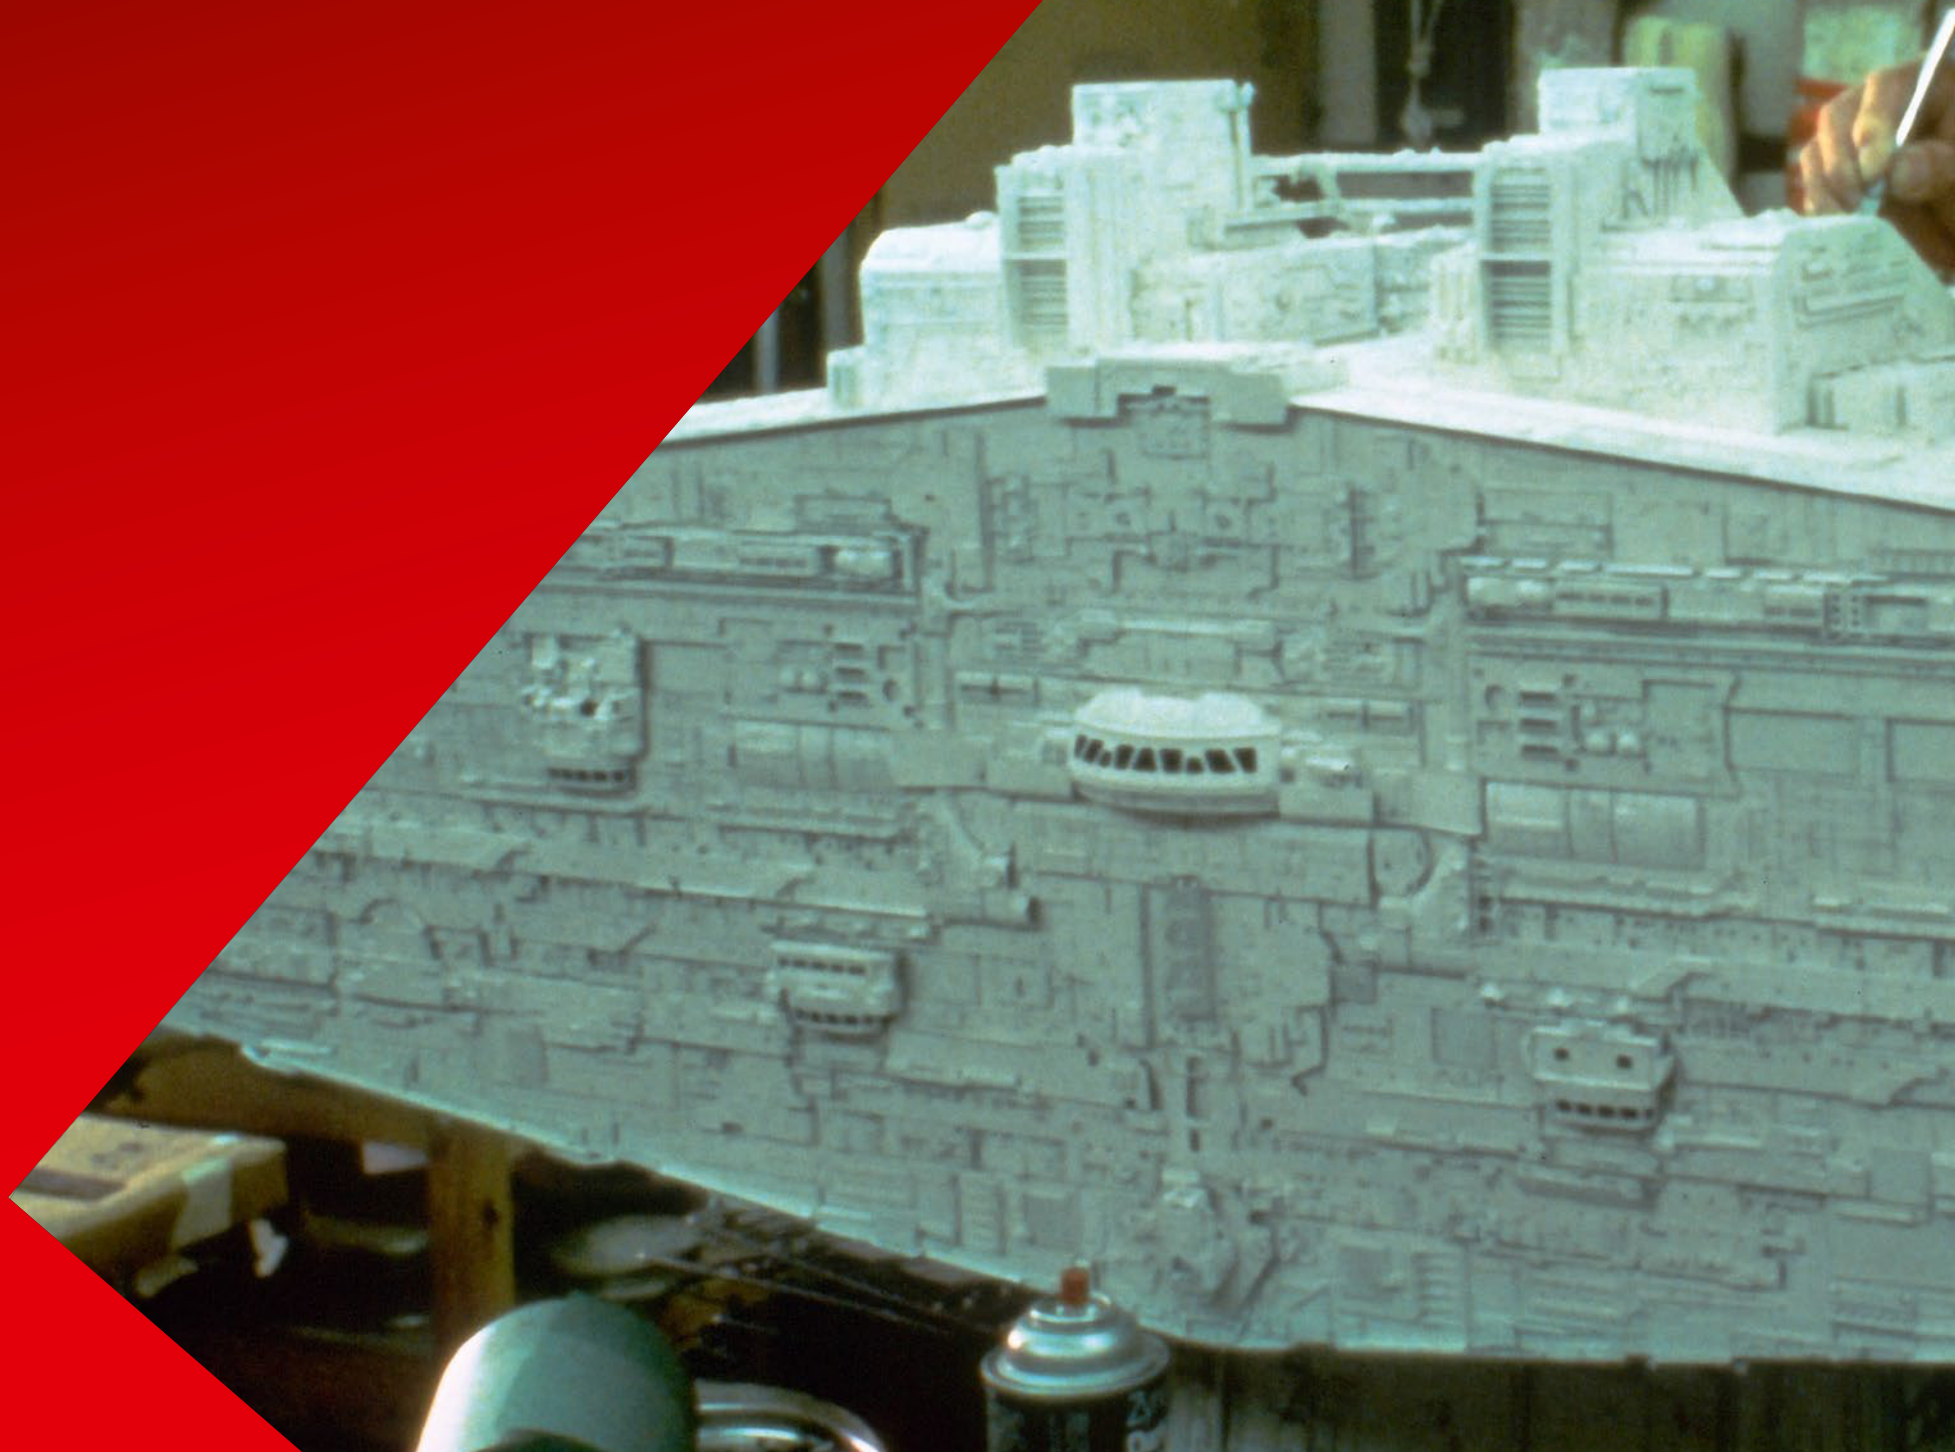

SELBST ÜBER DIE GALAXIE BESTIMMEN

Mit einer Länge von satten 19 km, also etwa zwölfmal so lang wie die ursprünglichen Sternzerstörer der *Imperialen* Flotte, ist Darth Vaders furchterregender Superkreuzer der *Executor*-Klasse eine Macht, mit der man rechnen muss. Es ist das erste seiner Art und wird Vader übergeben, der den Innenraum nach seinem Geschmack und seinen Bedürfnissen umgestalten lässt, einschließlich eines Meditationszimmers, wie er es auf Mustafar hat. Das aggressive, pfeilförmige Design unterstreicht die Vorherrschaft des Imperiums über die Galaxie und ist von mehr als 1.000 Waffen geschützt. Mit seiner gewaltigen Artillerie, kombiniert mit TIE-Jägern, TIE-Bombern und TIE-Abfangjägern, ist die *Executor* sowohl für Weltraum- als auch für Schlachten auf der Oberfläche von Planeten bestens gerüstet. Die einzige – aber letztlich entscheidende – Schwäche ist die offene Kommandobrücke.

BRÜCKE

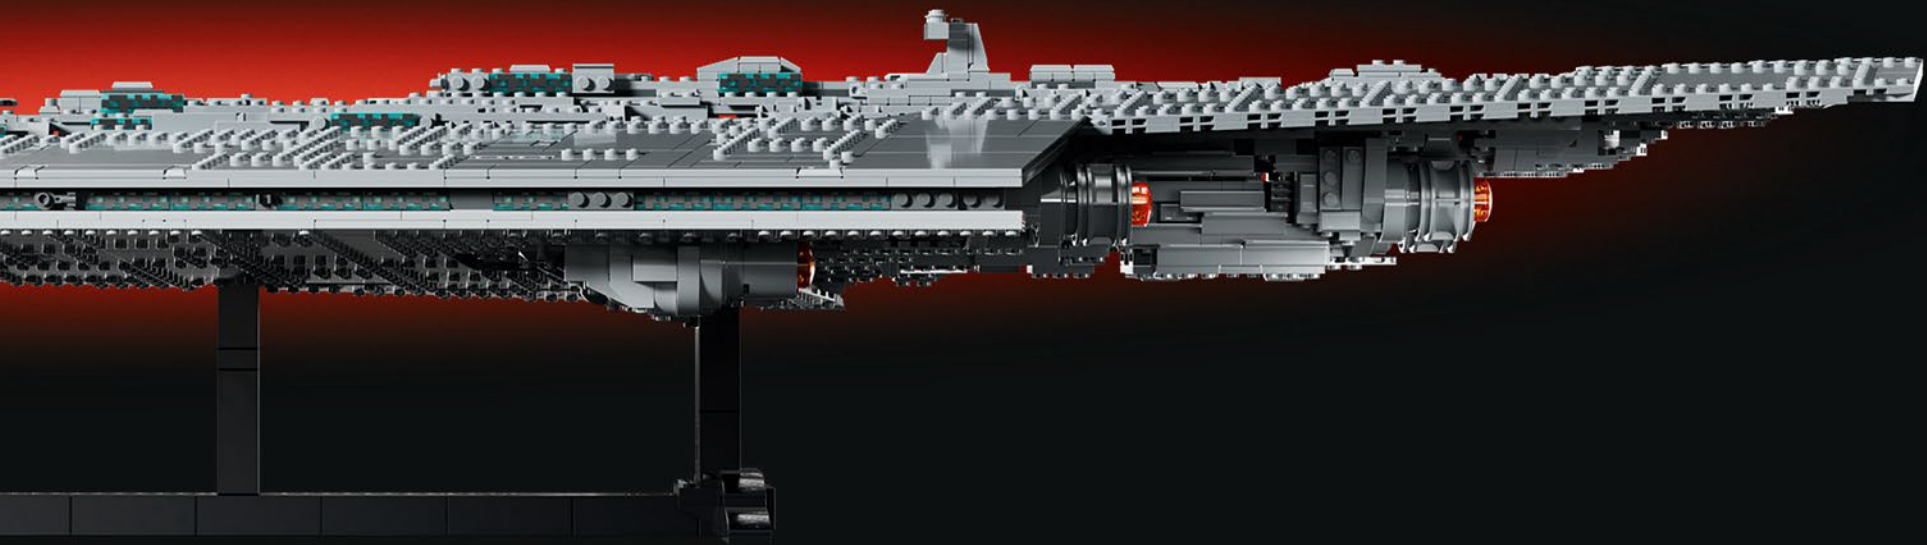

*Darth Vaders
Lichtschwert wird auf
der Brücke aufbewahrt*

A large, detailed LEGO Star Wars model of the Executor, a massive Imperial Star Destroyer. The model is shown from a low angle, emphasizing its scale. It features a complex internal structure with various rooms, corridors, and mechanical details visible through the hull. The model is primarily grey and black, with some blue and white accents. The background is a solid red color.

VOM LEGO® STAR WARS™ DESIGNTEAM

Einer der spannendsten Aspekte beim Bauen von Modellen der LEGO® Star Wars™ Ultimate Collector Series ist, dass der große Maßstab jede Menge Platz für raffinierte Details bietet. Für die Filmkulisse erdachten die Modellentwickler 250.000 „Lichtöffnungen“, um Fensterscheiben darzustellen und die immense Größe der *Executor* zu vermitteln. Wir haben mit verschiedenen Techniken experimentiert, um diesen Effekt in der LEGO Version nachzuahmen, und schließlich neue, verzierte Fensterelement-Teile entwickelt, die man überall auf der Oberfläche sehen kann. Die Pfeilform sorgt für ein interessantes, anspruchsvolles Bauerlebnis. Mit einer Länge von 136,5 cm ist es das bislang längste offizielle LEGO Modell. Von vorne bis hinten haben wir Anspielungen und authentische Elemente eingebaut, damit du während des gesamten Bauprozesses bei Laune bleibst, und wir hoffen, dass du dich darauf freust, das Ergebnis zu präsentieren.

Viel Spaß beim Bauen!
- Das LEGO® Star Wars™ Designteam

NUTZE DIE METHODEN, DIE DU WILLST

Kopfgeldjäger sind bekanntlich schwer zu fassen und werden selten gemeinsam in der Öffentlichkeit gesehen, geschweige denn in LEGO® Star Wars™ Sets. Zum ersten Mal sind sie alle als Minifiguren versammelt, herbeigerufen von Darth Vader auf der Brücke der *Executor*.

DARTH VADER

Als mächtiger Vollstrecker von Emperor Palpatine hält Darth Vader die Galaxie im eisernen Griff und verfügt über unbegrenzte Ressourcen – von seinen imperialen Truppen und der Flotte bis hin zu seinem Netz aus Spionen und Kopfgeldjägern.

DENGAR

Vernarbt, schroff und ohne Reue setzt Dengar auf rohe Gewalt und Feuerkraft. Sein mitgenommenes Äußeres zeugt von einem unerbittlichen Jäger mit einem ausgeprägten Ego. Dennoch haben ihm seine Erfolge das Vertrauen und den Respekt von Boba Fett eingebracht.

IG-88

Als unabhängiger Assassin-Droide ist IG-88 weit furchteinflößender als jeder Kampfdroide aus der Zeit der Klonkriege. Die auf Töten ausgelegte Programmierung von IG-88 lässt ihn als Kopfgeldjäger agieren. Er folgt Vaders Ruf, den *Millennium Falken* zu erbeuten.

BOBA FETT

Als Überlebender der Klonkriege hat Boba Fett keinerlei Skrupel, als einer von Vaders produktivsten und skrupellosesten Kopfgeldjägern zu dienen. Seine stark modifizierte Rüstung und sein schweigsames Auftreten verleihen ihm eine bedrohliche Ausstrahlung.

BOSSK

Der gefürchtete trandoshanische Jäger Bossk verlässt sich eher auf seine Urinstinkte als auf politische Taktiken. Einst war er ein Partner von Aurra Sing und dem jungen Boba Fett, heute jagt er allein nach Beute und wird später zum Rivalen von Fett bei der Jagd auf den *Millennium Falken*.

4-LOM

Als ehemaliger Protokoll-Droide hat sich 4-LOM der logischen Programmierung entzogen und ganz der Kopfgeldjagd verschrieben. Mittlerweile ist er zu einem rostigen Insekt geworden und nutzt die Angst vor Droiden geschickt aus, um sich seine Beute zu sichern.

ZUCKUSS

Zuckuss, ein methodischer Kopfgeldjäger der Gand, arbeitet oft mit 4-LOM zusammen. Still und diszipliniert schließt er sich der Jagd an, um die meistgesuchten Rebellen der Galaxis aufzuspüren.
