BUILT TO GROW

This highly detailed and realistic flower display is designed not only to bring a sense of lasting elegance into your home, but also to offer a fun, creative challenge to build, giving you plenty of opportunities to add your own personal touch.

Our design team collaborated with floral industry experts to ensure that the modular features and carefully selected, rearrangeable flowers let you customise the layout to complement almost any interior. Whether you save the experience for some quality alone time or build together with your loved ones, we hope it frees your imagination to grow.

CAMELLIA

With their rose-like petals, camellias embody admiration and devotion. In Japan, they have been known for centuries as *tsubaki* – symbols of beauty, grace and deep cultural heritage.

RANUNCULUS

Named 'little frog', most likely because it loves watery habitats, ranunculus dazzles us with layers of delicate, silk-like petals. In the language of flowers, they are often meant to symbolise charm and charisma.

MIMOSA

Woolly yellow mimosa blooms symbolise sensitivity and quiet resilience. Touch its leaves and they close – just like they do at night. In Italy, it is a popular gift on International Women's Day (8 March), honouring strength and solidarity.

CLEMATIS

Clematis draws its name from the Greek word *klema* – vine branch – and is also known as the 'Queen of Climbers'. Associated with cleverness and mental agility, its vine-like grace and starry blooms can turn any wall or trellis into a vibrant canvas.

CORNFLOWER

The dainty cornflower mesmerises us with its brilliant blue, offering hope and faithfulness.

DARK-RED ROSE

Dark-red roses evoke deep, enduring love and passion. Once used in Victorian times to express desire, they're also symbols of encouragement, remembrance and devotion.

WAX FLOWER

This citrus-scented Australian native is part of the myrtle family and popular for expressing patience and lasting love. Its thick petals and long vase life make it a popular addition to wedding floral arrangements and bouquets.

HYDRANGEA

Hydrangeas shift colour depending on the soil pH: from pink in alkaline soil to purple in neutral soil and blue in acidic environments. As a symbol of grace, they can also express an apology, understanding or deep gratitude.

CUSTOMISE YOUR DISPLAY

LEGO® Botanicals sets encourage your creativity to flourish in its natural habitat. With this set, you can change your display with flower buds or heads from other LEGO Botanicals displays or bouquets, or you can merge multiple Flower Wall sets and expand your build. Whether you experiment with square, L-shaped, portrait or landscape designs, the extra-secure connectors make it easy for you to create a display for your wall that suits you and your space!
