Chiron

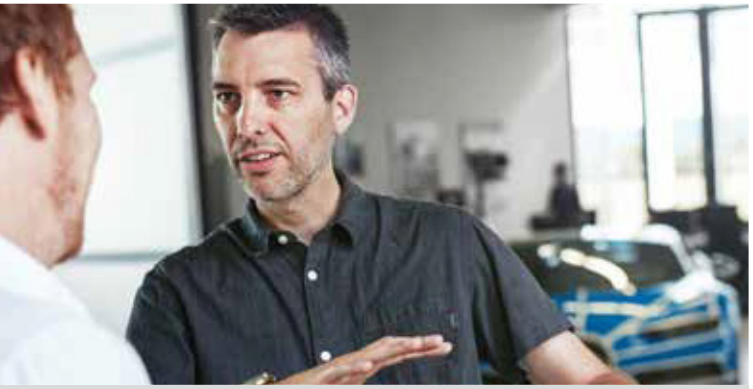

The LEGO® Technic Podcast

The podcast creates a unique audio soundtrack to your LEGO® building experience. As well as telling the story of these two special companies, each episode gives you a behind-the-scenes look at the challenges faced in recreating the key features and functions of the iconic Bugatti Chiron in LEGO® Technic elements.

The episodes are available for download on Stitcher, the Podcasts app on iOS and Google Play Music on Android devices. You can also stream the episodes on lego.com/technicpodcast.

Le balado (podcast) ajoute une bande sonore unique à votre expérience de construction LEGO®. Tout en racontant l'histoire bien spéciale de ces deux entreprises, chaque épisode vous fait découvrir les défis qui se sont présentés pendant la reproduction des caractéristiques principales de l'emblématique Bugatti Chiron en LEGO® Technic.

Les épisodes (en anglais seulement) sont... disponibles en téléchargement sur Stitcher, sur l'application Balados pour les appareils iOS et sur Google Play Musique pour les appareils Android. Vous pouvez également écouter les épisodes en continu sur lego.com/technicpodcast.

Andy Woodman // Senior Design Manager, LEGO® Technic

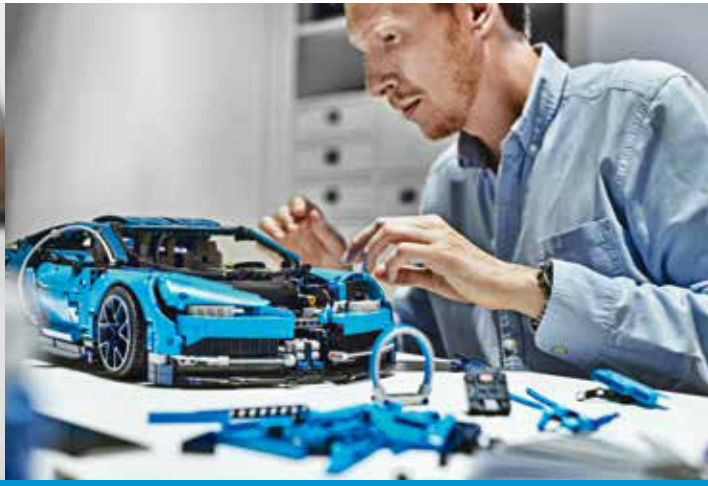

Julius Kruta // Head of Tradition, Bugatti

Achim Anscheidt // Director of Design, Bugatti

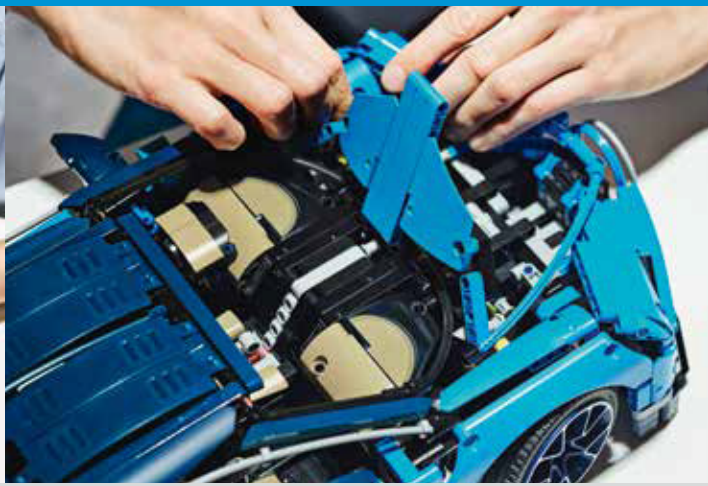

Podcast Episode 3 // The Spirit of Molsheim

I HAD TO START WHERE THE BUGATTI STORY STARTED

JE DEVAIS COMMENCER LÀ OÙ L'HISTOIRE DE BUGATTI A COMMENCÉ

Aurélien Rouffiange // Designer, LEGO® Technic

Podcast Episode 1 // Two Brands Coming Together

Historic gate, Château St. Jean // Bugatti Molsheim, France

I REBUILT THE MODEL A HUNDRED TIMES BEFORE I WAS SATISFIED

Podcast Episode 5 // The Marriage Process

J'AI RECONSTRUIT LE MODÈLE DES CENTAINES DE FOIS AVANT D'ÊTRE SATISFAIT DU RÉSULTAT

Podcast Episode 2 // The Bugatti Design DNA

THE AUTHENTICITY OF DESIGN FOUND IN THE CHIRON WILL STAND THE TEST OF TIME

L'AUTHENTICITÉ DU DESIGN DE LA CHIRON RÉSISTERA À L'ÉPREUVE DU TEMPS

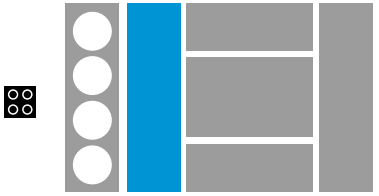

Achim Anscheidt // Director of Design, Bugatti

Podcast Episode 3 // The Spirit of Molsheim

Design Studio // Bugatti, Molsheim, France

BOX ONE // BOÎTE UN

THIS IS THE MOST SOPHISTICATED LEGO® TECHNIC ENGINE EVER BUILT

CE MOTEUR LEGO® TECHNIC EST LE PLUS COMPLEXE JAMAIS CONSTRUIT

Podcast Episode 4 // Engine & Gearbox

Creating the Bugatti Chiron's 1500 PS W16 engine, that propels the car to a top speed of 420 km/h (261 mph), (limited for road use), pushed the boundaries of motoring technology even further. Trying to recreate that engine and the sequential paddle-shift gearing system in LEGO® Technic bricks was also a huge challenge.

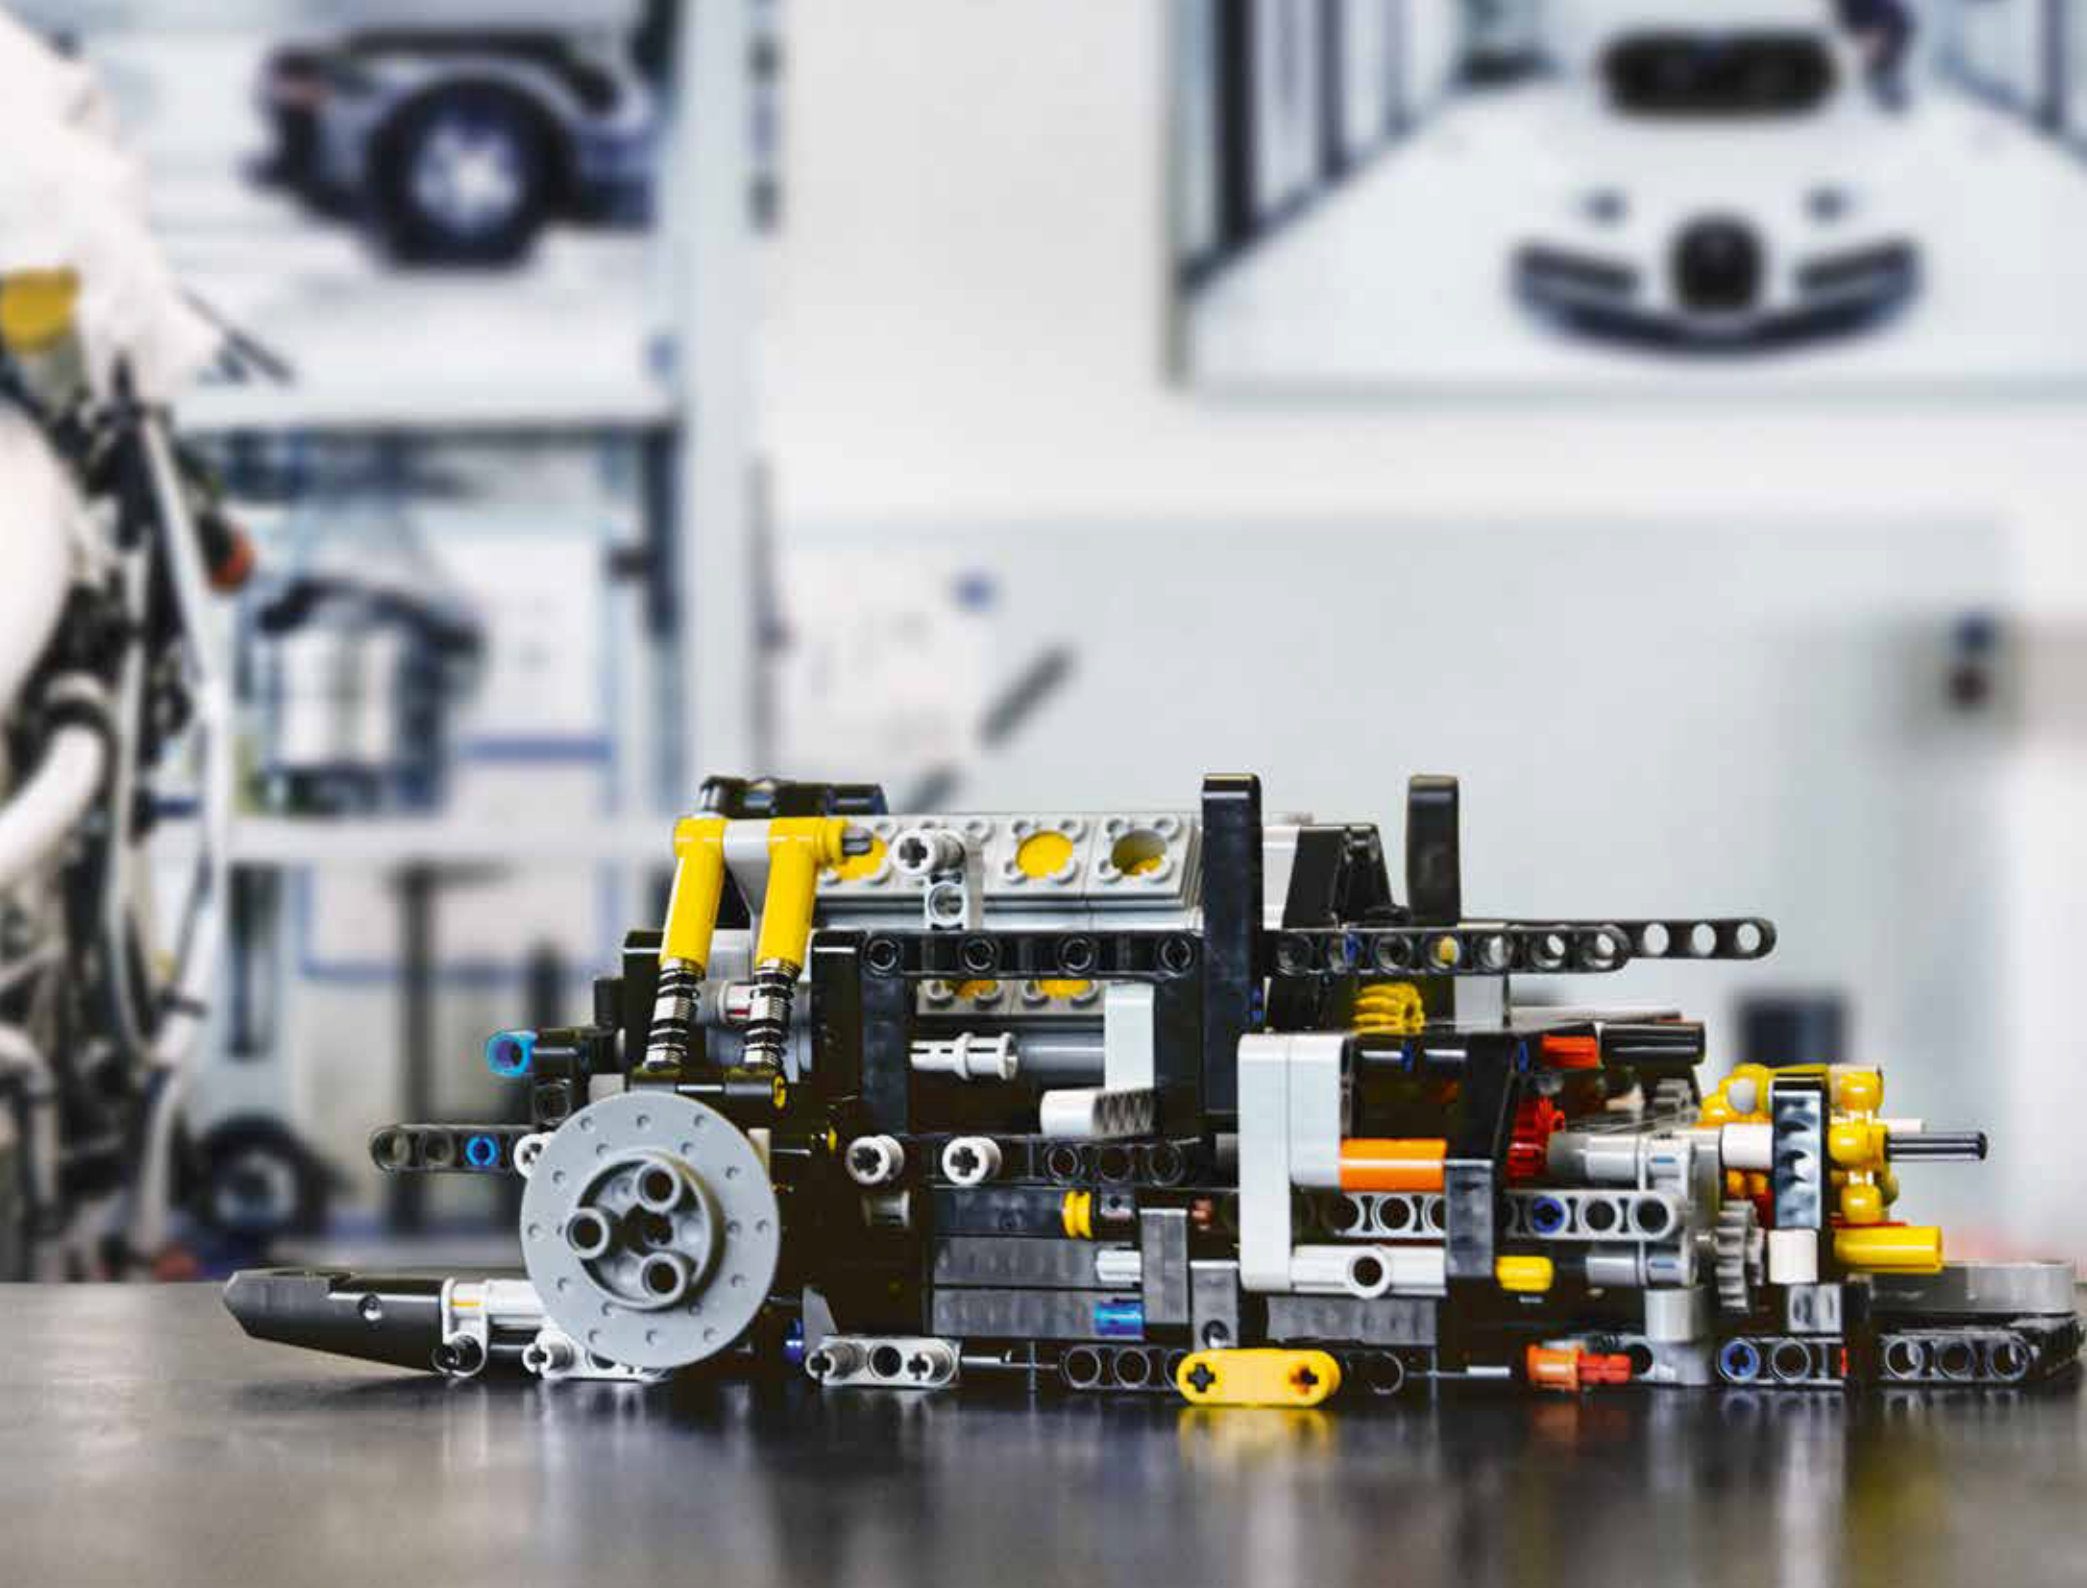

La création du moteur W16 de 1500 ch qui propulse la Chiron de Bugatti jusqu'à une vitesse de 420 km/h (limité pour le circuit routier) a repoussé les limites de la technologie automobile encore plus loin. Recréer ce moteur de même que la transmission manuelle séquentielle en LEGO® Technic était également un défi de taille.

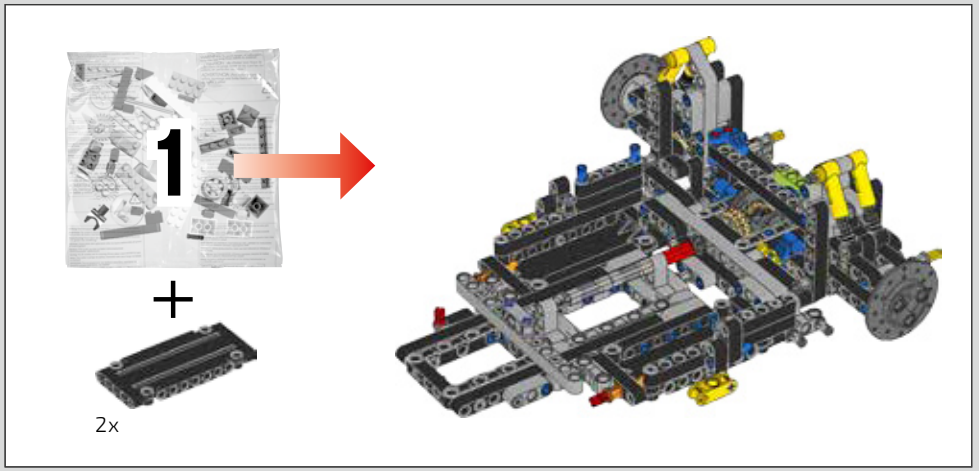

Michael T. Jeppesen // Designer, LEGO® Technic

BOX TWO // BOÎTE DEUX

IT WAS VITAL TO STAY TRUE TO THE ACTUAL ASSEMBLY PROCESS OF THE CHIRON

IL ÉTAIT ESSENTIEL DE RESTER FIDÈLE AU PROCESSUS DE MONTAGE DE LA CHIRON

Podcast Episode 5 // The Marriage Process

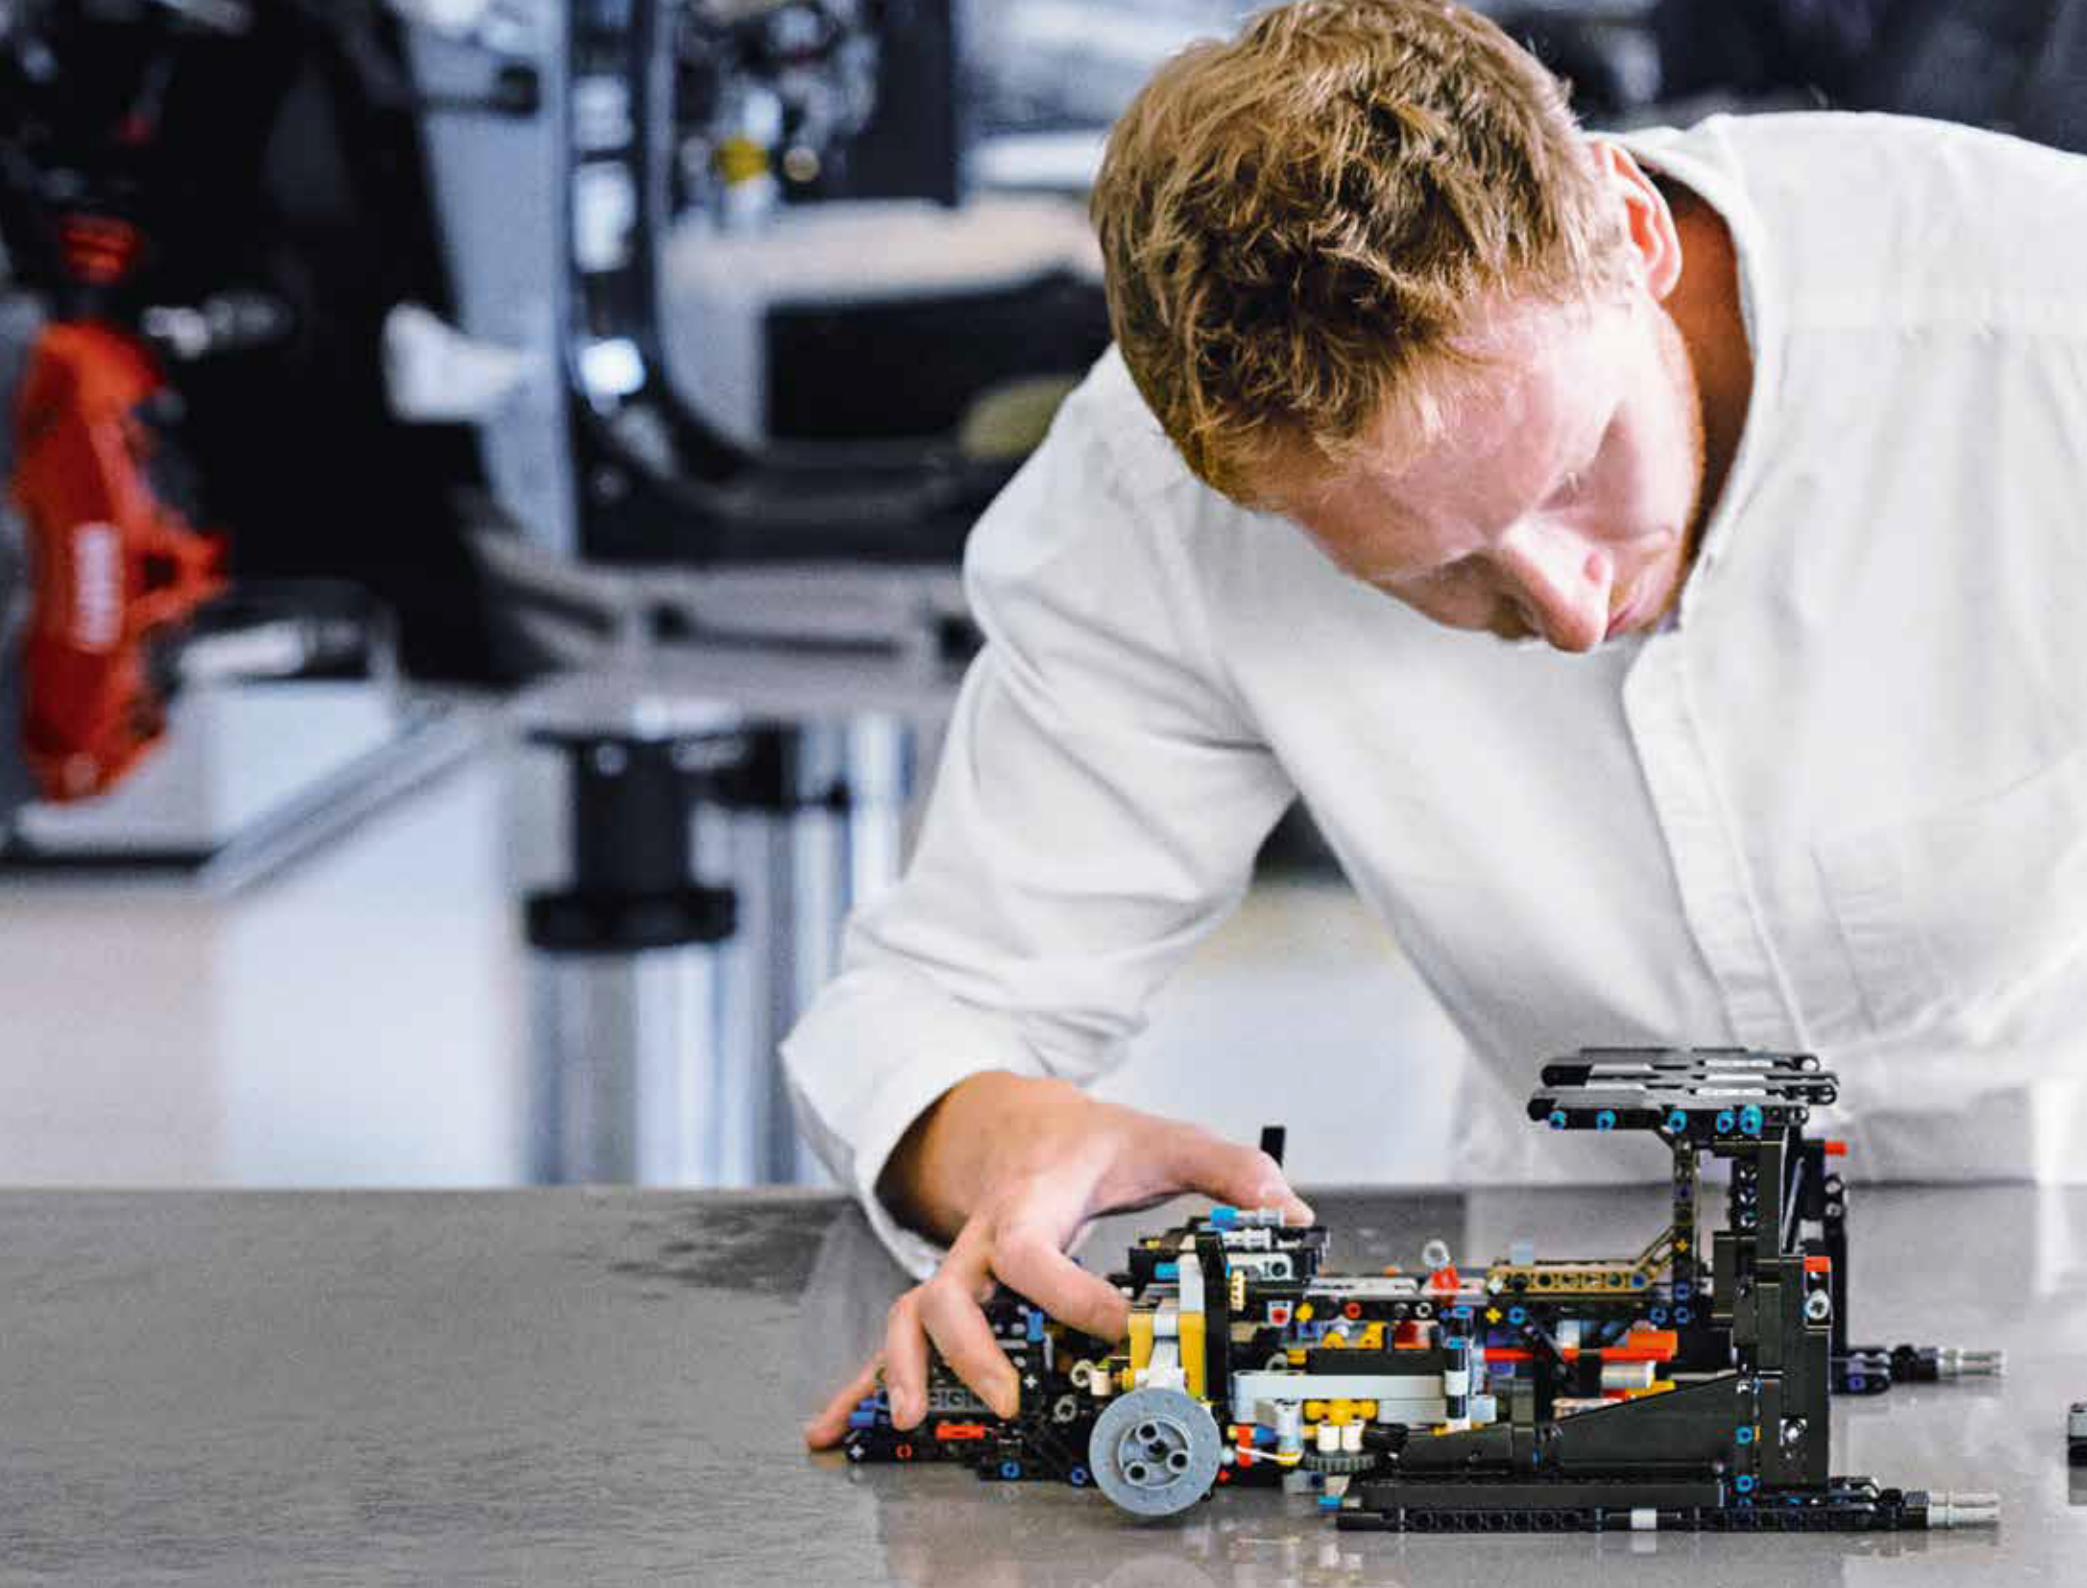

The high point of the Chiron chassis assembly is called “the marriage”. This is the moment at which the full carbon fibre monocoque and the rear-end containing the engine and the gearbox come together. It was important to reproduce this critical process in our LEGO® Technic model.

Le point d’orgue de l’assemblage du châssis de la Chiron est appelé « le mariage ». C’est le moment où sont enfin réunis la carrosserie monocoque entièrement faite de fibre de carbone et le train arrière renfermant le moteur et la boîte de vitesses. Il était important de reproduire ce processus capital avec notre modèle LEGO® Technic.
