WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

Q LEGO® Builder

■ Space: the final frontier. These are the voyages of the Starship Enterprise. Its continuing mission: to explore strange new worlds; to seek out new life and new civilizations; to boldly go where no one has gone before. ■

◀ L'espace : l'ultime frontière. Voici le vaisseau galactique Enterprise. Sa mission : explorer des mondes nouveaux et étranges, découvrir de nouvelles formes de vie et de nouvelles civilisations et s'aventurer dans les recoins les plus éloignés de la galaxie. ▶

■ El espacio, la frontera final. Estos son los viajes de la nave espacial Enterprise. Su continua misión: explorar extraños nuevos mundos, buscar nuevas formas de vida y nuevas civilizaciones, viajando temerariamente a donde nadie ha llegado antes. ■

YOU HAVE THE BRIDGE

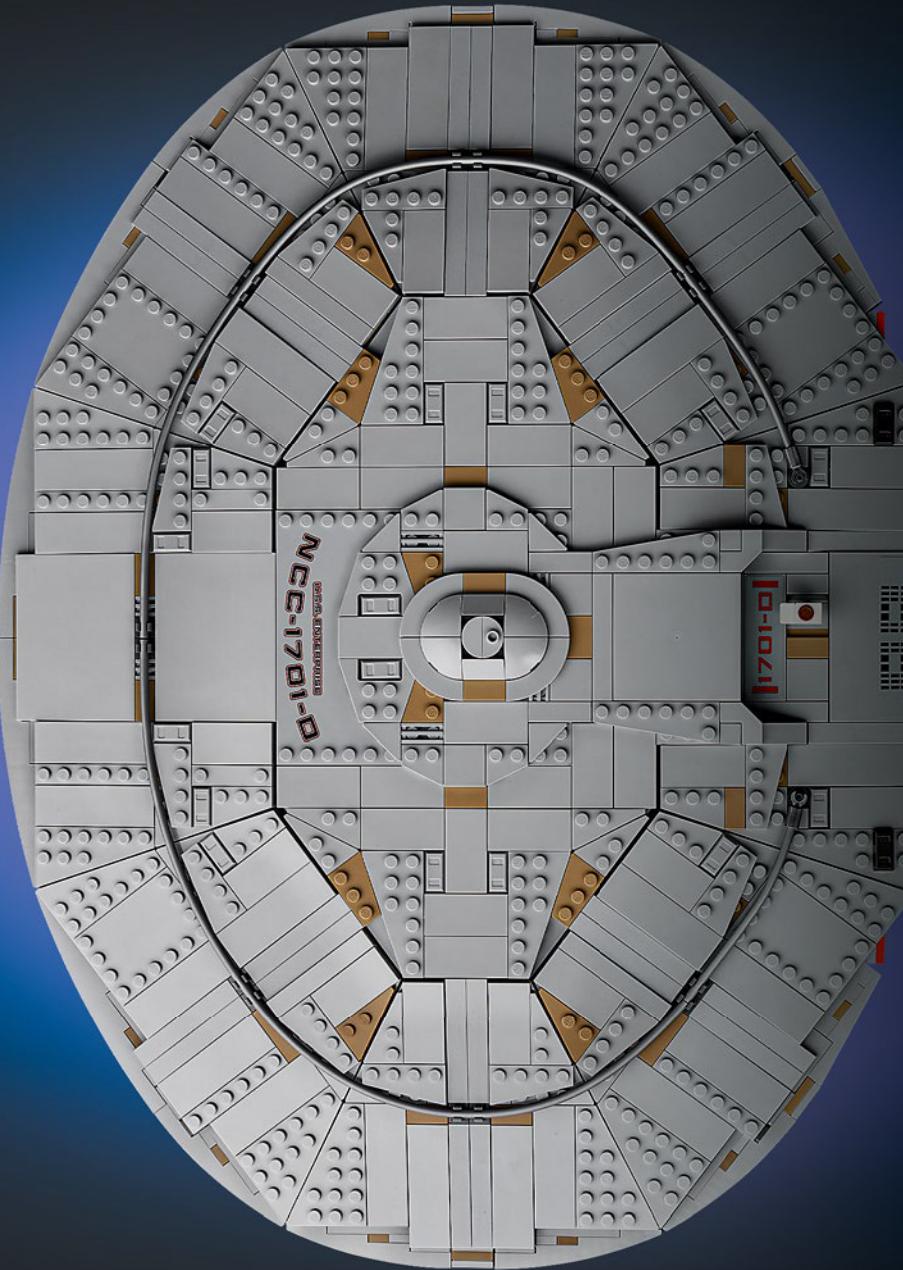

■ Set in the 24th century, *Star Trek: The Next Generation* (1987-1994) charted a bold new course in the *Star Trek* universe – all in the spirit of the original series. With Captain Jean-Luc Picard at the helm, the diverse crew aboard the U.S.S. *Enterprise* NCC-1701-D™ discovers extraordinary new worlds and faces legendary foes. As representatives for the United Federation of Planets, their goal is to promote and evolve peaceful, diplomatic co-existence with civilizations everywhere. Through their hopeful vision of the future, and innovative technology, the show, the starship and its crew have inspired generations of *Star Trek* fans.

VOUS AVEZ LA PASSERELLE

■ Se déroulant au 24^e siècle, *Star Trek : La nouvelle génération* (1987-1994) a tracé une nouvelle voie audacieuse dans l'univers de *Star Trek*, tout en respectant l'esprit de la série originale. Avec le capitaine Jean-Luc Picard à la barre, l'équipage hétéroclite à bord de l'U.S.S. *Enterprise* NCC-1701-D™ découvre de nouveaux mondes extraordinaires et affronte des ennemis légendaires. En tant que représentants de la Fédération des planètes unies, ils ont pour objectif de promouvoir et de faire évoluer la coexistence pacifique et diplomatique avec les civilisations à travers l'univers. Grâce à leur vision optimiste de l'avenir et à leur technologie innovante, la série, le vaisseau et son équipage ont inspiré des générations d'amateurs de *Star Trek*.

TOMA EL MANDO

■ Ambientada en el siglo XXIV, *Viaje a las estrellas: La nueva generación* (1987-1994) marcó un rumbo audaz y renovador en el universo *Star Trek*, siempre fiel al espíritu de la serie original. Con el Capitán Jean-Luc Picard al mando, la diversa tripulación a bordo del U.S.S. *Enterprise* NCC-1701-D™ descubre nuevos mundos extraordinarios y se enfrenta a legendarios enemigos. Como representantes de la Federación Unida de Planetas, su misión es fomentar y desarrollar la convivencia pacífica y diplomática con civilizaciones de todos los rincones del cosmos. Gracias a su visión esperanzadora del futuro y a su tecnología innovadora, la serie, la nave espacial y su tripulación han inspirado a generaciones enteras de fans de *Star Trek*.

THE FIRST EVER LEGO® STAR TREK MODEL

As one of the longest-running sci-fi franchises on TV and in movies, *Star Trek* has earned its iconic status in the genre. *Starship Enterprise* models have always been fan-favorite collectibles, and for the first time ever, we are beyond excited to welcome this version to the LEGO® Icons collection. Without further ado, BOLDLY GO! as we present the *U.S.S. Enterprise* NCC-1701-D™.

LE TOUT PREMIER MODÈLE LEGO® STAR TREK

Star Trek est l'une des plus anciennes franchises de science-fiction à la télévision et au cinéma, et elle a acquis le statut d'icône du genre. Les modèles du *Starship Enterprise* ont toujours été des objets de collection appréciés des amateurs, et nous sommes ravis d'accueillir cette version dans la collection LEGO® Icons pour la première fois. Sans plus attendre, ALLEZ HARDIMENT alors que nous vous présentons l'*U.S.S. Enterprise* NCC-1701-D™.

EL PRIMER MODELO LEGO® STAR TREK

Una de las franquicias de ciencia ficción más longevas tanto en la televisión como en el cine, *Star Trek* se ha ganado con creces su icónico estatus dentro del género. Los modelos de la nave espacial *Enterprise* han sido, desde siempre, piezas de colección muy apreciadas por los fans y, por primera vez en la historia, nos emociona profundamente dar la bienvenida a esta versión en la colección LEGO® Icons. Así que, sin más preámbulos, ¡VIAJA TEMERARIAMENTE mientras te presentamos el *U.S.S. Enterprise* NCC-1701-D™!

A STAR IN STAR TREK HISTORY

The U.S.S. *Enterprise* NCC-1701-D™, Starfleet's Galaxy-class flagship, carries a legacy that spans centuries. In *Star Trek* history, it has always been a beacon of exploration and diplomacy. It is the sixth starship to bear the legendary name *Enterprise* on its hull, honoring a tradition dating back to old naval ships, and even the first space shuttle. Launched from Mars in 2363, it was fine-tuned at Earth Station McKinley before Captain Jean-Luc Picard took command.

UNE ÉTOILE DANS L'HISTOIRE DE STAR TREK

L'U.S.S. *Enterprise* NCC-1701-D™, le vaisseau amiral de classe Galaxy de Starfleet, porte un héritage qui s'étend sur plusieurs siècles. Dans l'histoire de *Star Trek*, il a toujours été un phare de l'exploration et de la diplomatie. C'est le sixième vaisseau à porter le nom légendaire d'*Enterprise* sur sa coque, honorant ainsi une tradition qui remonte aux anciens navires de guerre et même à la première navette spatiale. Lancé de Mars en 2363, il a été mis au point à la station terrestre McKinley avant que le capitaine Jean-Luc Picard n'en prenne le commandement.

UNA ESTRELLA EN LA HISTORIA DE STAR TREK

El U.S.S. *Enterprise* NCC-1701-D™, perteneciente a la clase Galaxy y nave insignia de la Flota Estelar, representa la continuidad de un legado forjado a través de los siglos. En la historia de *Star Trek*, siempre ha sido un emblema de exploración y diplomacia. Es la sexta nave espacial en portar con orgullo el legendario nombre *Enterprise* en su casco, una tradición que rinde homenaje a buques navales de épocas pasadas e incluso al primer transbordador espacial. Lanzado desde Marte en el año 2363, recibió sus últimos ajustes en la Estación McKinley, en la órbita de la Tierra, antes de quedar bajo el mando del Capitán Jean-Luc Picard.

FAMOUS MISSIONS

■ Encounter at Farpoint, Parts I & II

Its inaugural mission led the Enterprise-D to the mysterious Farpoint Station and the crew's first contact with the Q Continuum.

■ Unification, Parts I & II

Picard and Data go undercover on Romulus after suspecting Ambassador Spock has gone rogue and defected to the Romulan Empire.

■ The Inner Light

Rendered unconscious by an alien probe, Picard 'lives out' a lifetime as Kamin, a native of the long-destroyed world of Kataan.

■ All Good Things...

In the series finale, the crew travels through time to prevent a cosmic anomaly, reflecting on past and future events to save humanity.

MISSIONS CÉLÈBRES

■ Rendez-vous à Farpoint, parties I et II

La mission inaugurale de l'Enterprise-D l'a conduit jusqu'à la mystérieuse station Farpoint et au premier contact de l'équipage avec le Continuum Q.

■ Unification, parties I et II

Picard et Data s'infiltreront sur Romulus après avoir soupçonné l'ambassadeur Spock d'avoir fait défection à l'Empire romulien.

■ Lumière intérieure

Rendu inconscient par une sonde extraterrestre, Picard « vit » une vie en tant que Kamin, un natif du monde de Kataan, détruit depuis longtemps.

■ Toutes les bonnes choses...

Dans l'épisode final de la série, l'équipage voyage dans le temps pour prévenir une anomalie cosmique, en réfléchissant aux événements passés et futurs pour sauver l'humanité.

MISIONES FAMOSAS

■ Encuentro en Farpoint: partes 1 y 2

Su misión inaugural llevó al Enterprise-D a la misteriosa Estación Farpoint y al primer contacto de la tripulación con el Continuo Q.

■ Unificación: partes 1 y 2

Picard y Data se infiltraron en Romulus de manera encubierta después de sospechar que el Embajador Spock desertó para unirse al Imperio Romulano.

■ La luz interior

Luego de quedar inconsciente por una sonda extraterrestre, Picard vive toda una vida como Kamin, un habitante del ya extinto planeta Kataan.

■ Todas las cosas buenas: partes 1 y 2

En los dos episodios finales de la serie, la tripulación viaja en el tiempo para impedir una anomalía cósmica mientras reflexiona sobre eventos del pasado y el futuro con el propósito de salvar a la humanidad.

BEHIND THE SCENES

The talented artist Andrew Probert was the TV series' Senior Consulting Illustrator who crafted the look of the *U.S.S. Enterprise-D*. His futuristic vision reflected the imagined advancements in space travel a century after the events of the original series. Probert's sleek design featured a larger saucer section and repositioned warp nacelles closer to the ship's center of mass for balance. Series creator Gene Roddenberry tweaked the design slightly, including extending the nacelles and placing the bridge atop the saucer for scale.

DANS LES COULISSES

Le talentueux artiste Andrew Probert a été l'illustrateur-consultant principal de la série télévisée et a créé l'apparence de l'*U.S.S. Enterprise-D*. Sa vision futuriste reflète les avancées imaginées dans le domaine des voyages spatiaux un siècle après les événements de la série originale. La conception élégante de Probert comprenait une section de soucoupe plus grande et des nacelles de distorsion repositionnées plus près du centre de masse du vaisseau pour plus d'équilibre. Le créateur de la série, Gene Roddenberry, a légèrement modifié la conception, notamment en allongeant les nacelles et en plaçant la passerelle sur la soucoupe.

TRAS BAMBALINAS

El talentoso artista Andrew Probert fue el ilustrador consultor senior de la serie para televisión y quien concibió el aspecto del *U.S.S. Enterprise-D*. Su visión futurista plasmaba los avances tecnológicos que se imaginaban para los viajes espaciales un siglo después de los sucesos de la serie original. El diseño de Probert, estilizado y moderno, presentaba una sección del platillo más grande y góndolas de curvatura reubicadas más cerca del centro de masa de la nave, buscando un equilibrio visual y estructural. Gene Roddenberry, creador de la serie, hizo algunos ajustes finales: alargó las góndolas y colocó el puente sobre el platillo para darle mayor presencia y escala al conjunto.

ENGAGE!

■ Aboard the *U.S.S. Enterprise-D*, the crew – human as well as other species, organic and mechanical – is united in pursuit of knowledge, justice and peace. Their unique backgrounds, passions, wit and perspectives contribute to an environment where collaboration, curiosity and respect can bridge any divide. *The Next Generation* envisions a future where equality and reason triumph, inspiring us to embrace differences and learn from one another for the good of all.

"Let's make sure history never forgets the name... Enterprise."

«Faisons en sorte que l'histoire garde en mémoire le nom... de l'Enterprise.»

EN AVANT TOUTE!

■ À bord de l'*U.S.S. Enterprise-D*, l'équipage – composé d'humains et d'autres espèces, organiques et mécaniques – est uni dans sa quête de savoir, de justice et de paix. Leurs origines, leurs passions, leur esprit et leurs points de vue uniques contribuent à créer un environnement où la collaboration, la curiosité et le respect peuvent combler tous les fossés. *La nouvelle génération* imagine un avenir où l'égalité et la raison triomphent, nous incitant à accepter les différences et à apprendre les uns des autres pour le bien de tous.

JARRANQUE!

A bordo del *U.S.S. Enterprise-D*, la tripulación, compuesta por humanos y seres de otras especies, orgánicos y mecánicos, se mantiene unida con un mismo propósito: la búsqueda del conocimiento, la justicia y la paz. Sus historias personales, pasiones, ingenio y distintas formas de ver el universo enriquecen un entorno donde la colaboración, la curiosidad y el respeto son capaces de superar cualquier diferencia. *La nueva generación* nos presenta un futuro en el que prevalecen la igualdad y la razón, y nos inspira a valorar la diversidad y aprender unos de otros por el bien de todos.

... it's the struggle that is important. That's what helps us define our place in the universe.

« ... c'est cette lutte qui est importante. C'est ce qui nous aide à définir notre place dans l'univers. »

FROM THE LEGO® ICONS DESIGN TEAM

■ We wanted a model of substantial size that could balance on a single display stand arm. The shape of the primary hull (the 'saucer section') was designed with angled panels that add density to the disc; and to get its oval shape right, we developed two new LEGO® bow elements. The two warp engines, connected to thin, curved pylons, and the attachment of the detachable saucer disc was another challenge in terms of model stability. But the saucer separation function,

although rarely used in the series, is such a key feature. We applied sideways building with plates, especially in the 'neck' area, to achieve the right sturdiness. The original filming model is covered with windows – even on the underside! Here, they are printed on the saucer section's rim. And as a finishing touch, we paid special attention to the ship's navigational deflector to find the best look for the windshield element's geometry.

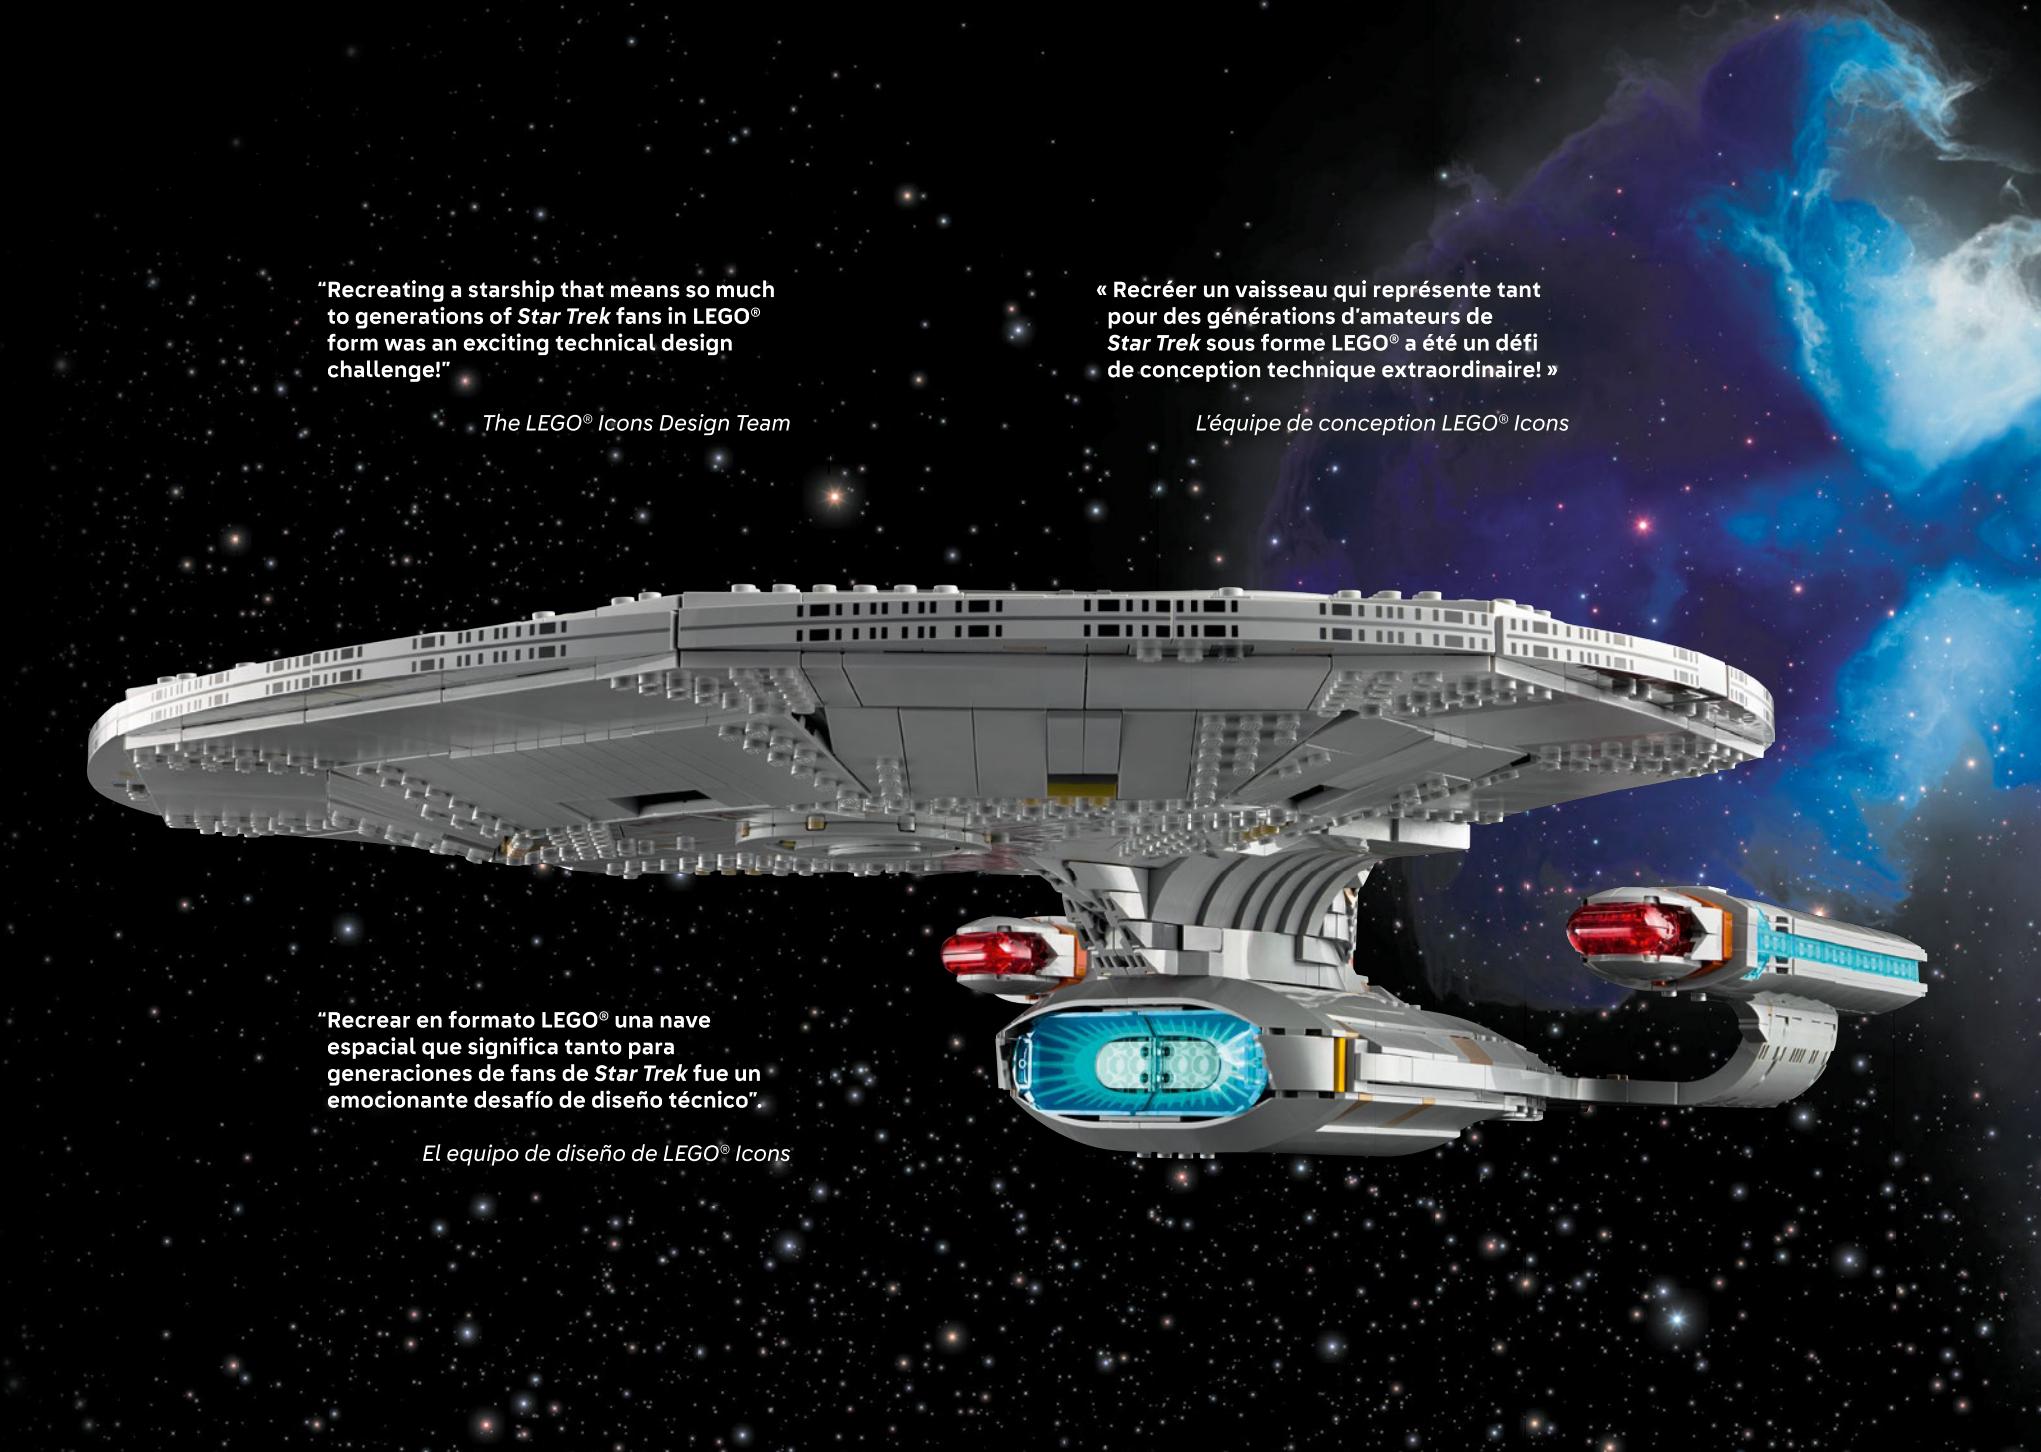

IMPRESIONES DEL EQUIPO DE DISEÑO DE LEGO® ICONS

■ Queríamos un modelo de tamaño considerable que pudiera sostenerse en equilibrio usando un solo brazo del soporte de exhibición. La forma del casco principal (la *sección del platillo*) se diseñó con paneles en ángulo para darle mayor densidad al disco; y para lograr la curvatura ovalada perfecta, desarrollamos dos nuevos elementos LEGO® en arco. Los dos motores *warp*, unidos a los delgados pilones curvados, junto con la integración del platillo removible, implicaron otro desafío en cuanto a la estabilidad del modelo. Aunque

la función de separación del platillo se usó pocas veces en la serie, es una característica clave. Usamos una técnica de construcción lateral con placas, específicamente en el área del *cuello*, para lograr la solidez necesaria. El modelo de la grabación original está lleno de ventanas, ¡incluso por debajo! Aquí, las colocamos impresas sobre el borde de la sección del platillo. Y como toque final, pusimos especial atención al deflecto de navegación de la nave para encontrarle el mejor aspecto posible a la geometría del elemento que representa el parabrisas.

UN MOT DE L'ÉQUIPE DE CONCEPTION LEGO® ICONS

■ Nous voulions un modèle de taille importante qui puisse tenir en équilibre sur un seul bras d'exposition. La forme de la coque principale (la « section soucoupe ») a été conçue avec des panneaux inclinés qui ajoutent de la densité au disque; et pour obtenir une forme ovale correcte, nous avons développé deux nouveaux éléments courbés LEGO®. Les deux moteurs de distorsion, reliés à des pylônes fins et incurvés, et la fixation du disque de soucoupe détachable ont constitué un autre défi sur le plan de la stabilité du modèle. Mais la fonction de séparation de la soucoupe, bien que rarement utilisée dans la série, est une caractéristique essentielle. Nous avons opté pour une construction latérale avec des plaques, en particulier dans la zone du « cou », afin d'obtenir la solidité voulue. Le modèle de tournage original est couvert de fenêtres – même sur le dessous! Ici, elles sont imprimées sur le bord de la soucoupe. Pour la touche finale, nous avons accordé une attention particulière au déflecteur de navigation du vaisseau afin de trouver le meilleur aspect pour la géométrie de l'élément du pare-brise.

"Recreating a starship that means so much to generations of *Star Trek* fans in LEGO® form was an exciting technical design challenge!"

The LEGO® Icons Design Team

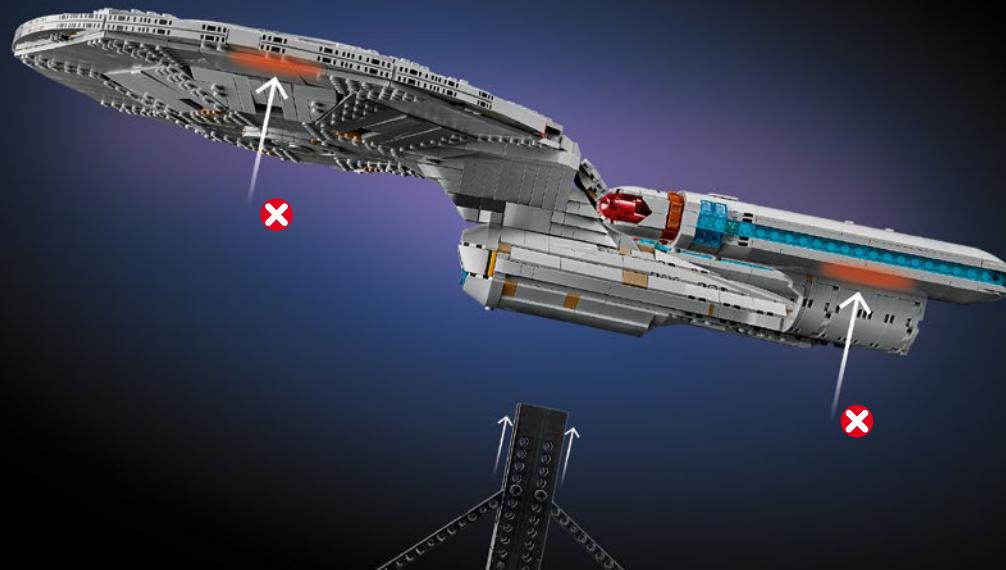

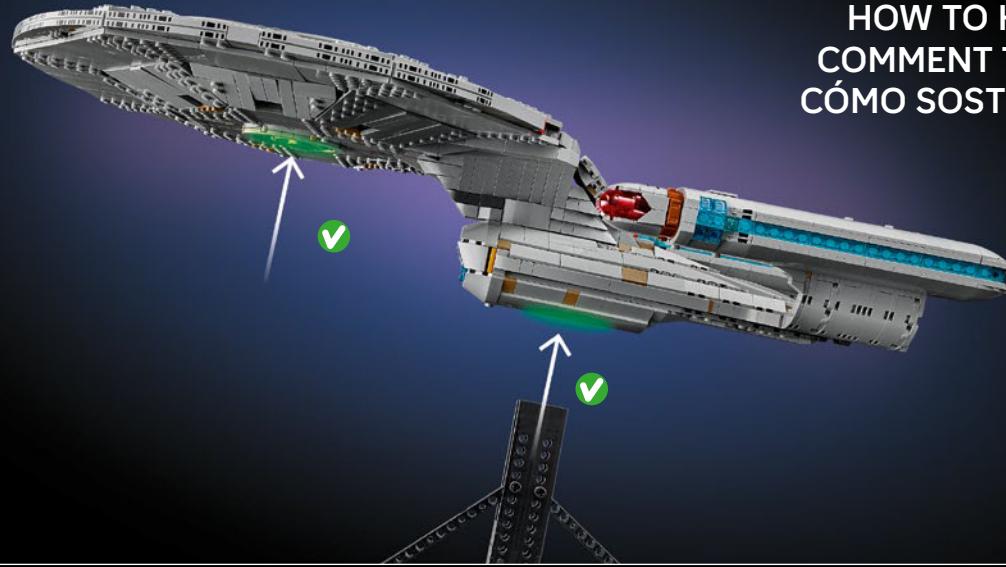

« Recréer un vaisseau qui représente tant pour des générations d'amateurs de *Star Trek* sous forme LEGO® a été un défi de conception technique extraordinaire! »

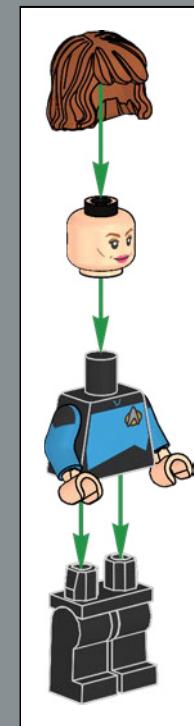

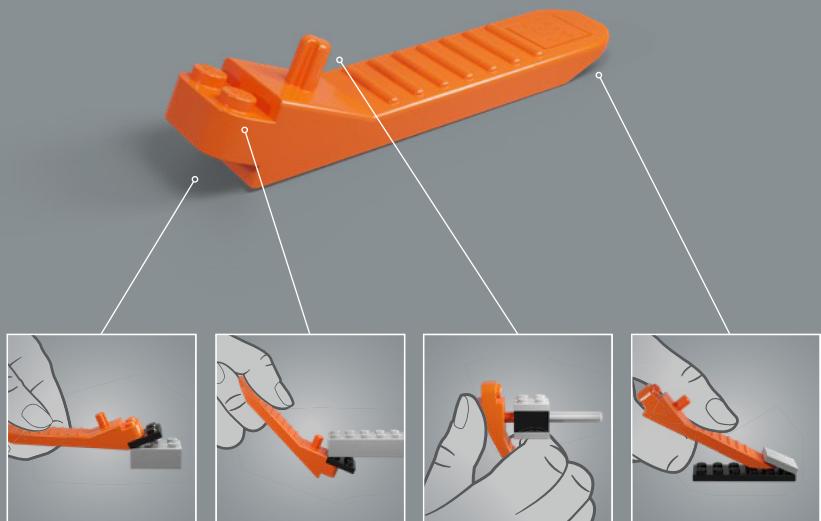

L'équipe de conception LEGO® Icons

"Recrear en formato LEGO® una nave espacial que significa tanto para generaciones de fans de *Star Trek* fue un emocionante desafío de diseño técnico".

This is the first time these rounded LEGO® elements appear in transparent red, as part of the warp engines' 'glowing' red Bussard collectors.

C'est la première fois que ces éléments LEGO® arrondis apparaissent en rouge transparent, pour former les collecteurs Bussard rouges « lumineux » des moteurs de distortion.

Es la primera vez que estos elementos LEGO® redondeados aparecen en rojo transparente, y forman parte de los brillantes colectores Bussard rojos de los motores warp.
