# A DEMONSTRATION OF POWER

## THE EMPEROR HAS BEEN EXPECTING YOU

The Throne Room is the biggest room in the model, featuring the throne chair, stairway, catwalk and a circular viewport with a full view of the galaxy. Miniature platforms on each side of the room can hold the LEGO® Star Wars™ Luke and Darth Vader minifigures to recreate their final duel. (Pull the lever on the left to collapse the platform and send Luke tumbling to the floor.) From the floor, a rod with a grappling hook extends to the central core shaft below: Attach Luke (the Rebel) and Leia and let them swing across the chasm during their escape.

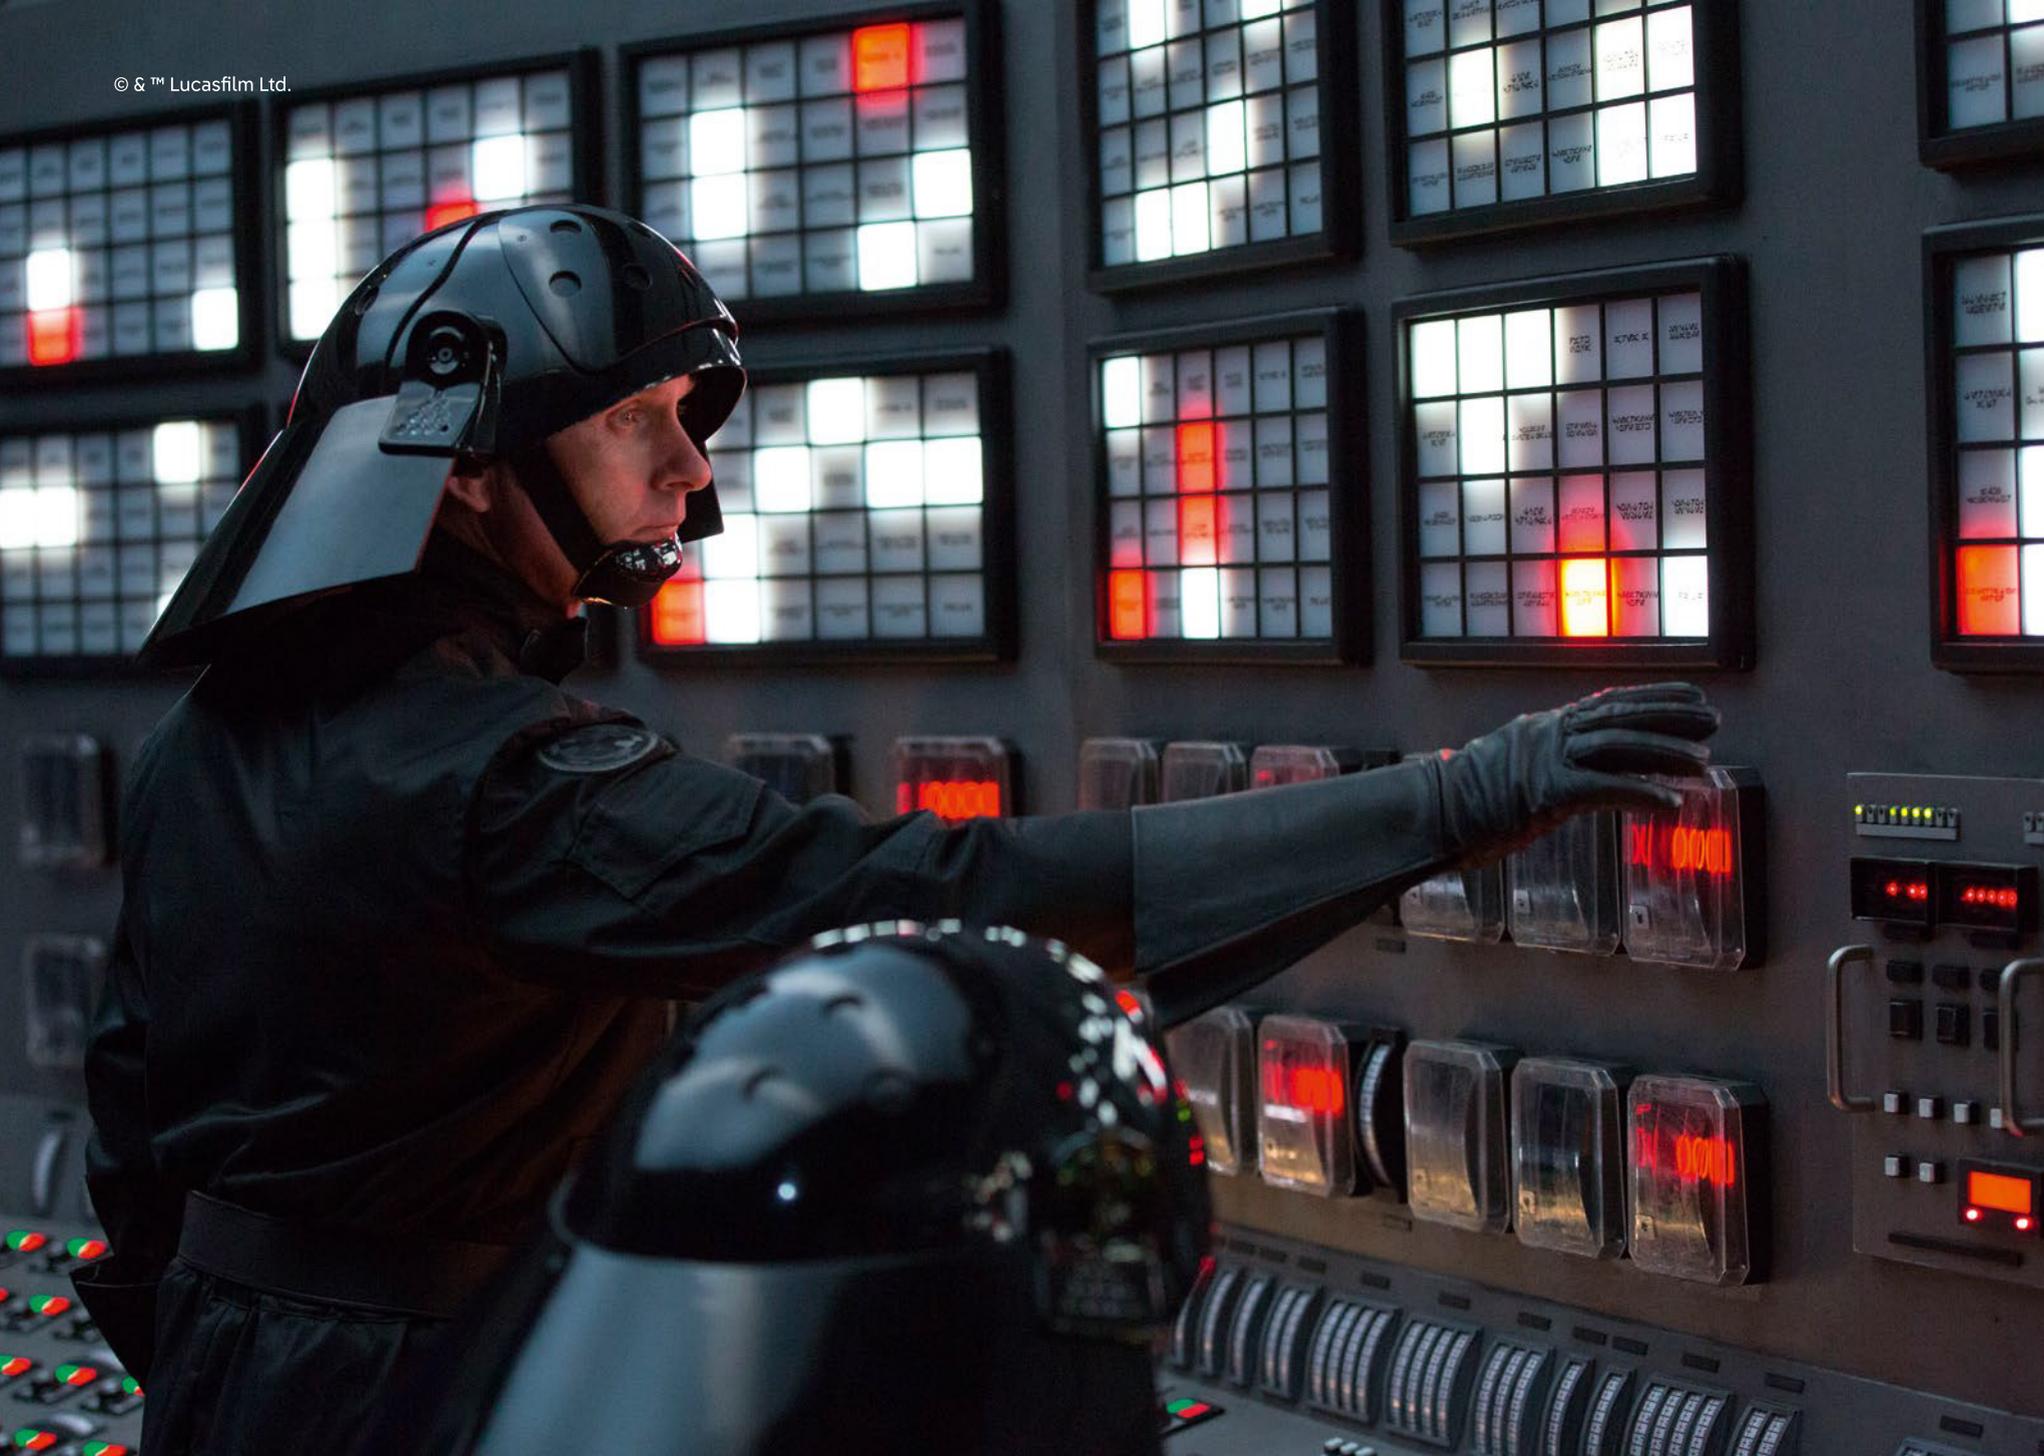

### **COMMENCE PRIMARY IGNITION**

When the superlaser dish is fixed on its target and ready to fire, eight auxiliary beams converge to generate its main beam. Positioned around an unseen control field, these beams alternate in firing sequence to amplify the required energy. It is vital to regulate their immense power to avoid dangerous energy imbalances.

### **FIRE WHEN READY**

The secondary superlaser dish control room offers a full view of the laser array and features additional control panels and screens to monitor vital data.

# FULFIL YOUR DESTINY

## EMPEROR PALPATINE

Since using the dark side to overthrow the Jedi and rise from Senator to Emperor, Sheev Palpatine (Darth Sidious) has ruled the galaxy with fear and tyranny. Despite all his schemes, he failed to lure Luke Skywalker to embrace the dark side.

## LUKE SKYWALKER (the Jedi)

Luke's destiny to become a Jedi Master is sealed in his final confrontation with the dark side, culminating in the redemption of his father, Darth Vader, and their defeat of the evil Emperor Palpatine.

## IMPERIAL DIGNITARY

Emperor Palpatine's closest advisors play an important role at the top of the Imperial hierarchy, and in critical moments. A new LEGO® hat element was designed for this minifigure version.

## IMPERIAL ROYAL GUARD

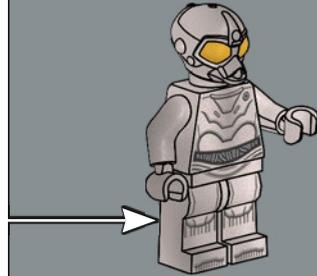

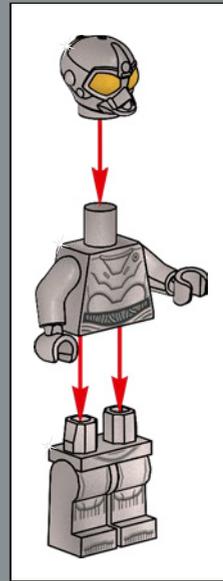

Clad in striking crimson robes and armour, the Imperial Royal Guards serve as the Emperor's primary protectors. Their origins and combat skills are veiled in mystery, fuelling intriguing speculations about the elite sentinels.

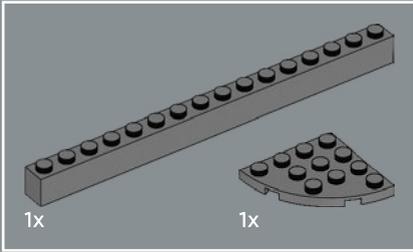

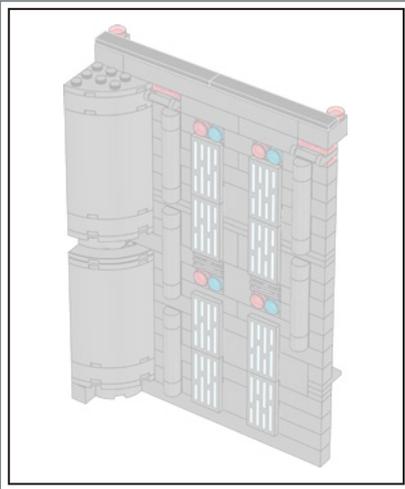

## 5D6-RA-7

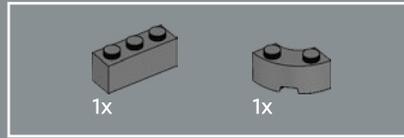

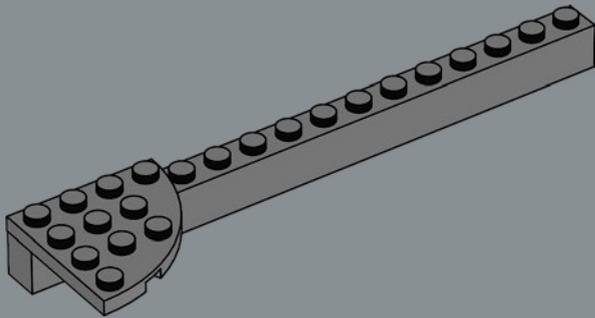

5D6-RA-7, an Arakyd Industries design, serves as a protocol droid and spy for the Imperial Security Bureau, primarily investigating and reporting disloyalty among officers.
