WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

From the LEGO® Icons Design Team

Welcome to the third model in our LEGO® Icons 'Gardens of the World' series, where you can unwind in a cozy autumn scene. Inspired by the thatched rural cottages of northern Europe, this set features all the charm of country life, whether you want to forage in the woods, harvest from the vegetable patch or care for the wildlife. (Or, perhaps best of all, cook hearty stews!) Sideways building and triangular geometry shape the cottage's roof and frame, and lots of elements debut in new LEGO colors or decorations, including the two birds: a European robin and a Eurasian nuthatch. You can even use elements from the 10315 Tranquil Garden or the 10359 Fountain Garden to add a creative twist to your model!

Un mot de l'équipe de conception LEGO® Icons

Bienvenue dans le troisième modèle de notre série LEGO® Icons « Jardins du monde », où vous pourrez vous détendre dans une scène automnale chaleureuse. Inspiré par les chaumières rurales du nord de l'Europe, cet ensemble présente tout le charme de la vie à la campagne, que vous souhaitiez chercher de la nourriture dans les bois, récolter dans le potager ou vous occuper de la faune et de la flore. (Ou, encore mieux, préparez de bons ragoûts!) La construction latérale et la géométrie triangulaire façonnent le toit et la charpente de la maison, et de nombreux éléments apparaissent dans de nouvelles couleurs ou décorations LEGO, notamment les deux oiseaux : un rouge-gorge familier et une sittelle torchepot. Vous pouvez même utiliser des éléments des ensembles 10315 Le jardin paisible ou 10359 Le jardin à la fontaine pour ajouter une touche créative à votre modèle!

Impresiones del equipo de diseño de LEGO® Icons

Te damos la bienvenida al tercer modelo de la colección LEGO® Icons Jardines del Mundo, donde podrás relajarte en una acogedora escena otoñal. Inspirado en las cabañas rurales con techo de paja del norte de Europa, este set retrata el encanto de la vida en el campo en todas sus variantes, ya sea que quieras buscar comida en el bosque, cosechar lo que crece en el huerto o cuidar de la fauna (o, tal vez lo mejor de todo, ¡cocinar los platillos más sustanciosos!). El techo y la estructura de la cabaña cobran forma gracias a técnicas de construcción lateral y geometrías triangulares, y muchos elementos LEGO debutan en nuevos colores o con diferentes decoraciones, incluidas las dos aves: un petirrojo europeo y un trepador azul. ¡Incluso puedes usar elementos del Jardín Meditativo (10315) o del Jardín con Fuente (10359) para dar un toque creativo adicional a tu modelo!

Garden gnomes bring luck, or at least fun, to your garden. Legend says, they wear white hats if they want to be seen, red if they want to hide! This pointy LEGO® hat debuts in red for the first time.

Les nains de jardin apportent de la chance, ou du moins de la joie, à votre jardin. La légende dit qu'ils portent des chapeaux blancs s'ils veulent être vus, et rouges s'ils veulent être discrets! Ce chapeau LEGO® pointu est rouge pour la première fois.

Los gnomos de jardín traen buena suerte (o, al menos, un poco de diversión) a tu jardín. La leyenda dice que llevan sombreros blancos cuando quieren ser vistos, ¡y rojos si quieren esconderse! Esta es la primera vez que podemos ver este sombrero LEGO® puntiagudo en rojo.

The European robin loves it when you do your gardening! If you see one 'supervising' your work, it might be eagerly waiting to snatch up insects and worms that surface when you turn the soil.

Le rouge-gorge familier adore que vous fassiez du jardinage! Si vous en voyez un qui « supervise » votre travail, c'est qu'il attend peut-être d'attraper les insectes et les vers qui remontent à la surface lorsque vous retournez la terre.

¡Al petirrojo europeo le encanta verte cuidar del jardín! Si observas a uno "supervisando" tu trabajo, es posible que esté impaciente por saborear los deliciosos insectos y gusanos que saldrán a la superficie cuando remuevas la tierra.
