MEET MAXIME STRULLU

LEGO® Ideas Grand Prize Winner

In the spring of 2024, fan designer Maxime (LEGO® Ideas name JAGAMAX) from France won LEGO fans' hearts and votes in the building challenge *Build the Gift with Purchase Set of Your Dreams*. The result is this awesome Friendly Snails creation:

"LEGO building gives me both creative freedom and personal fulfillment. I love making dioramas, and we had recently dealt with a minor snail invasion, so I was inspired to combine the two to create this set for the challenge. LEGO Ideas lets you share your creations, get feedback and see others' work. Winning the challenge is truly one of the best feelings and I want to say thank you to everyone who voted! I think the key is to stay authentic and create for your own enjoyment. If you love what you do, others will, too."

RENCONTREZ MAXIME STRULLU

Gagnant du premier prix LEGO® Ideas

Au printemps 2024, le concepteur amateur Maxime (pseudonyme LEGO® Ideas : JAGAMAX) de la France a gagné le cœur et les votes des amateurs de LEGO dans le cadre du défi de construction *Build the Gift with Purchase Set of Your Dreams* (Construisez l'ensemble cadeau avec achat de vos rêves). Le résultat est la superbe création Les escargots amicaux :

« La construction LEGO m'offre à la fois une liberté créative et un épanouissement personnel. J'adore faire des dioramas, et nous avons récemment dû gérer une petite invasion

d'escargots, ce qui m'a donné l'idée de combiner les deux et de créer cet ensemble pour le défi. LEGO Ideas vous permet de partager vos créations, de recevoir des commentaires et de voir le travail des autres. Gagner le défi est un honneur extraordinaire et je tiens à remercier tous ceux qui m'ont donné leur vote! Je pense que la clé est de rester authentique et de créer pour son propre plaisir. Si vous aimez ce que vous faites, les autres l'aimeront aussi. »

CONOCE A MAXIME STRULLU

Ganador del Gran Premio de LEGO® Ideas

En la primavera de 2024, el fan diseñador Maxime (conocido en LEGO® Ideas como JAGAMAX), originario de Francia, se ganó el corazón y los votos de los fans de LEGO en el desafío de construcción *Build the Gift with Purchase Set of Your Dreams*. El resultado es esta increíble creación, llamada Simpáticos Caracoles:

“Para mí, construir con LEGO es una fuente tanto de libertad creativa como de realización personal. Me encanta hacer dioramas, y hace poco enfrentamos una pequeña invasión de caracoles

aquí. Eso me inspiró para combinar ambas cosas y crear este set como propuesta para el desafío. LEGO Ideas te permite compartir tus creaciones, recibir comentarios y ver el trabajo de los demás. Ganar el desafío es, sin lugar a dudas, una de las mejores sensaciones. ¡Por eso quiero dar las gracias a todos los que votaron! Creo que la clave está en seguir siendo auténtico y crear para tu propia satisfacción. Si amas lo que haces, los demás también lo harán”.

WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

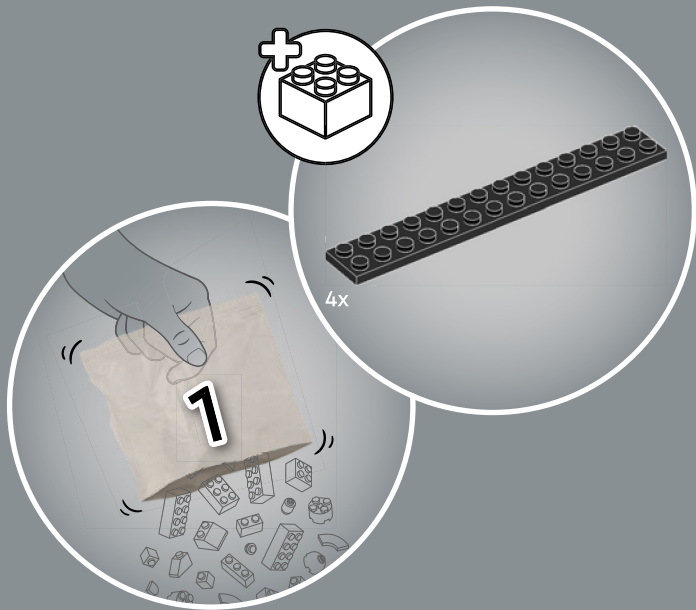

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

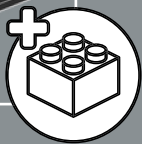

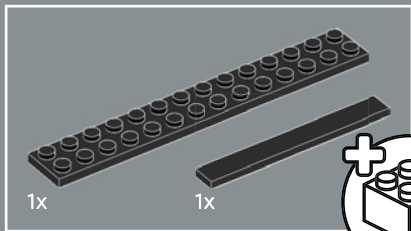

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

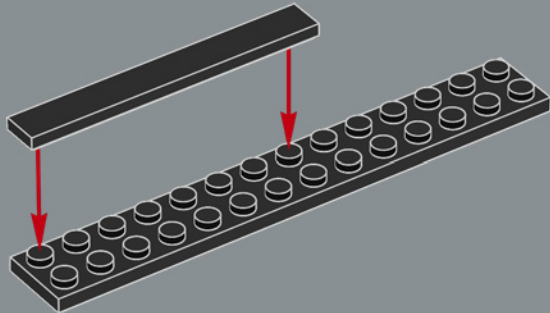

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.
