AUTOBOTS, CONVERT AND ROLL OUT!

What started off in 1984 as a series of toy robots that could quickly change into other forms became a global cultural phenomenon encompassing comic books, video games, animations and live-action blockbuster movies. It's little wonder generations of fans continue to follow the epic battles between the Autobots and

Decepticons for control of the planet of Cybertron and beyond. This LEGO® model of Optimus Prime, the charismatic leader of the Autobots, is the first time the Transformers universe is represented in LEGO bricks. Enjoy.

AUTOBOTS, TRANSFORMATION ET DÉPLOIEMENT !

En 1984, ce qui n'était au départ qu'une série de robots jouets pouvant rapidement se transformer est devenu un phénomène culturel mondial qui s'est décliné en bandes dessinées, en jeux vidéo, en dessins animés et en superproductions en prises réelles. Il n'est pas étonnant que des générations d'amateurs continuent

à suivre les batailles épiques entre les Autobots et les Decepticons, qui désirent conquérir la planète Cybertron et l'univers. Ce modèle LEGO® d'Optimus Prime, le commandant charismatique des Autobots, marque la première fois que le monde des Transformers est transposé en briques LEGO. Amusez-vous !

¡AUTOBOTS, TRANSFÓRMENSE Y AVANCEN!

Lo que comenzó en 1984 como una colección de robots de juguete que podían cambiar de forma rápidamente se ha convertido en un fenómeno cultural de alcance mundial que abarca cómics, videojuegos, series de animación y grandes éxitos cinematográficos de acción real. No es de extrañar que generaciones de fans continúen siguiendo las legendarias batallas

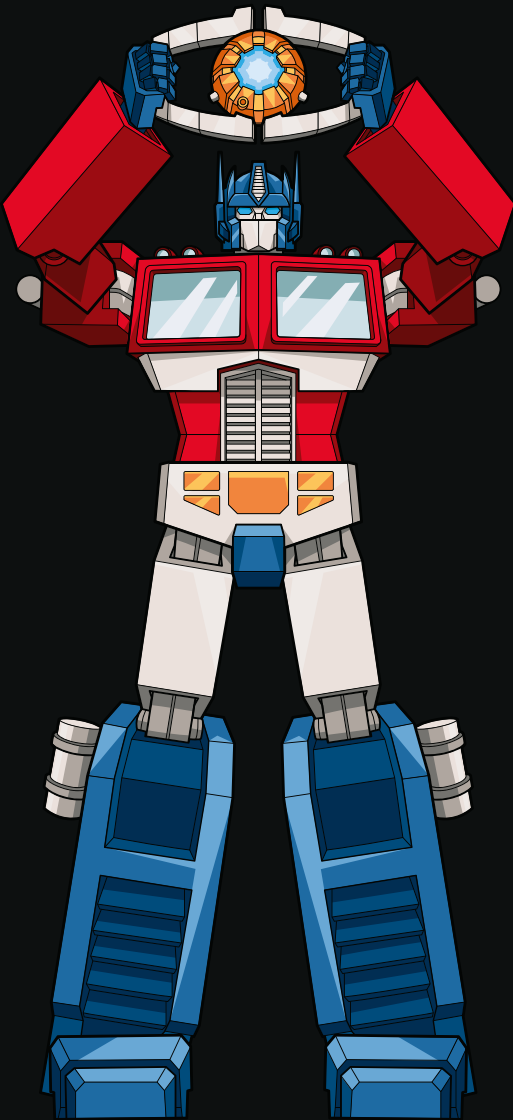

entre los Autobots y los Decepticons por el control del planeta de Cybertron y más allá. Este modelo LEGO® de Optimus Prime, el carismático líder de los Autobots, representa la primera interpretación del universo Transformers con bricks LEGO. Esperamos que lo disfrutes.

OPTIMUS PRIME

The true hero of the Transformers universe is Optimus Prime, a powerful leader defined by his strong moral character and heroic feats on the battlefield against his arch-enemy Megatron and the Decepticons. He carries the Matrix of Leadership, an ancient and powerful artifact that gives him upgraded abilities and knowledge of all Cybertronian history.

Le véritable héros du monde des Transformers est Optimus Prime, un commandant puissant qui se distingue par sa grande conscience morale et ses exploits héroïques sur le champ de bataille contre son ennemi juré Megatron et les Decepticons. Il porte la Matrice de commandement, un ancien et puissant artefact qui lui confère des compétences améliorées et la connaissance de toute l'histoire cybertronienne.

El verdadero héroe del universo Transformers es Optimus Prime, un poderoso líder caracterizado por su marcada moral y sus heroicas hazañas en el campo de batalla contra su archienemigo, Megatron, y los Decepticons. Es el portador de la Matriz del Liderazgo, un antiguo y poderoso artefacto que le otorga habilidades superiores y el conocimiento de la historia de Cybertron en su totalidad.

There may be faster Transformers with more potent firepower, but everything else in the stats reinforces Optimus Prime's position as a dedicated leader and fearless warrior.

ONE SHALL STAND, ONE SHALL FALL!

Just like the original toy, this LEGO® model of Optimus Prime is capable of turning from robot mode to truck mode and back. It also comes with many of his iconic accessories: an Ion Blaster, Energon Axe, Jetpack and the Autobot Matrix of Leadership. It also has an Energon cube to give him energy to battle his evil foes!

UN S'ÉLÈVERA, ET UN TOMBERA !

Tout comme le jouet original, ce modèle LEGO® d'Optimus Prime est capable de passer du mode robot au mode camion, et vice-versa. Il comprend également un grand nombre de ses accessoires emblématiques : un fusil à ions, une hache d'Energon, un réacteur et la Matrice de commandement des Autobots. Il est aussi équipé d'un cube d'Energon qui lui fournit l'énergie nécessaire pour combattre ses ennemis maléfiques !

¡UNO SE LEVANTARÁ, UNO CAERÁ!

Al igual que el juguete original, este modelo LEGO® de Optimus Prime es capaz de pasar del modo robot al modo camión y viceversa. Incluye también muchos de sus accesorios más conocidos: un bláster de iones, el hacha de Energon, una mochila propulsora y la Matriz del Liderazgo Autobot. ¡También cuenta con un cubo de Energon que le proporciona energía para pelear contra sus malvados oponentes!

FROM THE LEGO® DESIGN TEAM

"Transformers was what inspired me to become a toy designer, so I was very excited to use LEGO bricks to bring Optimus to life. There were many challenges in designing this model to make it both stable, dynamic and faithful to the design of Optimus. The most fun challenge, however, was getting him to change between modes without disassembly. To do this I built block shapes of the major components, adjusting proportions to match both the robot and the vehicle. The transformation had to be as simple as possible without compromising the look of either mode."

- Joseph Patrick Kyde, Senior Designer

UN MOT DE L'ÉQUIPE DE CONCEPTION LEGO®

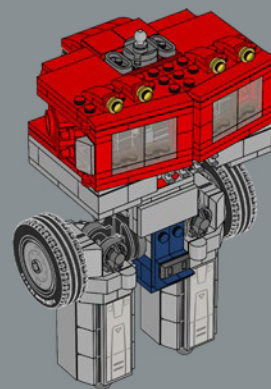

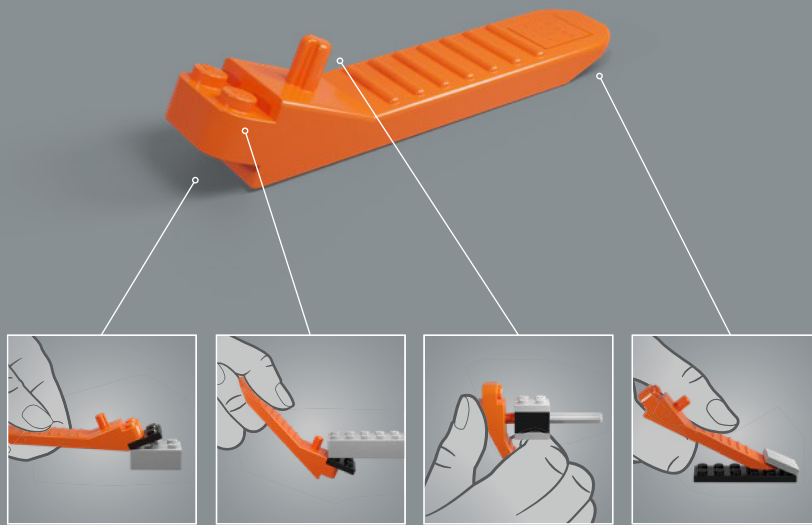

« Transformers est ce qui m'a inspiré à devenir concepteur de jouets. J'étais donc très emballé à l'idée d'utiliser des briques LEGO pour donner vie à Optimus. La conception de ce modèle a posé bien des difficultés pour le rendre à la fois stable, dynamique et fidèle au style d'Optimus. Le défi le plus amusant, cependant, a été de parvenir à le faire changer de mode sans le démonter. Pour ce faire, j'ai construit des blocs formés des principaux composants, en ajustant les proportions pour qu'elles conviennent à la fois au robot et au véhicule. La transformation devait être aussi simple que possible sans compromettre l'aspect des deux modes. »

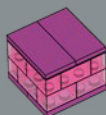

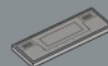

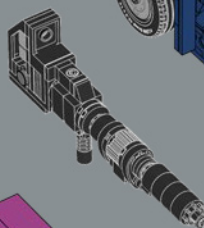

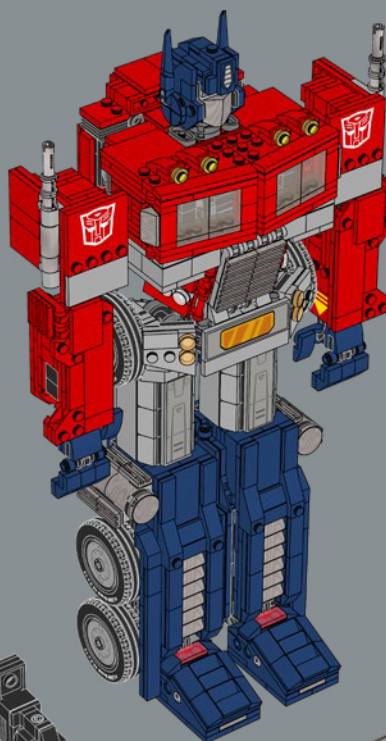

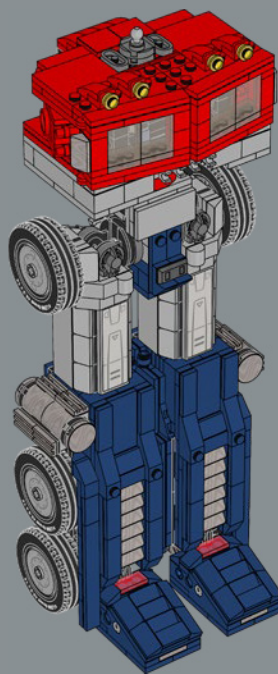

- Joseph Patrick Kyde, concepteur principal

IMPRESIONES DEL EQUIPO DE DISEÑO DE LEGO®

"Los Transformers me inspiraron para convertirme en diseñador de juguetes, así que me entusiasmó la idea de usar bricks LEGO para darle vida a Optimus. Tuvimos que resolver muchos problemas al diseñar el modelo para lograr que fuera estable, dinámico y fiel al aspecto del personaje. El reto más divertido, no obstante, fue lograr que cambiara de un modo a otro sin desarmarlo. Para ello, construí los principales componentes como si fueran bloques, ajustando las proporciones para que coincidieran tanto con las del robot como con las del vehículo. La transformación tenía que ser lo más sencilla posible, sin comprometer el aspecto en ninguno de los modos".

- Joseph Patrick Kyde, diseñador sénior

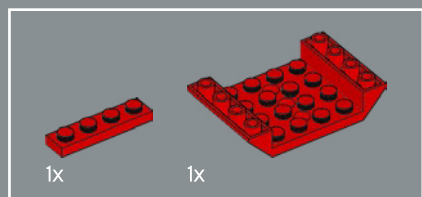

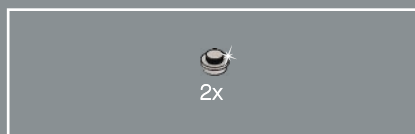

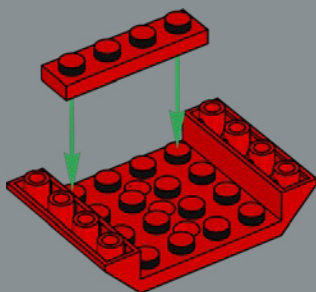

According to his original bio, Optimus Prime is the largest, strongest and wisest of all the Autobots. He feels his role is the protection of all life.

Selon sa description officielle, Optimus Prime est le plus grand, le plus fort et le plus sage de tous les Autobots. Il estime que son rôle est de protéger toute vie.

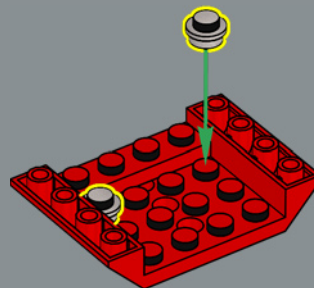

Según su biografía original, Optimus Prime es el más grande, fuerte y sabio de los Autobots. Considera que su misión es proteger todas las formas de vida.

The original toy's hands had to be detached and could be stored in his chest in vehicle mode. In this LEGO® model, the hands are designed to fold into the wheel wells instead of detaching.

Les mains du jouet original devaient être détachées et rangées dans son torse en mode véhicule. Dans ce modèle LEGO®, les mains sont conçues pour se replier dans les passages de roue et n'ont pas besoin d'être détachées.

En el primer juguete, había que desarmar las manos y guardarlas dentro del pecho en el modo vehículo. En este modelo LEGO®, las manos están diseñadas para plegarse en los huecos de las ruedas, lo que evita la necesidad de quitarlas.

Optimus started his life on Cybertron as a civilian known as Orion Pax but was rebuilt as Optimus Prime to lead the Autobots in their fight with the Decepticons.

Optimus a commencé sa vie sur Cybertron en tant que civil, sous le nom d'Orion Pax, mais a été reconstruit en tant qu'Optimus Prime pour mener les Autobots dans leur combat contre les Decepticons.

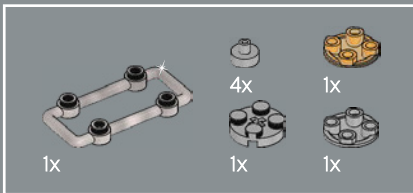

Optimus comenzó su vida en Cybertron como civil, bajo el nombre de Orion Pax, pero fue reconstruido como Optimus Prime para liderar a los Autobots en su lucha contra los Decepticons.

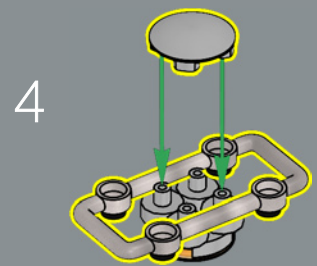

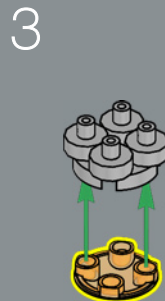

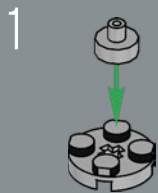

The Matrix of Leadership is an artifact of great power, passed from one Autobot leader to the next. It is thought to be connected to Primus, the creator-God of all Transformers.

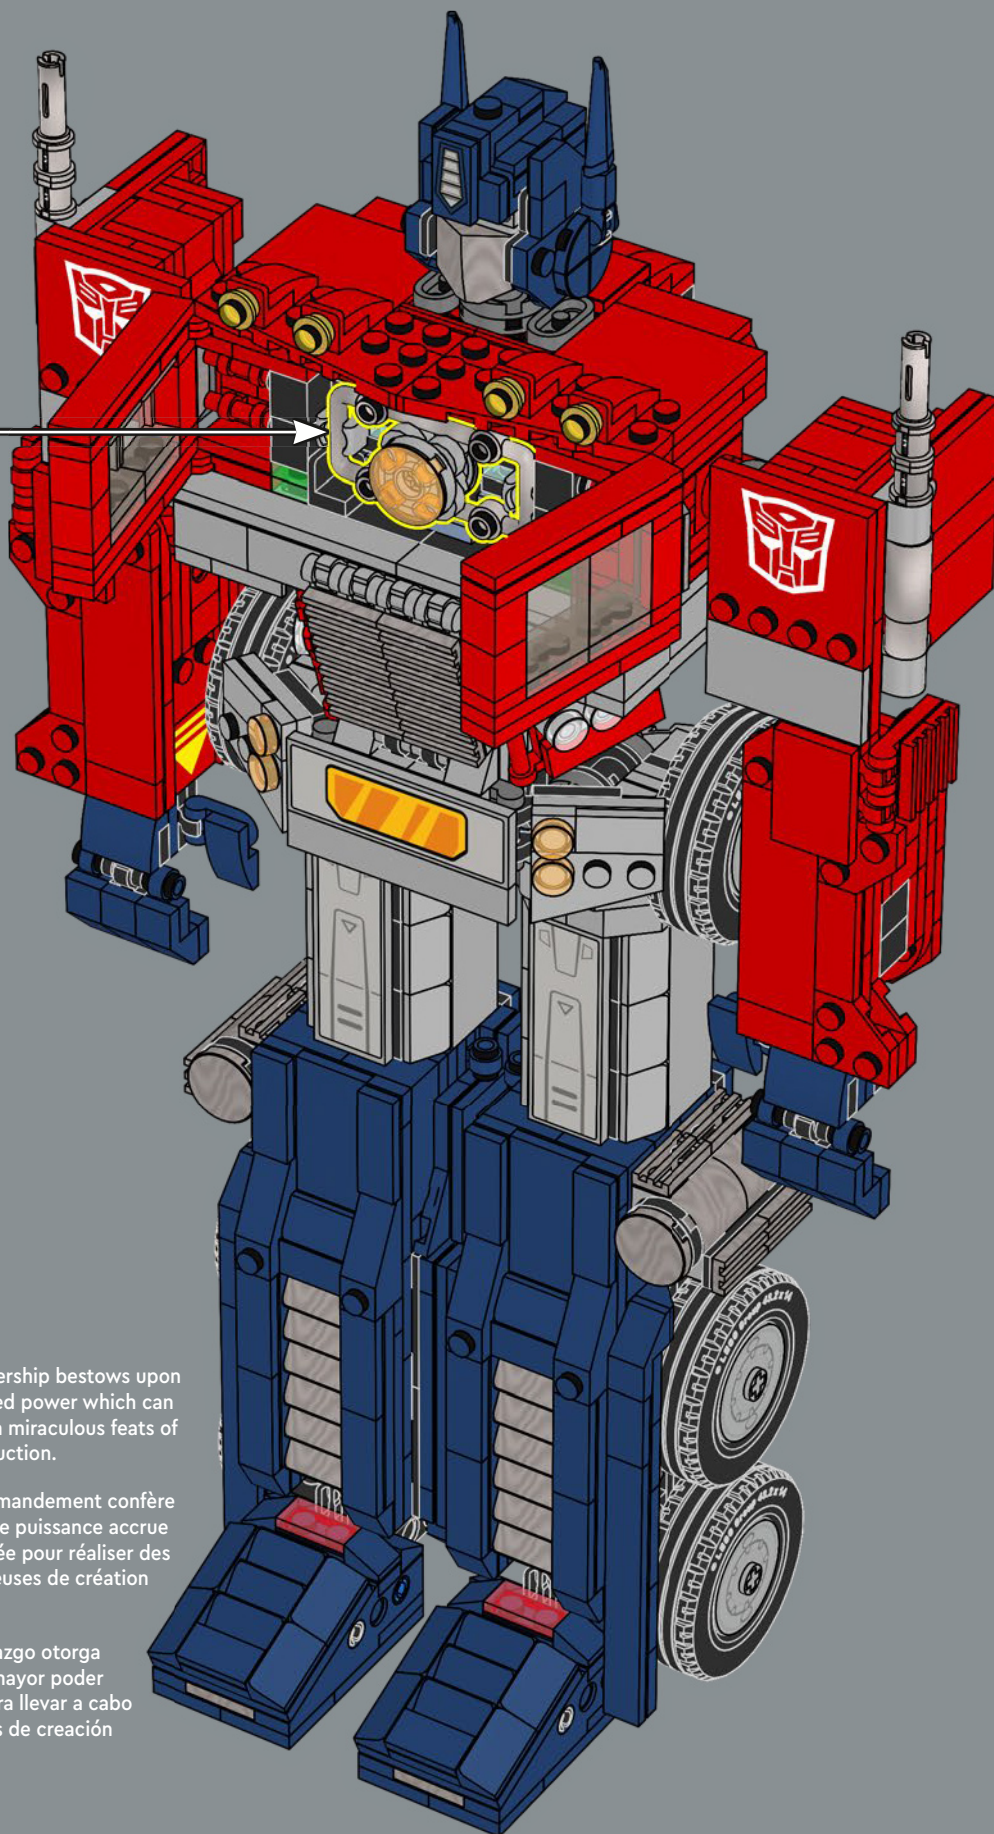

La Matrice de commandement est un artéfact d'une grande puissance, transmis d'un commandant Autobot à son successeur. On pense qu'elle aurait un lien avec Primus, le dieu créateur de tous les Transformers.

La Matriz del Liderazgo es un artefacto de gran poder que pasa de un líder Autobot al siguiente. Se cree que está conectada a Primus, el dios creador de todos los Transformers.

345

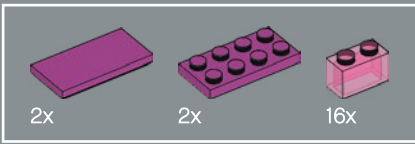

The Matrix of Leadership bestows upon its holders increased power which can be used to perform miraculous feats of creation and destruction.

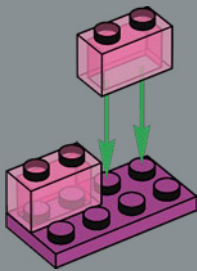

La Matrice de commandement confère à son détenteur une puissance accrue qui peut être utilisée pour réaliser des prouesses miraculeuses de création et de destruction.
