WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

ALL ABOOOAAARD!

You are hereby invited to a winter adventure aboard the LEGO® Holiday Express Train! Departing from the LEGO North Pole, this classic frosty-blue steam locomotive and train brings important passengers and precious parcels to any destination you can imagine. The engineer guarantees the train will reach every stop on time, while the conductor is thrilled to assist travelers – and maybe serve a hot beverage.

The winter holidays always feel a little warmer when you're with someone you love. That's why we've made it easy for you to share the building experience. Like the traveling minifigure companions here, you can invite your favorite holiday traveler along for the ride, grab a booklet each and embark on a creative journey together.

¡PASAJEROS AL TREN!

¡Te invitamos cordialmente a vivir una aventura invernal a bordo del tren LEGO® Holiday Express! Con salida desde el Polo Norte LEGO, esta clásica locomotora de vapor con vagones azul hielo transporta importantes pasajeros y valiosos paquetes hasta cualquier destino que puedas imaginar. Nuestro maquinista asegura que el tren llegará puntual a todas las paradas, mientras que el revisor está ansioso por ayudar a los viajeros... y tal vez servirles una bebida caliente.

Las fiestas de invierno siempre se sienten un poco más cálidas cuando las pasas con tus seres queridos. Por eso quisimos que fuera fácil compartir la experiencia de construcción. Tal como las minifiguras se hacen compañía en el tren durante el trayecto, también tú puedes invitar a tu compañero de viaje favorito durante las vacaciones para que te ayude a construir; solo tienen que tomar un folleto cada uno para embarcarse juntos en una aventura creativa.

EN VOITURE!

Vous êtes invité à vivre une aventure hivernale à bord du train express festif LEGO®! Partant du pôle Nord LEGO, cette locomotive à vapeur bleu givré classique et son train transportent des passagers importants et des colis précieux vers toutes les destinations imaginables. Le conducteur garantit que le train arrivera à l'heure à chaque arrêt, tandis que le chef est ravi d'aider les voyageurs – et peut-être de leur servir une boisson chaude.

Les vacances d'hiver sont toujours un peu plus chaleureuses lorsqu'on les passe avec quelqu'un qu'on aime. C'est pourquoi nous sommes assurés que vous puissiez facilement partager l'expérience de construction. Comme les figurines voyageuses ici, vous pouvez inviter votre partenaire de voyage préféré à vous accompagner. Prenez un livret chacun et embarquez-vous dans un voyage créatif ensemble.
