WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

Meet the Fan Designer

 Damian Andres (LEGO® Ideas name YELLOW BRICK) is a YouTuber and student from Belgium. This set is based on a previous model Damien created for LEGO Ideas, the 21349 Tuxedo Cat:
"Originally, I just wanted to build a model for myself that looked like our own cat, Miro, so my original design was inspired by his colors and personality. I also measured him and did a lot of research to get the right shapes and proportions. I didn't have much experience building organic shapes, so it wasn't easy! The biggest challenge was the head. Finding a well-shaped face that looks realistic was very difficult. When I updated the design and decided to post it on the LEGO Ideas website, I didn't expect to get 10,000 supporters, I just did it mostly for fun. It's been crazy and amazing to see the Tuxedo Cat find so many loving new homes over the past couple of years, and it's unreal to now be part of this project, too, and know that it has a cute new friend!"

Rencontre avec le concepteur amateur

 Damian Andres (pseudonyme LEGO® Ideas : YELLOW BRICK) est un YouTubeur et un étudiant belge. Cet ensemble est basé sur un modèle précédent créé par Damian pour LEGO Ideas, Le chat tuxedo (21349) :
« À l'origine, je voulais simplement construire un modèle qui ressemblait à notre chat, Miro, donc mon concept original s'inspirait de ses couleurs et de sa personnalité. Je l'ai également mesuré et j'ai fait beaucoup de recherches pour obtenir les formes et les proportions adéquates. Je n'avais pas beaucoup d'expérience dans la construction de formes organiques, alors cela n'a pas été facile! Le plus grand défi a été la tête. Il a été très difficile de concevoir un visage réaliste et bien proportionné. Lorsque j'ai actualisé la conception et décidé de la publier sur le site Web de LEGO Ideas, je ne m'attendais pas à obtenir 10 000 votes. Je l'ai fait principalement pour m'amuser. C'est incroyable et merveilleux de voir que le chat tuxedo a trouvé tant de nouveaux foyers aimants au cours des deux dernières années, et c'est irréel de faire maintenant partie de ce projet et de savoir qu'il a un nouvel ami adorable! »

Conoce al fan diseñador

 Damian Andres (conocido en LEGO® Ideas como YELLOW BRICK) es un YouTuber y estudiante originario de Bélgica. Este set se basa en un modelo que Damien creó anteriormente para LEGO Ideas, el Gato Bicolor (21349):
"Mi intención era tener un modelo que representara a nuestro gato, Miro, así que mi diseño original se inspiró en sus colores y su personalidad. Le tomé algunas medidas e hice una investigación bastante profunda para afinar las formas y las proporciones. No tenía mucha experiencia construyendo siluetas orgánicas, ¡así que no fue tarea fácil! El mayor desafío fue la cabeza. Dar forma a un rostro que tuviera una apariencia realista fue muy complicado. Una vez que lo logré, actualicé el diseño y decidí publicarlo en el sitio web de LEGO Ideas, principalmente por diversión, porque no esperaba que alcanzara los 10.000 votos. Ha sido una locura ver al Gato Bicolor encontrar tantos hogares nuevos durante estos dos años, ¡y es increíble participar también en este proyecto sabiendo que ahora tendrá un nuevo y simpático amigo!"

Pumpkin, Ginger, Fiery Overlord Citrouille, Gingembre, Seigneur de feu Sus majestades de pelaje naranja

🐾 Cat owners have long suspected that orange cats are in a league of their own, and the cats know this. As our fiercely charming overlords, the cats have a certain reputation to uphold, and they waste zero time living up to it. Okay, we know their personality is not tied to the fur – maybe their vibrant coat just makes them *seem* extra flamboyant? Either way, we know and adore them as the stuntmen of the feline world, seemingly fueled by a mix of chaotic enthusiasm, bold confidence and a flair for grand entrances (and exits). They fling themselves off the fridge in pursuit of a fly that may or may not exist. They proudly squeeze into containers three sizes too small like veritable contortionists and defiantly serenade you while pushing your favorite mug off the counter. It's sometimes hard to tell if they're trying to impress fellow felines or their humble human staff with their antics, or if they're just gloriously oblivious to any consequences. Whatever their motives, when they snuggle up to us with slow-blinks and a purr, they can get away with anything. May we all be inspired by their insatiable zest for life!

🐾 Les propriétaires de chats soupçonnent depuis longtemps que les chats orange sont dans une catégorie à part, et les chats le savent. En tant que seigneurs féroce­ment charmants, les chats ont une certaine réputation à défendre, et ils ne perdent pas de temps pour y faire honneur. D'accord, nous savons que leur personnalité n'est pas liée à leur fourrure – mais peut-être que leur pelage écla­tant leur donne simplement un air plus flamboyant? Quoi qu'il en soit, nous les connaissons et les adorons comme les cascadeurs du monde félin, apparemment animés par un mélange d'enthousiasme chaotique, de confiance audacieuse et d'un talent pour les entrées (et sorties) grandioses. Ils se jettent du réfrigérateur à la poursuite d'une mouche dont l'existence est incertaine. Ils se glissent fièrement dans des récipients trois tailles trop petits, tels de véritables contorsionnistes, et vous chantent une sérénade insolente tout en poussant votre tasse préférée du comptoir. Il est parfois difficile de savoir s'ils essaient d'impressionner leurs congénères ou leur humble serviteur humain avec leurs pitreries, ou s'ils sont simplement inconscients des conséquences de leurs actes. Quelles que soient leurs motivations, lorsqu'ils se blottissent contre nous en clignant lentement des yeux et en ronronnant, ils peuvent tout se permettre. Puisse­sons-nous tous être inspirés par leur insatiable joie de vivre!

🐾 Los dueños de felinos llevan mucho tiempo sospechando que los gatos naranjas son una categoría aparte, y los mininos parecen saberlo bien. Como las encantadoras majestades que son, tienen una reputación que mantener, y vaya que se lo toman en serio. Aunque sabemos que el pelaje no determina la personalidad, es muy posible que nos parezcan un poco más extravagantes gracias a su vibrante color. Independientemente de eso, los conocemos y adoramos como lo que son: los acróbatas por excelencia del mundo felino, aparentemente impulsados por una combinación de entusiasmo caótico, temeridad y un don por las entradas (y salidas) espectaculares. Se lanzan desde el refrigerador persiguiendo a una mosca que puede o no existir. Sienten orgullo al meterse en recipientes tres tallas más pequeños que ellos como verdaderos contorsionistas, y tiran al piso tu taza favorita con total descaro mientras te cantan dulcemente. Una incógnita constante es si sus travesuras son un intento de impresionar a otros felinos o al humano a su servicio o una explícita declaración de que son ajenos a toda consecuencia por decisión propia. Independientemente de sus motivos, es un hecho que se saldrán con la suya con solo acurrucarse junto a nosotros con una combinación de ronroneos y parpadeos lentos. ¡Su insaciable fervor por la vida debería inspirarnos a todos!

From the LEGO® Ideas Design Team

Un mot de l'équipe de conception LEGO® Ideas

Impresiones del equipo de diseño de LEGO® Ideas

 We're blown away by the love Tuxedo Cat has received since its release! Since it landed on the shelves (on all four paws, of course), many builders have asked for cats in other colors. As fellow cat people, our team is excited to give you (and Tuxedo Cat) this cute new buddy. Green eyes were a big request, so we designed a set for this model that is compatible with the original cat, along with a set of brown eyes – and all four eye colors are interchangeable. The main color of this cat is a 'Medium Nougat', the closest LEGO® approximation of an orange cat's actual color. We've introduced a bit of asymmetry to the face pattern and 'pagoda plate' elements to mimic tufts of fur curling outwards from the model. In addition to changing its eye colors, your LEGO cat can express different attitudes depending on how you pose the paws, tail, head and mouth. Mischievous, cute and cuddly looking, it's built to thrive in your creative environment.

 Nous sommes impressionnés par l'engouement suscité par le chat tuxedo depuis sa sortie! Depuis qu'il a atterri dans les rayons (sur ses quatre pattes, bien sûr), de nombreux constructeurs ont demandé des chats d'autres couleurs. En tant qu'amoureux des chats, les membres de notre équipe sont ravis d'offrir aux amateurs (ainsi qu'au chat tuxedo) ce nouvel ami adorable. Les yeux verts étaient très demandés. Nous avons donc conçu un ensemble compatible avec le chat original, ainsi qu'un ensemble d'yeux marron. Les quatre couleurs d'yeux sont interchangeables. La couleur principale de ce chat est « Nougat moyen », la couleur LEGO® la plus proche de la couleur réelle d'un chat orange. Nous avons introduit une légère asymétrie dans le motif du visage et ajouté des éléments « pagode » pour imiter les touffes de poils qui bouclent vers l'extérieur du modèle. En plus de pouvoir changer la couleur de ses yeux, votre chat LEGO peut exprimer différentes émotions selon la position de ses pattes, de sa queue, de sa tête et de sa bouche. Espiègle, mignon et adorable, il est conçu pour s'épanouir dans votre environnement créatif.

 ¡Nos sorprende el amor que ha recibido el Gato Bicolor a partir de su lanzamiento! Desde que aterrizó en los estantes (en cuatro patas, naturalmente), muchos constructores han pedido gatos de otros colores. Compartiendo esa obsesión por los felinos, a los miembros de nuestro equipo los llena de emoción presentarles a este nuevo amigo (que también lo será del Gato Bicolor). Como los ojos verdes fueron muy solicitados, para este modelo diseñamos un juego que es compatible con el minino original, además de otros cafés, haciendo un total de cuatro colores de ojos intercambiables. El color principal de este gato se llama Medium Nougat (caramelo medio), y es la aproximación LEGO® más cercana al color real de los gatos naranjas. Le dimos un poco de asimetría al patrón de la cara e incluimos elementos con forma de esquina de techo de pagoda que recrean a la perfección mechones de pelo. Además de cambiarle el color de los ojos, puedes hacer que tu gato LEGO exprese distintas actitudes en función de la posición de las patas, la cola, la cabeza y la boca. Con un aspecto travieso, lindo y abrazable, está especialmente diseñado para enriquecer tu entorno creativo.

New LEGO® elements give the mouth an open-or-closed option.

De nouveaux éléments LEGO® permettent d'ouvrir ou de fermer la bouche.

Un conjunto de elementos LEGO® nuevos permiten abrirla y cerrarle la boca.

Switch eye colors – or mix for an even cuter look.

Changez la couleur des yeux – ou mélangez-les pour obtenir un regard encore plus mignon.

Cámbiale los colores de los ojos, o combínalos para darle un aspecto aún más lindo.

A 'neck stopper' creates a realistic head rotation range. (If you want to rotate the head further, just remove the red element).

Un « arrêt de cou » permet une rotation réaliste de la tête. (Si vous souhaitez faire pivoter la tête davantage, il suffit de retirer l'élément rouge).

El tope del cuello permite girar la cabeza en un rango realista (si deseas extenderlo, solo quita el elemento rojo).

If you have Tuxedo Cat, too, the two cats can sit next to each other without their tails getting tangled.

Si vous possédez également le chat tuxedo, les deux chats peuvent s'asseoir l'un à côté de l'autre sans que leurs queues ne s'emmêlent.

Si también tienes un Gato Bicolor, puedes sentar a los mininos uno al lado del otro sin que sus colas se enreden.
