WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

DRIVEN BY **PASSION**

After winning three consecutive Formula 1® Drivers' Championships (2021-2023), and Constructors' Championships in 2022 and 2023, the Oracle Red Bull Racing team has cemented its position as a world-class racing legend. The Oracle Red Bull Racing RB20 released in 2024 builds on the successes of its predecessors. Ultra-tuned for optimized performance with a 900 hp V6 engine, the front suspension has kept its pull-rod actuation with slight modifications, and the rear suspension has evolved while maintaining push-rod geometry. The LEGO® Technic™ version of this celebrated icon is ready to conquer the podiums – or your shelves!

PROPULSÉE PAR LA **PASSION**

Après avoir remporté trois championnats des pilotes de Formule 1® consécutifs (de 2021 à 2023), et les championnats des constructeurs en 2022 et 2023, l'écurie Oracle Red Bull Racing a cimenté sa position de légende de la course automobile mondiale. La Oracle Red Bull Racing RB20 sortie en 2024 s'appuie sur les succès de ses prédécesseurs. La voiture est conçue pour des performances optimisées avec un moteur V6 de 900 ch, sa suspension avant a conservé son actionnement par tige de traction avec de légères modifications, et la suspension arrière a évolué tout en conservant la géométrie de la tige de poussée. La version LEGO® Technic™ de ce célèbre emblème est prête à conquérir les podiums... ou vos étagères !

PASIÓN COMO COMBUSTIBLE

El equipo Oracle Red Bull Racing se ha consolidado como una leyenda de clase mundial en las carreras luego de asegurarse tres Campeonatos de Pilotos de Formula 1® consecutivos (2021-2023) y los Campeonatos de Constructores de 2022 y 2023. Creciendo sobre el éxito de sus predecesores, el Oracle Red Bull Racing RB20, lanzado en 2024, lleva sus características al límite. Ajustado con ultraprecisión para desarrollar el máximo desempeño e impulsado por un motor V6 de 900 HP, el auto cuenta con suspensión delantera refinada con actuación mediante varillas de tracción y suspensión trasera evolucionada que mantiene la geometría de las varillas de empuje. ¡La versión LEGO® Technic™ de este celebrado ícono está lista para dominar tanto los podios como los estantes de exhibición!

RECREATING EVERY DETAIL

Every detail inside and out mimics the real-life design; from the authentic push- and pull-rod suspension, steering and removable engine cover to the updated V6 engine block design and spinning MGU-H unit, 2-speed gearbox and adjustable spoiler. A dark blue and yellow livery with sponsor logos completes the look.

RECRÉER CHAQUE DÉTAIL

Chaque détail à l'intérieur et à l'extérieur imite la conception réelle : l'authentique suspension à tige poussée et tirée, la direction et le capot moteur amovible, la conception actualisée du bloc moteur V6, l'unité MGU-H tournante, la boîte de vitesses à 2 rapports et l'aileron réglable. Une livrée bleu foncé et jaune avec les logos des commanditaires complète le look.

METICULOSA ATENCIÓN AL DETALLE

El modelo recrea fielmente cada aspecto interior y exterior del diseño real, desde la auténtica suspensión con varillas de empuje y tracción hasta la dirección o el cofre removible del motor. También incluye un diseño actualizado del bloque motor V6, una unidad MGU-H giratoria, caja de cambios de 2 velocidades y alerón ajustable. La impactante decoración en azul oscuro y amarillo, adornada con los logotipos de los patrocinadores, completa su atractivo aspecto.

FROM THE LEGO® DESIGN TEAM

This collaboration with the Oracle Red Bull Racing Design teams was a pleasure. We developed new suspension elements, including wishbones, track rods and special beams with ball cups and balls, to support the model's weight forces. The nose section had to be sturdy, narrow and elegant like the real vehicle. We hope the result will win the hearts of LEGO® Technic™ and Formula 1® enthusiasts alike.

UN MOT DE L'ÉQUIPE DE CONCEPTION LEGO®

Nous avons adoré travailler avec les équipes de conception de l'Oracle Red Bull Racing. Nous avons développé de nouveaux éléments de suspension, notamment des triangles, des tiges de guidage et des poutres spéciales avec des coupelles et des billes, pour supporter les forces de poids du modèle. Le nez devait être robuste, étroit et élégant, comme sur le vrai véhicule. Nous espérons que le résultat gagnera le cœur des amateurs de LEGO® Technic™ et de Formule 1®.

IMPRESIONES DEL EQUIPO DE DISEÑO DE LEGO®

Colaborar con los equipos de diseño de Oracle Red Bull Racing fue un placer. Desarrollamos nuevos elementos de suspensión, como horquillas, varillas de dirección y vigas especializadas con copas y bolas, para soportar la distribución del peso del modelo. Se prestó especial atención a la elaboración de una sección de nariz que fuera resistente, estrecha y elegante, reflejando el vehículo real. Esperamos que el resultado cautive tanto a los entusiastas de LEGO® Technic™ como a los fans de la Formula 1®.
