EVERYTHING'S UNDER CONTROL

TRACTOR BEAM TRICKERY

Obi-Wan can be attached to the tractor beam he found in the Level 6 Core Shaft corridor. Behind the latch in the back is a miniature representation of the reactor core - the prime target for the ultimate destruction of the second Death Star in *Star Wars: Return of the Jedi*.

TOUT EST SOUS CONTRÔLE

TROMPERIE DU RAYON TRACTEUR

Obi-Wan peut être attaché au rayon tracteur qu'il a trouvé dans le couloir du niveau 6. Derrière le loquet à l'arrière se trouve une représentation miniature du cœur du réacteur, la cible principale pour la destruction définitive de la deuxième Étoile de la Mort dans *Star Wars : Le Retour du Jedi*.

TODO ESTÁ EN ORDEN

TRUCO CON EL RAYO TRACTOR

Obi-Wan puede engancharse al rayo tractor que encontró en el corredor del núcleo central del nivel 6. Detrás del seguro del fondo hay una representación en miniatura del núcleo del reactor, el objetivo principal para destruir de manera definitiva la segunda Estrella de la Muerte en *Star Wars: El Regreso del Jedi*.

LEVEL 5, DETENTION BLOCK AA-23, CELL 2187

From the cell block control room, the Rebels locate Leia's cell. You can remove Leia's cell through an opening in the side of the model, place Leia inside and attach the interrogation droid 'floating' next to her bunk. (And, if you look on the back, you can check if Luke actually does meet the height requirements for stormtroopers...) A trash chute leading to the trash compactor is conveniently located nearby for a smooth escape.

NIVEAU 5, BLOC DE DÉTENTION AA-23, CELLULE 2187

Depuis la salle de contrôle du bloc cellulaire, les rebelles localisent la cellule de Leia. Vous pouvez retirer la cellule de Leia par une ouverture sur le côté du modèle, placer Leia à l'intérieur et attacher le droïde d'interrogatoire « flottant » à côté de son lit. (Et, si vous regardez à l'arrière, vous pouvez vérifier si Luke répond effectivement aux exigences de taille pour les stormtroopers...) Un vide-ordures menant au compacteur de déchets est idéalement situé à proximité pour une évasion en douceur.

NIVEL 5, BLOQUE PRISIÓN AA-23, CELDA 2187

Desde la sala de control del bloque prisión, los rebeldes localizan la de Leia. Puedes sacar la celda de Leia a través de la abertura de un lado del modelo, colocar a Leia en su interior y acoplar el droide de interrogación que "flota" junto a su litera. (Puedes dar una mirada a la parte de atrás para ver si Luke tiene realmente la altura requerida para ser un Stormtrooper). Un conducto de desechos que lleva al compactador de basura está convenientemente ubicado cerca para escapar sin problemas.

NO TIME TO HANG OUT

Our Rebels overpower the hangar control room guard and immediately begin to plan their escape with a search for the location of the Death Star tractor beam. Things take an unexpected turn when R2-D2 discovers that Princess Leia is being held in a nearby Detention block.

PAS LE TEMPS DE TRAÎNER

Nos rebelles maîtrisent le garde de la salle de contrôle du hangar et commencent immédiatement à planifier leur évasion en cherchant l'emplacement du rayon tracteur de l'Étoile de la Mort. Les choses prennent une tournure inattendue lorsque R2-D2 découvre que la Princesse Leia est détenue dans un bloc de détention voisin.

NO HAY TIEMPO QUE PERDER

Nuestros rebeldes someten al guardia de la sala de control del hangar y, de inmediato, empiezan a planear su escape buscando el rayo tractor de la Estrella de la Muerte. Las cosas dan un giro inesperado cuando R2-D2 descubre que la Princesa Leia está encerrada en un bloque prisión cercano.

R3-T6

As part of the Industrial Automaton R3-series, astromech droid R3-T6 performed astro-navigational duties aboard the first Death Star. This droid model may be customized with computer interface and grasping arms, electro-shock prods and arc-welders, and regularly undergoes memory wipes to prevent it from forming an independent personality.
