# CREATIVITY IN FULL BLOOM

 Every year, as spring clears a path for new life, dormant tulip bulbs unfurl in bursts of gorgeous colour. Deriving from the Persian word for turban, the tulip's name is likely inspired by the flower's layered petals and a traditional custom of tucking decorative blooms into headwear.

Inspired by more than 3,000 different varieties, we created this vibrant tulip bouquet with five different types of tulips, representing some of the most popular colours in various stages of growth and bloom. Any time you feel your creative side blossoming, you can always find inspiration in the LEGO® Botanicals collection.

# COLOURFUL, THOUGHTFUL GIFTS OF NATURE

From classic reds and yellows to rare black or blue that complement any decor, tulip colours can evoke an array of emotions and symbolism.

## RED

Any red flower makes a bold statement in your bouquet, sending reassuring messages of true love and warmth, encouragement and deep respect.

## YELLOW

Yellow is synonymous with spring. These flowers are bound to spread joy and happiness anywhere. Like virtual rays of sunshine, they celebrate friendship and fun!

## PURPLE

Purple flowers add a majestic, sometimes even ethereal, feel to your space. As a gift, they express admiration, aspiration and trust.

## PINK

Pink is one of the happiest colours in any floral arrangement. Soothing and gentle, it reminds us to take a deep, calming breath and enjoy being in the moment.

## ORANGE

A burst of bright orange reflects your colourful side! Allow yourself to feel the spontaneous excitement of trying something new or rediscovering an old passion.

To make the flowers look even better, we developed a new LEGO® Technic element: the 'curved tube connector' between the stems and the flower heads. This set has five of them.
