LEGO® Specs

From the LEGO® Pokémon™ Trainers

Venusaur, Charizard and Blastoise are three of THE most sought-after Pokémon in the digital games and the Trading Card Game, and now you can collect and build them together! The final Evolutions of the first partner Pokémon from the Kanto Region are live characters [at least they feel that way to us!] and we've shown them in dynamic poses to reflect their big personalities. (You might discover a few hidden hints of their types inside!) Big personalities deserve a big display. We experimented with different ways to blend their environments and colour palettes into one huge model. We've used fun and challenging building techniques to shape the three awesome Pokémon and the platform. Each is showcased in its natural habitat: a lush jungle for Venusaur, a volcanic mountain biome for Charizard and a beachy waterfront setting for Blastoise.
