WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

LEGO® Builder

Meet the Challenge Winner

Micah (LEGO® Ideas name ModularManiac) is the Grand Prize Winner of our *Build from the Heart* Challenge. With this creative take on a Valentine's Day build, the IT technician from Michigan wowed both fans and LEGO designers.

"I really enjoy combining my passions for LEGO design, art direction, storytelling and rendering. I especially love recreating organic structures, so this model was truly built from the heart, and winning the challenge felt so surreal and exhilarating. I researched flowering trees and birds to get the proportions right, and I experimented with creative use of LEGO elements to arrange the twisty tendrils and shape the birds' heads. For Valentine's Day, gift giving is a nice sentiment, but spending time together is the greatest way for us to deepen our cherished relationships. This creation serves as a reminder to continue sharing affection and thankfulness with our loved ones. Making an elegant display piece, or just a fun build, these adorable 'love birds' will remain side by side."

Micah with his original submission

Micah avec son modèle original

Micah con su propuesta original

Rencontrez le gagnant du défi

Micah (pseudonyme LEGO® Ideas : ModularManiac) est le grand gagnant de notre défi *Build from the Heart* (« Construire avec son cœur »). Avec cette création originale pour la Saint-Valentin, le technicien en informatique du Michigan a impressionné à la fois les amateurs et les concepteurs LEGO.

« J'aime beaucoup combiner mes passions pour la conception LEGO, la direction artistique, la narration et le rendu. J'adore particulièrement recréer des structures organiques. Ce modèle a donc vraiment été construit avec mon cœur, et remporter le défi m'a semblé tellement irréel et exaltant. J'ai fait des recherches sur les arbres à fleurs et les oiseaux pour obtenir les bonnes proportions, et j'ai expérimenté une utilisation créative des éléments LEGO pour disposer les vrilles sinueuses et façonner la tête des oiseaux. Pour la Saint-Valentin, offrir un cadeau est un geste attentionné, mais passer du temps ensemble est le meilleur moyen d'approfondir nos relations précieuses. Cette création nous rappelle qu'il faut continuer à partager notre affection et notre gratitude avec nos proches. Ces adorables oiseaux amoureux resteront toujours côte à côte, qu'ils servent d'élément de décoration élégant ou simplement d'une construction amusante. »

Conoce al ganador del desafío

Micah (conocido en LEGO® Ideas como ModularManiac) es el ganador del gran premio de nuestro desafío *Build from the Heart*. Con esta creativa versión de un modelo que celebra el Día de San Valentín, el técnico de TI de Michigan sorprendió tanto a los fans como a los diseñadores de LEGO.

“Me fascina combinar mis pasiones, que incluyen el diseño de creaciones LEGO, la dirección artística, la narración de historias y el modelado digital. No exagero al decir que este modelo me nació del corazón porque, por encima de todo, me encanta recrear estructuras orgánicas. Y enterarme de que mi creación había ganado el desafío fue increíble y muy muy emocionante. Para encontrar las proporciones correctas, investigué sobre distintos pájaros y árboles con flores. Además, experimenté usando elementos LEGO de maneras creativas para dar forma a las ramas retorcidas y a las cabezas de las aves. Podemos demostrar nuestros sentimientos dando regalos el Día de San Valentín, pero, sin duda, el mejor modo de forjar vínculos profundos con nuestros seres queridos es pasando tiempo juntos. Esta creación sirve como un recordatorio para seguir compartiendo afecto y agradecimiento con ellos. Ya sea como parte de una elegante exhibición o solo como un divertido modelo, me gusta pensar que estas adorables aves amorosas permanecerán una al lado de la otra para siempre.”

from the LEGO® Ideas Design Team

Micah's model is a beautiful and technically advanced build and an appealing display, not just for Valentine's Day but all year. These lovebirds aren't supposed to be any particular species; they're simply cute birds devoted to one another! Staying true to the original shape and angle of the tree, the voluminous foliage and the twisting bark, we simplified parts of the model to make it a little more accessible for all adult builders. You can build the model by yourself, with a loved one or as a family. As a tribute to Micah, we added white, light gray, sand green and blue bricks inside the model – colors from his favorite LEGO® set, the 10251 Brick Bank. We have also updated the tree's foliage colors to create a more vibrant contrast. Additionally, befitting a model celebrating love, this is one of the first sets to feature a new color for the LEGO Group: Warm Pink, which complements Micah's coral.

"The two birds form a heart when posed the right way: Just point their tails together and tilt their heads inward!"

- The LEGO® Ideas Design Team

Un mot de l'équipe de conception LEGO® Ideas

Le modèle de Micah est une construction magnifique et techniquement avancée, qui constitue une décoration attrayante non seulement pour la Saint-Valentin, mais aussi pour le reste de l'année. Ces oiseaux amoureux ne sont pas censés appartenir à une espèce particulière; ce sont simplement de mignons oiseaux dévoués l'un à l'autre! Tout en restant fidèles à la forme et à l'angle d'origine de l'arbre, au feuillage volumineux et à l'écorce tortueuse, nous avons simplifié certaines parties du modèle afin de le rendre un peu plus accessible à tous les constructeurs adultes. Vous pouvez construire le modèle par vous-même, avec un être cher ou en famille. En hommage à Micah, nous avons ajouté des briques blanches, gris clair, vert sable et bleues à l'intérieur du modèle, les couleurs de son ensemble LEGO® préféré, La Banque Brique (10251). Nous avons également modifié les couleurs du feuillage de l'arbre afin de créer un contraste plus vif. De plus, ce modèle célébrant l'amour est l'un des premiers ensembles à présenter une nouvelle couleur pour le groupe LEGO : le rose chaud, qui complète le corail de Micah.

« Les deux oiseaux forment un cœur lorsqu'ils sont placés dans la bonne position : il suffit de pointer leurs queues l'une vers l'autre et d'incliner leurs têtes vers l'intérieur! »

- L'équipe de conception LEGO® Ideas

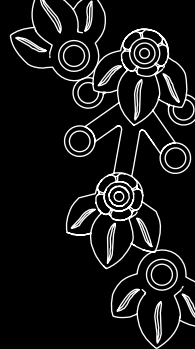

Impresiones del equipo de diseño de LEGO® Ideas

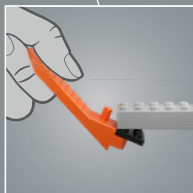

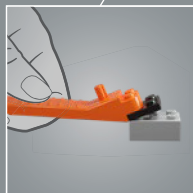

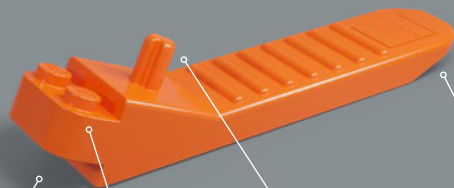

Además de ser hermoso y avanzado a nivel técnico, el modelo de Micah es una atractiva pieza de exhibición, no solo con motivo del Día de San Valentín, sino para cualquier época del año. Estos pájaros no representan ninguna especie en particular, ¡simplemente son un par de lindas aves que derrochan amor la una por la otra! Manteniéndonos fieles a la forma y el ángulo originales del árbol, el volumen del follaje y las curvas de las ramas,

simplificamos algunas partes del modelo a fin de hacerlo un poco más accesible para todos los constructores adultos. Puedes construir el modelo por tu cuenta, en compañía de un ser querido o en familia. Como tributo a Micah, agregamos bricks en blanco, gris claro, verde arena y azul al modelo, ya que estos son los colores del set LEGO® Brick Bank (10251), ¡su favorito! También actualizamos los tonos del follaje del árbol para crear un contraste aún más vibrante. Asimismo, este es uno de los primeros sets en presentar un color nuevo para The LEGO Group: el rosa cálido, que complementa a la perfección el coral elegido por Micah.

“Cuando están en la pose correcta, las dos aves forman la silueta de un corazón: ¡solo tienes que unir sus colas e inclinar sus cabezas hacia el centro de la escena!”.
