WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

THE RISE OF MECHA TEAM LEADER

LE SOULÈVEMENT DE MECHA TEAM LEADER

EL ASCENSO DE LÍDER DEL EQUIPO MECHA

- The terrifying Devourer from Polar Peak rises, firing lasers and smashing objects, heading toward the Vault at Loot Lake.
- Le terrifiant Devourer de Polar Peak se soulève, tirant des lasers, brisant des objets et se dirigeant vers le coffre de Loot Lake.
- El aterrador Devorador de Pico Polar se levanta, disparando rayos láser y destrozando objetos a su paso en su intento por llegar a la bóveda de Balsa Botín.

- Mecha Team Leader activates, ascends through the hatch and begins its march to face the monster in battle.
- Mecha Team Leader s'active, monte à travers la trappe et se prépare à affronter le monstre au combat.
- Líder del equipo mecha se activa, sube por la escotilla y empieza su avance para confrontar al monstruo en el campo de batalla.

- The mech fires missiles at The Devourer, which retaliates with a green laser, knocking the mech to the ground.

Mecha tackles The Devourer into the ocean and emerges triumphant, only for the monster to launch a surprise counterattack, damaging one of Mecha's arms.

- Le robot tire des missiles sur The Devourer, qui riposte avec un laser vert, déstabilisant le robot qui tombe sur le sol.

Le robot s'attaque au Devourer dans l'océan et en ressort triomphant, mais le monstre lance une contre-attaque surprise, endommageant l'un des bras du robot.

- El mech dispara misiles contra el Devorador, que contraataca con un láser verde que lo hace morder el polvo.

A continuación, el mech empuja al Devorador al mar y emerge triunfante, solo para recibir un brutal contraataque sorpresa que daña uno de sus brazos.

- Down, but by no means out, Mecha Team Leader smashes Loot Lake's vault, using its energy to deliver a massive punch and send the monster reeling.
- À terre, mais en aucun cas vaincu, Mecha Team Leader brise le coffre de Loot Lake, utilisant son énergie pour donner un coup de poing puissant qui fait tituber le monstre.
- Abatido, pero no derrotado, Líder del equipo mecha destruya la bóveda de Balsa Botín y usa su energía para asestar un descomunal golpe que hace que el monstruo se tambalee.

- The Final Showdown! The fate of The Devourer is sealed in one final strike. Mecha grabs Neo Tilted's Singularity statue, revealed to be a giant sword, and slays the monster.
- Le Final Showdown! Le destin du Devourer est scellé lors du dernier coup. Le robot attrape la statue de Singularity de Neo Tilted, qui se révèle être une épée géante, et tue le monstre.
- ¡El Enfrentamiento Final! Un último golpe sella definitivamente el destino del Devorador. Líder del equipo mecha toma la estatua de Singularidad de Neorrecostados, que resulta ser una espada gigante, y con ella pone fin al monstruo.

- True to Fortnite form, Mecha Team Leader does a celebratory one-armed victory dance before flying off to the Ice Moon...
- Fidèle à l'esprit de Fortnite, Mecha Team Leader effectue une danse de la victoire avec un seul bras avant de s'envoler vers Ice Moon...
- Fiel a la tradición de Fortnite, Líder del equipo mecha hace un baile de la victoria con un solo brazo antes de volar con rumbo a la luna de hielo...

FROM THE LEGO® FORTNITE DESIGN TEAM

We're so excited that fans can recreate this titan from Fortnite history in a highly detailed and enjoyable LEGO® building experience.

This is one of the largest mechs we've ever built with this level of articulation and poseable options. We used advanced techniques to add friction to the feet and create stability.

The new XL Joint we recently developed requires eight LEGO pieces to form the joint. They help connect the massive limbs to the mech's torso.

We had to create a strong core that allows the XL Joints to articulate and stay together while making room for a cockpit for the Mecha Team Leader minifigure pilot. We used a combination of LEGO Technic™ and System bricks, along with bracketing and sideways building.

Mecha Team Leader is fully equipped with the Sword of Singularity, and the minifigure pilot comes with a 'poster' so you can recreate the in-game 'TEAM MECH' emote. We can't wait to see how fans will display this model!

UN MOT DE L'ÉQUIPE DE CONCEPTION LEGO® FORTNITE

Nous sommes ravis que les amateurs puissent recréer ce titan de Fortnite à travers une expérience de construction LEGO® agréable et riche en détails.

Il s'agit de l'un des plus grands robots que nous avons jamais construits avec un tel niveau d'articulation et autant de postures. Nous avons utilisé des techniques avancées pour ajouter de la friction aux pieds et renforcer la stabilité. La nouvelle articulation XL que nous avons récemment développée utilise huit pièces LEGO qui permettent de relier les membres massifs au torse du robot. Nous avons dû créer un noyau solide afin de relier les articulations XL et les maintenir ensemble, tout en laissant suffisamment de place à l'habitacle destiné à la figurine du pilote du Mecha Team Leader. Nous avons utilisé des briques LEGO Technic™ et System, ainsi que des supports et une construction latérale. Mecha Team Leader est parfaitement équipé avec l'épée Sword of Singularity, et la figurine de pilote est accompagnée d'une « affiche » qui permet de recréer l'emote « TEAM MECH » dans le jeu. Nous avons hâte de voir comment les amateurs vont exposer ce modèle!

IMPRESIONES DEL EQUIPO DE DISEÑO DE LEGO® FORTNITE

Estamos muy emocionados de que los fans puedan recrear a este titán de la historia de Fortnite a través de una experiencia de construcción con LEGO® tan llena

de detalles como de diversión. Este es uno de los mechs más grandes que hemos construido con este nivel y opciones de articulación. Usamos técnicas avanzadas para dar más fricción a los pies y hacer más estable el modelo. Uno de nuestros desarrollos más recientes, la nueva articulación XL se compone de ocho elementos LEGO. En su conjunto, estos ayudan a conectar las descomunales extremidades al torso del mech. Tuvimos que crear un resistente núcleo que permitiera que las articulaciones XL tuvieran movimiento sin desprenderse, dejando espacio para la cabina de la piloto de Líder del equipo mecha. Usamos una combinación de bricks LEGO Technic™ y System, así como soportes y técnicas de construcción lateral. Líder del equipo mecha está totalmente equipado con la espada de Singularidad, y la minifigura de la piloto viene con un "póster" para que puedas recrear el gesto del equipo mecha que aparece en el juego. ¡Ya queremos ver cómo exhiben este modelo los fans!
