WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

Meet the Fan Designer

Alex Sahli (LEGO® Ideas name Galaxy333) lives in California and is working towards a computer science degree. A talented fan designer, Alex has already reached 10,000 fan votes for four different submissions – and counting! This is his first submission to become an official model. Besides LEGO building, he is passionate about photography, soccer and traveling.

"When I was a kid, I got a box of LEGO bricks, and soon after, I got my first real set. I was hooked. My grandparents also had a 1980s set I played with when I visited them. LEGO building still means a lot to me. It's a huge creative outlet and helps me feel I'm putting something out into the world. It has sparked my interest in STEM, architecture and a number of other fields, and I've met some amazing people through the LEGO fan community. There are so many great themes out there, but LEGO Ideas takes the cake. You have a wide, diverse range of sets, and fans have a direct say in what gets made. I've been a big geography nerd my whole life and will never pass up the opportunity to travel. Italy is one of my favorite countries I've ever traveled to. It has so much natural and architectural beauty that I thought would be perfect to capture in a LEGO set. This model is based primarily on the villages of Cinque Terre but also draws some inspiration from the Amalfi Coast. I used a ton of reference images and experimented with different color schemes. I love the vibrant colors and texture variation throughout the build, inside the houses, the stonework and tile roofing. It was a great feeling to reach 10,000 supporters. This has always been a dream of mine, so thank you so much to everyone who voted!"

Rencontre avec le concepteur amateur

Alex Sahli (pseudonyme LEGO® Ideas : Galaxy333) vit en Californie et étudie en informatique à l'université. Concepteur amateur talentueux, Alex a déjà obtenu 10 000 votes pour quatre soumissions différentes... et ce n'est pas fini! Il s'agit de sa première soumission susceptible de devenir un modèle officiel. Outre la construction LEGO, il est passionné de photographie, de soccer et de voyages.

« Quand j'étais enfant, on m'a offert une boîte de briques LEGO, et peu de temps après, mon premier vrai ensemble. J'étais accro. Mes grands-parents possédaient également un ensemble des années 1980 avec lequel je jouais quand je leur rendais visite. La construction LEGO signifie toujours beaucoup pour moi. C'est un énorme exutoire créatif qui me donne le sentiment que j'offre quelque chose au monde. Cela a éveillé mon intérêt pour les STIM, l'architecture et un certain nombre d'autres domaines. De plus, j'ai rencontré des gens incroyables grâce à la communauté des amateurs de LEGO. Il existe beaucoup de thèmes géniaux, mais LEGO Ideas est le meilleur. La gamme d'ensembles est très vaste et les amateurs peuvent donner leur avis sur les créations. Je suis un grand passionné de géographie depuis que je suis petit et je ne laisserai jamais passer une occasion de voyager. Parmi les pays que j'ai visités, l'Italie est l'un de mes préférés. Elle possède une telle richesse, tant en termes de paysages que d'architecture, que j'ai pensé qu'elle pourrait parfaitement être reproduite dans un ensemble LEGO. Ce modèle présente principalement les villages des Cinque Terre, mais il s'inspire également de la côte amalfitaine. J'ai utilisé de nombreuses images de référence et testé différentes palettes de couleurs. J'aime les couleurs vives et les différentes textures de la construction, à l'intérieur des maisons, ainsi qu'au niveau de la maçonnerie et des toits en tuiles. J'ai ressenti beaucoup d'émotion lorsque j'ai atteint les 10 000 votes. Cela a toujours été un rêve, alors merci beaucoup à tous ceux qui ont voté! »

Conoce al fan diseñador

Alex Sahli (conocido en LEGO® Ideas como Galaxy333) vive en California y está estudiando para obtener un título en ciencias de la computación. Un talentoso fan diseñador, Alex ya ha alcanzado los 10.000 votos de fans en cuatro propuestas diferentes, ¡y las que faltan! Esta es la primera de sus propuestas que se convierte en un modelo oficial. Además de construir con LEGO, le apasionan la fotografía, el fútbol y los viajes.

“Cuando era niño, me regalaron una caja de bricks LEGO y, poco después, recibí mi primer set de verdad. Me encantó. Mis abuelos también tenían un set de los años 80 con el que jugaba cuando iba a visitarlos. Construir con LEGO todavía significa mucho para mí. Es un importante medio de expresión creativa, y me ayuda a sentir que apporto algo al mundo. Ha despertado mi interés por las disciplinas STEM, la arquitectura y otros campos, y he conocido a gente increíble a través de la comunidad de fans de LEGO. Hay muchos temas maravillosos, pero LEGO Ideas les gana a todos. Ofrece una gran variedad de sets, y los fans pueden opinar directamente sobre lo que se hace. Toda la vida me ha encantado la geografía, ¡y nunca dejo pasar una oportunidad de viajar! De los países que he visitado, Italia es uno de mis favoritos. El hecho de que tenga tanta belleza natural y arquitectónica me hizo pensar que sería fascinante plasmarla en un set LEGO. Este modelo se basa principalmente en los pueblos de Cinque Terre, aunque también se inspira en la costa Amalfitana. Utilicé muchas imágenes de referencia y experimenté con diferentes combinaciones de colores. Me encantan los tonos brillantes y la variación de texturas presentes en toda la construcción, particularmente adentro de las casas y en las piedras labradas y los techos de tejas. Es una gran satisfacción alcanzar los 10.000 seguidores. Siempre ha sido un sueño para mí, ¡así que muchas gracias a todos los que votaron!”

The timeless allure of Italy's coastline

Italy's coastline offers a seemingly endless line of soothing vacation dreamscapes. Travelers are drawn in by vibrant hues and intoxicating aromas that captivate the senses. Among vineyards and orchards, historic houses cascade down cliffsides, bathed in sunlight with terraces offering spectacular views of the turquoise sea below. A warm breeze carries scents of citrus, jasmine, freshly baked pastries and hints of savory seafood specialties simmering in local trattorias. Centuries-old villages bustle with life. Quaint cobblestone streets lead to artisan shops full of handcrafted goods and local delicacies made with recipes passed down through generations. It's the essence of Italian heritage.

A playground for adventure and relaxation

If you travel along this beautiful region, you can find the Cinque Terre, a stunning UNESCO World Heritage site of five neighboring villages nestled between the Alps and the Mediterranean Sea. While tourists and photographers flock to the area for panoramic views and world-famous architecture, outdoor enthusiasts can enjoy a day on the water by sailboat or kayak, hike through trails or visit historic landmarks. Around the local piazzas, you can join the cheerful chatter of locals, start your day with a rejuvenating cappuccino and breakfast focaccia, or find your favorite flavor of freshly made gelato to cool off in the sun. With its ideal blend of joyful activities and serene settings, this coastline offers a uniquely refreshing escape where life's simplest pleasures take center stage.

L'allure intemporelle du littoral italien

Le littoral italien offre une succession qui semble infinie de paysages apaisants pour les vacances. Les voyageurs sont attirés par les couleurs vives et les parfums enivrants qui captivent les sens. Au milieu des vignobles et des vergers, des maisons historiques tombent en cascade à flanc de falaises, baignées de soleil et dotées de terrasses qui offrent une vue spectaculaire sur la mer turquoise en contrebas. Une brise chaude transporte des parfums d'agrumes, de jasmin, de pâtisseries tout juste sorties du four et de spécialités à base de fruits de mer mijotant dans les trattorias locales. Les villages séculaires grouillent de vie. Des rues pavées pittoresques mènent à des boutiques d'artisans regorgeant de produits artisanaux et de spécialités locales préparées avec des recettes transmises de génération en génération. C'est l'essence du patrimoine italien.

Un terrain de jeu pour l'aventure et la détente

Si vous voyagez dans cette belle région, vous y trouverez les Cinque Terre, un site magnifique inscrit au patrimoine mondial de l'UNESCO et composé de cinq villages nichés entre les Alpes et la mer Méditerranée. Les touristes et les photographes affluent dans la région pour ses vues panoramiques et son architecture de renommée mondiale, tandis que les amateurs de plein air peuvent profiter d'une journée sur l'eau en voilier ou en kayak, faire de la randonnée sur des sentiers ou visiter des sites historiques. Sur les places locales, vous pouvez vous joindre au bavardage joyeux des habitants, commencer votre journée avec un cappuccino revigorant et une focaccia pour le petit-déjeuner, ou bien trouver votre saveur préférée de gelato tout juste préparé pour vous rafraîchir au soleil. Offrant une combinaison idéale d'activités joyeuses et de cadres paisibles, ce littoral constitue une échappée rafraîchissante unique où les plaisirs les plus simples de la vie occupent le devant de la scène.

El encanto eterno de la costa italiana

La costa italiana ofrece una línea aparentemente interminable de paisajes de ensueño para las vacaciones. Los viajeros llegan atraídos por los vivos tonos y los cautivadores aromas que envuelven los sentidos. Entre viñedos y huertos, las numerosas casas de estilo tradicional construidas entre los acantilados parecen superponerse formando cascadas, y sus terrazas bañadas de sol ofrecen las vistas más espectaculares del mar turquesa que se extiende a sus pies. La cálida brisa transporta aromas de cítricos, jazmín y repostería recién horneada, así como notas de sabrosas especialidades de pescados y mariscos hirviéndose a fuego lento en las *trattorias* locales. Los pueblos centenarios están llenos de vida. Las pintorescas calles adoquinadas llevan a tiendas de artesanías donde abundan los productos hechos a mano y las delicias locales elaboradas con recetas transmitidas de generación en generación. Todo eso refleja la esencia de la herencia italiana.

Un lugar para la aventura y la relajación

Si viajas por esta hermosa región, puedes encontrar Cinque Terre, un espectacular sitio declarado Patrimonio de la Humanidad por la UNESCO, formado por cinco pueblos vecinos enclavados entre los Alpes y el mar Mediterráneo. Mientras que los turistas y fotógrafos acuden en masa a la zona en busca de vistas panorámicas y arquitectura de fama mundial, los amantes del aire libre pueden disfrutar de un día en el agua paseando en velero o kayak, recorrer sus senderos o visitar lugares de interés histórico. Y en las plazas locales, puedes unirte a las alegres conversaciones de los lugareños, empezar el día con un vigorizante capuchino y una *focaccia* de desayuno, o encontrar tu sabor favorito de *gelato* recién hecho para refrescarte bajo el sol. Esta costa, con su mezcla perfecta de actividades divertidas y paisajes serenos, ofrece una oportunidad única para desconectarte y disfrutar de los placeres más simples de la vida.

From the LEGO® Ideas Design Team

Un mot de l'équipe de conception LEGO® Ideas

Impresiones del equipo de diseño de LEGO® Ideas

♥ It was lovely to work with Alex and his awesome submission. We could almost hear waves gently breaking on the cliffs, smell the salty sea air and taste the tangy-sweet gelato as we explored all the nooks and crannies! We wanted to allude to the elevation near the coast, so instead of adding a mountain, we set the buildings at different levels, and an outside staircase adds to this dynamic. Each floor can be removed so you can look inside. Creating the angled baseplate to enhance this cozy neighborhood was a fun challenge for this build.

♥ C'était agréable de travailler avec Alex et sa soumission géniale. Nous pouvions presque entendre les vagues se briser doucement sur les falaises, sentir l'air marin salé et goûter le gelato acidulé et sucré en explorant tous les coins et recoins! Nous tenons également à préciser que des collines s'élèvent à proximité de la côte, mais plutôt que d'ajouter une montagne, nous avons placé les bâtiments à différents niveaux et ajouté un escalier extérieur pour accentuer cette dynamique. Vous pouvez retirer chaque niveau pour regarder à l'intérieur. La création de la plaque de base inclinée destinée à améliorer ce quartier où il fait bon vivre a constitué un défi amusant.

♥ Fue un placer trabajar con Alex y su increíble propuesta. ¡Casi podíamos oír las olas romperse suavemente en los acantilados, oler la brisa marina salada y saborear el agridulce gelato mientras explorábamos todos los rincones! Queríamos que se notara la elevación cerca de la costa, así que, en lugar de poner una montaña, colocamos los edificios a diferentes niveles, y una escalera exterior que agrega dinamismo. Se puede quitar cada piso para ver el interior. Dar forma a la base en ángulo para realzar este vecindario tan acogedor fue un divertido desafío.

Local inspiration

Our reference material and inspiration also included personal experiences – some of us have lived in Italy, been to Cinque Terre or are from the area. This set is packed with authentic details like the rocky and abrupt access to the sea, the bollards, the window shutters and the texture of the roofs with all the antennas and small chimneys. (Are the antennas still in use? Who knows. Will they ever be taken down? Not likely!) The interiors of the buildings look as realistic as possible and are full of accessories, like the kitchen, the balcony bathroom and the marble sink. We even included two decorated food pieces: one is *trofie al pesto*, a must in the Ligurian cuisine; the other is a slice of focaccia, better known as *slerfa di focaccia*, which you can eat all day long! The ten minifigures all represent characters you might find in this place – including Alex, who is here as a tourist. We hope you will enjoy your visit!

Inspiration locale

Outre les matériaux de référence, nous nous sommes également inspirés de nos expériences personnelles : certains d'entre nous ont vécu en Italie, se sont rendus aux Cinque Terre ou sont originaires de la région. Cet ensemble regorge de détails réalistes, comme l'accès rocheux et abrupt à la mer, les bittes d'amarrage, les volets et la texture des toits avec toutes les antennes et les petites cheminées. (Les antennes sont-elles toujours utilisées? Qui sait? Seront-elles un jour enlevées? C'est peu probable!) L'intérieur des bâtiments est très réaliste et regorge d'accessoires, comme la cuisine, la salle de bain du balcon et le lavabo en marbre. Nous avons même inclus deux mets décorés : le premier est une *trofie al pesto*, un incontournable de la cuisine ligure; le second est une tranche de focaccia, plus connue sous le nom de *slerfa di focaccia*, que l'on peut manger toute la journée! Les dix figurines représentent des personnages que vous pourriez trouver à cet endroit, notamment Alex, qui incarne un touriste. Nous espérons que vous apprécierez votre visite!

Inspiración local

Los materiales de referencia y las fuentes de inspiración también incluían las experiencias personales de los miembros del equipo que han vivido en Italia o visitado Cinque Terre, e incluso de algunos que provienen de la zona. Este set está lleno de detalles auténticos como el acceso rocoso y repentino al mar, los bolardos, las persianas y la textura de los techos llenos de antenas y pequeñas chimeneas. (¿Todavía se usan las antenas? Quién sabe... ¿Las quitarán alguna vez? ¡Probablemente no!). Por dentro, los edificios tienen el aspecto más realista posible y están llenos de accesorios como, por ejemplo, la cocina, el baño con vista al balcón y el lavabo de mármol. También incluimos dos piezas de comida decoradas: una de *trofie al pesto*, un imperdible platillo de pasta de la cocina ligur, mientras que la otra es una *slerfa di focaccia*: el nombre por el que se conoce a una rebanada de este pan, ¡que se puede comer a cualquier hora del día! Las diez minifiguras representan personajes que podrías encontrar en este lugar, incluido Alex, que está aquí como turista. ¡Esperamos que disfrutes de tu visita!
