This is a detailed isometric view of a LEGO Technic building, which appears to be a veterinary clinic or a similar professional setting. The building is constructed from white and grey Technic bricks, with various colored plates (green, orange, yellow, blue) used for flooring and wall accents. The structure is multi-level, with a ground floor and an upper floor. The ground floor features a reception area with a desk and a computer monitor, a waiting area with several chairs, and a room with a large window. The upper floor has a green roof and contains a room with a desk and a computer monitor, and another room with a large window. A purple arrow points to a specific area on the ground floor, likely indicating a step in the assembly process. The building is surrounded by a light blue background, and there are some small details like a potted plant and a trash can.
