CELEBRATING AN ICON

Born in Pontedera, Italy, in 1946, the Vespa was the perfect symbol of a bright new future. It quickly became more than just a means of transport, representing both the joy of living and modern fashion. With more than 75 years on the road, we thought it was the perfect time to celebrate this cultural icon and hope you'll enjoy building the LEGO® version of this classic vehicle.

CÉLÉBRATION D'UNE LÉGENDE

Crée en 1946 à Pontedera, en Italie, la Vespa était le symbole tout désigné d'un avenir prometteur. Elle est rapidement devenue bien plus qu'un simple moyen de transport, représentant à la fois la joie de vivre et la mode moderne. Après plus de 75 ans sur les routes, cette icône culturelle mérite d'être célébrée. Nous espérons que vous prendrez plaisir à construire la version LEGO® de ce véhicule classique.

HOMENAJE A UN ÍCONO

Nacida en Pontedera (Italia) en 1946, la Vespa era el símbolo perfecto de un nuevo y brillante porvenir. Pronto se convirtió en mucho más que un medio de transporte: representaba tanto la alegría de vivir como la modernidad urbana. Sus más de 75 años en la carretera nos parecieron un poderoso motivo para rendir homenaje a este ícono cultural. Esperamos que disfrutes construyendo la versión LEGO® de este clásico vehículo.

THE VESPA 125

Introduced in 1960, the Vespa 125 captured the care-free spirit of the decade, offering affordable style and mobility to a new youthful generation. Then as now, color has always played an important role, ensuring the Vespa's status as fashion icon. This pastel blue tone was also very much of its time and was the only color the 125 was available in when it launched.

LA VESPA 125

Lancée en 1960, la Vespa 125 saisit la légèreté insouciante de la décennie, offrant un style et une mobilité abordables à une nouvelle génération de jeunes. Hier comme aujourd'hui, la couleur a toujours assuré à la Vespa un statut d'icône de la mode. Ce ton bleu pastel était également très en vogue à l'époque, et la 125 n'était disponible que dans cette couleur à son lancement.

LA VESPA 125

Puesta a la venta en 1960, la Vespa 125 expresaba el espíritu despreocupado de la década y ofrecía, a un precio accesible, una combinación perfecta de estilo y movilidad a una nueva generación de jóvenes. Desde entonces y hasta ahora, el color siempre ha sido fundamental, parte de la esencia que asegura a la Vespa su estatus de ícono de la moda. Este tono azul pastel tan característico de la época fue también inicialmente el único color disponible de la 125.

THE PERFECT NAME

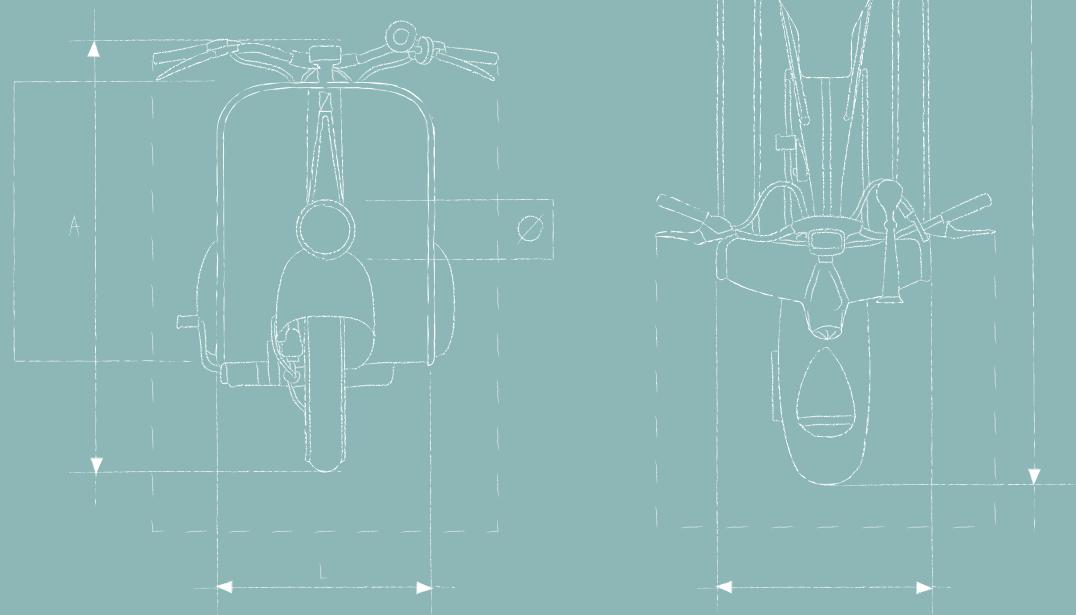

Legend has it that when designer Corradino D'Ascanio presented his prototype to Enrico Piaggio, the manufacturer took one look at the vehicle's distinct body shape and antenna-like handlebars and exclaimed: "Sembra una vespa!" ("It looks like a wasp!"). When the sound of the engine was heard, it became even clearer that the perfect name had been found.

EL NOMBRE PERFECTO

Cuenta la leyenda que, cuando el diseñador Corradino D'Ascanio presentó su prototipo a Enrico Piaggio, el empresario miró la distintiva forma del chasis del vehículo y su manubrio semejante a unas antenas, y exclamó: "Sembra una vespa!" ("¡Parece una avispa!"). El sonido del motor corroboró que se había encontrado el nombre perfecto.

LE NOM PARFAIT

La légende veut que lorsque le concepteur Corradino D'Ascanio a présenté son prototype à Enrico Piaggio, le constructeur aurait jeté un coup d'œil à la silhouette distinctive du véhicule et au guidon rappelant des antennes avant de s'exclamer : « Sembra una vespa! » (« On dirait une guêpe! »). Lorsque le moteur s'est fait entendre, il est devenu encore plus clair que le nom parfait avait été trouvé.

FROM THE DESIGN TEAM

"The biggest challenge for us was recreating the Vespa's organic rounded shapes in LEGO® elements. It took some time, but once this was achieved, we could start adding all those small but important details like the removable engine cover, kick-starter and pedals. Lastly, we worked on fun touches like the detachable flower basket and helmet with goggles to celebrate the iconic Dolce Vita feeling of the Vespa 125 from the mid-sixties."

Florian Müller, Senior Designer

UN MOT DE L'ÉQUIPE DE CONCEPTION

« Le plus grand défi pour nous a été de recréer les formes organiques arrondies de la Vespa avec des éléments LEGO®. Cela nous a pris un certain temps, mais une fois cette étape franchie, nous avons pu commencer à ajouter tous les petits détails importants, comme le capot amovible du moteur, le démarreur et les pédales. Enfin, nous avons ajouté des touches amusantes, comme le panier de fleurs amovible et le casque avec des lunettes, pour célébrer l'esprit de la "dolce vita" de la Vespa 125 du milieu des années 1960. »

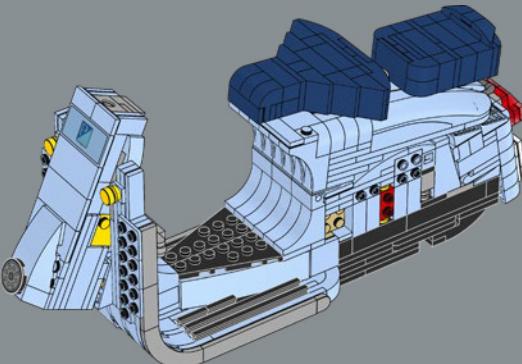

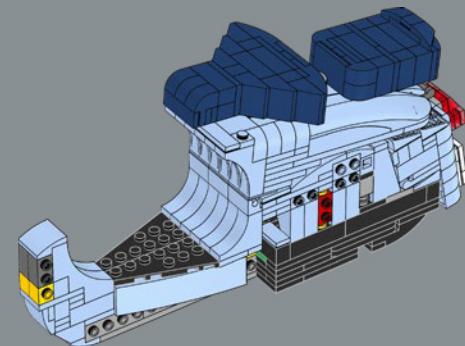

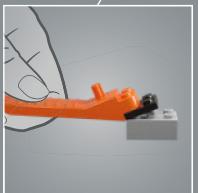

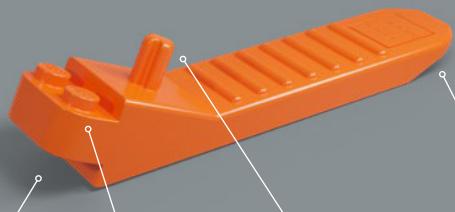

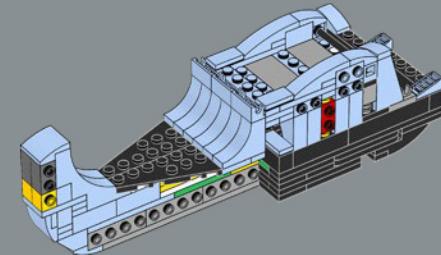

Florian Müller, concepteur principal

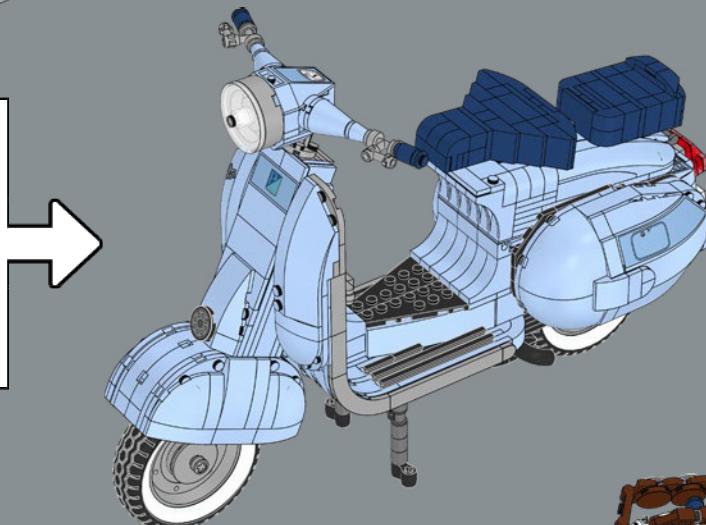

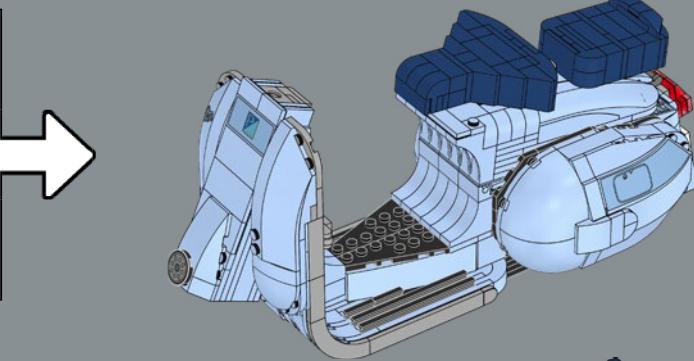

IMPRESIONES DEL EQUIPO DE DISEÑO

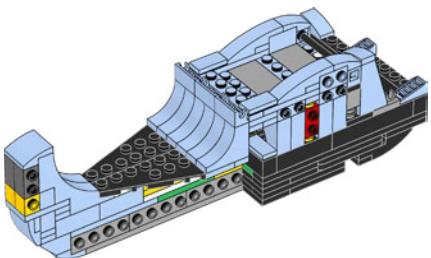

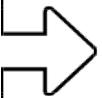

"El mayor desafío al que nos enfrentamos fue recrear las redondeadas formas orgánicas de la Vespa con elementos LEGO®. Nos llevó un tiempo, pero una vez lo logramos, pudimos empezar a incorporar todos sus pequeños e importantes detalles, entre los que destacan la cubierta del motor removible, el pedal de arranque y los pedales. Luego nos ocupamos de los divertidos toques finales, como la cesta de flores extraíble y el casco con lentes, para celebrar el mítico espíritu de la dolce vita que identifica a la Vespa 125 de mediados de los años sesenta".

Florian Müller, diseñador senior
